**5. Due dates for estimated tax installments.** An estimated tax installment payment calculated pursuant to subsection 4 is due the 15th day of the 4th, 6th, 9th and 13th month following the beginning of the taxpayer's tax year.

**6. Penalty.** A penalty accrues automatically on underpayments of the required installment amount pursuant to subsection 4 for the period of underpayment at the interest rate provided pursuant to section 186. For cause, the assessor may waive or abate all or any part of the penalty.

**7. Short taxable year.** For a tax year of less than 12 months, the estimated tax must be paid in full by the 15th day of the last month of the tax year. For payment dates falling within the short taxable year, payment must be made as provided in subsection 5.

**8. Installments paid in advance.** At the taxpayer's election, an installment of estimated tax required

pursuant to subsection 4 may be paid prior to the date prescribed for its payment.

**Sec. 38. 36 MRSA §2861**, as amended by PL 2011, c. 653, §4 and affected by §33 and amended by c. 682, §38, is repealed.

**Sec. 39. 36 MRSA §2862**, as amended by PL 2011, c. 653, §5 and affected by §33, is repealed.

**Sec. 40. 36 MRSA §2862-A** is enacted to read:  
**§2862-A. Distribution of revenues**

Revenue from the excise tax imposed pursuant to this chapter must be distributed as follows:

**1. Mining Excise Tax Trust Fund.** Seventy-five percent of the revenue must be deposited in the Mining Excise Tax Trust Fund established in Title 5, section 452. The revenue deposited in the Mining Excise Tax Trust Fund is subject to the provisions of the Constitution of Maine, Article IX, Section 20; and

**2. General Fund.** Twenty-five percent of the revenue must be deposited in the General Fund.

**Sec. 41. 36 MRSA §2863**, as amended by PL 2017, c. 211, Pt. E, §7, is repealed.

**Sec. 42. 36 MRSA §2865**, as amended by PL 2007, c. 627, §76, is repealed.

**Sec. 43. 36 MRSA §2866**, as amended by PL 2011, c. 653, §6 and affected by §33 and amended by c. 682, §38, is repealed.

**Sec. 44. Application.** This Act applies to tax years beginning on or after January 1, 2026, except that those sections of this Act that enact the Maine Revised Statutes, Title 36, section 2013, subsection 1, paragraph B-2 and amend Title 36, section 2013, subsection 1, paragraph C and subsections 2 and 3 apply to purchases made on or after January 1, 2026.

**An Act to Amend the Laws Governing the Land for Maine's Future Program and to Authorize the Use of Options to Purchase at Agricultural Value**

**Be it enacted by the People of the State of Maine as follows:**

**PART A**

**Sec. A-1. 5 MRSA §6200, 3rd ¶,** as enacted by PL 1987, c. 506, §§1 and 4, is amended to read:

The Legislature declares that the future social and economic well-being of the citizens of this State depends upon maintaining the quality and availability of working lands for farming, commercial fishing and forestry and natural areas for recreation, hunting and fishing, conservation, wildlife habitat, vital ecologic functions and scenic beauty and that the State, as the public's trustee, has a responsibility and a duty to pursue an aggressive and coordinated policy to assure that this Maine heritage is passed on to future generations.

**Sec. A-2. 5 MRSA §6201, sub-§2-A** is enacted to read:

**2-A. Interest in property.** "Interest in property" means both fee and less-than-fee simple interest and includes, but is not limited to, conservation easements, access easements, scenic easements, other permanent interests in land and long-term leases of at least 99 years as long as the interest is primarily in natural lands meeting the criteria set forth in this chapter.

**Sec. A-3. 5 MRSA §6203-A, sub-§2,** as repealed and replaced by PL 2023, c. 284, §5, is amended to read:

**2. Grants; matching funds.** The board may make grants to state agencies and ~~designated~~ cooperating entities for the purposes identified in subsection 3. For each grant made under this subsection, the board shall require the grant recipient to provide matching funds at least equal to the amount of the grant. Grants must be made according to rules adopted by the board. Rules adopted pursuant to this subsection are routine technical rules as defined in chapter 375, subchapter 2-A.

**Sec. A-4. 5 MRSA §6203-B, sub-§2,** as enacted by PL 2011, c. 266, Pt. B, §3, is amended to read:

**2. Grants.** The board may make grants to state agencies and ~~designated~~ cooperating entities for the purposes identified in subsection 3. Grants are made according to rules adopted by the board. Rules adopted

pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**Sec. A-5. 5 MRSA §6203-C, sub-§2**, as enacted by PL 2021, c. 135, §4, is amended to read:

**2. Grants.** The board may make grants to state agencies and ~~designated~~ cooperating entities for the purposes identified in subsection 3. Grants are made according to rules adopted by the board. Rules adopted pursuant to this subsection are routine technical rules as defined in chapter 375, subchapter 2-A.

**Sec. A-6. 5 MRSA §6203-E, sub-§2**, as enacted by PL 2023, c. 284, §9, is amended to read:

**2. Grants; matching funds.** The board may make grants to state agencies and ~~designated~~ cooperating entities for the purposes identified in subsection 3. For each grant made under this subsection, the board shall require the grant recipient to provide matching funds at least equal to the amount of the grant. Grants must be made according to rules adopted by the board. Rules adopted pursuant to this subsection are routine technical rules as defined in chapter 375, subchapter 2-A.

**Sec. A-7. 5 MRSA §6203-F, sub-§2**, as enacted by PL 2023, c. 284, §10, is amended to read:

**2. Grants; matching funds.** The board may make grants to state agencies and ~~designated~~ cooperating entities for the purposes identified in subsection 3. **Sec. A-8. 5 MRSA §6206-A**, as amended by PL 1993, c. 728, §9, is further amended to read:

**§6206-A. Nominations Public notice of final award**

~~Prior to taking an action to designate land for negotiation for acquisition, the board shall send by certified mail or otherwise deliver a notice of this intention to the owner or owners of land within the area proposed by the board for acquisition, as the identity and address of such owner or owners is shown on the tax maps or other tax records of the municipality in which the land is located. If the land is located within the unorganized territory, notice must be sent to the owner or owners as shown on the tax maps or other tax records of the State Tax Assessor. After the completion of negotiations determining a final award, the board shall publish a notice of its intent to designate land for acquisition fund the purchase of land offered for acquisition in a newspaper or newspapers of general circulation that identifies the land proposed by the board for acquisition funding and that notifies the residents of the area that the board will accept public comments on the proposed acquisition award.~~

~~Any owner of land that has been nominated for acquisition and is subject to the notice requirements of this section may submit a properly sworn affidavit to the board indicating the owner's unwillingness to sell. The affidavit is notice to the board that continued evaluation of that land is inappropriate and, unless the board intends to acquire an interest in the land through the use of eminent domain pursuant to section 6207-A, the board may not consider that land for acquisition.~~

**Sec. A-9. 5 MRSA §6207, sub-§2**, as amended by PL 2023, c. 284, §15, is further amended to read:

**2. Determination of statewide significance.** In determining whether a proposed acquisition ~~must~~ may be funded, in full or in part, by the Land for Maine's Future Trust Fund, the Conservation and Recreation Fund or the Public Access to Maine Waters Fund, the board shall consider whether the site is of statewide significance and:

A. Contains recreation lands, prime physical features of the Maine landscape, areas of special scenic beauty, farmland or open space, undeveloped shorelines, significant undeveloped archeological sites, wetlands, fragile mountain areas or lands with other conservation, wilderness or recreation values;

B. Is habitat for plant or animal species or natural communities considered rare, threatened or endangered in the State;

C. Provides nonmotorized or motorized public access to recreation opportunities or those natural resources identified in this section;

D. Provides public water supply protection when that purpose is consistent and does not conflict with the natural resource conservation and recreation purposes of this chapter; or

E. Contains deer wintering areas and satisfies all the requirements of subsection 3, paragraph A.

**Sec. A-10. 5 MRSA §6207, sub-§4, ¶C**, as amended by PL 1993, c. 728, §10, is further amended to read:

C. The acquisition of a fee interest in land of which the primary use ~~value~~ has been and will be as commercially harvested or harvestable forest land.

**Sec. A-11. 5 MRSA §6209**, as amended by PL 2023, c. 284, §§16 and 17, is further amended to read:

**§6209. Ownership; title; management Fee title; evaluation; legislative approval; authority to encumber**

**1. Uses of funds.** ~~The board may use the Land for Maine's Future Trust Fund, the Conservation and Recreation Fund and the Public Access to Maine Waters Fund to acquire real property in both fee and less than~~

~~fee simple interest, including, but not limited to, conservation easements, access easements, scenic easements, other permanent interests in land and long term leases of at least 99 years as long as those acquisitions are primarily natural lands meeting the criteria set forth in this chapter.~~

~~2. **Title Fee title.** Title Fee title to all lands interests in land acquired pursuant to this chapter must be vested solely in the State. Management responsibilities for the acquired lands may be contracted by the land-owning state agency to cooperating entities, subject to appropriate lease arrangements, upon the recommendation of the agency's commissioner and approval of the board clear to ensure that the State's interests in funding the acquisition are protected.~~

~~3. **Matching funds.** When matching funds for a project include cash not derived from a bond request, an allocation of up to 20% of the appraised value of the acquired land or the amount of cash, whichever is less, may be put into the stewardship account of the state agency holding title to the land.~~

~~4. **Payments.** Payments from the fund may be made to cooperating entities for qualifying lands acquired on behalf of the State, provided that a state agency has issued to the cooperating entity a letter of intent requesting assistance in the acquisition. Upon submission to the state agency of a cooperating entity's direct expenses for acquisition and related costs of an authorized acquisition, the board shall authorize payment of those expenses, provided that the total of all expenses does not exceed the appraised value of the acquired property. Expenses must be paid at intervals during the acquisition process, as determined by the board.~~

~~5. **Land evaluated.** All lands interests in property acquired with money from the Land for Maine's Future Trust Fund, the Conservation and Recreation Fund or the Public Access to Maine Waters Fund must be evaluated for rare, threatened or endangered species of plants and animals, exemplary natural communities, features of historic significance and other high priority natural features and ecologic functions as determined by the board, with reference to the best inventory data available to the State. Subsequent management by state agencies holding properties found to have such important features and functions must reflect the objective of maintaining and protecting those features and functions.~~

~~6. **Legislative Fee title legislative approval.** Except as provided in subsection 7, fee interests in land acquired under this chapter and held by the State may not be sold or used for purposes other than those stated in this chapter, unless approved by a 2/3 majority of the Legislature.~~

~~7. **Conveyance of an access easement across a rail trail.** Notwithstanding any other provision of law to the contrary, the Director of the Bureau of Parks and~~

Lands within the Department of Agriculture, Conservation and Forestry, with the approval of the Governor and the Commissioner of Agriculture, Conservation and Forestry, may sell or otherwise convey in accordance with Title 12, section 1814-A access rights by easement across a rail trail acquired under this chapter.

For the purposes of this subsection, "rail trail" means a former railroad right-of-way in which the Department of Agriculture, Conservation and Forestry holds an ownership interest and that is:

- A. No longer used for rail service; and
- B. Managed by the Department of Agriculture, Conservation and Forestry for use as a recreational trail.

**Sec. A-12. 5 MRSA §6210, first ¶**, as enacted by PL 1989, c. 485, §3, is amended to read:

If the board transfers in writing to any local or federal agency any written information acquired by the board under this chapter concerning any land, the board shall may, upon transfer, notify the landowner of the transfer by certified mail.

**PART B**

**Sec. B-1. 33 MRSA c. 6-B** is enacted to read:

**CHAPTER 6-B**

**OPTIONS TO PURCHASE AT AGRICULTURAL VALUE**

**§141. Definitions**

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Option to purchase at agricultural value.** "Option to purchase at agricultural value" means any agreement in recordable form between the fee owner of working farmland property and one or more qualified holders that permits a qualified holder to control, either directly or indirectly, the purchase price of the working farmland property for the primary purpose of making available and affordable, and preserving the permanent availability and affordability of, that property for working farmland.

**2. Qualified holder or holder.** "Qualified holder" or "holder" means:

- A. A governmental entity authorized to hold an interest in real property;
- B. A nonprofit organization organized under state law whose purposes include the permanent protection of working farmland or the enlargement of working farmland opportunities for farmers; or
- C. A nonprofit organization organized under state law whose purposes or powers include retaining or

protecting working farmland or providing access to working farmland.

**3. Third-party right of enforcement.** "Third-party right of enforcement" means a right provided in an option to purchase at agricultural value to enforce any of its terms granted by the grantor and holder of the option to purchase at agricultural value to a governmental entity or nonprofit organization that meets the qualifications of a holder.

**4. Working farmland or working farmland property.** "Working farmland" or "working farmland property" has the same meaning as in Title 5, section 6201, subsection 4-A.

**§142. Creation; conveyance; acceptance; duration; filing**

**1. Option to purchase at agricultural value.** Except as otherwise provided in this chapter, an option to purchase at agricultural value may be created, conveyed, recorded, assigned, released, modified, terminated or otherwise altered or affected in the same manner as other options to purchase real property created by written instrument. An option to purchase at agricultural value may include a 3rd-party right of enforcement and may be incorporated into an agricultural easement or be an independent document suitable for recording.

**2. Right or duty.** A right or duty in favor of or against a qualified holder may not arise under an option to purchase at agricultural value unless it is accepted in writing by the qualified holder.

**3. Limitation.** Except as provided in this chapter, an option to purchase at agricultural value is unlimited in duration unless a change of circumstances renders the option to purchase at agricultural value no longer in the public interest as determined in an action under section 143, subsection 2.

**4. Filing.** An option to purchase at agricultural value must be recorded in the county registry of deeds, and a copy of the recorded option to purchase at agricultural value must be filed with the Department of Agriculture, Conservation and Forestry together with a map showing with specificity the location of the affected property on the form or forms that the department requires.

**5. Other interest.** An interest in real property in existence at the time an option to purchase at agricultural value is created is not affected by the option to purchase at agricultural value unless the fee owner of the interest is a party to the option to purchase at agricultural value or consents to the option to purchase at agricultural value.

**6. Right to enter real property.** The written instrument creating an option to purchase at agricultural value must designate how and when representatives of the holder of an option to purchase at agricultural value

are entitled to enter the real property to ensure compliance.

**§143. Judicial actions**

**1. Fee owners; qualified holders.** An action affecting an option to purchase at agricultural value may be brought or intervened in by:

A. A fee owner of an interest in the real property burdened by the option to purchase at agricultural value;

B. A qualified holder of the benefit of the option to purchase at agricultural value;

C. The municipality in which the real property burdened by the option to purchase at agricultural value is located; or

D. The Attorney General.

**2. Power of court.** The court has the following powers.

A. The court may enforce an option to purchase at agricultural value by injunction or other proceeding at law or in equity.

B. Acting in accordance with charitable trust principles, the court may modify, terminate or deny equitable enforcement of an option to purchase at agricultural value in an action brought by a party under subsection 1. In taking such an action, the court must find that, due to a change in circumstance, the option to purchase at agricultural value no longer serves the public interest in protecting or enhancing the protection of working farmland or related businesses of the State. The Attorney General must be made a party to any action under this paragraph, and written notice must be provided to the Commissioner of Agriculture, Conservation and Forestry.

C. If the court modifies, terminates or denies equitable enforcement of an option to purchase at agricultural value, the court may order payment by the fee owner of money or other damages to the holder or the State. The holder or the State shall apply the same in a manner consistent with the purposes of this law as approved by the court.

The fact that a working farmland property might be used for more valuable economic purposes may not be considered when determining whether an option to purchase at agricultural value is no longer in the public interest.

**§144. Scope of option to purchase at agricultural value**

An option to purchase at agricultural value may include any of the following agreements affecting working farmland property:

**1. Resale price of working farmland property.** Limitations on the resale price of working farmland property, which may include provisions for payments to the holder;

**2. Amount of equity appreciation.** Limitations on the amount of equity appreciation that a fee owner may derive from ownership of working farmland property;

**3. Improvements to working farmland property.** Limitations on the type, extent, use or dollar value of improvements that may be made to working farmland property;

**4. Uses to which working farmland property may be devoted.** Restrictions on the uses to which working farmland property may be devoted, which must be consistent with the purposes of this chapter;

**5. Options to purchase.** The grant of rights of first refusal or options to purchase to qualified holders or their assigns, subject to the terms and conditions of the option to purchase at agricultural value;

**6. Maintenance and insurance of working farmland property.** The obligation to maintain, operate and insure working farmland property;

**7. Construction and materials.** The right to restrict or specify types of buildings, structures and materials that may be used in improvements on working farmland property;

**8. Acts that may enhance affordability of working farmland property.** The right to prohibit, limit or require other acts that may enhance or allow the affordability and availability of working farmland property over time to beginning farmers in the future. For the purposes of this subsection, "beginning farmer" means an individual who has not operated a farm for more than 10 years; and

**9. Right of qualified holders to enter and inspect.** In accordance with section 142, subsection 6, the right to provide qualified holders periodic entry and inspection of farmland real property at reasonable times and after reasonable notice.

#### **§145. Validity**

An option to purchase at agricultural value is valid and enforceable, notwithstanding any of the following conditions.

**1. Not appurtenant to interest in real property.** The option to purchase at agricultural value is not appurtenant and does not run with an interest in real property.

**2. Assignable to another holder.** The option to purchase at agricultural value can be or has been assigned to another qualified holder.

**3. Not recognized at common law.** The option to purchase at agricultural value is not of a character traditionally recognized at common law.

**4. Imposes negative burden.** The option to purchase at agricultural value imposes a negative burden.

**5. Imposes affirmative obligations.** The option to purchase at agricultural value imposes affirmative obligations upon the fee owner of an interest in the burdened property or the qualified holder.

**6. Benefit does not touch or concern real property.** The benefit of the option to purchase at agricultural value is held by a qualified holder who has not retained property that would benefit from enforcement of the option to purchase at agricultural value, or the benefit does not touch or concern real property in any other way.

**7. No privity of estate or contract.** There is no privity of estate or privity of contract.

**8. Does not run to successors or assigns.** The option to purchase at agricultural value does not run to the successors or assigns of the qualified holder.

**9. Unreasonable restraint on alienability.** The option to purchase at agricultural value may be considered to be an unreasonable restraint on alienability.

**10. Violation of rule against perpetuities.** The option to purchase at agricultural value may violate the rule against perpetuities.

#### **§146. Application**

**1. Interest created after effective date.** This chapter applies to any interest that complies with this chapter created after the effective date of this chapter, whether designated as an option to purchase at agricultural value or an equitable servitude, restriction, easement or other interest in the property.

**2. Option to purchase at agricultural value created before effective date.** This chapter applies to any option to purchase at agricultural value created before the effective date of this chapter if the option to purchase at agricultural value would have been enforceable had it been created after the effective date of this chapter, unless retroactive application contravenes the Constitution of Maine or the United States Constitution.

**3. Chapter does not invalidate interest.** This chapter does not invalidate any interest, whether designated as an option to purchase at agricultural value or an equitable servitude, restriction, easement or other interest in property, that is otherwise enforceable under other laws of this State.

