Fiscal Note Summary: Potential current biennium cost increase - General Fund  
 Minor cost increase - General Fund  
 Minor revenue increase - General Fund  
 Minor revenue increase – Other Special Revenue Funds

Correctional/Judicial Impact: The bill adds a definition for "retail merchandise", which includes, among other things, the theft of gift cards. Specifically identifying gift card theft as a theft of merchandise could result in an increase in incarcerations. The number of any potential increased incarcerations is not known. The current average cost of incarcerating one individual for a single year is \$55,203.

The additional workload associated with the minimal number of new felony cases filed in the court system does not require additional funding at this time. The collection of additional fines will increase General Fund or other dedicated revenue by minor amounts.
