ORDERS

On motion of Representative VEROW of Brewer, the following Joint Resolution: (H.P. 1012) (Cosponsored by Senator FOLEY of York and Representatives: RECKITT of South Portland, STEWART of Presque Isle, Senator: GRATWICK of Penobscot)

**JOINT RESOLUTION RECOGNIZING MARCH 27, 2019 AS
MULTIPLE SCLEROSIS AWARENESS DAY**

WHEREAS, multiple sclerosis is a neurological disease of the central nervous system affecting 2,300,000 people worldwide; and

WHEREAS, the National Multiple Sclerosis Society estimates that nearly 1,000,000 people in the United States, more than twice previous estimates, are living with multiple sclerosis, finds that the highest prevalence rates in the United States are found in the New England region and reports that the disease generally strikes people between the ages of 20 and 50 and that the cause and course of the often debilitating symptoms of multiple sclerosis remain unknown with no cure currently existing; and

WHEREAS, the National Multiple Sclerosis Society has been committed for more than 73 years to a world free of multiple sclerosis, and the society raises public knowledge about and insight into the disease; and

WHEREAS, since 1946 the National Multiple Sclerosis Society has been a driving force in multiple sclerosis research, pursuing prevention, treatments and a cure, and has invested more than \$1 billion in groundbreaking research; and

WHEREAS, funds raised through the National Multiple Sclerosis Society include \$34 million in funding for 320 research projects at medical centers, universities and other institutions throughout the United States and abroad, leading to many breakthroughs in the treatment of multiple sclerosis; and

WHEREAS, stopping the progress of multiple sclerosis, restoring what has been lost and ending multiple sclerosis forever is the mission of the National Multiple Sclerosis Society and one that all should support; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Twenty-ninth Legislature now assembled in the First Regular Session, on behalf of the people we represent, take this opportunity to recognize March 27, 2019 as Multiple Sclerosis Awareness Day and encourage all Maine citizens to learn more about multiple sclerosis and what they can do to support individuals with multiple sclerosis and their families; and be it further

RESOLVED: That we recognize the importance of finding the cause and cure of multiple sclerosis and express our appreciation for the dedication that the Greater New England Chapter of the National Multiple Sclerosis Society has shown toward creating a world free of multiple sclerosis; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Greater New England Chapter of the National Multiple Sclerosis Society.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Brewer, Representative Verow.

Representative **VEROW**: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House, first thank you to the co-sponsors of this Joint Resolution.

This is a very personal resolution for me. Thirty years ago, my older daughter was stricken with MS. On her wedding day, she looked at me as I was about to walk her down the aisle. I can't walk, she said. She had to lean on me and we moved slowly to get to the altar. After the wedding, she went to a doctor and received the news she had MS. My first cousin had MS for several years before and she had a major disability, so the news of our daughter's contracting this was devastating. But our daughter was always one who could look at the bright side of things.

Now, at the time, there was only one drug for treatment of MS and this was available through a lottery pick. She applied and was selected. She was a Lieutenant in the US Navy and a nurse at the time. Upon receiving medical discharge, she continued to work in healthcare, although at times that was physically challenging, but she was a fighter. She wanted very passionately to become a mother. Her doctor cautioned against that because of the MS. That did not deter her. Coming from her pro-life family, she felt that becoming a mother was worth any risk that MS might pose. Today, Fran and I are blessed with a beautiful granddaughter who will graduate high school in June and move on to college. We are grateful to this gift that our daughter gave us to enrich our lives. Those many years ago, if the MS drugs of today were available, our daughter would have more years of life.

This is just one story, one account. You will hear more if you come to the Hall of Flags tomorrow for MS Day at the State House. I hope that you will do that and talk with people in the orange shirts, the MS activists. They are engaged and passionate in their mission to create a world free of MS. Thank you, Mr. Speaker.

The SPEAKER PRO TEM: The Chair recognizes the Representative from South Portland, Representative Reckitt.

Representative **RECKITT**: Mr. Speaker, Fellow Members of the House, many of you know, I think, that I have multiple sclerosis myself, some of you do not. But it's a partial explanation why I'm on a cane periodically from balance issues from that disease.

I was diagnosed in 1992, 26 years ago, and here I stand, still barreling on, because I was one of the lucky ones with MS

because I was able to continue my life to the best of my ability to do so and it has brought me here today.

I want to share just one quick thing with you that I discovered when I traveled to Northern Scotland. I was there and there was a newspaper that had some new research, talking about how the Orkney Islands in Northern Scotland and Northern Ireland were the most common places in the world for MS diagnoses, which may well explain why the numbers are very high in New England. We have, indeed, a lot of Irish here, and I presume a lot of Scottish. I'm half each.

