Fiscal Detail and Notes

Eliminating the Governor's Office of Energy Independence and Security (OEIS) will result in the state losing approximately \$226,000 of federal fund revenues for OEIS programs on an annual basis and a corresponding deallocation in Federal Expenditure Funds. OEIS states that if the intent of the bill is to move its office to another location outside the Governor's Office then an additional \$10,000 may be required on a one-time basis to accomplish that purpose.