### **PART C**

**Sec. C-1. 33 MRSA §479-C**, as amended by PL 2017, c. 475, Pt. A, §56, is further amended to read:

**§479-C. Conservation lands ~~registry~~ reporting**

~~A For each conservation easement and each parcel owned in fee for conservation purposes in the State, the holder of a the conservation easement or a and the fee owner of each parcel of land for conservation purposes that is organized or doing business in the State shall annually report to the Department of Agriculture, Conservation and Forestry the book and page number at the registry of deeds for each conservation easement that it holds or each parcel owned in fee for conservation purposes department, the municipality, the approximate number of acres protected under each easement or parcel owned, the approximate number of acres that are exempt from taxation pursuant to Title 36, section 652 for which the municipality or county does not receive payments in lieu of taxes and such other information as the Department of Agriculture, Conservation and Forestry department determines necessary to fulfill the purposes of this subchapter. The filing report must be made by a date and on forms in the form established by the Department of Agriculture, Conservation and Forestry department to certify the accuracy of the conservation easement holder's or fee owner's information, avoid duplicative filings when possible, provide public access to the information reported and otherwise reduce administrative burdens. The department is authorized to adopt a form of reporting that results in the creation of a geographic information system map layer that displays the information required by this section. The annual filing certification must be accompanied by an \$80 fee. The Department of Agriculture, Conservation and Forestry department shall maintain a permanent current record of the registration these reporting requirements in a form conducive to public dissemination of the information and shall report to the Attorney General any failure of a holder of a conservation easement disclosed by the filing or otherwise known to the Department of Agriculture, Conservation and Forestry department. The fees established under this section must be held by the Department of Agriculture, Conservation and Forestry department in a nonlapsing, special account to defray the costs of maintaining the registry reported information and carrying out its duties under this section. For the purposes of this section, "department" means the Department of Agriculture, Conservation and Forestry.~~

**An Act to Clarify the  
 Requirements for Accessing  
 Nonformulary Drugs and  
 Drugs Used to Treat Serious  
 Mental Illness**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 24-A MRSA §4304, sub-§2-C,** as enacted by PL 2021, c. 345, §1, is amended to read:

**2-C. Prior authorization of prescription drugs used for assessment and treatment of serious mental**

**illness.** Notwithstanding any requirement of this section to the contrary, a carrier shall approve a prior authorization request for medication on the carrier's prescription drug formulary that is prescribed to assess or treat an enrollee's serious mental illness. If a drug shortage makes a formulary drug prescribed to assess or treat an enrollee's serious mental illness unavailable and there is no equivalent formulary drug available, the carrier shall approve an equivalent nonformulary drug prescribed to assess and treat the enrollee's serious mental illness for the period of time that a formulary drug is unavailable. For the purposes of this subsection, "serious mental illness" means a mental disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association, that results in serious functional impairment that substantially interferes with or limits one or more major life activities. The superintendent may adopt rules to implement this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**Sec. 2. 24-A MRSA §4311, sub-§1-A,** as corrected by RR 2023, c. 2, Pt. A, §38, is amended to read:

**1-A. Access to Request for clinically appropriate prescription drugs.** For plan years beginning on or after March 19, 2019, a carrier must allow an enrollee, the enrollee's designee or the person who has issued a valid prescription for the enrollee to request ~~and gain access to~~ a clinically appropriate drug not otherwise covered by the health plan. The carrier's process must comply with section 4304 and with this subsection. If the carrier approves a request under this subsection for a drug not otherwise covered by the health plan, the carrier must treat the drug as an essential health benefit, including counting any cost sharing toward the plan's annual limit on cost sharing and including it when calculating the plan's actuarial value.

A. The carrier must determine whether it will cover the drug requested and notify the enrollee, the enrollee's designee, if applicable, and the person who has issued the valid prescription for the enrollee of its coverage decision within 72 hours or 2 business days, whichever is less, following receipt of the request. A carrier that grants coverage under this paragraph must provide coverage of the drug for the duration of the prescription, including refills.

B. The carrier must have a process by which an expedited review may be requested in exigent circumstances. Exigent circumstances exist when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee's life, health or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a nonformulary drug. When an expedited re-

view has been requested, the carrier must determine whether it will cover the drug requested and notify the enrollee, the enrollee's designee, if applicable, and the person who has provided a valid prescription for the enrollee of its coverage decision within 24 hours following receipt of the request. A carrier that grants coverage under this paragraph must provide coverage of the drug for the duration of the exigency.

**An Act to Ensure Equitable Access for All Caregivers to Diaper Changing Stations in State Buildings Open to the Public**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 5 MRSA c. 153, sub-c. 3** is enacted to read:

**SUBCHAPTER 3**

**STATE BUILDINGS OPEN TO THE PUBLIC**

**§1777. Diaper changing stations in public restrooms required**

**1. Definitions.** As used in this section, the following terms have the following meanings.

A. "Diaper changing station" means a table or other device suitable for changing the diaper of a child who has not attained 4 years of age.

B. "Public building" means a permanent structure or building owned by the State.

C. "Public restroom" means a sanitary facility within a public building that is open for public use and contains at least one toilet or urinal.

**2. Requirement.** Except as provided in subsection 3, the Department of Administrative and Financial Services, Bureau of General Services shall ensure that:

A. A public restroom in a public building constructed on or after the effective date of this section is equipped with a diaper changing station that is physically safe, sanitary and appropriate;

B. A public restroom within any portion of a public building that is remodeled on or after the effective date of this section is equipped with a diaper changing station that is physically safe, sanitary and appropriate; and

C. If the only public restroom within a public building that is equipped with a diaper changing

station is restricted to persons of a specific gender, another public restroom within the building that is available to persons of other genders is equipped with a diaper changing station that is physically safe, sanitary and appropriate. The bureau may satisfy the requirements of this paragraph by providing a family or gender-neutral restroom that is equipped with a diaper changing station that is physically safe, sanitary and appropriate. The bureau shall ensure that the requirements of this paragraph are satisfied by January 1, 2029 or when funding allows those requirements to be satisfied, whichever occurs first.

A diaper changing station required under this subsection must be accessible to individuals with disabilities.

**3. Exceptions.** A public restroom is not subject to the requirements of subsection 2 if the restroom:

A. Has a conspicuous sign directing an individual to the location of another restroom with a diaper changing station that is accessible to the individual;

B. Would have to undergo construction to remodel or alter the restroom or the building it is located within in order to install a diaper changing station and the construction is not feasible due to the cost. This paragraph does not apply to new construction;

C. Would have to undergo construction in order to install a diaper changing station and the construction required would be inconsistent with the rules adopted by the Maine Historic Preservation Commission; or

D. Would have to undergo construction in order to install a diaper changing station and the construction required would be inconsistent with the Maine Uniform Building and Energy Code.

**4. Outside funding.** The Department of Administrative and Financial Services, Bureau of General Services may accept outside funds for the purchase, construction and installation of diaper changing stations in accordance with the requirements of subsection 2.

**Sec. 2. Appropriations and allocations.** The following appropriations and allocations are made.

**ADMINISTRATIVE AND FINANCIAL SERVICES, DEPARTMENT OF**

D. The Maine Technology Institute Director is a nonvoting director.

E. The Commissioner of Energy Resources or the commissioner's designee is an ex officio nonvoting director.

**Sec. A-6. 10 MRSA §965, sub-§3, ¶B**, as enacted by PL 2001, c. 417, §6, is amended to read:

B. ~~Two~~ One of the at-large members must be knowledgeable in the field of natural resource enterprises or financing.

**Sec. A-7. 10 MRSA §965, sub-§3, ¶E** is enacted to read:

E. One of the at-large members must be knowledgeable in the field of clean energy finance or technology solutions for climate change.

**Sec. A-8. 26 MRSA §1308, sub-§1**, as amended by PL 2023, c. 333, §1, is further amended to read:

**1. Determination of wage and benefits rates.** The Bureau of Labor Standards shall investigate and determine the prevailing hourly wage and benefits rate paid in the construction industry in this State. To determine the prevailing hourly wage and benefits rate, the bureau shall:

A. Collect a set of data by conducting a survey of wages and benefits during the 2nd and 3rd week of July of each year;

B. Collect a 2nd set of data through certified payroll submissions on state construction of public works during the 2nd and 3rd week of July of each

year from any state agency that contracts for the construction of public works; and

C. Collect a 3rd set of data for the job classification under the federal Davis-Bacon Act.

Survey data collected pursuant to paragraph A and certified payroll data collected pursuant to paragraph B must be submitted to the bureau by the 2nd week of October. Each year, labor unions shall submit the most recent collectively bargained rates to the bureau.

The bureau shall use the highest wage and benefits information of the 3 data sets collected pursuant to paragraphs A, B and C to determine the prevailing hourly wage and benefits rate. ~~The bureau may also use wage and benefits information received from construction trade associations in its determination of prevailing rates. In determining the prevailing rate, the bureau may ascertain and consider the applicable wage and benefits rates established by collective bargaining agreements, if any, and those rates that are paid generally in the locality where the construction of the public works is to be performed. For any classification, if that rate represents a decrease from the prevailing hourly wage and benefits rate as published in the immediately preceding year, the bureau shall adjust the rate to ensure that the decrease is not more than 15%.~~

The bureau shall ascertain and consider wage and benefits information received from construction trade associations and labor unions that are paid generally in the locality where the construction of the public works is to be performed in its determination of prevailing rates.

For purposes of this subsection, "benefits" means health and welfare contributions, pension or individual retirement account contributions and vacation and annuity contributions, per diem in lieu of wages and any other form of payment, except for wages, made to or on behalf of the employee. If a defined contribution amount is not established, the most accurate estimated value of contributions must be included.

**Sec. A-9. 30-A MRSA §4723, sub-§2, ¶B-1,** as enacted by PL 2021, c. 657, §14, is amended by amending subparagraph (4) to read:

(4) A commissioner with expertise in energy efficiency issues regarding residential structures and in the construction sustainability requirements established in section 4726, subsection 2; and

**Sec. A-10. 35-A MRSA §3210-C, sub-§6,** as amended by PL 2009, c. 518, §4, is further amended to read:

**6. Competitive solicitation process and contract negotiation.** Except as provided in paragraph A, for purposes of selecting potential capacity resources for contracting pursuant to subsection 3, the commission ~~shall~~ may, after consultation with the Commissioner of Energy Resources, conduct a competitive solicitation

no less often than every 3 years if the commission determines that the likely benefits to ratepayers resulting from any contracts entered into as a result of the solicitation process will exceed the likely costs. Following review of bids, the commission ~~may negotiate with one or more potential suppliers~~ shall approve a contract or contracts between one or more transmission and distribution utilities and the bidder of any proposal selected by the commission in accordance with this section. When only one bid has been offered, the commission shall ensure that negotiations are based on full project cost disclosure by the potential supplier. ~~The commission shall negotiate contracts that are commercially reasonable and that commit all parties to commercially reasonable behavior.~~

A. The commission shall, for purposes of selecting energy efficiency capacity resources and available energy associated with such resources for contracting pursuant to subsection 3, conduct a competitive solicitation in accordance with this subsection or contract with the Efficiency Maine Trust established in section 10103 to deliver those resources through a competitive solicitation process administered by the trust.

**Sec. A-11. 35-A MRSA §3401-A, sub-§5-A** is enacted to read:

**5-A. Department.** "Department" means the Department of Energy Resources established in chapter 103.

**Sec. A-12. 35-A MRSA §3408, sub-§2,** as enacted by PL 2023, c. 481, §6, is amended to read:

**2. Requests for proposals; offshore wind power projects.** The commission shall review a solicitation developed by the ~~office~~ department under subsection 1 and, upon finding that the solicitation is reasonably likely to attract competitive bids and further the objectives of the program as described in section 3407, shall authorize the department to issue a request for proposals in accordance with this subsection.

A. The office shall file with the commission the first solicitation by July 1, 2025 unless another date is established by mutual agreement between the office and the commission.

B. The ~~commission~~ department shall issue the first request for proposals by the later of January 15, 2026 and 3 months after the first auction by the federal Department of the Interior, Bureau of Ocean Energy Management for offshore wind power leases in the Gulf of Maine.

C. If, within any 3-year period between January 15, 2026 and January 1, 2039, the commission has not found a solicitation submitted by the ~~office~~ department to be reasonably likely to further the objectives of the program as described in section 3407, the commission shall expeditiously develop

and issue a request for proposals consistent with the requirements of this section.

D. The commission shall review and make a determination regarding a solicitation submitted by the office within ~~6 months~~ 120 days of the date of submission unless a longer period is requested by the department.

E. If the commission determines that a contract for an amount greater than those specified in subsection 1, paragraph C is in the public interest, it may authorize the department to select resources and the commission may approve contracts accordingly.

F. In conducting a solicitation and selecting offshore wind power projects under this section, the ~~commission~~ department shall ensure that selected projects result in contracts that are cost-effective for electric ratepayers over the term of the contract, taking into consideration potential quantitative and qualitative economic, environmental and other benefits to ratepayers.

The ~~commission~~ department shall give priority to offshore wind power projects that:

- (1) Have generation facilities located outside of Lobster Management Area 1;
- (2) Include agreements compliant with subsection 3 or 29 United States Code, Section 158(f) and are open to disadvantaged business enterprises and small businesses;
- (3) Provide employment and contracting opportunities for:
  - (a) Members of federally recognized Indian tribes in this State;
  - (b) Workers from disadvantaged communities as defined by:
    - (i) The United States Council on Environmental Quality's climate and economic justice screening tool or by an agency of this State using standards similar to those in the screening tool as determined by the commission;
    - (ii) The United States Department of Commerce, Economic Development Administration's economic distress criteria; or
    - (iii) The United States Department of Energy's disadvantaged community criteria; and
  - (c) Certified businesses;
- (4) Provide community benefits, as determined preconstruction through consultation with federally recognized Indian tribes in this

State, a stakeholder engagement process that includes disadvantaged communities, as described in subparagraph (3), division (b), and investments in fishing communities;

(5) Provide financial contributions or technical assistance to support research, monitoring and mitigation of impacts to wildlife, fisheries and habitats and the minimization of environmental impacts from the offshore wind power project and related transmission and interconnection infrastructure;

(6) Provide economic benefits to the State, including using an offshore wind port located in this State;

(7) Maximize the hiring of residents of this State;

(8) Maximize economic, employment and contracting opportunities for residents of this State and all businesses in this State; and

(9) Provide ratepayer benefits, including, but not limited to, enhanced electric reliability, resource adequacy including contributing to reducing winter electricity price spikes and overall price impacts, avoidance of line loss and mitigation of transmission costs to the extent possible.

~~The commission shall allow the office to review the bids submitted pursuant to this subsection. The office may provide input to the commission upon review of the bids, which may include an assessment as to whether any bids submitted are consistent with the goals of the program as described in section 3407, subsection 1.~~

G. The commission ~~may direct one or more transmission and distribution utilities to enter into long-term contracts for energy, capacity or renewable energy credits from offshore wind power projects selected by the commission in accordance with this subsection shall review and approve the contracts upon a finding that the contracts meet the requirements of this section.~~

H. If, at the close of a competitive bidding process conducted under this section, the ~~commission~~ department determines that the proposals submitted do not satisfy the requirements of paragraph F, the ~~commission~~ department shall reject all proposals and shall open a new competitive bidding process under this subsection.

I. Notwithstanding Title 5, section 8071, subsection 3, the ~~commission~~ department, after consultation with the ~~office~~ commission, may establish by rule reasonable fees that bidders must submit with proposals for offshore wind power projects. Fees collected pursuant to this paragraph may be used for the administration of this section, section 3406

and section 3407. Upon request of the ~~office commission~~, the ~~commission~~ department may transfer fees collected in accordance with this paragraph to the ~~office commission~~ for the administration of this section, section 3406 and section 3407.

**Sec. A-13. 35-A MRSA §3803, sub-§1**, as enacted by PL 2023, c. 328, §1, is repealed.

**Sec. A-14. 35-A MRSA §3803, sub-§3**, as enacted by PL 2023, c. 328, §1, is amended to read:

**3. Funding and reporting.** Notwithstanding sections 116 and 117, at the request of the ~~office trust~~, the commission may transfer money from funds in the Public Utilities Commission Regulatory Fund or the Public Utilities Commission Reimbursement Fund to the ~~office to pay for the costs associated with a petition for a procurement of energy from renewable resources under subsection 1 and, at the request of the trust, to the trust to implement the 3-year beneficial electrification plan included in the triennial plan under subsection 2. At the end of any year in which the commission has transferred money under this subsection to the office or the trust, the office or the trust, respectively, shall provide a report to the commission detailing its fund requests, money received and expenditures.~~

**Sec. A-15. 35-A MRSA §3804**, as enacted by PL 2023, c. 328, §1, is amended to read:

**§3804. Commission advancement of clean energy and beneficial electrification**

The commission shall advance through its decisions and orders beneficial electrification in order to achieve the emission reduction and renewable energy goals of the State, reduce energy costs to consumers and provide economic and climate benefits for all ratepayers. ~~The commission shall seek to procure energy under section 3803, subsection 1, paragraph B in a manner that is consistent with beneficial electrification. To the extent practicable, the commission shall seek to ensure that the acquisition of energy from renewable resources under section 3803, subsection 1, paragraph B is designed to procure sufficient energy to meet the portfolio requirements under section 3210 for the reasonably expected increase in use of electricity by retail electricity consumers.~~

**Sec. A-16. 35-A MRSA Pt. 9** is enacted to read:

**PART 9**

**ENERGY RESOURCES**

**CHAPTER 103**

**DEPARTMENT OF ENERGY RESOURCES**

**§10301. Department established**

The Department of Energy Resources is established as a cabinet-level department.

**§10302. Definitions**

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Commissioner.** "Commissioner" means the Commissioner of Energy Resources.

**2. Department.** "Department" means the Department of Energy Resources.

**§10303. Departmental responsibilities**

The department has responsibilities relating to energy resources, planning, programs and development. The department shall conduct planning, develop and implement policies and establish programs designed to ensure all households, communities and businesses in the State have access to an affordable, reliable and resilient energy supply to meet energy demand, address energy burdens and support economic development while supporting the achievement of the greenhouse gas reduction obligations and climate policies pursuant to Title 38, section 576-A and section 577, subsection 1 and the renewable energy goals established in section 3210, subsection 1-A. The department is designated as the energy office for the State.

**§10304. Commissioner**

The department is under the control and supervision of the Commissioner of Energy Resources, who reports directly to the Governor.

**1. Appointment.** The Governor shall appoint the commissioner, subject to review by the joint standing committee of the Legislature having jurisdiction over energy matters and confirmation by the Senate. The commissioner serves at the pleasure of the Governor.

**2. Deputy commissioner.** The commissioner shall appoint a deputy commissioner to assist the commissioner with the operations of the department. The deputy commissioner serves at the pleasure of the commissioner.

**3. Personnel.** The commissioner may employ, subject to the Civil Service Law, personnel for the department and prescribe the duties of these employees as the commissioner determines necessary to fulfill the duties of the department. The commissioner may delegate duties assigned to the commissioner under this chapter to personnel of the department.

**4. Commissioner; limitation.** An individual serving or appointed to serve as the commissioner on or after December 15, 2025 may not participate on behalf of a bidder in the submission of a proposal in response to a competitive solicitation conducted by the department pursuant to section 10313 until 12 months after the completion of the commissioner's service.

**5. Contracts; agreements.** The department may employ experts and professional consultants, contract for services as the commissioner determines necessary consistent with the powers and duties of the department

and enter into agreements with federal, state and municipal entities and other organizations as will promote the objectives of this chapter.