I think that this is a disease that is, as many don't know, manifests itself in wildly different ways depending upon your personal diagnosis. I've been lucky. I've been 26 years. I've never been on the MS drugs. I have barreled on and kept right on going and I was lucky I was able to do so. Others may not be so. So whenever you talk to someone who has MS, understand that they may be very different from another person you know with MS. No two of us are ever the same, that I can see. But I think that it's very important that we recognize that for some the research and all the improvements in drugs and so forth have helped many, and will continue to do so, and I hope for them that that continues and I hope for myself that I barrel on to the age of 97 (that's my new goal) and since my ancestors had a tendency to do that, I figure I ought to try to be the oldest matriarch in the family. But since I'm nowhere near that yet, I'm hoping for your good wishes and prayers that I'll continue right on the course.

So, please do go to visit the display in I think the Hall of Flags tomorrow and have some, I guess, empathy for those in your neighbors and your families who suffer with this disease and may not be as lucky as I have been. So, thank you so much for your attention.

Subsequently, the Joint Resolution was **ADOPTED**.
Sent for concurrence.

The **SPEAKER PRO TEM**: The Chair recognizes the Representative from Wells, Representative Hobbs.

Representative **HOBBS**: Mr. Speaker, I request unanimous consent to address the House on the record.

The **SPEAKER PRO TEM**: The Representative has requested unanimous consent to address the House on the record. Hearing no objection, the Representative may proceed on the record.

Representative **HOBBS**: Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I rise today to recognize the achievement of two admirable residents of Wells; Tyler Bridge and Tim Roche. Both have brought pride to our community through their athletic achievements. They are with us today in the House Chamber.

Earlier this year, Tyler was awarded the Fitzpatrick Prize, which is given annually to the top senior in Maine high school football. This is a well-deserved award. Tyler gained more than 3,000 all-purpose yards and set an unofficial state single season record with 45 touchdowns.

We are also lucky to be joined today by Tim Roche, who was named Maine State Coach of the Year for 2017 to 2018 by the Federation of State High School Associations and the Maine Principal's Association. Under Coach Roche's guidance, the Wells football team has won three state championships in a row and had a 28-game winning streak.

Thank you to both Tyler and Tim for making the trip to Augusta today and congratulations again on these impressive achievements.

By unanimous consent, all matters having been acted upon were **ORDERED SENT FORTHWITH**.

Representative STEWART of Presque Isle **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass as Amended** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Vassalboro, Representative Bradstreet.

Representative **BRADSTREET**: Thank you, Mr. Speaker. Ladies and Gentlemen of the House, I'm rising today in opposition to the pending motion.

This bill expands the offset from the current four weeks of unemployment compensation which has been in statute for several years and is working well. The current four weeks is a result of a compromise reached after we went back and forth over a number of years. There are a couple of reasons we need to remember. Back in the 1980s, state government was shut down for several weeks due to the laws that led to the unsustainability of the Workers Compensation Insurance Trust Fund. What we have currently is a partial answer to that crisis situation. Changing the current law is not the way we should go. This trust fund is intended to act as a bridge from the horrible experience of employment termination to reemployment. It is funded completely by Maine employers and was never intended to serve as a de facto savings account. We're not really talking about any earned vacation time here, which belongs to the employee. What we're talking about is the Workers Compensation Insurance Trust Fund. It is in a healthy status now and the fiscal cost may not seem like a lot but it's a step in the wrong direction. Please join me in opposing this bill. Thank you.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Portland, Representative Sylvester.

Representative **SYLVESTER**: Thank you, Mr. Speaker. LD 75 does affect the offset but I think that all of us in Maine appreciate the prudence, the valued prudence of Mainers. And what this bill tries to do is to reward the prudence of workers who do not use their vacation time and are penalized when they are laid off or for some other reason have to collect unemployment. Right now under the law, if you save your vacation time, so you do not use it, and you are unemployed, you have to wait up to four weeks in order to start collecting your unemployment insurance, where your colleague who used all of their vacation time and enjoyed that time, does not have to wait, they start collecting right on the first day.

And so what this bill tries to do is to go back to what the rules used to be, which would allow everybody to collect on the first day. For those folks who have saved it for just such a thing as they might be laid off, to be able to enjoy both pieces of that, to be able to collect right away and to enjoy the prudence of their savings, and then it also, we believe, will not affect the rates because when it changed, I think it was a good meaning effort to try to affect the rates of the unemployment fund, but when this bill went to be able to have people offset for four weeks, the rates did not go down. The testimony seemed to say that this would not raise the rates, so what we're really trying to do here is just value Mainers for their prudence. And if you remember the old story about the ant and the grasshopper, the ant saving and the grasshopper eating everything, we want to reward the ant here, who is saving and making prudent decisions so that they don't have to wait in order to collect the unemployment insurance that has been paid in on their behalf. Thank you.

