#### Fiscal Detail and Notes

The Maine Charter School Commission will require a one-time Other Special Revenue Funds allocation of \$35,000 in fiscal year 2015-16 for the cost to the commission to contract for services necessary to develop a model for virtual public charter schools that will address the academic and developmental needs of students in the State. Based on current information in the state accounting system, the commission has sufficient balances available in its dedicated account to cover this one-time cost.