**6. Powers and duties of commissioner.** The commissioner is responsible for the execution of the duties of the department. The commissioner shall:

A. Advise the Governor and state agencies on matters related to energy;

B. Serve as a member of the Efficiency Maine Trust Board, established under Title 5, section 12004-G, subsection 10-C;

C. In collaboration with the relevant state agencies, coordinate state energy policy and actively foster cooperation with the Efficiency Maine Trust, established in chapter 97, and the Maine State Housing Authority, established in Title 30-A, chapter 201; and

D. Represent the State's interests in relevant regional energy organizations and forums to coordinate energy policy.

### **§10305. Powers and duties of department**

Under the supervision of the commissioner, the department shall:

**1. State energy plan.** Prepare and submit a comprehensive state energy plan to the Governor and the joint standing committee of the Legislature having jurisdiction over energy matters by January 15th of each odd-numbered year. The department shall ensure the state energy plan is informed by public input, including, but not limited to, through the conduct of at least 2 public meetings and receipt of public comment related to a draft of the state energy plan, and shall seek input regarding issues faced by socially vulnerable counties and communities as defined in section 3210-I, subsection 1, paragraph D. The state energy plan must:

A. Identify opportunities to lower and to maintain reasonable total energy costs for consumers in the State;

B. Evaluate energy data, including, but not limited to, data on energy supply, demand and costs in this State with consideration of all available energy sources;

C. Detail the State's progress toward meeting its energy goals for new renewable energy generation and energy storage, including distributed energy resources;

D. Evaluate the State's progress in meeting the oil dependence reduction targets in section 10309;

E. Identify resource and transmission and distribution capacity and infrastructure needs to facilitate the development and integration of new renewable energy generation within the State and support the State's renewable resource portfolio requirements

specified in section 3210 in close coordination with the independent system operator of the New England bulk power system or a successor organization, the Public Utilities Commission's integrated grid planning under section 3147 and transmission and distribution utilities;

F. Address the association between energy planning and meeting the greenhouse gas emissions reduction goals in the state climate action plan pursuant to Title 38, section 577;

G. Include a cost and resource estimate for technology development to meet the goals and objectives of the state energy plan;

H. Include energy supply and demand forecasts that must be considered in other planning efforts including updates to the state climate action plan under Title 38, section 577 and the Efficiency Maine Trust's triennial plan under section 10104, subsection 4; and

I. Identify approximate total project award targets for the next 3 competitive solicitations to be conducted by the department pursuant to section 10313.

The joint standing committee of the Legislature having jurisdiction over energy matters may report out legislation by April 1st of each odd-numbered year relating to the content of the state energy plan. The joint standing committee of the Legislature having jurisdiction over natural resources matters may make recommendations regarding that legislation to the joint standing committee of the Legislature having jurisdiction over energy matters;

**2. Recommendations.** Make recommendations, if needed, for additional legislative and administrative actions to ensure that the State can meet the goals and objectives of the state energy plan under subsection 1. The department shall develop, recommend and, as appropriate, take action to implement integrated or comprehensive strategies, including at regional and federal levels, to carry out the goals and objectives of the state energy plan, to secure the State's interest in energy resources and the supply and cost-effective use of those resources and lower the total cost of energy to consumers in this State;

**3. Annual report.** By January 15th of each year, prepare and submit to the joint standing committee of the Legislature having jurisdiction over energy matters a report that describes the activities of the department during the previous calendar year in carrying out its duties under this section and describes the State's progress in implementation of the state energy plan prepared pursuant to subsection 1, funding received from private sources pursuant to section 10308, subsection 3 and the department's annual accounting pursuant to section 10308, subsection 2. After receipt and review of the

annual report, the joint standing committee may report out legislation relating to energy policy;

**4. Energy data collection and analysis.** In collaboration with other relevant state agencies, private industry and nonprofit organizations, collect and analyze energy data, including, but not limited to, data on energy supply, demand and costs in this State with consideration of all available energy sources;

**5. Energy information dissemination.** Review and coordinate the dissemination of energy information developed by cabinet-level state agencies intended for the public and the media;

**6. Technical assistance.** Provide technical assistance and information to the Governor and the Legislature regarding the State's short-range and long-range energy needs and the resources to meet those needs;

**7. Funds from public and private sources.** Seek, accept and administer funds from public and private sources and develop partnerships with public and private entities to support the goals of the department, including, but not limited to, promoting energy efficiency, demand-side management and distributed generation;

**8. Federal government funds.** Receive and administer funds from the United States Department of Energy's State Energy Program and other federal funds as appropriate;

**9. Electricity agreements.** Work with transmission and distribution utilities, the commission, state agencies involved in the permitting of energy generation facilities and other relevant entities to negotiate agreements that create value for electricity consumers with developers of renewable generation who are interested in building energy generation facilities or developing or using energy transmission infrastructure in this State. This subsection may not be interpreted to authorize the commissioner to be a signatory to such agreements unless otherwise authorized by law;

**10. Energy transmission capacity planning and policy.** Monitor energy transmission capacity planning and policy affecting this State and make recommendations to the Governor and the Legislature as necessary for changes to the relevant laws and rules to facilitate energy infrastructure planning and development;

**11. Petroleum products.** Monitor petroleum product inventories, deliveries, curtailments and shortfalls and other matters relating to the availability of petroleum products in the State;

**12. State energy security plan.** Prepare and submit a state energy security plan in accordance with federal requirements. The department shall, to the extent practicable while protecting the energy security of the State, also submit the plan to the joint standing committee of the Legislature having jurisdiction over energy matters;

**13. Clean energy program.** Establish and manage a program to promote clean energy job development and clean technology business innovation in coordination with industry, educational and training organizations to support current and future workforce needs, including access to high-quality employment opportunities for residents of the State that contribute to the development of a skilled and trained workforce;

**14. Beneficial electrification.** Coordinate with the commission and the Efficiency Maine Trust, established in section 10103, to monitor beneficial electrification trends and opportunities and to establish beneficial electrification targets and regulatory frameworks;

**15. Renewable resource portfolio requirements.** Review and report on the status and impacts of the implementation of the renewable resource portfolio requirements as described in section 3210; and

**16. Greenhouse energy reductions.** Ensure that the State's energy goals, policies and plans align with and support the achievement of the greenhouse gas reduction obligations and climate policies established by Title 38, sections 576-A and 577.

#### **§10306. Coordination; advice to state agencies**

The department shall advise state agencies regarding energy-related principles for agencies to consider, along with the laws and policies governing those agencies, in:

**1. State-owned land and assets.** The sale, lease or other allowance for use of state-owned land or assets for the purpose of development of energy infrastructure;

**2. Revenue obligation securities.** The issuance of revenue obligation securities for energy facilities pursuant to Title 10, section 1044;

**3. State facility energy programs.** Energy programs at state facilities and operations to improve energy efficiency, greenhouse gas emissions reduction and demand management; and

**4. Energy program administration.** The administration of state-funded and federally funded energy programs to support:

A. The federal low-income home energy assistance program that provides heating assistance to eligible low-income persons and any state-funded or privately funded heating assistance program of a similar nature assigned to the department for administration; and

B. The federal weatherization assistance program that offers home weatherization grants and heating system upgrades to eligible low-income persons.

The department shall coordinate with the Department of Environmental Protection and the Office of Policy Innovation and the Future, established in Title 5, section 3102, on matters related to climate mitigation,

greenhouse gas reduction strategies and adaptation policies.

This section does not alter any of the responsibilities or limit any of the authority of the Department of Administrative and Financial Services, Bureau of General Services pursuant to Title 5. This section does not alter or limit the ability of departments or agencies of the State, along with the Bureau of General Services pursuant to Title 5, to generate or cogenerate energy at state facilities for use on site and elsewhere.

#### **§10307. Rulemaking**

The department may adopt rules the commissioner determines necessary for the proper implementation of this chapter. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A, unless otherwise specified.

#### **§10308. Funding**

In addition to funds provided from the General Fund or other available resources, the department is funded in accordance with this section.

**1. Federal funds.** The department is funded by federal funds that are available to and received by the department. Such federal funds may be applied to support the personal services and all other costs of the department.

**2. Efficiency Maine Trust funding.** To the extent federal funds under subsection 1 are inadequate to meet the funding needs of the department, the department may receive funds from the Efficiency Maine Trust, established in chapter 97, but only for that portion of the department's activities that supports or reasonably relates to programs or activities of the Efficiency Maine Trust. The commissioner shall keep an accounting of the department's resources devoted to its various duties and activities, including that portion of its resources devoted to activities in support of or reasonably related to programs or activities of the Efficiency Maine Trust. The department shall provide the accounting to the joint standing committee of the Legislature having jurisdiction over energy matters as part of its annual report under section 10305, subsection 3. The joint standing committee of the Legislature having jurisdiction over energy matters shall make recommendations to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs with regard to any proposed allocation of Efficiency Maine Trust funds to support the department. In accordance with any legislative allocation or deallocation of Efficiency Maine Trust funds to support the department, the commissioner shall request from the Efficiency Maine Trust and the trust shall provide the allocated resources to the department.

**3. Acceptance and administration of funds.** The department may accept, administer and expend funds, including, but not limited to, funds from the Federal

Government or from private sources, for purposes consistent with this chapter. The commissioner shall provide a report of the amount of any outside funding received from private sources and its designated purpose to the Governor and the joint standing committee of the Legislature having jurisdiction over energy matters in accordance with section 10305, subsection 3.

#### **§10309. Oil dependence reduction plan**

The department, with input from stakeholders and in consultation with the Efficiency Maine Trust, established in chapter 97, shall develop a plan to reduce the use of oil in all sectors of the economy in this State. The plan must:

**1. Targets.** Be designed to achieve the targets of reducing the State's consumption of oil by at least 30% from 2007 levels by 2030 and by at least 50% from 2007 levels by 2050;

**2. Policies and infrastructure changes.** Focus on near-term policies and infrastructure changes that set the State on a reasonable trajectory to meet the 2030 and 2050 targets in subsection 1;

**3. Priorities.** Prioritize the improvement of energy efficiency and the transition to the use of alternative energy sources for heating and transportation; and

**4. Data and analyses.** Draw on existing state data and studies rather than new analyses, including, but not limited to, analyses and data from the state climate action plan pursuant to Title 38, section 577 and the progress updates to the climate action plan under Title 38, section 578; the state energy plan pursuant to section 10305, subsection 1; and the Efficiency Maine Trust's triennial plan pursuant to section 10104, subsection 4 and analyses completed by the Federal Government, nonprofit organizations and other stakeholders.

#### **§10310. Maine Energy Resources Development Program**

The Maine Energy Resources Development Program, referred to in this section as "the program," is established to promote energy research and demonstration activities related to the use of indigenous, renewable resources and more efficient use of energy. The department, as funding allows, shall administer the program. The commissioner may accept funds from private sources for the purpose of funding the program.

**1. Report.** The commissioner shall include in the state energy plan under section 10305, subsection 1 a report that specifies, in regard to the program, the expenditure of program funds, the purposes for which the funds were used and the amount of the funds and the sources from which the funds were derived.

**2. Program expenditures.** For all proposed program expenditures of \$10,000 or more, the commissioner shall seek approval from the Governor. If the

Governor approves, the commissioner shall seek approval for those expenditures from the Legislature under the procedures authorizing the transfer of funds set forth in Title 5, section 1585.

**§10311. Distributed Solar and Energy Storage Program**

The Distributed Solar and Energy Storage Program is established to provide funding to foster the continued growth of cost-effective distributed solar facilities and energy storage systems in this State. The department, as funding allows, shall develop the program.

**1. Definitions.** As used in this section, the following terms have the following meanings.

A. "Combined project" means a distributed solar facility that is paired with an energy storage system.

B. "Distributed solar facility" means a solar generating facility interconnected to a transmission and distribution utility as defined in section 102, subsection 20-B.

C. "Energy storage system" has the same meaning as in section 3481, subsection 6.

D. "Program" means the Distributed Solar and Energy Storage Program established in this section.

**2. Program development.** The program must be designed to obtain and provide available federal funds to support cost-effective distributed solar facilities and energy storage systems. The department shall consult with the commission in developing and administering the program.

**3. Funding.** In order to support the department's activities in administering the program, the department may request funds from the commission for the department's administrative costs, which may include, but are not limited to, costs associated with hiring consultants and department personnel and contracting for technical analyses. Notwithstanding section 117, if the department requests funding in accordance with this subsection, the commission may provide funding, to the extent available, from the Public Utilities Commission Reimbursement Fund under section 117. If the Public Utilities Commission Reimbursement Fund does not have sufficient funding, notwithstanding section 116, subsection 4, the commission may provide funding from the Public Utilities Commission Regulatory Fund in accordance with this subsection.

**4. Federal funds.** The department shall apply for available federal funds to fund the program, including, but not limited to, funds from the United States Environmental Protection Agency's greenhouse gas reduction fund under 42 United States Code, Section 7434. Nothing in this subsection limits other uses of federal funds received by the department consistent with applicable federal requirements.

**5. Ratepayer funds.** Except as provided in subsections 3 and 6, ratepayer funds may not be used to implement the program or to provide funding under the program to distributed solar facilities or energy storage systems.

**6. Energy procurement.** The department may procure energy, capacity or renewable energy credits in accordance with section 10313, subsection 2 from distributed solar facilities or combined projects that receive federal funding pursuant to the program. The commission may not direct a transmission and distribution utility to enter into a long-term contract for energy, capacity or renewable energy credits from a distributed solar facility or a combined project unless the commission finds that the contract will benefit ratepayers and the procurement is in accordance with section 10313.

**§10312. Reporting of petroleum product inventories and deliveries**

The following provisions govern the reporting of petroleum product inventories and deliveries.

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Petroleum product" means propane; gasoline; unleaded gasoline; gasohol; kerosene; #2 heating oil; diesel fuel; kerosene-based jet fuel; aviation gasoline; #4, #5 and #6 residual oil for utility and nonutility uses; and Bunker C oil.

B. "Primary storage facility" means a facility that receives petroleum products into the State by pipeline or by ship.

C. "Primary supplier" means a refiner, marketer, distributor, firm or person who makes the first sale of any petroleum product to resellers or consumers in this State.

**2. Primary storage facility inventory and delivery reporting.** On the first and 3rd Monday of each month, an owner or lessee of a primary storage facility in the State shall make an accurate report to the department of petroleum product inventories and deliveries on a form provided by the commissioner. The form must contain a conspicuous statement of the penalties provided in subsection 4 and must require, with regard to the owner's or lessee's primary storage facility, the following information:

A. The total inventory of each petroleum product stored in the State, as measured within not more than 3 working days prior to the reporting date; and

B. The quantities of each petroleum product delivery expected into the State within 15 days of the reporting date or within any longer period established by the commissioner.

**3. Primary supplier petroleum product delivery reporting.** On the 3rd Monday of each month, a primary supplier of petroleum products shall make an accurate report to the department of actual and anticipated deliveries on a form provided by the commissioner, unless the report is already being submitted in accordance with federal regulations. The form must contain a conspicuous statement of the penalties provided in subsection 4 and must require the following information:

A. Actual deliveries of all petroleum products in this State during the preceding calendar month;

B. Anticipated deliveries of all petroleum products in this State during the following calendar month or during any longer period established by the commissioner; and

C. Allocation fractions for all petroleum products for the following month or for any longer period established by the commissioner.

**4. Violations.** An owner or lessee of a primary storage facility or a primary supplier who fails to provide the information required by this section or who supplies false or misleading information commits a civil violation for which a fine of \$2,500 may be adjudged.

**5. Department reports.** If the department determines, based on available information, that there is or may be a significant shortfall in supply inventories or anticipated deliveries into the State of home heating oil or kerosene, the department shall provide a report to the joint standing committee of the Legislature having jurisdiction over energy matters including:

A. The information that suggests a supply shortfall;

B. Current and anticipated inventories of home heating oil and kerosene storage supplies;

C. Any recommendations of the department for actions by the State in response to the anticipated supply shortfall; and

D. A report on inventories, deliveries, curtailments, shortfalls or other matters relating to the availability of petroleum products in this State, at the request of the joint standing committee of the Legislature having jurisdiction over energy matters.

### **§10313. Competitive solicitations**

The department is responsible for initiating and conducting procurements for energy, associated environmental attributes or other services from renewable and clean resources. For the purposes of this section, "renewable and clean resources" means generation eligible for any portfolio requirement in section 3210, energy storage, demand management or related transmission. Beginning January 15, 2027, and every 2 years thereafter, the department shall conduct one or more competitive solicitations during the following 2-year

period to procure renewable and clean resources, which may include environmental attributes through long-term contracts if the department determines procurement is necessary to achieve the requirements of Title 38, section 576-A or 577 or Title 35-A, section 3210, to meet and manage reasonably expected growth in electricity demand or to meet reliability needs or the department determines is otherwise necessary based on the comprehensive state energy plan prepared pursuant to section 10305, subsection 1. These contracts are not subject to the rules of the Chief Procurement Officer.

**1. Objectives.** The department shall conduct competitive solicitation under this section in a manner consistent with the following objectives:

A. To provide the benefits of renewable and clean resources to ratepayers in the State;

B. To provide the benefits of renewable and clean resources toward meeting the greenhouse gas reduction obligations and climate policies established by Title 38, sections 576-A and 577;

C. To contribute to the State's economic and workforce goals, including through the actions detailed in section 3210-I, subsection 3, paragraph D, subparagraph (2);

D. To minimize the impact of energy generation on the environment of the State;

E. To ensure the protection of low-income ratepayers; and

F. To avoid or minimize the curtailment of other renewable or clean resources.

**2. Solicitation initiation.** If the department determines one or more competitive solicitations are necessary based on the comprehensive state energy plan required pursuant to section 10305, subsection 1 and related analysis, the department shall initiate solicitations in order to select resources for contracts under this section. The department shall determine the total amount sought in all competitive solicitations within any 2-year period under this section in accordance with the state energy plan, except that the amount may not exceed 15% of the average annual statewide electric retail sales in the preceding 2-year period.

A. The department shall develop a request for proposals for each competitive solicitation that meets the requirements of subsection 3.

B. The department shall consult with the Office of the Public Advocate in developing a request for proposals. The department may also solicit public input, including through requests for information, to obtain information prior to publishing any final competitive solicitation.

C. The department shall submit a request for proposals to the commission for approval prior to its issuance. The commission shall approve or reject

a request for proposals submitted by the department in accordance with this section as expeditiously as possible but within 120 calendar days, unless a longer period is requested by the department. The commission shall approve a request for proposals upon finding that it conforms to the requirements of subsection 3, is reasonably likely to result in one or more contracts that provide benefits to ratepayers in the State in excess of any costs to ratepayers as a result of the contract and is reasonably likely to result in competitive bids.

D. The department may hire expert consultants necessary to assist in the development of the competitive solicitation and evaluation of proposals.

E. The department may coordinate a competitive solicitation with other governmental entities or entities designated by those jurisdictions or transmission and distribution utilities.

**3. Solicitation requirements.** A competitive solicitation under this section must be conducted using a request for proposals. A request for proposals must include, but is not limited to:

A. Criteria to determine the eligibility of prospective bidders;

B. Criteria to determine the eligibility of submitted projects;

C. Criteria to determine the selection of awarded projects, including criteria to determine ratepayer benefits and costs consistent with subsection 1;

D. A process for the submission of questions by prospective bidders and the provisions of responses by the department in a manner that is equally accessible to all prospective bidders;

E. A timeline with expected dates for each phase of the bidding and evaluation process;

F. A standard form contract, which must include commercially reasonable terms and terms that to the extent practicable avoid or minimize the curtailment of other renewable or clean resources and protect ratepayers from impacts of negative pricing, and may not be for a term greater than 20 years, unless a different term is determined by the commission to be in the public interest;

G. Notice of state wage, safety and apprenticeship requirements that may be required based on the solicitation type; and

H. Any necessary materials or templates to enable submission of comparable and competitive bids.

**4. Evaluation and selection.** The department shall evaluate and select proposals in accordance with this subsection. The department may coordinate with other entities, including, but not limited to, state agencies, the Office of the Public Advocate, transmission

and distribution utilities, other states and the independent system operator of the New England bulk power system or a successor organization, in the evaluation and selection of proposals under this section. The department may find a submitted proposal ineligible if the department, at its sole discretion, determines the proposal does not conform to the criteria established in the request for proposals.

A. In evaluating eligible proposals and selecting one or more proposals for contract awards, the department shall give the greatest weight to the benefits to ratepayers. The department may not select a proposal for a contract award unless the department determines the proposal is reasonably likely to provide benefits to ratepayers in the State in excess of any costs to ratepayers as a result of the contract.