The SPEAKER PRO TEM: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought to Pass as Amended Report. All those in favor will vote yes, those opposed will vote no.

READ.

Representative TUCKER of Brunswick moved that the House **ACCEPT** the Majority **Ought to Pass** Report.

Representative STEWART of Presque Isle **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Presque Isle, Representative Stewart.

Representative **STEWART**: Thank you very much, Mr. Speaker, Ladies and Gentlemen of the House. We have before us today a bill, LD 216, that would change the requirements around the closings of real estate transactions in Maine that are in the shoreland zone. And I think that there's an important thing -- there's an important distinction to make here, that when we're talking about what is included in the shoreland zone, what isn't included in the shoreland zone, I myself am a licensed real estate agent, this is another unfunded mandate. And this is not just going to be the case down along the coast but it's also going to be the case up in my neck of the woods in Aroostook County and the various parts in rural Maine. We already have a problem up in northern Maine finding inspectors to be able to close in a timely

manner to begin with, and we're now going to be putting another burden on these folks, including real estate agents, making the closing process that much more difficult. It's not something that's particularly necessary. If folks want to do this, they can do this and, in fact, if folks want to pass a local ordinance to require this because they feel that this is a problem in their neck of the woods, they are more than able to do so. However, mandating this from Augusta for every community across the state is not good public policy. Thank you very much, Mr. Speaker, I appreciate your time.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Raymond, Representative Fay.

Representative **FAY**: Thank you, Mr. Speaker. Simply put, this bill changes one word. We already do these types of inspections in the coastal shoreland zone and it now will require that to happen in both the coastal and the freshwater shoreland zone. This bill protects water quality and the safety of drinking water for much of southern Maine. Clean, clear water is an integral part of our economy and Maine's brand and we should do everything we can to protect it. Thank you.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Auburn, Representative Bickford.

Representative **BICKFORD**: Thank you, Mr. Speaker. May I pose a question through the Chair?

The SPEAKER PRO TEM: The Member may proceed.

Representative **BICKFORD**: Could someone please define shoreland zone? Does it include brooks, streams?

The SPEAKER PRO TEM: The Representative from Auburn has posed a question through the Chair to anyone who cares to answer. The Chair recognizes the Representative from Brunswick, Representative Tucker.

Representative **TUCKER**: The term shoreland zone is a word of art. In other words, it's defined in statute. It's 100 feet from the shore. Although municipalities are allowed to extend the shoreland zone if they wish, it would include the shoreline of rivers, lakes, ponds, and larger streams, and it's defined in statute with such precision that I can't remember exactly when a stream becomes big enough to be covered, but it's the larger streams that flow into the rivers. The shoreland zone is something that every town hall should be able to give you a map of where the shoreland zone is in your town and it's only 100 feet from either side. Thank you.

Under suspension of the rules, members were allowed to remove their jackets.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Guilford, Representative Stearns.

Representative **STEARNS**: Thank you, Mr. Speaker. If I could pose a question through the Chair to anyone that might answer?

The SPEAKER PRO TEM: The Member may proceed.

Representative **STEARNS**: Thank you. I -- sorry, I had assumed that you were going to give me permission and I -- never done that. Thank you.

When working on this bill, how did the three-year piece come about? It would seem to me a four-year-old septic system would be darn-near new.

The SPEAKER PRO TEM: The Representative from Guilford, Representative Stearns, has posed a question through the Chair to anyone who cares to answer. The Chair recognizes the Representative from Brunswick, Representative Tucker.

Representative **TUCKER**: As indicated by the Representative from Raymond, this bill doesn't change the procedure for septic inspections that now exist in the coastal shoreland zone. All it does is change one word in the statute. Whereas the prior requirement said there has to be an inspection on real estate transactions for all disposal systems in the coastal shoreland area, it strikes the word coastal and leaves the rest of the statute exactly as it was. There are several exceptions to this requirement. They include the three -- if there had already been a septic system installed three years -- within three years of the date of sale, they don't have to comply with this.

The **SPEAKER PRO TEM**: The Member will defer. The Chair would remind the Member to address all comments to the Speaker.

The Chair reminded Representative **TUCKER** of Brunswick to address his comments toward the Speaker.

Representative **TUCKER**: Thank you very much. And also, if the seller has already done a septic inspection, then that inspection can be turned over and it doesn't have to be done by the buyer. So there are a number of exceptions. But they're all exceptions that already exist for the procedures that are used in coastal shoreland zones. It's the same program exactly, it simply extends it to protect the freshwater as well as our coastal waters.

