Presented by Representative BOLAND of Sanford.  
Cosponsored by Senator FARNHAM of Penobscot and  
Representatives: BEAUDOIN of Biddeford, BURNS of Whiting, GOODE of Bangor,  
GRAHAM of North Yarmouth, MAKER of Calais, MALONEY of Augusta, NEWENDYKE  
of Litchfield, O'CONNOR of Berwick.

1 **Be it enacted by the People of the State of Maine as follows:**

2 **Sec. 1. 22 MRSA §1725** is enacted to read:

3 **§1725. Cost estimates of care**

4 A health care provider shall provide a patient with a written cost estimate of a  
5 proposed health care procedure or course of treatment, including prescription medication,  
6 recommended for the patient and the amount of that cost that will be covered by the  
7 patient’s insurer or other 3rd-party payor. A cost estimate required by this section must  
8 include the provider’s reasons for recommending the specific procedure or course of  
9 treatment and, if there are other options for the procedure or course of treatment, inform  
10 the patient of those options and costs of those options. If a health care provider reports to  
11 a referring health care provider recommending a procedure or course of treatment for a  
12 referred patient, the reporting health care provider shall provide the referring health care  
13 provider a cost estimate pursuant to the provisions of this section. For purposes of this  
14 section, “health care provider” means a physician, health care practitioner, hospital,  
15 clinic, clinical laboratory, health care facility or other person or facility that provides  
16 health care services and is licensed or registered by the State.

17 **SUMMARY**

18 This bill requires a health care provider to provide to a person recommended for a  
19 health care procedure or course of treatment a cost estimate of the procedure or treatment,  
20 the provider’s reasons for the procedure or treatment, other options and their costs and the  
21 amount of the cost that will be paid for by the person’s insurer. This bill also requires a  
22 health care provider to provide a cost estimate to a referring provider on a recommended  
23 procedure or course of treatment for a referred patient.