B. In selecting projects that meet the requirements of paragraph A, the department shall also weigh factors consistent with the objectives established in subsection 1, as long as the factors and weight are consistent with the criteria established pursuant to subsection 3, paragraph C.

C. The department shall evaluate and to the extent practicable, select proposals that avoid or minimize negative impact on other renewable or clean generation due to congestion and curtailment.

**5. Wage, safety and apprenticeship standards.** If the department selects a project for a contract for energy from an assisted project located in the State as defined in Title 26, section 1304, subsection 1-A, the department shall ensure that standards under the contract applicable to contractors and subcontractors involved in the project's construction include requirements that a contractor or subcontractor:

A. Ensure that all construction workers earn compensation at or above the prevailing hourly wage as described in Title 26, section 1308; and

B. Meet the requirements described in Title 26, sections 1301, 1317 and 3502.

**6. Contracts.** Contracts must be based on the standard form contract required by subsection 3, paragraph F. The department may coordinate with any entity listed in subsection 4 in the negotiation of contracts. The department or a transmission and distribution utility may make a request to file information relevant to the contract negotiations with the commission pursuant to a protective order.

**7. Commission approval.** The department shall submit contracts negotiated pursuant to subsection 6 to the commission for approval, and the commission shall approve a contract upon finding that:

A. The solicitation process conducted by the department conformed to the requirements of this section;

B. The contract is commercially reasonable; and

C. The contract is reasonably likely to provide benefits to ratepayers in the State in excess of any costs to ratepayers as a result of the contract, as determined using the criteria established pursuant to subsection 3, paragraph C.

If the commission approves a contract, the commission shall issue an order directing a transmission and distribution utility to act with respect to the contract within 120 calendar days, unless a longer period is requested by the department. If the commission does not approve a contract, the commission may direct that the contract be amended and resubmitted to the commission for approval.

8. Bidding fees. The department may require a bidder to pay a reasonable and nonrefundable bidding fee to defray the department's administrative costs associated with a solicitation, as well as financial security due at contract execution, which may be at risk if projects fail to meet project milestones. The department may require a transmission and distribution utility to hold those fees. A bidding fee must be set forth in the request for proposals required by subsection 2.

9. Confidentiality. Proposals submitted in response to a solicitation and materials created or submitted during contract negotiations pursuant to this section are confidential and may not be disclosed.

10. Commission rules. The commission shall establish a process by rule for the review of requests for proposals under section 2, paragraph C and the review of contracts under subsection 7. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**Sec. A-17. 38 MRSA §579, first ¶**, as repealed and replaced by PL 2013, c. 588, Pt. A, §49, is amended to read:

The department may participate in the regional greenhouse gas initiative under chapter 3-B. The commissioner or the commissioner's designee and the ~~members of the Public Utilities Commission~~ Commissioner of Energy Resources or the commissioner's designee are authorized to act as representatives for the State in the regional organization as defined in section 580-A, subsection 20, may contract with organizations and entities when such arrangements are necessary to efficiently carry out the purposes of this section and may coordinate the State's efforts with other states and jurisdictions participating in that initiative, with respect to:

**Sec. A-18. Initial procurement.** Notwithstanding the requirement established in the Maine Revised Statutes, Title 35-A, section 10313 requiring the Department of Energy Resources to initiate and conduct a competitive procurement for renewable and clean resources beginning January 15, 2027, the department

shall initiate and conduct that same competitive procurement pursuant to the requirements of Title 35-A, section 10313 no later than January 15, 2026.

**Sec. A-19. Transition provision.** The at-large members of the Finance Authority of Maine serving on the effective date of this Act continue as members of the Finance Authority of Maine until the expiration of their terms under the Maine Revised Statutes, Title 10, section 966, subsection 1.

**Sec. A-20. Wage and benefit report.** By January 15, 2026, the Department of Labor shall submit a report to the Joint Standing Committee on Labor that includes information detailing the process and progress to date of how the Department of Labor, Bureau of Labor Standards is using the wage and benefits information received from construction trade associations and labor unions in its determination of prevailing rates pursuant to the Maine Revised Statutes, Title 26, section 1308, subsection 1. The joint standing committee may report out a bill based on the report to the Second Regular Session of the 132nd Legislature.

## PART B

**Sec. B-1. Legislation; schedule.** The Department of Energy Resources shall work with staff from the Office of Policy and Legal Analysis and the Office of the Revisor of Statutes to review those parts of the Maine Revised Statutes governing the administration and activities of the Governor's Energy Office. The purpose of the review is to develop legislation to effect the transition of responsibilities from the Governor's Energy Office to the Department of Energy Resources as established in this Act and to correct any errors and inconsistencies in the law that result from this Act. By January 1, 2026, the Department of Energy Resources shall submit the legislation developed pursuant to this section to the Second Regular Session of the 132nd Legislature.

**Sec. B-2. Transition provisions, Governor's Energy Office.** The following provisions govern the transition of the Governor's Energy Office within the Executive Department to the Department of Energy Resources.

1. The Department of Energy Resources is the successor in every way to the powers, duties and functions of the Governor's Energy Office.

2. All existing rules, regulations and procedures in effect, in operation or adopted in or by the Governor's Energy Office or any of its administrative units or officers are hereby declared in effect and continue in effect until rescinded, revised or amended by the Department of Energy Resources.

3. All existing contracts, agreements and compacts currently in effect in the Governor's Energy Office continue in effect.

4. All records, property and equipment previously belonging to or allocated for the use of the Governor's Energy Office become, on the effective date of this Part, the property of the Department of Energy Resources.

5. All existing forms, licenses, letterheads and similar items bearing the name of or referring to the Governor's Energy Office may be used by the Department of Energy Resources until existing supplies of those items are exhausted.

6. Notwithstanding any provision of law to the contrary, the State Controller shall transfer any unobligated balances related to the coastal zone management program remaining in the Bureau of Policy and Management program, Department of Marine Resources, Other Special Revenue Funds and federal funds to the Department of Energy Resources no later than the effective date of this Part.

**Sec. B-3. Appropriations and allocations.** The following appropriations and allocations are made.

**ENERGY RESOURCES, DEPARTMENT OF**

**Department of Energy Resources Z424**

Initiative: Transfers 3 Public Service Coordinator II positions from the Governor's Energy Office program, Federal Expenditures Fund within the Executive Department to the Department of Energy Resources program, Federal Expenditures Fund within the Department of Energy Resources and related All Other costs. All transferred positions, including those currently unclassified, are classified positions at the Department of Energy Resources. The designation of each position as either confidential or bargaining unit is based on the classification of the position. Those employees retain their accrued vacation and sick leave balances.

**CHAPTER 480  
H.P. 982 - L.D. 1498**

**An Act to Address Maine's  
Housing Crisis by Limiting  
Municipal Impact Fees on  
Housing Development**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 30-A MRSA §4354, first ¶,** as repealed and replaced by PL 1991, c. 722, §8 and affected by §11, is amended to read:

A Subject to the requirements and restrictions set forth in this section, a municipality may enact an ordinance under its home rule authority requiring the construction of ~~off-site capital~~ infrastructure improvements or the payment of impact fees instead of the construction of infrastructure improvements. Notwithstanding section 3442, subsection 2, an impact fee may be imposed that results in a developer or developers paying the entire cost of an infrastructure improvement. A municipality may impose an impact fee either before or after completing the infrastructure improvement. The municipality shall establish a policy document, accessible at the office of the municipality or on the publicly accessible website of the municipality, that describes the manner by which the municipality determines that a development necessitates an infrastructure improvement and how the developer's share of the cost of that improvement is determined.

**Sec. 2. 30-A MRSA §4354, sub-§1,** as amended by PL 1999, c. 776, §11, is further amended to read:

**1. Construction or fees may be required.** The requirements may include construction of ~~capital~~ infrastructure improvements or impact fees instead of ~~capital~~ infrastructure improvements including the expansion or

replacement of existing infrastructure facilities and the construction of new infrastructure facilities. A municipality shall demonstrate that a required infrastructure improvement is necessary to accommodate the development and that the impact fee is based on the cost of the infrastructure improvement and proportionate to the development's use of the infrastructure improvement.

A. For the purposes of this subsection, infrastructure facilities include, but are not limited to:

- (1) Waste water collection and treatment facilities;
- (2) Municipal water facilities;
- (3) Solid waste facilities;
- (4) Public safety equipment and facilities;
- (5) Roads and traffic control devices;
- (6) Parks and other open space or recreational areas; and
- (7) School facilities.

**Sec. 3. 30-A MRSA §4354, sub-§2, ¶C,** as enacted by PL 1989, c. 104, Pt. A, §45 and Pt. C, §10, is amended to read:

C. The ordinance must establish a reasonable schedule under which the municipality is required to ~~use~~ encumber the funds within 360 days of receipt and in a manner consistent with the capital investment component of the comprehensive plan.

**CHAPTER 481  
S.P. 613 - L.D. 1529**

**An Act to Enhance the  
Protection of High-value  
Natural Resources Statewide**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 12 MRSA §685-C, sub-§1,** as amended by PL 2021, c. 676, Pt. A, §§23 and 24, is further amended to read:

**1. Comprehensive land use plan.** The commission shall prepare an official comprehensive land use plan, referred to in this subsection as "the plan," for the unorganized and deorganized areas of the State.

The commission must use the plan as a guide in developing specific land use standards and delineating district boundaries and guiding development and generally fulfilling the purposes of this chapter.

The plan may consist of maps, data and statements of present and prospective resource uses that generally delineate the proper use of resources, and recommendations for its implementation.

The commission shall hold public hearings to collect information to be used in establishing the plan. The public hearings must be conducted according to commission rules adopted in accordance with procedures for the establishment of rules pursuant to Title 5, chapter 375, subchapter 2.

The commission may, on its own motion or petition of any state agency or regional planning commission, hold such other hearings as the commission considers necessary from time to time for the purpose of obtaining information helpful in the determination of its policies, the carrying out of its duties or the formulation of its land use standards or rules.

A. The commission may not finalize a plan or a portion of a plan without:

(1) Submitting a draft copy of the tentative plan to each regional planning commission and other appropriate planning or state resource agencies, which shall forward their comments and recommendations, if any, to the commission within 30 days;

(2) Submitting a draft copy of the tentative plan to the Director of the Bureau of Resource Information and Land Use Planning within the Department of Agriculture, Conservation and Forestry, ~~Bureau of Resource Information and Land Use Planning~~, as described in Title 7-A, section 206, subsection 4, or ~~its~~ the director's successor, ~~which who~~ shall forward ~~its the director's~~ comments and recommendations, if any, to the commission within 30 days; and

(3) Considering all comments and recommendations submitted under ~~paragraphs A and B-1; and subparagraphs (1) and (2).~~

(4) ~~Submitting the tentative plan to the joint standing committee of the Legislature having jurisdiction over conservation matters and the committee reviewing the plan at a public meeting. The commission shall brief the committee on any anticipated changes to land use districts and subdistricts based on revisions in the comprehensive land use plan and a projected timetable for rulemaking to adopt these changes.~~

B-1. After the commission has finalized provisionally adopted a plan or a portion of a plan, but prior to final adoption, the commission shall provide a copy to the Commissioner of Agriculture, Conservation and Forestry, who shall submit the finalized provisionally adopted plan or a portion of the plan to the Governor for comments. The commissioner shall submit the finalized provisionally adopted

plan or a portion of the plan, including the Governor's comments, to the Legislature ~~within 30 days after the convening of~~ for approval during the next regular legislative session for approval. The Legislature shall, by act or resolve, approve, disapprove or require changes to the provisionally adopted plan or ~~any~~ portion of the plan prior to adjournment. If the provisionally adopted plan or a portion of the plan is approved or the Legislature fails to act on the provisionally adopted plan or a portion of the plan before adjournment, the provisionally adopted plan or a portion of the plan may be finally adopted by the commission. If the provisionally adopted plan or a portion of the plan is disapproved or revisions are required, the provisionally adopted plan or a portion of the plan must be revised by the commission and resubmitted to the Legislature for approval by act or resolve. The joint standing committee of the Legislature having jurisdiction over conservation matters may submit legislation to implement the provisions of this paragraph.

This subsection also applies to any material alteration in the plan.

**Sec. 2. 12 MRSA §8879, sub-§1-B** is enacted to read:

**1-B. Report on conservation of late-successional forests and old-growth forests.** Beginning with the report due on January 1, 2031, the report must include information regarding the status of late-successional forests and old-growth forests in the State and actions that have been taken since the previous report under this section to enhance the conservation of late-successional forests and old-growth forests on public and private land statewide.

**Sec. 3. Maine Land Use Planning Commission; comprehensive land use plan.** The Maine Land Use Planning Commission, referred to in this section as "the commission," shall, as part of the next update to the comprehensive land use plan under the Maine Revised Statutes, Title 12, section 685-C, subsection 1, consider the effectiveness of its lake management program and whether changing circumstances and new trends warrant an update to the program, including an evaluation as to whether all lakes or a subset of lakes should be reclassified, what methods should be used to revise lake classifications if needed, the cost of the reclassifications, possible funding sources and the priority for implementation. The evaluation must consider whether additional measures are required to protect the character and natural resource values of the commission's current Management Class 7 lakes that are undeveloped and have one or more natural resources classified as outstanding by the Department of Conservation, Land Use Regulation Commission's Maine Wildlands Lake Assessment published in 1987 in accordance with

the commission's goal of maintaining an appropriate balance between conservation and development.

**Sec. 4. Department of Agriculture, Conservation and Forestry to develop comprehensive report on statewide strategies to enhance conservation of late-successional forests and old-growth forests.** Subject to the availability of funds, the Department of Agriculture, Conservation and Forestry, referred to in this section as "the department," may develop a comprehensive report on statewide strategies to enhance the conservation of late-successional forests and old-growth forests, including the management of transitioning late-successional forests. In developing the strategies, the department may incorporate ecological values, carbon sequestration methods and economic considerations from a broad range of perspectives to include forest landowners, forest industry representatives, logging contractors, conservation interests and local economies. By November 4, 2026, the department may submit the report, including any recommendations, to the joint standing committee of the Legislature having jurisdiction over agriculture, conservation and forestry matters, which may report out legislation related to the report to the 133rd Legislature in 2027. In completing the report under this section, the department may solicit and use resources from other state agencies and outside sources.

**H.P. 1033 - L.D. 1575**

**An Act to Allow a Legislator to Choose to Be Paid on an Annual Basis**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 3 MRSA §2, first ¶,** as amended by PL 2023, c. 446, §1, is further amended to read:

Each member of the Senate and House of Representatives, beginning with the first Wednesday of December 2000 until the day before the first Wednesday of December 2024, is entitled to \$10,815 in the first year and \$7,725 in the 2nd year of each biennium, except that if a Legislator who is a recipient of retirement benefits from the federal Social Security Administration files a written request with the Executive Director of the Legislative Council within one week after the biennium commences, the Legislator is entitled to \$9,270 in each year of the biennium. Beginning with the first Wednesday of December 2024, each member of the Senate and House of Representatives is entitled to \$25,000 in the first year and \$20,000 in the 2nd year of each biennium, except that if a Legislator who is a recipient of retire-

ment benefits from the federal Social Security Administration files a written request with the Executive Director of the Legislative Council within one week after the biennium commences, the Legislator is entitled to \$22,500 in each year of the biennium. Each member of the Senate and the House of Representatives must receive a cost-of-living adjustment in annual legislative salary, except that the percentage increase may not exceed 5% in any year, and except that the percentage increase may not exceed 3% beginning with the fiscal year ending June 30, 2014. Beginning December 1, 2001, the salary for each legislative session must be adjusted each December 1st by the percentage change in the Consumer Price Index for the most recently concluded fiscal year; except that a member of the Senate or the House of Representatives may not receive a cost-of-living adjustment in annual legislative salary for the Second Regular Session of the 124th Legislature, and except that a member of the Senate or the House of Representatives may not receive a cost-of-living adjustment in annual legislative salary for the Second Regular Session of the 125th Legislature and the First Regular Session and the Second Regular Session of the 126th Legislature, and any percentage change in the Consumer Price Index for the fiscal years ending June 30, 2011, June 30, 2012 and June 30, 2013 may not be applied to the base salary. In addition, each Legislator is entitled to be paid mileage for travel at each legislative session to and from that Legislator's place of abode at a rate of 55¢ per mile or the federal standard mileage rate, whichever is lower, the mileage to be determined by the most reasonable direct route, except that Legislators may be reimbursed for tolls paid for travel on the Maine Turnpike as long as they have a receipt for payment of the tolls, such tolls to be reimbursed when Legislators use the Maine Turnpike in traveling to and from sessions of the Legislature or in performance of duly authorized committee assignments. Each Legislator is entitled to mileage on the first day of the session, and those amounts of salary and expenses at such times as the Legislature may determine during the session, and the balance at the end of the session, except that, effective January 1, 2026, a Legislator may choose to be paid the salary for each year of the biennium to which that Legislator is entitled pursuant to this section in approximately equal payments over that corresponding year of the biennium, and a Legislator who chooses this option must do so prior to the beginning of each regular session.

**CHAPTER 483**  
**H.P. 1122 - L.D. 1687**

**An Act to Clarify and Increase  
Access to HIV Prevention  
Medications**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 22 MRSA §3197** is enacted to read:

**§3197. Prescribing, dispensing and administering HIV prevention drugs**

**1. Definition.** As used in this section, unless the context otherwise indicates, "HIV prevention drug" has the same meaning as in Title 32, section 13786-E, subsection 1, paragraph B.

**2. Reimbursement for pharmacists prescribing, dispensing and administering HIV prevention drugs.** No later than January 1, 2027, the department shall provide reimbursement under the MaineCare program to a pharmacist for prescribing, dispensing and administering HIV prevention drugs under Title 32, section 13786-E. The department:

A. Shall provide coverage for services provided by the pharmacist under this subsection;

B. Shall authorize a pharmacist to bill the carrier and receive direct payment for a service under this subsection that the pharmacist provides to a MaineCare member and shall identify the pharmacist as the provider in the billing and the claims process for payment of the service; and

C. May not impose on a pharmacist a practice, education or collaboration requirement that is inconsistent with or more restrictive than a requirement of state law or an agency or board rule for the pharmacist to receive payment for a service provided under this subsection.

**3. Reimbursement model.** No later than January 1, 2027, the department shall create and implement under the MaineCare program a reimbursement model to increase access to HIV prevention drugs administered under Title 32, section 13786-E.

**Sec. 2. 24-A MRSA §4317-D, sub-§2,** as enacted by PL 2021, c. 265, §4, is amended to read:

**2. Coverage required.** A carrier offering a health plan in this State shall provide coverage for an HIV prevention drug that has been prescribed by a provider or that has been prescribed, dispensed and administered by a pharmacist under Title 32, section 13786-E. Coverage under this section is subject to the following.

A. If the federal Food and Drug Administration has approved one or more HIV prevention drugs that use the same method of administration, a carrier is not required to cover all approved drugs as long as

the carrier covers at least one approved drug for each method of administration with no out-of-pocket cost. Notwithstanding this paragraph, a carrier shall provide coverage with no out-of-pocket cost for HIV prevention drugs for the prevention of the acquisition of HIV infection in accordance with a rating of A or B in the recommendations of the United States Preventive Services Task Force or equivalent rating from a successor organization and guidelines issued by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services.

B. A carrier is not required to cover any preexposure prophylaxis drug or post-exposure prophylaxis drug dispensed or administered by an out-of-network pharmacy provider unless the enrollee's health plan provides an out-of-network pharmacy benefit.

C. A carrier may not prohibit, or permit a pharmacy benefits manager to prohibit, a pharmacy provider from prescribing, dispensing or administering any HIV prevention drugs.