The **SPEAKER PRO TEM**: The Chair recognizes the Representative from Rumford, Representative Dolloff.

Representative **DOLLOFF**: Thank you, Mr. Speaker. I have a question. Could I ask a question, please?

The **SPEAKER PRO TEM**: The Member may proceed.

Representative **DOLLOFF**: Thank you. I'm just wondering why a mandate has to be done. Why can't the local municipalities draft their own ordinance? Because I'm sure they want it all clean, too. Thank you.

The **SPEAKER PRO TEM**: The Representative from Rumford, Representative Dolloff, has posed a question through the Chair to anyone who cares to answer. The Chair recognizes the Representative from Monticello, Representative Johansen.

Representative **JOHANSEN**: Sir, it was my intention to speak on this motion, not to answer her question.

The **SPEAKER PRO TEM**: That's okay. You may proceed.

Representative **JOHANSEN**: Thank you. Today I rise in opposition. I opposed this in committee because I thought if China Lake or Sebago Lake is having a problem with septic systems, they should design one that fits their area and their problems. We're trying to design something that would be statewide and I think it's much better done local, enforced by the local code enforcement officers, so I was in opposition and I'm still in opposition. I expect my friends will follow my light on this.

The **SPEAKER PRO TEM**: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought to Pass Report. All those in favor will vote yes, those opposed will vote no.

Representative MARTIN of Sinclair moved that the House **ACCEPT** the Majority **Ought to Pass as Amended** Report.

Representative STEWART of Presque Isle **REQUESTED** a roll call on the motion to **ACCEPT** the Majority **Ought to Pass as Amended** Report.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The **SPEAKER PRO TEM**: The Chair recognizes the Representative from Carmel, Representative Reed.

Representative **REED**: Thank you, Speaker Pro Tem, and Members of the House. I rise in opposition to the pending motion. We already have Maine law enforcement in place that does background checks. I don't think we need another commission which only tends to enlarge the size of government. I understand the idea behind the bill, to make it easier for having all background checks in one place, but I don't think it's necessary.

Thank you, Speaker Pro Tem. Thank you, Members of the House.

The **SPEAKER PRO TEM**: The Chair recognizes the Representative from Fort Fairfield, Representative McCrea.

Representative **McCREA**: Thank you, Mr. Speaker, fellow Members and Colleagues of the House. Currently there are perhaps dozens of background checks required by a multitude of state departments and agencies for employment. This resolve simply establishes the Background Check Consolidation Commission to study consolidating and centralizing as many of these state background checks required for employment as possible, including but not limited to background checks for teachers, state workers, and persons seeking Maine Guide licenses, for example.

Mr. Speaker, this commission is tasked with finding a solution to the duplicative and unnecessary paperwork and expenses that Mainers face as they seek employment. I do wish to point out that the committee amendment removes the emergency preamble, this commission shall report back their results by December 20th of 2019 and, Mr. Speaker, I do absolutely want to highlight that this bill has - and you can read it in the text of the bill - prohibits the commission from studying the background checks that are used to obtain firearms. I thank you, Mr. Speaker.

The **SPEAKER PRO TEM**: The Chair recognizes the Representative from York, Representative Hymanson.

Representative **HYMANSON**: Thank you, Mr. Speaker. In Health and Human Services, we deal with background checks quite often related to direct care workers and childcare workers and especially last session we had a large discussion about the time it took, who was doing it, who paid for it, what the turnaround time was. And so I would really appreciate having some clarity from a commission who would talk about this and finally come to some understanding about how it is we handle very important federal background checks with fingerprints because, as you might know, background checks

are statewide but the federal guidelines for -- and the process for getting fingerprint background checks is the only way to look at a person's issues that might have arisen in other states. So, it's very important to have good guidance about especially the fingerprint background system that's been a problem. So I would appreciate the guidance of this commission and will be voting for it. Thank you.

The SPEAKER PRO TEM: The Chair recognizes the Representative from Waterboro, Representative Prescott.

Representative **PRESCOTT**: Thank you. I just renewed -- Members, too. I just renewed my background check. It was 15 bucks. First time around, it's about \$55. I paid for everything. And, listen, it goes to the Feds, it comes back in a few weeks, I don't think it took mine more than four, and this is just an unnecessary layer of government. Nothing more to it. Every place you go is going to want to get one of their own directly for their own files. So this is not needed. Thank you.

The SPEAKER PRO TEM: A roll call has been ordered. The pending question before the House is Acceptance of the Majority Ought to Pass as Amended Report. All those in favor will vote yes, those opposed will vote no.
