## **Preliminary Fiscal Impact Statement**

Potential current biennium cost increase - All Funds

### **Fiscal Detail and Notes**

Requiring the State cover the cost of health insurance coverage for retiree's disabled dependents 19 year or age and older would increase costs to the State Employee Health Benefit Plan. Preliminary estimates are that 22 current retirees have dependent children that would be covered under this change resulting in an estimated total annual cost to the plan of approximately \$130,000.