D. A carrier shall authorize a pharmacist to bill the carrier and receive direct payment for a service that the pharmacist provides to an enrollee pursuant to this section and shall identify the pharmacist as the provider in the billing and claims process for payment for the service. A carrier may not impose on a pharmacist, in order for the pharmacist to receive payment for a service provided pursuant to this section, a practice, education or collaboration requirement that is inconsistent with or more restrictive than a requirement of state law or agency or board rules.

**Sec. 3. 24-A MRSA §4317-D, sub-§3,** as enacted by PL 2021, c. 265, §4, is amended to read:

**3. Limits on prior authorization and step therapy requirements.** Notwithstanding any requirements in section 4304 or 4320-N to the contrary, a carrier may not subject any HIV prevention drug to any prior authorization or step therapy requirement except as provided in this subsection. If the federal Food and Drug Administration has approved one or more methods of administering HIV prevention drugs, a carrier is not required to cover all of the approved drugs without prior authorization or step therapy requirements as long as the carrier covers at least one approved drug for each method of administration without prior authorization or step therapy requirements. Notwithstanding this subsection, a carrier shall provide coverage without prior authorization or step therapy requirements for HIV prevention drugs for the prevention of the acquisition of HIV infection in accordance with a rating of A or B in the recommendations of the United States Preventive Services Task Force or equivalent rating from a successor organization and guidelines issued by the United

States Department of Health and Human Services, Centers for Medicare and Medicaid Services. If prior authorization or step therapy requirements are met for a particular enrollee with regard to a particular HIV prevention drug, the carrier is required to cover that drug with no out-of-pocket cost to the enrollee.

**Sec. 4. 32 MRSA §13786-E, sub-§2, ¶B,** as enacted by PL 2021, c. 265, §6, is amended to read:

B. A pharmacist shall dispense or administer a preexposure prophylaxis drug in at least a 30-day supply, and up to a 60-day supply of an oral medication, or in one administration of an injectable medication of any duration, as long as all of the following conditions are met:

- (1) The patient tests negative for HIV infection, as documented by a negative HIV test result obtained within the previous 7 days. If the patient does not provide evidence of a negative HIV test result in accordance with this subparagraph, the pharmacist shall order an HIV test. If the test results are not transmitted directly to the pharmacist, the pharmacist shall verify the test results to the pharmacist's satisfaction. If the patient tests positive for HIV infection, the pharmacist or person administering the test shall direct the patient to a primary care provider and provide a list of primary care providers and clinics within a reasonable travel distance of the patient's residence;
- (2) The patient does not report any signs or symptoms of acute HIV infection on a self-reporting checklist of acute HIV infection signs and symptoms;
- (3) The patient does not report taking any contraindicated medications;
- (4) The pharmacist provides counseling to the patient, consistent with CDC guidelines, on the ongoing use of a preexposure prophylaxis drug. The pharmacist shall notify the patient that the patient must be seen by a primary care provider to receive subsequent prescriptions for a preexposure prophylaxis drug and that a pharmacist may not dispense or administer more than a 60-day supply of a an oral preexposure prophylaxis drug or one administration of an injectable preexposure prophylaxis drug of any duration to a single patient once every 2 years without a prescription;
- (5) The pharmacist documents, to the extent possible, the services provided by the pharmacist in the patient's record in the patient profile record system maintained by the pharmacy. The pharmacist shall maintain records of preexposure prophylaxis drugs dispensed or administered to each patient;

(6) The pharmacist does not dispense or administer more than a 60-day supply of a an oral preexposure prophylaxis drug or one administration of an injectable preexposure prophylaxis drug of any duration to a single patient once every 2 years, unless otherwise directed by a practitioner; and

(7) The pharmacist notifies the patient's primary care provider that the pharmacist completed the requirements specified in this paragraph. If the patient does not have a primary care provider, or refuses consent to notify the patient's primary care provider, the pharmacist shall provide the patient a list of physicians, clinics or other health care providers to contact regarding follow-up care.

**Sec. 5. Exemption from review.** Notwithstanding the Maine Revised Statutes, Title 24-A, section 2752, this Act is enacted without review and evaluation by the Department of Professional and Financial Regulation, Bureau of Insurance.

**Sec. 6. Department of Health and Human Services to apply for waiver under Medicaid program.** The Department of Health and Human Services shall apply to the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services for any amendment to the state Medicaid plan or for any waiver under the state Medicaid program necessary to implement this Act by January 1, 2027.

**H.P. 1247 - L.D. 1876**

**An Act to Change the Name and Duties of the Taxpayer Advocate to Increase the Use of State Tax Credits**

**Be it enacted by the People of the State of Maine as follows:**

**PART A**

**Sec. A-1. 36 MRSA §151-C**, as amended by PL 2011, c. 694, §5, is further amended to read:

**§151-C. Taxpayer advocate and experience officer**

**1. Appointment.** The Commissioner of Administrative and Financial Services shall hire the taxpayer advocate and experience officer as an employee of the bureau who is independent of and not subject to the supervision or control of the assessor or any other employee of the bureau. The taxpayer advocate and experience

officer is an unclassified employee and serves at the pleasure of the commissioner. The taxpayer advocate and experience officer need not be an attorney.

**2. Duties and responsibilities.** The duties and responsibilities of the taxpayer advocate and experience officer are to:

A. Assist taxpayers in resolving problems with the bureau; by:

(1) Establishing a taxpayer's best contact within the bureau to provide an accelerated review of the taxpayer's issues;

(2) Facilitating speedy resolution within the bureau, if possible, including offer in compromise and payment plan options; and

(3) Explaining reconsideration and appeal options, if available, under this Part;

B. Identify areas in which Assist taxpayers have problems in dealings with the bureau, stakeholder advocacy groups, Legislators and other interested parties by describing available tax benefit programs and assisting with simplified access to those programs;

C. Propose to the assessor and the bureau's division directors any recommended changes in the administrative practices of the bureau to mitigate problems identified or arising under paragraph paragraphs A and B; and

D. Identify legislative changes that may be appropriate to mitigate problems identified or arising under paragraph paragraphs A and B and report recommendations in the annual report required under subsection 3.

**3. Annual report.** Beginning in 2012 2026, the taxpayer advocate and experience officer shall prepare and submit by August 1st January 15th an annual report of activities and recommendations under subsection 2 of the taxpayer advocate and experience officer to the Governor, commissioner, the Associate Commissioner for Tax Policy, the assessor and the joint standing committee of the Legislature having jurisdiction over taxation matters.

~~**4. Investigation.** The taxpayer advocate may investigate complaints affecting taxpayers generally or any particular taxpayer or group of taxpayers and, when appropriate, make recommendations to the assessor with respect to these complaints. The assessor shall provide a formal response to all recommendations submitted to the assessor by the taxpayer advocate within 3 months after submission to the assessor.~~

~~**5. Response.** The assessor shall establish procedures to provide for a formal response to all recommendations submitted to the assessor by the taxpayer advocate.~~

**Sec. A-2. Taxpayer advocate and experience officer.** The changes to the position title and duties of the taxpayer advocate established in the Maine Revised Statutes, Title 36, section 151-C, as amended in this Part, do not change the position count and funding associated with the taxpayer advocate position within the Department of Administrative and Financial Services, Bureau of Revenue Services.

## PART B

**Sec. B-1. Special report of taxpayer advocate and experience officer.** The taxpayer advocate and experience officer within the Department of Administrative and Financial Services, Bureau of Revenue Services shall:

1. Study the use of state tax credits by:
  - A. Determining the rate at which eligible individuals are accessing available state tax credits;
  - B. Identifying and assessing current barriers that may be negatively affecting the rate at which available state tax credits are being accessed; and
  - C. Developing recommendations to address any eligible individuals not accessing available state tax credits;
2. Study the current practices of large tax preparation firms with respect to offering state tax credits to individuals in this State by:
  - A. Examining the current practices of large tax preparation firms that offer services to individuals in this State with respect to providing information to customers about state tax credits and assisting customers in accessing those credits;
  - B. Examining the efficacy of the software used by large tax preparation firms to prepare and file tax returns with respect to assisting customers in using state tax credits; and
  - C. Developing recommendations for potential public policy or consumer protection measures to ensure that individual taxpayers in this State are informed of and have access to state tax credits, regardless of which tax preparer the individual taxpayer uses.

For the purposes of this subsection, "large tax preparation firm" means a business that offers tax return preparation services to individuals and families in the State; offers tax return preparation services at multiple franchise locations, or remotely, to customers nationwide or in multiple other states; and has at least 50 employees;
3. Address the role of State Government in promoting public awareness of individual state tax credits by:
  - A. Identifying existing interactions of State Government with individual taxpayers that include

providing information to those individuals about state tax credits;

B. Identifying interactions between State Government and individual taxpayers that do not currently but reasonably could include providing information to those individuals about state tax credits;

C. Identifying and evaluating any potential barriers to incorporating the provision of state tax credit information to individual taxpayers in any interactions identified in paragraph B;

D. Recommending strategies to expand the practice of promoting awareness of state tax credits throughout appropriate state departments and agencies, including through interdepartmental data sharing; and

E. Recommending improvements to the State's free electronic tax filing system, known as the Maine Tax Portal, including recommendations to improve:

(1) Public education efforts to promote the existence and availability of the electronic tax filing system; and

(2) Ease of use and accessibility features, including mobile access, use of plain language and accessibility to non-English speaking individuals; and

4. Study and address current practices of municipalities related to promoting awareness of individual state tax credits and tax relief programs by:

A. Identifying and assessing the current practices of municipalities throughout the State, including with respect to promoting awareness of the following:

(1) The earned income credit under the Maine Revised Statutes, Title 36, section 5219-S;

(2) The property tax fairness credit under the Maine Revised Statutes, Title 36, section 5219-KK;

(3) The dependent exemption tax credit under the Maine Revised Statutes, Title 36, section 5219-SS;

(4) The sales tax fairness credit under the Maine Revised Statutes, Title 36, section 5213-A; and

(5) A deferred collection of homestead property taxes under the Maine Revised Statutes, Title 36, chapter 908; and

B. Evaluate and address any barriers preventing a municipality from expanding the municipality's efforts to promote individual taxpayer awareness of state tax credits.

**Sec. B-2. Report.** By November 4, 2026, the taxpayer advocate and experience officer within the Department of Administrative and Financial Services, Bureau of Revenue Services shall submit to the joint standing committee of the Legislature having jurisdiction over taxation matters a report consisting of the taxpayer advocate and experience officer's findings and recommendations, including any suggested legislation. The joint standing committee of the Legislature having jurisdiction over taxation matters may report out legislation related to the report to the 133rd Legislature in 2027.

**PART C**

**Sec. C-1. Funding for free volunteer tax assistance.** On or before June 30, 2027, the State Controller shall transfer \$50,000 from the unappropriated surplus of the General Fund to the All Other line category in the University of Maine System, New Ventures Maine program, Other Special Revenue Funds account to support a coalition of approximately 50 organizations providing free volunteer tax assistance and other financial education services to low-income individuals and families statewide.

**CHAPTER 487  
S.P. 747 - L.D. 1906**

**An Act to Improve  
Accountability and  
Understanding of Data in  
Insurance Transactions**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 24-A MRSA §1914** is enacted to read:

**§1914. Plan sponsor access to claims data; right to audit**

**1. High-cost claims data.** Upon request of a plan sponsor that has certified its compliance with the use and disclosure requirements of 45 Code of Federal Regulations, Section 164.504(f), an administrator shall provide data on a high-cost claim so that a plan sponsor may perform an audit to ensure compliance with the plan sponsor's contract prior to payment of the high-cost claim. The data must include any itemized billing statements and medical records associated with the claim in the possession of the administrator or the administrator's agents. The plan sponsor or the plan sponsor's designee shall make a request for data on a high-cost claim within 2 business days of receipt of the claim and the administrator must provide the requested information within 30 business days of the request. For the purposes of this subsection, "high-cost claim" means any claim related to an individual provided health coverage by a plan sponsor that exceeds \$100,000.

**2. Claims data; right to audit.** An administrator that contracts with a plan sponsor to provide health coverage shall permit a plan sponsor to perform a post-payment audit of all claims paid to ensure compliance with the contract at least once in a calendar year as long as the request is not earlier than 6 months following a previously requested audit. Upon request of a plan sponsor as part of an audit, an administrator shall disclose within 30 business days to a plan sponsor that has certified its compliance with the use and disclosure requirements of 45 Code of Federal Regulations, Section 164.504(f) or, to the extent permitted by law and if requested by the plan sponsor, to the plan sponsor's designated business associate the following information specific to the plan sponsor:

A. Claims data received by the administrator via electronic claims transactions on any current standardized claim form approved by the Federal Government for professional services or institutional services. The form or transaction may be modified only as necessary to comply with the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191;

B. Claims payments, electronic funds transfers or remittance advice notices provided by the administrator as electronic files compliant with the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, including, but not limited to, electronic claims transactions for both the billed amount and the paid amount for professional services and both the billed amount and the paid amount for institutional services. The files may be modified only as necessary to comply with the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and the federal Health Information Technology for Economic and Clinical Health Act of 2009, Title XIII, Subtitle D, Public Law 111-5, and any regulations promulgated under those laws;

C. Any fees charged to the plan sponsor related to plan administration and claims processing, including renegotiation fees, access fees, repricing fees or enhanced review fees; and

D. Any out-of-network fees or out-of-network negotiated discounts, aligned incentive program fees, pay-for-performance payments and recoveries, cost-containment program fees, overpayment recovery program fees, subrogation fees and any other special program fees and discounts.

**3. No conditions or fees on audit.** An administrator may not impose on a plan sponsor:

A. Any fees relating to an audit request under this section that exceed the direct expenses properly and actually incurred by the administrator to provide the data; or

B. Any conditions that would restrict a plan sponsor's right to conduct an audit under this section, including, but not limited to, restrictions on:

(1) The time period covered by the audit, except that a request pursuant to this section must be made within 24 months of the end of each plan year to be audited;

(2) The number of claims analyzed;

(3) The type of analysis conducted;

(4) The data elements used in the analysis;

(5) The means by which an auditor is compensated by a plan sponsor; or

(6) The plan sponsor's choice of auditor as long as the plan sponsor certifies that the auditor has adequate conflict of interest protection provisions to prevent conflicts of interest from adversely affecting the outcome of the audit.

**4. Nondisclosure and data use agreement.** An administrator may require that the plan sponsor and the plan sponsor's designated business associate execute a nondisclosure and data use agreement that reasonably

restricts the auditor's use of data provided by the administrator to the sole purpose of conducting an audit on behalf of a plan sponsor. The coverage limits of any cybersecurity insurance or liability insurance policy required under the nondisclosure and data use agreement may not exceed the administrator's limit of liability under the services agreement between the plan sponsor and the administrator, if such limit applies. In addition, an administrator is not required to provide data to an auditor selected by a plan sponsor if the auditor has previously breached a nondisclosure and data use agreement with that administrator or refuses to execute a nondisclosure and data use agreement.

**5. Compliance with federal law.** Information provided by an administrator to a plan sponsor in accordance with this section must comply with any applicable requirements of the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and the federal Health Information Technology for Economic and Clinical Health Act of 2009, Title XIII, Subtitle D, Public Law 111-5, and any regulations promulgated under those laws.

**6. Application.** An administrator may not enter into, issue, amend or renew any contract or network services agreement with a plan sponsor on or after January 1, 2026 that contains any provision that violates this section.

**7. Exclusive enforcement; violation.** Notwithstanding section 12-A, a violation of this section is subject to exclusive enforcement under the Maine Unfair Trade Practices Act, including any of the remedies provided for in the Act. A violation is committed each time a prohibited act under this section occurs. Investigations of violations by administrators may include a 3rd party that may possess evidence supporting such investigation.

**Sec. 2. 24-A MRSA §4347, sub-§18-A** is enacted to read:

**18-A. Plan sponsor.** "Plan sponsor" has the same meaning as in section 1901, subsection 8, except that "plan sponsor" does not include an employer that offers or provides a health plan that is insured by an insurer authorized to do business in this State.

**Sec. 3. 24-A MRSA §4349-A** is enacted to read:

**§4349-A. Plan sponsor access to claims data; right to audit**

**1. Prescription drug data.** Within 30 business days of a request from a plan sponsor that has certified its compliance with the use and disclosure requirements of 45 Code of Federal Regulations, Section 164.504(f), a pharmacy benefits manager shall provide data to the plan sponsor regarding the actual amounts directly or indirectly paid by the pharmacy benefits manager to a pharmacy or pharmacist on behalf of the plan sponsor

for a prescription drug and any dispensing fee for a prescription drug.

**2. Claims data; right to audit.** Notwithstanding section 4350-C, a pharmacy benefits manager that contracts with a plan sponsor to provide prescription drug coverage shall permit a plan sponsor to perform a post-payment audit of claims paid to ensure compliance with the contract at least once in a calendar year as long as the request is not earlier than 6 months following a previously requested audit. Upon request of a plan sponsor as part of an audit, a pharmacy benefits manager shall disclose within 30 business days to a plan sponsor who has certified its compliance with the use and disclosure requirements of 45 Code of Federal Regulations, Section 164.504(f), or, to the extent permitted by law and if requested by the plan sponsor, to the plan sponsor's designated business associate the following information specific to the plan sponsor:

A. Rebate amounts, identified by the drug and therapeutic category, secured on prescription drugs provided by a pharmaceutical manufacturer that are generated by claims processed through the plan maintained by the plan sponsor and administered by the pharmacy benefits manager;

B. Prescription drug and device claims received by the pharmacy benefits manager via electronic claims transactions on any current standardized claim form approved by the Federal Government for these services. The form or transaction may be modified only as necessary to comply with the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and the federal Health Information Technology for Economic and Clinical Health Act of 2009, Title XIII, Subtitle D, Public Law 111-5, and any regulations promulgated under those laws;

C. Prescription drug and device claims payments, electronic funds transfers or remittance advice notices provided by the pharmacy benefits manager as electronic files. The files may be modified only as necessary to comply with the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and the federal Health Information Technology for Economic and Clinical Health Act of 2009, Title XIII, Subtitle D, Public Law 111-5, and any regulations promulgated under those laws; and

D. Any other revenue and fees derived by the pharmacy benefits manager from the contract, including all direct or indirect remuneration from pharmaceutical manufacturers regardless of whether the remuneration is classified as a rebate, fee or other classification.

**3. No conditions or fees on audit.** A pharmacy benefits manager may not impose on a plan sponsor:

A. Any fees relating to an audit request under this section that exceed the direct expenses properly and actually incurred by the pharmacy benefits manager to provide the data; or

B. Any conditions that would restrict a plan sponsor's right to conduct an audit under this section, including, but not limited to, restrictions on:

(1) The time period covered by the audit, except that any request pursuant to this section must be made within 24 months of the end of each plan year to be audited;

(2) The number of claims analyzed;

(3) The type of analysis conducted;

(4) The data elements used in the analysis;

(5) The means by which an auditor is compensated by a plan sponsor; or

(6) The plan sponsor's choice of auditor as long as the plan sponsor certifies that the auditor has adequate conflict of interest protection provisions to prevent conflicts of interest from adversely affecting the outcome of the audit.

**4. Nondisclosure and data use agreement.** A pharmacy benefits manager may require that the plan sponsor and the plan sponsor's designated business associate execute a nondisclosure and data use agreement that reasonably restricts the auditor's use of data provided by the pharmacy benefits manager to the sole purpose of conducting an audit on behalf of a plan sponsor. The coverage limits of any cybersecurity insurance or liability insurance policy required under the nondisclosure and data use agreement may not exceed the pharmacy benefits manager's limit of liability under the services agreement between the plan sponsor and the pharmacy benefits manager, if such limit applies. In addition, a pharmacy benefits manager is not required to provide data to an auditor selected by a plan sponsor if the auditor has previously breached a nondisclosure and data use agreement with that pharmacy benefits manager or refuses to execute a nondisclosure and data use agreement.

**5. Compliance with federal law.** Information provided by a pharmacy benefits manager to a plan sponsor in accordance with this section must comply with any applicable requirements of the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and the federal Health Information Technology for Economic and Clinical Health Act of 2009, Title XIII, Subtitle D, Public Law 111-5, and any regulations promulgated under those laws.

**6. Application.** An administrator or pharmacy benefits manager may not enter into, issue, amend or renew any contract or network services agreement with a plan sponsor on or after January 1, 2026 that contains any provision that violates this section.

7. Exclusive enforcement; violation. Notwithstanding section 12-A, a violation of this section is subject to exclusive enforcement under the Maine Unfair Trade Practices Act, including any of the remedies provided for in the Act. A violation is committed each time a prohibited act under this section occurs. Investigations of violations by pharmacy benefits managers may include a 3rd party that may possess evidence supporting such investigation.

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 22 MRSA §1715**, as amended by PL 2017, c. 475, Pt. A, §29, is further amended to read:

**§1715. Access requirements applicable to certain health care providers**

**1. Access requirements.** Any person, including, but not limited to, an affiliated interest as defined in former section 396-L, that is subject to the requirements of this subsection, shall provide the services listed in paragraph C to individuals who are eligible for charity care in accordance with a charity care policy adopted by the affiliate or provider that is consistent with ~~rules requirements~~ applicable to hospitals under section ~~1716~~ 1716-A and any rules adopted pursuant to section ~~1716-A~~ 1716-A. A person is subject to this subsection if that person:

- A. Is either a direct provider of major ambulatory service, as defined in former section 382, subsection 8-A, or is or has been required to obtain a certificate of need under section 329 or former section 304 or 304-A;
- B. Provides outpatient services as defined in former section 382, subsection 9-A; and
- C. Provides one or more of the following services:
  - (1) Imaging services, including, but not limited to, magnetic resonance imaging, computerized tomography, mammography and radiology. For purposes of this section, imaging services do not include:
    - (a) Screening procedures that are not related to the diagnosis or treatment of a specific condition; or

(b) Services when:

- (i) The services are owned by a community health center, a physician or group of physicians;
- (ii) The services are offered solely to the patients of that center, physician or group of physicians; and
- (iii) Referrals for the purpose of performing those services are not accepted from other physicians;

(2) Laboratory services performed by a hospital or by a medical laboratory licensed ~~in accordance with the Maine Medical Laboratory Commission, by the department~~ or licensed by an equivalent out-of-state licensing authority, excluding those licensed laboratories owned by community health centers, ~~by a physician or by a group of physicians where at which~~ the laboratory services are offered solely to the patients of that center, physician or group of physicians;

(3) Cardiac diagnostic services, including, but not limited to, cardiac catheterization and angiography but excluding electrocardiograms and electrocardiograph stress testing;

(4) Lithotripsy services;

(5) Services provided by free-standing ambulatory surgery facilities certified to participate in the Medicare program; or

(6) Any other service performed in an outpatient setting requiring the purchase of medical equipment costing in the aggregate \$500,000 or more and for which the charge per unit of service is \$250 or more.

**2. Enforcement.** The requirements of subsection 1 are enforced through the following mechanisms.

A. Any person who knowingly violates any provision of this section or any valid order or rule made or adopted pursuant to section ~~1716~~ 1716-A, or who willfully fails, neglects or refuses to perform any of the duties imposed under this section, commits a civil violation for which a forfeiture of not less than \$200 and not more than \$500 per patient may be adjudged with respect to each patient denied access unless specific penalties are elsewhere provided. Any forfeiture imposed under this section may not exceed \$5,000 in the case of the first judgment under this section against the provider, \$7,500 in the case of a 2nd judgment against the provider or \$10,000 in the case of the 3rd or subsequent judgment against the provider. The Attorney General is authorized to prosecute the civil violations.

B. Upon application of the Attorney General or any affected patient, the Superior Court or District Court has full jurisdiction to enforce the performance by providers of health care of all duties imposed upon them by this section and any valid rules adopted pursuant to section ~~1716~~ 1716-A.

C. In any civil action under this section, the court, in its discretion, may allow the prevailing party, other than the Attorney General, reasonable attorney's fees and costs and the Attorney General is liable for attorney's fees and costs in the same manner as a private person.

D. It is an affirmative defense to any legal action brought under this section that the person subject to this section denied access to services on the grounds that the economic viability of the facility or practice would be jeopardized by compliance with this section.

Sec. 2. 22 MRSA §1716, as enacted by PL 1995, c. 653, Pt. B, §7 and affected by §8 and enacted by c. 696, Pt. A, §36, is repealed.

Sec. 3. 22 MRSA §1716-A is enacted to read:

**§1716-A. Charity care and financial assistance programs provided by hospitals**

This section applies to financial assistance programs provided by hospitals to qualifying patients, including program requirements specific to charity care.

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Charity care" means free health care services provided by hospitals to patients in accordance with the requirements under subsection 2.

B. "Family income" means the cumulative income of a patient and the patient's family. "Family income" does not include the income of any individual residing in a patient's household who is not a member of the patient's family. For the purposes of this paragraph, "family" means a group of 2 or more persons related by birth, marriage or adoption who reside together and among whom there are legal responsibilities for support. All such related persons are considered one family.

C. "Federal poverty level" has the same meaning as in section 3762, subsection 1, paragraph C.

D. "Financial assistance program" means a program administered by a hospital to provide patients with free or reduced-cost health care services and includes, but is not limited to, charity care.

E. "Income" means modified adjusted gross income as determined using the methodology described in 42 Code of Federal Regulations, Section 435.603(e).

F. "State resident" means a person:

(1) Living in the State with the intent to remain in the State indefinitely; or

(2) Who enters the State with a permanent, temporary, seasonal or other job commitment or who is seeking employment.

"State resident" does not include a person who is in the State temporarily as a tourist or visitor.

**2. Hospital to provide charity care.** A hospital shall, in accordance with rules adopted by the department, provide free health care services to eligible patients who are state residents in accordance with this section. Upon admission of a patient, or in cases of emergency admission before discharge of a patient, a hospital shall investigate the coverage of the patient by any insurance or state or federal programs of medical assistance. A hospital shall provide free, medically necessary services for patients whose family income is equal to or less than 200% of the federal poverty level.

**3. Applications and eligibility requirements for financial assistance programs generally.** The following requirements apply to financial assistance programs provided by a hospital, including charity care except as otherwise provided in subsection 4. A hospital, in accordance with rules adopted by the department:

A. May use an application form developed by the department pursuant to subsection 12;

B. May not require notarization of any application materials or supporting documents required for an application. However, a hospital may include on an application for a financial assistance program:

(1) A requirement for an applicant to attest to the accuracy of the information submitted;

(2) A statement that any information submitted that is determined to be false will result in a denial of financial assistance and that the applicant will bear financial responsibility for charges for services provided by the hospital; and

(3) A statement informing the applicant that knowingly submitting false information is unlawful;

C. Shall accept documentation specified by the department by rule that may be used as proof that the applicant is a state resident;

D. Shall determine eligibility based upon the applicant's family income at the time the application is submitted;

E. Shall, within 15 days of receiving an application, notify the applicant to clearly explain what additional information or documentation, if any, is necessary to complete the application. The hospital shall provide the patient with a reasonable amount

of time that is no less than 30 days following notification to the patient of any information needed to complete the application before denying the application based on incomplete information. The hospital shall determine eligibility and inform the patient of the eligibility determination within 45 days from the date a completed application is submitted; and

F. Shall provide interpretation services to patients with limited English proficiency and patients who are deaf or hard of hearing. This requirement applies to patients applying for or receiving assistance under a financial assistance program.

**4. Applications and eligibility requirements specific to charity care.** In addition to the requirements of subsection 3, and notwithstanding any provision of subsection 3 to the contrary, the following requirements apply to charity care. A hospital, in accordance with rules adopted by the department:

A. May not solicit from an applicant for charity care provided in accordance with this section information regarding any assets or income that are not used to calculate modified adjusted gross income as described in 42 Code of Federal Regulations, Section 435.603(e);

B. Shall provide versions of the charity care application and the summary described in subsection 5, paragraph A translated into any language spoken by 5% of the population of the State or 1,000 people in the State, whichever is less, as well as any additional languages spoken by 5% of the community served by the hospital or 1,000 people in the community served by the hospital, whichever is less;

C. Shall determine that an applicant is unable to pay for hospital services and is eligible for charity care when the family income of the patient, as calculated by either of the methods described in subparagraphs (1) and (2), is equal to or less than 200% of the federal poverty level. Eligibility may be calculated by:

(1) Multiplying by 4 the patient's family income for the 3 months preceding the determination of eligibility; or

(2) Using the patient's actual family income for the 12 months preceding the determination of eligibility.

If one method of calculation is inapplicable, the other method must be applied prior to determining an applicant's eligibility for charity care;

D. Shall provide each applicant who requests charity care and is denied it, in whole or in part, a written and dated statement of the reasons for the denial when the denial is made; and

E. Shall provide to an applicant who is denied charity care, in whole or in part, information regarding the right to request a fair hearing from the department regarding the patient's eligibility for charity care.

**5. Notice and publication requirements.** In accordance with rules adopted by the department, a hospital shall widely publicize its financial assistance programs within the community served by the hospital, including by:

A. Publishing a summary of the financial assistance programs written in plain language, including a summary of services not covered by financial assistance programs;

B. Providing, in conspicuous locations within the hospital, including admission, registration and waiting areas, information regarding how patients can access physical copies of the plain language summary under paragraph A, the financial assistance program application and any application instructions;

C. Posting a full, accessible and downloadable version of the financial assistance program application on the hospital's publicly accessible website;

D. Including on all plain language summaries and financial assistance program application instructions, excluding billing statements except as otherwise provided in paragraph E and subsection 6, information regarding the hospital's financial assistance program and information regarding the availability of no-cost assistance with applying for financial assistance and health coverage programs through the Health Insurance Consumer Assistance Program established in Title 24-A, section 4326; and

E. Providing on all billing statements sent to a patient information on the availability of financial assistance, including how to apply for the financial assistance program, the address of a publicly accessible website from which a patient may download a copy of the application and a telephone number that a patient may call to request a paper copy of the application.

**6. Individual written notice of charity care availability.** A hospital shall provide a patient with individual written notice of the availability of charity care according to the following.

A. With respect to inpatient services, the hospital shall provide individual written notice of the availability of charity care to each patient upon admission, or in the case of emergency admission before discharge.

B. With respect to outpatient services, the hospital shall either include with the patient's bill a copy of an individual notice of the availability of charity

care or provide a copy of the individual notice at the time service is provided.

The individual notice provided pursuant to this subsection must include the information required pursuant to subsection 5, paragraph D, a telephone number to request a paper charity care application, the website address where a patient can submit an online application pursuant to subsection 10, the income guidelines to qualify for charity care and any other information specified by the department by rule.

**7. Patient notified of noncovered services; consequences for failing to notify.** In accordance with rules adopted by the department, a hospital shall inform a patient who is determined to be eligible for financial assistance if any part of a medical service, treatment, procedure or test provided or administered to the patient in the hospital is not covered by the hospital's financial assistance programs. A hospital may not bill a patient for a medical service, treatment, procedure or test if the hospital failed to provide the patient with advance notice that a medical service, treatment, procedure or test is not covered under the hospital's financial assistance programs. A hospital may bill a patient's health insurance carrier for a medical service, treatment, procedure or test for which the hospital is prohibited from billing the patient under this subsection.

**8. Reasonable payment plans; maximum out-of-pocket payments.** In accordance with rules adopted by the department, a hospital shall offer a patient with a documented family income that does not exceed 400% of the federal poverty level a payment plan that requires monthly out-of-pocket payments that do not exceed 4% of the patient's monthly family income that is not exempt from attachment or garnishment under state law.

**9. Bill disputes.** A hospital shall include on a billing statement sent to a patient information regarding how to dispute a charge. If the contact information for disputing a charge is distinct from the contact information for paying or otherwise settling a bill, the contact information for the individual or entity charged with handling disputed charges must be provided.

**10. Online application for charity care.** A hospital shall, by July 1, 2028, provide an online option through which an applicant may file an application for charity care. The online option must provide for an e-mail response to the applicant that the application has been received. The hospital shall provide an option for a patient to request that an application be mailed to the patient.

**11. Enforcement.** This subsection governs enforcement of this section.

A. The department shall:

(1) Establish a process for a patient to submit a complaint of hospital noncompliance with this section;

(2) Conduct a review within 30 days of receiving a complaint from a patient regarding non-compliance with this section; and

(3) Require a corrective action of a hospital, if the department determines that the hospital is not in compliance with this section, which may include:

(a) Measures to inform the patient about the noncompliance; and

(b) Adjusting any amount billed to the patient in violation of this section.

B. If the department determines that a hospital knowingly or willfully violated this section or engaged in a pattern of noncompliance with this section, the department may, through the Office of the Attorney General, bring a civil action against the hospital for a penalty not to exceed \$1,000.

**12. Application developed by department.** The department shall develop an application for patients to apply for financial assistance programs, including charity care, consistent with the requirements of subsections 3 and 4, as applicable. The department shall translate any application it develops into any language spoken by 5% of the population of the State or 1,000 people in the State, whichever is less.

**13. Rulemaking.** The department shall adopt rules to carry out the purposes of this section. Rules adopted pursuant to this section must be consistent with the requirements of the United States Internal Revenue Code of 1986, Section 501(r) and any federal regulations implementing those requirements. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**Sec. 4. 22 MRSA §4313, sub-§1,** as amended by PL 1995, c. 696, Pt. A, §40, is further amended to read:

**1. Emergency care.** In the event of an admission of an eligible person to the hospital, the hospital shall notify the overseer of the liable municipality within 5 business days of the person's admission. ~~In no event may hospital services to a person who~~ If the person meets the financial eligibility guidelines adopted pursuant to section 1716 requirements for charity care under section 1716-A, hospital services may not be billed to the patient person or to a municipality.

**Sec. 5. 32 MRSA §11013, sub-§11,** as enacted by PL 2021, c. 245, Pt. E, §1, is amended to read:

**11. Collection action prohibited on debt from medical expenses if eligible for free or charity care.** If a debt collector has been notified, orally or in writing, by a creditor or the consumer of the consumer's actual or potential qualification for ~~free or~~ charity care under ~~guidelines adopted pursuant to~~ Title 22, section 1716-A, a debt collector may not collect or attempt to

collect a debt for medical expenses against a consumer who has been determined to be qualified for ~~free or~~ charity care under ~~guidelines adopted pursuant to~~ Title 22, section ~~1716~~ 1716-A or against a consumer who would have been determined to be qualified for ~~free or~~ charity care under ~~guidelines adopted pursuant to~~ Title 22, section ~~1716~~ 1716-A but did not apply for good cause. If the notification is provided to a debt collector, the debt collector shall suspend collection efforts until the creditor has notified the debt collector and the consumer that the consumer is not qualified for ~~free or~~ charity care and, in that case, the debt collector may renew debt collection efforts.

**Sec. 6. Department of Health and Human Services to adopt rules.** By June 30, 2026, the Department of Health and Human Services shall adopt rules pursuant to the Maine Revised Statutes, Title 22, section 1716-A, subsection 13 to implement the requirements of this Act. The rules must include a provision limiting a patient's right to request an administrative hearing to within 60 days after the date of the written notification of the action under section 1716-A that the patient wishes to appeal.

**Sec. 7. Appropriations and allocations.** The following appropriations and allocations are made.

**An Act to Amend the Laws  
Regarding Legislative  
Reimbursement**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 3 MRSA §2, 4th ¶,** as amended by PL 2023, c. 2, §3, is further amended to read:

Except as provided in this section, each member of the Senate and House of Representatives is entitled to the travel-related expenses of a meal allowance in the amount of \$50, or a higher amount set by the Legislative

Council, and a housing allowance in the amount of \$70, or a higher amount set by the Legislative Council, for each day in attendance at sessions of the Legislature and for each day the member occupies overnight accommodations away from home either immediately preceding or immediately following attendance at daily sessions of the Legislature. The presiding officers may establish reasonable policies regarding allowances for meals and overnight accommodations for the day immediately preceding the session, which may include policies regarding whether an allowance is paid, whether the full amount or a portion of the statutory allowance is paid and whether receipts are required. In lieu of the meal and housing allowance, each member is entitled to a daily meal allowance in the amount of \$50 and actual daily mileage. Each member of the Senate also receives an annual allowance for constituent services in the amount of \$2,000, \$1,300 in January and \$700 in the month following adjournment of the regular session. Each member of the House of Representatives also receives an annual allowance for constituent services in the amount of \$1,500, \$1,005 in January and \$495 in the month following adjournment of the regular session. Notwithstanding this section, during the first regular session of each legislative biennium, a member of the Senate or the House of Representatives may elect to receive the first payment of the annual allowance for constituent services in December following convening of the Legislature by notifying the Executive Director of the Legislative Council in the manner prescribed by the executive director. The Executive Director of the Legislative Council shall inform Legislators of the choice available for payment of the allowance for constituent services in the first year of the legislative biennium and of any tax implications associated with exercising that choice. To set the amount of an allowance under this paragraph, at least 6 members of the Legislative Council must vote in favor of the allowance at the beginning of the first regular session or second regular session of a legislative biennium. The amount of an allowance set by the Legislative Council under this paragraph may not exceed the regular federal per diem rate for lodging, meals and incidental expenses applicable to that allowance.

**Sec. 2. 3 MRSA §2, 11th ¶**, as amended by PL 2023, c. 2, §5, is further amended to read:

The President of the Senate, the Speaker of the House of Representatives, the floor leaders and their assistants and members of a committee, with the approval of the President of the Senate or the Speaker of the House of Representatives as to members of a committee, may also meet on days when the Legislature is not in daily session at any convenient location within the State. Each member of the Senate and House of Representatives is entitled to receive \$55 for every day's attendance when meetings or daily sessions are held and the travel-related expenses of a meal allowance in the amount of \$50, or a higher amount set by the Legislative

Council, and a housing allowance whereby actual lodging expenses will be reimbursed at the single-room rate, as long as a receipt is submitted to the Executive Director of the Legislative Council for each day in attendance at such meetings or daily sessions and for each day that member occupies overnight accommodations away from home either immediately preceding or immediately following attendance at daily sessions of the Legislature and actual daily mileage allowances at the rate of 55¢ per mile or the federal standard mileage rate, whichever is lower, for travel to and from that Legislator's place of abode, the mileage to be determined by the most reasonable direct route. In lieu of the meal and housing allowance, each member shall be is entitled to a daily meal allowance in the amount of \$50 and actual daily mileage allowances. To set the amount of an allowance under this paragraph, at least 6 members of the Legislative Council must vote in favor of the allowance at the beginning of the first regular session or second regular session of a legislative biennium. The amount of an allowance set by the Legislative Council under this paragraph may not exceed the regular federal per diem rate for lodging, meals and incidental expenses applicable to that allowance.

**Sec. 3. 3 MRSA §2, 13th ¶**, as amended by PL 1989, c. 501, Pt. O, §6; c. 600, Pt. B, §§9 and 10; and c. 878, Pt. D, §§14 and 15, is further amended to read:

If a member of the Legislature dies or otherwise vacates the office, the successor is entitled to a salary from the date of seating, ~~computed as follows: two hundred ten dollars per week times the number of weeks remaining in the calendar year if the vacancy occurs in the first year and \$150 per week for the number of weeks remaining in the calendar year if the vacancy occurs in the 2nd year equal to the salary that would have been afforded to the successor had the successor been seated at the start of the biennium, except that the salary must be prorated from the date the successor is sworn into office.~~

The Medical Direction and Practices Board is responsible for creation, adoption and maintenance of Maine Emergency Medical Services protocols pursuant to section 88-B.

**Sec. 4. 32 MRSA §84, sub-§1, ¶H** is enacted to read:

H. The board, by majority vote and in consultation with the Commissioner of Public Safety or the commissioner's designee, shall appoint the Emergency Medical Services Licensing Board. The licensing board consists of 7 members as follows:

- (1) A member who is an emergency medical services physician representing hospitals;
- (2) A member representing advanced emergency medical services persons;
- (3) A member representing basic emergency medical services persons;
- (4) A member representing emergency medical dispatch services;
- (5) A member representing emergency medical services licensed training centers;
- (6) A member representing emergency medical services administrators; and
- (7) The Director of Maine Emergency Medical Services or the director's designee.

**Sec. 5. 32 MRSA §85, sub-§1**, as amended by PL 2007, c. 274, §11, is further amended to read:

**1. Basic and advanced skills.** With advice from and in consultation with the licensing board and Medical Direction and Practices Board, the board may provide, by rule, which skills, techniques and judgments constitute a basic emergency medical treatment.

**Sec. 6. 32 MRSA §85, sub-§3**, as amended by PL 2025, c. 7, §1, is further amended to read:

**3. Minimum requirements for licensing.** In setting rules for the licensure of emergency medical services persons, the board, in consultation with the licensing board, shall ensure that a person is not licensed to care for patients unless that person's qualifications are at least those specified in this subsection. Any person who meets these conditions is considered to have the credentials and skill demonstrations necessary for licensure to provide emergency medical treatment.

- A. The person must have completed successfully the training specified in rules adopted by the board pursuant to the Maine Administrative Procedure Act.
- C. The person must have successfully completed a state board-approved cognitive test for basic emergency medical treatment and a board-approved assessment of emergency medical treatment skills.

The licensing board shall obtain criminal history record information containing a record of public criminal history record information as defined in Title 16, section 703, subsection 9 for an applicant seeking licensure under this subsection. Information obtained pursuant to this subsection is confidential and may be used only to determine suitability for issuance of a license to provide emergency medical services. The results of criminal history record checks received by the licensing board are for official use only and may not be disseminated outside the licensing board. The applicant for licensure shall pay the expense of obtaining the information required by this subsection.

**Sec. 7. 32 MRSA §85, sub-§4**, as amended by PL 2025, c. 7, §2, is further amended to read:

**4. Minimum requirements for relicensing.** The board, in consultation with the licensing board, shall set by rule the license and relicensing requirements and the relicensing interval for emergency medical services persons. A person who is duly licensed in Maine as an emergency medical services person must be issued a renewal license if the following requirements are met:

- A. The person must have satisfactorily completed relicensure training as defined in the rules; and
- B. The person must have satisfactorily demonstrated competence in the skills required for the license level. Skill competence may be satisfied by a combination of run report reviews and continuing education training programs conducted in accordance with the rules or by satisfactorily completing the state board-approved cognitive test and a

board-approved assessment of emergency medical treatment skills.

If the person is not duly licensed at the time of application, the person must demonstrate skill and knowledge as defined in the rules.

To maintain a valid license, an emergency medical services person must meet the criteria set out in this section. If those criteria are not met, a person does not hold a valid license and must reapply for licensure.

**Sec. 8. 32 MRSA §85-A, sub-§4**, as amended by PL 2011, c. 271, §12, is further amended to read:

**4. Licensing actions.** A license issued pursuant to this section is subject to the provisions of ~~sections~~ section 90-A and 91-A. Before the licensing board or its ~~subcommittee~~ or staff takes any final action to suspend or revoke an emergency medical dispatch center license or to refuse to reissue an emergency medical dispatch center license, the licensing board shall contact the bureau for input on the effect of such an action on the E-9-1-1 system and, notwithstanding section 91-B, may, to the extent necessary for this purpose, disclose to the bureau information that is designated as confidential under section 91-B.

**Sec. 9. 32 MRSA §85-B, sub-§1**, as enacted by PL 2021, c. 220, §3, is amended to read:

**1. Mandatory qualifications.** The board, in consultation with the licensing board, shall adopt rules governing qualifications for and standards to be observed by emergency medical services ambulance operators, including:

- A. Establishing licensing requirements for emergency medical services ambulance operators;
- B. Establishing minimal education and continuing education requirements for emergency medical services ambulance operators;
- C. Providing for Maine Emergency Medical Services approval of training programs for emergency medical services ambulance operators that are conducted in accordance with standards approved by the board; and
- D. Establishing requirements for holding a valid state driver's license pursuant to Title 29-A, chapter 11, subchapter 1.

**Sec. 10. 32 MRSA §85-B, sub-§2**, as enacted by PL 2021, c. 220, §3, is amended to read:

**2. Background and driver's license information check.** The licensing board shall obtain criminal history record information containing a record of public criminal history record information as defined in Title 16, section 703, subsection 8 for an applicant for licensure under this section. The licensing board shall also obtain driver's license information for an applicant for

licensure under this section. Information obtained pursuant to this subsection is confidential and may be used only to determine suitability for issuance of a license to operate an emergency medical services ambulance. The results of criminal history record information checks received by the licensing board are for official use only and may not be disseminated outside the board. The applicant for licensure shall pay the expense of obtaining the information required by this subsection.

**Sec. 11. 32 MRSA §85-B, sub-§4**, as enacted by PL 2021, c. 220, §3, is amended to read:

**4. Licensing actions.** A license issued under this section is subject to the provisions of ~~sections~~ section 90-A and 91-A.

**Sec. 12. 32 MRSA §88, sub-§2, ¶C**, as amended by PL 1991, c. 588, §16, is further amended to read:

C. The board shall delegate authority to the licensing board to grant licenses pursuant to this chapter.

**Sec. 13. 32 MRSA §88, sub-§2, ¶I**, as enacted by PL 1991, c. 588, §16, is amended to read:

I. The board, in consultation with the licensing board, may establish and collect licensure fees, application fees, examination fees, course and conference fees, tuition and other charges as determined necessary by the board for the efficient administration of this chapter. All funds received pursuant to this paragraph must be deposited into a nonlapsing fund established for the purpose. Maine Emergency Medical Services shall administer the fund with the advice and consent of the commissioner. Funds must be deposited with the Treasurer of State to the credit of the fund and may be invested as provided by law. Interest on these investments must be credited to the fund.

**Sec. 14. 32 MRSA §88, sub-§3**, as amended by PL 2019, c. 370, §17, is repealed.

**Sec. 15. 32 MRSA §88, sub-§4**, as enacted by PL 2001, c. 229, §4, is repealed.

**Sec. 16. 32 MRSA §88, sub-§5**, as enacted by PL 2015, c. 6, §2, is repealed.

**Sec. 17. 32 MRSA §90-A**, as amended by PL 2023, c. 111, §1, is further amended to read:

**§90-A. Licensing actions**

**1. Disciplinary proceedings and sanctions.** The licensing board or, ~~as delegated,~~ its ~~subcommittee~~ or staff, shall investigate a complaint on its own motion or upon receipt of a written complaint filed with the licensing board regarding noncompliance with or violation of this chapter or of any rules adopted by the board. ~~Investigation may include an informal conference before the board, its subcommittee or staff to determine whether grounds exist for suspension, revocation or denial of a~~

license or for taking other disciplinary action pursuant to this chapter. The licensing board, its subcommittee or its staff may subpoena witnesses, records and documents, including records and documents maintained by a health care facility or other service organization or person related to the delivery of emergency medical services, in any investigation or hearing it conducts.

**2. Notice.** The licensing board shall notify the licensee of the content of a complaint filed against the licensee as soon as possible, but in no event later than 60 days after the licensing board or its staff receives the initial pertinent information. The licensee has the right to respond within 30 days in all cases except those involving an emergency denial, suspension or revocation, as described in the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter 5. If the licensee's response to the complaint satisfies the licensing board or its staff that the complaint does not merit further investigation or action, the matter may be dismissed, with notice of the dismissal to the complainant, if any.

**3. Informal conference.** If, in the opinion of the board, its subcommittee or staff, the factual basis of the complaint is or may be true and the complaint is of sufficient gravity to warrant further action, the board or staff may request an informal conference with the licensee. The board shall provide the licensee with adequate notice of the conference and of the issues to be discussed. The conference must be conducted in executive session of the board, subcommittee or staff, pursuant to Title 1, section 405, unless otherwise requested by the licensee. Statements made at the conference may not be introduced at a subsequent formal administrative or judicial hearing unless all parties consent. The licensee may, without prejudice, refuse to participate in an informal conference if the licensee prefers to request an adjudicatory hearing. If the licensee participates in the informal conference, the licensee waives the right to object to a participant at the hearing who participated at the informal conference.

**4. Further action.** If the licensing board, its subcommittee or its staff finds that the factual basis of the complaint is true and is of sufficient gravity to warrant further action, it may take any of the following actions.

A. The licensing board, its subcommittee or its staff may negotiate a consent agreement with the licensee that fixes the period and terms of probation necessary to protect the public health and safety and to rehabilitate or educate the licensee. A consent agreement may be used to terminate a complaint investigation, if entered into by the licensing board or its staff, the licensee and the Department of the Attorney General.

B. If a licensee voluntarily surrenders a license, the licensing board, its subcommittee or its staff may negotiate stipulations necessary to ensure protection of the public health and safety and the rehabil-

itation or education of the licensee. These stipulations may be set forth only in a consent agreement signed by the licensing board or its staff, the licensee and the Department of the Attorney General.

C. If the licensing board, its subcommittee or its staff concludes that modification, nonrenewal or suspension pursuant to section 88, subsection 3 subsection 7 of a license or imposition of a civil penalty pursuant to section 88, subsection 3 subsection 7 is in order, the licensing board shall so notify the licensee and inform the licensee of the licensee's right to request an adjudicatory hearing. If the licensee requests an adjudicatory hearing in a timely manner, the adjudicatory hearing must be held by the licensing board in accordance with Title 5, chapter 375, subchapter 4. If the licensee wishes to appeal the final decision of the licensing board, the licensee shall file a petition for review with the Superior Court within 30 days of receipt of the licensing board's decision. Review under this paragraph must be conducted pursuant to Title 5, chapter 375, subchapter 7.

D. Except in the specific circumstances where for which Title 5, section 10004 may be invoked, if the licensing board or its staff concludes that suspension beyond the authority conferred by section 88 and subsection 7 of the license is in order, the licensing board or its staff shall request the Attorney General to file a complaint in the District Court in accordance with Title 4, chapter 5 and the Maine Administrative Procedure Act to commence either full or emergency proceedings.

**5. Grounds for licensing action.** A decision to take action against any applicant or licensee pursuant to this chapter or any rules adopted pursuant to this chapter, including, but not limited to, a decision to impose a civil penalty or to refuse to issue or renew a license or to modify, suspend or revoke a license of a person, service or vehicle, may be predicated on the following grounds:

A. Fraud or deceit in obtaining a license under this chapter or in connection with service rendered within the scope of the license issued;

B-1. The use of any drug, narcotic or substance that is illegal under state or federal law, or to the extent that the licensee's ability to provide emergency medical services or emergency medical dispatch services would be impaired;

B-2. A declaration of or claim pertaining to the licensee of legal incompetence that has not been legally terminated;

B-3. Any condition or impairment within the preceding 3 years, including, but not limited to, substance use disorder or a mental, emotional or nervous disorder or condition, that in any way affects, or if untreated could impair, the licensee's ability to

provide emergency medical services or emergency medical dispatch services;

D. Aiding or abetting the practice of emergency care by a person not duly licensed under this chapter who purports to be so;

E. Incompetent professional practice as evidenced by:

(1) Demonstrated inability to respond appropriately to a client, patient or the general public; or

(2) Inability to apply principles, skills or knowledge necessary to successfully carry out the practice for which the licensee is licensed;

F. Violation of any reasonable standard of professional behavior, conduct or practice that has been established in the practice for which the licensee is licensed;

G. Subject to the limitations of Title 5, chapter 341, conviction of a crime that involves dishonesty or false statement, conviction of a crime that relates directly to the practice for which the licensee is licensed, conviction of a crime for which incarceration for one year or more may be imposed or conviction of a crime defined in Title 17-A, chapter 11, 12 or 45;

H. Any violation of this chapter or any rule adopted by the board or the licensing board; or

I. For other purposes as specified by rules or law.

**6. Notice of action.** In any proceeding under this section with regard to an ambulance service owned and operated by a municipality or a private ambulance service with which a municipality contracts for services, if the licensing board or its staff takes further licensing action under subsection 4, the licensing board shall notify in writing the town manager or city manager and the municipal officers of the municipality that owns and operates or contracts with the ambulance service within 5 business days of taking the action.

**7. Authority.** In addition to authority otherwise conferred, the licensing board or, as delegated, its staff may, for each violation of applicable laws, rules or conditions of licensure or registration, in accordance with the procedures established in this section and any rules adopted by the board, take one or more of the following actions:

A. Issue warnings, censures or reprimands to a licensee, deny or refuse to renew a license and suspend or revoke a license. Each warning, censure, reprimand and revocation issued must be based upon violations of different applicable laws, rules or conditions of licensure or must be based upon separate instances of actionable conduct or activity;

B. Suspend a license or registration for up to 90 days for each violation of applicable laws, rules and conditions of licensure or registration or for each instance of actionable conduct or activity. Suspensions may be set to run concurrently or consecutively. Execution of all or any portion of a term of suspension may be stayed pending successful completion of conditions of probation, although the suspension remains part of the licensee's record;

C. Impose civil penalties of up to \$1,500 for each violation of applicable laws, rules and conditions of licensure or for each instance of actionable conduct or activity;

D. Impose conditions of probation upon an applicant or licensee. Probation may run for that time period as the licensing board or its staff determines appropriate. Probation may include conditions such as: additional continuing education; medical, psychiatric or mental health consultations or evaluations; mandatory professional or occupational supervision of the applicant or licensee; and other conditions as the licensing board or its staff determines appropriate. Costs incurred in the performance of terms of probation are borne by the applicant or licensee. Failure to comply with the conditions of probation is a ground for disciplinary action against a licensee;

E. Execute a consent agreement that resolves a complaint or investigation without further proceedings. Consent agreements may be entered into only with the consent of the applicant or licensee, the licensing board or its staff and the Department of the Attorney General. Any remedy, penalty or fine or cost recovery that is otherwise available by law, even if only in the jurisdiction of the District Court, may be achieved by consent agreement, including long-term suspension and permanent revocation of a professional license. A consent agreement is not subject to review or appeal and may be modified only by a writing executed by all parties to the original consent agreement. A consent agreement is enforceable by an action in Superior Court; or

F. Assess a licensee the costs of investigation and adjudicatory hearings relating to that licensee.

**8. Authority to issue letters of guidance.** In addition to authority otherwise conferred, the licensing board or, as delegated, its staff may issue a letter of guidance or concern to an applicant or licensee.

A letter of guidance or concern may be used to educate, reinforce knowledge regarding legal or professional obligations and express concern over action or inaction by the licensee or applicant that does not rise to the level of misconduct sufficient to merit disciplinary action. The issuance of a letter of guidance or concern is not a formal proceeding and does not constitute an adverse disciplinary action of any form. Notwithstanding any

other provision of law, a letter of guidance or concern is not confidential. The licensing board or, as delegated, its staff may place a letter of guidance or concern, together with any underlying complaint, report and investigation materials, in a licensee's or applicant's file for a specified amount of time, not to exceed 10 years. Any letters, complaints and materials placed on file may be accessed and considered by the licensing board or its staff in any subsequent action commenced against the applicant or licensee within the specified time frame.

**9. Authority to request mental and physical examinations.** For the purposes of this subsection, by application for and acceptance of a license to practice, an emergency medical services person is considered to have given consent to a mental or physical examination when directed by the licensing board. The licensing board may direct an emergency medical services person to submit to a mental examination whenever the licensing board determines the emergency medical services person may be suffering from a mental illness that may be interfering with the competent practice of emergency medical services or from the use of intoxicants or drugs to an extent that they are preventing the emergency medical services person from practicing competently and with safety to patients. The licensing board may direct an emergency medical services person to submit to a physical examination whenever the licensing board determines the emergency medical services person may have diminished physical capabilities to an extent that they are preventing the emergency medical services person from practicing competently and with safety to patients. An emergency medical services person examined pursuant to an order of the licensing board may not prevent the testimony of the examining individual or prevent the acceptance into evidence of the report of an examining individual in a proceeding under subsection 1. Failure to comply with an order of the licensing board to submit to a mental or physical examination results in the immediate suspension of the license of the emergency medical services person until the emergency medical services person submits to the examination.

**10. Appeals of nondisciplinary actions and refusals to issue.** Any person or organization aggrieved by the decision of the staff of the licensing board in taking any nondisciplinary action pursuant to this chapter or rules adopted pursuant to this chapter or in the interpretation of this chapter or rules adopted pursuant to this chapter or in refusing to issue a license may appeal the decision to the licensing board for a final decision. The staff's decision stands until the licensing board issues a decision to uphold, modify or overrule the staff's decision. In the case of nonrenewal, the person or organization must be afforded an opportunity for hearing in accordance with this chapter and the Maine Administrative Procedure Act. A final decision of the licensing board constitutes final agency action appealable pursuant to Title 5, chapter 375, subchapter 7.

**Sec. 18. 32 MRSA §90-C**, as enacted by PL 2015, c. 82, §7, is amended to read:

**§90-C. Duty of all licensees and applicants for licensure to report certain information**

**1. Report in writing.** A licensee or an applicant for licensure under this chapter shall notify the licensing board in writing within 10 days of a:

- A. Change of name or address;
- B. Criminal conviction;
- C. Revocation, suspension or other disciplinary action taken in this or any other jurisdiction against any occupational or professional license held by the applicant or licensee; or
- D. Material change in the conditions or qualifications set forth in the original application for licensure submitted to the licensing board.

**Sec. 19. 32 MRSA §91-A**, as amended by PL 2003, c. 559, §3, is repealed.

**Sec. 20. 32 MRSA §91-B, sub-§1**, as amended by PL 2021, c. 15, §§2 and 3, is further amended to read:

**1. Confidentiality.** Except as otherwise provided in this chapter, all proceedings and records of proceedings concerning the quality assurance activities of an emergency medical services quality assurance committee approved by the board and all reports, information and records provided to the committee are confidential and may not be disclosed or obtained by discovery from the committee, the board or its staff or the licensing board or its staff. Quality assurance information may be disclosed to a licensee as part of any board-approved educational or corrective process. All complaints and investigative records of the licensing board ~~or any committee or subcommittee of the board~~ are confidential during the pendency of an investigation and may not be disclosed by the ~~committee, the~~ licensing board or its staff. Information or records that identify or permit identification of any patient that appears in any reports, information or records provided to the licensing board or department for the purposes of investigation are confidential and may not be disclosed by the ~~committee, the~~ licensing board or its staff.

- A. A personal residence address, personal telephone number or personal e-mail address submitted to the licensing board as part of any application under this chapter is confidential and may not be disclosed except as permitted under this section or as otherwise required by law unless the applicant who submitted the information indicated pursuant to section 90-B that the applicant is willing to have the applicant's personal residence address, personal telephone number or personal e-mail address treated as a public record. Personal health information submitted to the licensing board as part of any application under this chapter is confidential

and may not be disclosed except as otherwise permitted under this section or otherwise required by law.

The licensing board and its ~~committees and~~ staff may disclose personal health information about and the personal residence address and personal telephone number of a licensee or an applicant for a license under this chapter to a government licensing or disciplinary authority or to a health care provider located within or outside this State that requests the information for the purposes of granting, limiting or denying a license or employment to the applicant or licensee.

B. Any materials or information submitted to the licensing board in support of an application that are designated as confidential by any other provision of law remain confidential in the possession of the licensing board. Information in ~~any~~ a report or record provided to the board ~~or licensing board~~ pursuant to this chapter that permits identification of a person receiving emergency medical treatment is confidential.

C. Information provided to the board ~~or licensing board~~ under section 87-B is confidential if the information identifies or permits the identification of a trauma patient or a member of that patient's family.

D. Examination questions used by the licensing board to fulfill the cognitive testing requirements of this chapter are confidential.

E. Health care information or records provided to the board ~~or licensing board~~ under section 88, subsection 2, paragraph K are confidential if the information or records identify or permit the identification of a patient or a member of that patient's family.

F. Health care information or records provided to the board ~~or licensing board~~ under section 96 are confidential if the information or records identify or permit the identification of a patient who received emergency medical treatment or a member of that patient's family.

**Sec. 21. 32 MRSA §91-B, sub-§2, ¶A**, as enacted by PL 2011, c. 271, §19, is amended to read:

A. Confidential information may be released in an adjudicatory hearing ~~or informal conference~~ before the board ~~or licensing board~~ or in any subsequent formal proceeding to which the confidential information is relevant.

**Sec. 22. 32 MRSA §91-B, sub-§2, ¶B**, as enacted by PL 2011, c. 271, §19, is amended to read:

B. Confidential information may be released in a consent agreement or other written settlement

when the confidential information constitutes or pertains to the basis of licensing board action.

**Sec. 23. 32 MRSA §91-B, sub-§2, ¶D**, as enacted by PL 2011, c. 271, §19, is amended to read:

D. During the pendency of an investigation, a complaint or investigative record may be disclosed:

(1) To Maine Emergency Medical Services employees designated by the director;

(2) To designated complaint officers of the licensing board;

(3) By a Maine Emergency Medical Services employee or complaint officer designated by the licensing board to the extent considered necessary to facilitate the investigation;

(4) To other state or federal agencies when the files contain evidence of possible violations of laws enforced by those agencies;

(5) By the director, to the extent the director determines such disclosure necessary to avoid imminent and serious harm. The authority of the director to make such a disclosure may not be delegated;

(6) When it is determined, in accordance with rules adopted by the ~~department~~ board in consultation with the licensing board, that confidentiality is no longer warranted due to general public knowledge of the circumstances surrounding the complaint or investigation and when the investigation would not be prejudiced by the disclosure; or

(7) To the person investigated on request of that person. The director may refuse to disclose part or all of any investigative information, including the fact of an investigation, when the director determines that disclosure would prejudice the investigation. The authority of the director to make such a determination may not be delegated.

**Sec. 24. 32 MRSA §92-B**, as amended by PL 2015, c. 82, §§9 and 10, is further amended to read:

**§92-B. Disclosure of confidential information to the licensing board**

Notwithstanding any ~~other~~ provision of law ~~to the contrary~~, information that relates to an applicant for licensure or to a person licensed or certified by the licensing board who is alleged to have engaged in any unlawful activity or professional misconduct or in conduct in violation of laws or rules relating to the board ~~or licensing board~~ must be disclosed to the licensing board and may be used by the licensing board only in accordance with this chapter.

**1. Purpose for which disclosure is made.** Any confidential information provided to the licensing board

may be used only for investigative and other actions within the scope of the authority of the licensing board and for determining whether the applicant for licensure or the person licensed or certified by the licensing board has engaged in unlawful activity, professional misconduct or an activity in violation of the laws or rules relating to the board or licensing board.

**2. Designation of person to receive confidential information.** The director shall designate a person to receive confidential information for investigative purposes.

**3. Limitations on disclosure.** Disclosure is limited to information that is directly related to the matter at issue. The identity of reporters and other persons may not be disclosed except as necessary and relevant. Access to the information is limited to licensing board investigators, parties to the matter at issue, parties' representatives, counsel of record, hearing officers and licensing board members who are directly involved in the adjudicatory process. The information may be used only for the purpose for which the release was intended.

**4. Confidentiality at conclusion of investigation.** Except as provided in section 91-B, information received pursuant to this section remains confidential at the conclusion of an investigation.

**Sec. 25. Appropriations and allocations.** The following appropriations and allocations are made.

**CHAPTER 492  
H.P. 1335 - L.D. 1987**

**An Act to Fund Collective  
Bargaining Agreements with  
Executive Branch Employees  
and Continue the Voluntary  
Employee Incentive Program**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. Adjustment of salary schedules for fiscal years 2025-26 and 2026-27.** The salary

schedules for the executive branch employees in bargaining units represented by the American Federation of State, County and Municipal Employees, the Maine State Troopers Association, the Maine State Law Enforcement Association, the Maine Service Employees Association, the Fraternal Order of Police and any other certified bargaining representative for an executive branch bargaining unit must be adjusted consistent with the terms of any collective bargaining agreements ratified by December 31, 2025.

**Sec. 2. Adjustment of salary schedules for fiscal year 2026-27.** The salary schedules for the executive branch employees in bargaining units represented by the American Federation of State, County and Municipal Employees, the Maine State Troopers Association, the Maine State Law Enforcement Association, the Maine Service Employees Association, the Fraternal Order of Police and any other certified bargaining representative for an executive branch bargaining unit must be adjusted consistent with the terms of any agreements made between May 1, 2026 and December 31, 2026, including any collective bargaining agreement achieved through the process outlined in the agreement for resolution between the State of Maine and the Maine Service Employees Association, SEIU Local 1989 effective August 29, 2024, regarding the study of the classification system for the executive branch of the State of Maine. This section does not apply to any successor collective bargaining agreement with a term beginning on or after July 1, 2025.

**Sec. 3. Costs associated with the \$2,000 lump-sum payment made in October 2024 per the agreement for resolution between the State of Maine and the Maine Service Employees Association, SEIU Local 1989 effective August 29, 2024.**

1. An amount not to exceed \$9,132,794 in the Salary Plan program, General Fund account in the Department of Administrative and Financial Services may be transferred, by financial order upon the recommendation of the State Budget Officer and approval of the Governor, to fund the \$2,000 lump-sum payment made in October 2024 from non-General Fund and non-Highway Fund accounts per the agreement for resolution between the State of Maine and the Maine Service Employees Association, SEIU Local 1989 effective August 29, 2024. Funds must be transferred to the Departments and Agencies - Statewide program, General Fund account within the Department of Administrative and Financial Services.

2. Notwithstanding any provision of law to the contrary, the State Controller may authorize the transfer, in an amount not to exceed \$9,132,794, of Personal Services expenditures associated with the \$2,000 lump-sum payment made in October 2024 per the agreement for resolution between the State of Maine and the Maine

Service Employees Association, SEIU Local 1989 effective August 29, 2024 from any non-General Fund and non-Highway Fund account to the Departments and Agencies - Statewide program, General Fund account within the Department of Administrative and Financial Services.

3. Notwithstanding any provision of law to the contrary, the State Controller on or before July 31, 2025 shall transfer the unobligated balance from the Departments and Agencies - Statewide program, General Fund account to the Salary Plan program, General Fund account within the Department of Administrative and Financial Services.

**Sec. 4. New, temporary and seasonal employees; similar and equitable treatment.** The Governor is authorized to grant similar and equitable treatment consistent with this Act for employees in classifications included in bargaining units subject to collective bargaining agreements described in section 7 of this Act who are excluded from collective bargaining pursuant to the Maine Revised Statutes, Title 26, section 979-A, subsection 6, paragraph F.

**Sec. 5. Confidential employees; similar and equitable treatment.** The Governor is authorized to grant similar and equitable treatment consistent with this Act for confidential employees. For the purposes of this section, "confidential employees" means those employees within the executive branch, including probationary employees, who are in positions excluded from collective bargaining units pursuant to the Maine Revised Statutes, Title 26, section 979-A, subsection 6, paragraphs B, C, D, I and J.

**Sec. 6. Employee salaries subject to Governor's adjustment or approval.** The Governor is authorized to grant similar and equitable treatment consistent with this Act for those unclassified employees whose salaries are subject to the Governor's adjustment or approval.

**Sec. 7. Costs to General Fund and Highway Fund.** Costs to the General Fund and Highway Fund must be provided wholly or in part through a transfer of Personal Services appropriations within and between departments and agencies from the Salary Plan program, General Fund account in the Department of Administrative and Financial Services in an amount up to the full amount the Salary Plan program, General Fund account has accrued as of the date an agreement is reached with the respective bargaining agents to implement the economic terms of the most recent collective bargaining agreements, as specified in sections 1, 2 and 3 of this Act, entered into by the State and the American Federation of State, County and Municipal Employees, the Maine State Troopers Association, the Maine State Law Enforcement Association, the Maine Service Employees Association, the Fraternal Order of Police and any other certified bargaining representative for an executive branch bargaining unit to provide equitable

treatment of employees excluded from collective bargaining pursuant to the Maine Revised Statutes, Title 26, section 979-A, subsection 6, paragraph F and, notwithstanding Title 26, section 979-D, subsection 1, paragraph E, subparagraph (3), to implement equitable adjustments for confidential employees.

**Sec. 8. Transfer of Personal Services appropriations between programs and departments; General Fund.** Notwithstanding the Maine Revised Statutes, Title 5, section 1585 or any other provision of law to the contrary, available balances in the General Fund for Personal Services in fiscal year 2025-26 and fiscal year 2026-27 may be transferred by financial order between programs and departments within the General Fund upon recommendation of the State Budget Officer and approval of the Governor to be used for costs associated with collective bargaining agreements for state employees, as specified in sections 1, 2 and 3 of this Act.

**Sec. 9. Transfer from Salary Plan program and special account funding.** The Salary Plan program, General Fund account in the Department of Administrative and Financial Services may be made available as needed in allotment by financial order upon the recommendation of the State Budget Officer and approval of the Governor to be used for the implementation of the collective bargaining agreements for state employees, as specified in sections 1, 2 and 3 of this Act, and for other economic items contained in this Act in fiscal year 2025-26 and fiscal year 2026-27. Except as outlined in section 3 of this Act, positions supported from sources of funding other than the General Fund and the Highway Fund must be funded from those other sources.

**Sec. 10. Transfer of Personal Services allocations between programs and departments; Highway Fund.** Notwithstanding the Maine Revised Statutes, Title 5, section 1585 or any other provision of law to the contrary, available balances in the Highway Fund for Personal Services in fiscal year 2025-26 and fiscal year 2026-27 may be transferred by financial order between programs and departments within the Highway Fund upon recommendation of the State Budget Officer and approval of the Governor to be used for costs associated with collective bargaining agreements for state employees, as specified in sections 1, 2 and 3 of this Act.

**Sec. 11. Authorization for reimbursement of costs associated with study of classification system for executive branch.** The Department of Administrative and Financial Services may be reimbursed up to \$1,000,000 from the Salary Plan program, General Fund account in the Department of Administrative and Financial Services for resources necessary to conduct a study of the classification system for the executive branch of State Government, to be prepared and submitted by a consultant by December 31, 2025, as

outlined in the agreement for resolution between the State of Maine and the Maine Service Employees Association, SEIU Local 1989 effective August 29, 2024.

**Sec. 12. Authorization for reimbursement of costs associated with contract resolution.** The Department of Administrative and Financial Services may be reimbursed from the Salary Plan program, General Fund account in the Department of Administrative and Financial Services for the costs of contract resolution, administration and implementation and other costs required by the process of collective bargaining and negotiation procedures.

**Sec. 13. Voluntary employee incentive programs.**

1. Notwithstanding the Maine Revised Statutes, Title 5, section 903, subsections 1 and 2, the Commissioner of Administrative and Financial Services shall offer for use special voluntary employee incentive programs for state employees, including a 50% workweek, flexible position staffing and time off without pay. H.P. 99 - L.D. 166**

**An Act to Prohibit the Sale of  
Tobacco Products in  
Pharmacies and Retail  
Establishments Containing  
Pharmacies**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 22 MRSA §1551, sub-§6** is enacted to read:

**6. Pharmacy.** "Pharmacy" means a retail pharmacy as defined in Title 24-A, section 4347, subsection 19.

**Sec. 2. 22 MRSA §1551-A, sub-§6** is enacted to read:

**6. Pharmacies and retail establishments with a pharmacy ineligible for retail tobacco license; civil penalty; transfer of funds.** This subsection governs pharmacies and retail establishments containing a pharmacy.

A. A pharmacy is ineligible for a retail tobacco license. A pharmacy that engages in retail sales, including retail sales through vending machines or in free distribution of tobacco products, and sells, keeps for sale or gives away in the course of trade any tobacco products to anyone commits a civil violation for which a fine of not more than \$2,000 may be adjudged. Each day a pharmacy is in violation of this paragraph constitutes a separate offense.

B. A retail establishment containing a pharmacy is ineligible for a retail tobacco license. A retail establishment containing a pharmacy that engages in retail sales, including retail sales through vending machines or in free distribution of tobacco products, and sells, keeps for sale or gives away in the course of trade any tobacco products to anyone commits a civil violation for which a fine of not more than \$2,000 may be adjudged. Each day a retail establishment containing a pharmacy is in violation of this paragraph constitutes a separate offense.

**Sec. 3. 36 MRSA §4366-A, sub-§2,** as amended by PL 2025, c. 388, Pt. E, §4 and affected by §6, is further amended to read:

**2. Provided to sellers.** The State Tax Assessor shall provide stamps to a licensed distributor upon submission by the licensed distributor of a cigarette tax return in a form prescribed by the assessor. The stamps must be of a design suitable to be affixed to packages of cigarettes as evidence of the payment of the tax imposed by this chapter. The assessor may permit a licensed distributor to pay for the stamps within 30 days after the date of purchase, if a bond satisfactory to the assessor in an amount not less than 50% of the sale price of the stamps has been filed with the assessor conditioned upon payment for the stamps. Such a distributor may continue to purchase stamps on a 30-day deferral basis only if it remains current with its cigarette tax obligations. The assessor may not sell additional stamps to a distributor that has failed to pay in full within 30 days for stamps previously purchased until such time as the overdue payment is received. ~~The assessor shall sell cigarette stamps to licensed distributors at the following discounts from their face value:~~

D. For stamps at the face value of 175 mills, the discount rate is 0.66%.

**An Act to Provide Relief to  
Federal or State Employees  
Affected by a Federal  
Government or State  
Government Shutdown**

**Be it enacted by the People of the State of Maine  
as follows:**

**Sec. 1. 5 MRSA §160** is enacted to read:

**§160. Government Shutdown Loan Guarantee Program Fund established**

The Government Shutdown Loan Guarantee Program Fund is established as a nonlapsing Other Special Revenue Funds account within the Office of the Treasurer of State. All money received by the fund from any source, including any transfers from the General Fund unappropriated surplus, must be credited to the fund. Money credited to the fund must be used to guarantee the repayment of loans made by an eligible financial institution to an eligible affected employee pursuant to Title 10, chapter 110, subchapter 15 and to reimburse the Finance Authority of Maine for reasonable expenses to administer the Government Shutdown Loan Guarantee Program established in Title 10, chapter 110, subchapter 15.

**Sec. 2. 10 MRSA c. 110, sub-c. 15** is enacted to read:

**SUBCHAPTER 15**

**GOVERNMENT SHUTDOWN LOAN GUARANTEE PROGRAM**

**§1100-HH. Definitions**

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Affected employee.** "Affected employee" means a person employed by the Federal Government or the State Government or any federal or state agency who, during a shutdown, is:

- A. A resident of the State; and
- B. Required to work as a federal or state employee without pay or furloughed as a federal or state employee without pay.

**2. Bureau.** "Bureau" means the Department of Professional and Financial Regulation, Bureau of Financial Institutions.

**3. Credit union.** "Credit union" has the same meaning as "credit union authorized to do business in this State" in Title 9-B, section 131, subsection 12-A.

**4. Eligible affected employee.** "Eligible affected employee" means an affected employee who is eligible to receive a loan as determined pursuant to section 1100-JJ, subsection 1.

**5. Eligible financial institution.** "Eligible financial institution" means a credit union or financial institution that is in good standing as determined by the bureau pursuant to section 1100-II, subsection 2.

**6. Financial institution.** "Financial institution" has the same meaning as "financial institution authorized to do business in this State" in Title 9-B, section 131, subsection 17-A.

**7. Good standing.** "Good standing," with respect to a credit union or financial institution, means that the credit union or financial institution is insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration.

**8. Grace period.** "Grace period" means the period beginning with the disbursement of a loan under this subchapter and ending 90 days after an eligible affected employee receives disbursement of the loan or at the end of the shutdown during which the loan was made, whichever is later.

**9. Loan.** "Loan" means an extension of credit made by an eligible financial institution to an eligible affected employee pursuant to this subchapter.

**10. Loan guarantee payment.** "Loan guarantee payment" means the amount paid by the Treasurer of State in satisfaction of a claim filed by an eligible financial institution pursuant to section 1100-KK.

**11. Program.** "Program" means the Government Shutdown Loan Guarantee Program established in section 1100-II.

**12. Shutdown.** "Shutdown" means a full or partial shutdown of the Federal Government or the State Government that lasts longer than 7 consecutive calendar days. Each shutdown is considered a separate shutdown for purposes of the program.

**§1100-II. Government Shutdown Loan Guarantee Program established**

**1. Establishment; purpose.** The Government Shutdown Loan Guarantee Program is established within and administered by the authority. The authority shall guarantee the repayment of loans made by an eligible financial institution to an eligible affected employee pursuant to section 1100-JJ. The authority shall submit all approved claims pursuant to section

1100-KK to the Treasurer of State, who shall pay from the Government Shutdown Loan Guarantee Program Fund, established in Title 5, section 160, any claims submitted by the authority pursuant to the program.

**2. Process for credit unions and financial institutions.** A credit union or financial institution may submit a request to the bureau to participate in the program. Not later than 5 business days after receiving the request to participate, the bureau shall determine whether the credit union or financial institution is an eligible financial institution and immediately notify the credit union or financial institution and the authority of that determination. An eligible financial institution may make loans to an eligible affected employee in accordance with section 1100-JJ.

**3. Notification of loan and borrower information.** An eligible financial institution that makes a loan to an eligible affected employee pursuant to section 1100-JJ shall notify the authority in writing not later than 5 business days after making the loan, specifying such information about the eligible affected employee borrower as the authority may request.

**§1100-JJ. Eligibility of affected employees; loan terms; process**

**1. Determination of eligibility of affected employee.** An eligible financial institution may make a loan to an affected employee who meets the following eligibility requirements.

A. An affected employee shall provide to the eligible financial institution proof of the affected employee's employment status, income and residence in this State. An affected employee may meet the requirements of this paragraph by providing to the eligible financial institution proof such as a pay stub or bank statement, a federal employee identification card or the federal tax identification number of the affected employee's employer.

B. In addition to the proof required in paragraph A, an affected employee shall submit to the eligible financial institution a sworn affidavit from the affected employee stating:

- (1) That the affected employee is currently a federal or state employee residing in this State;
- (2) That the affected employee is eligible to receive back pay when a shutdown ends;
- (3) That the affected employee is not receiving a loan from any other eligible financial institution pursuant to this subchapter; and
- (4) The amount per week of unemployment compensation benefits pursuant to Title 26, chapter 13:

(a) Received by the affected employee, if any, during a shutdown; and

(b) The affected employee is eligible to receive, if any, during a shutdown.

**2. Determination of loan amount.** The maximum amount of a loan is the lesser of \$6,000 and the affected employee's most recent monthly after-tax pay, offset by any unemployment benefits, as determined pursuant to this subsection.

A. Offsetting unemployment benefits are determined by multiplying by 4 the greater of the amount per week of unemployment benefits pursuant to Title 26, chapter 13, as reported pursuant to subsection 1, paragraph B, subparagraph (4):

- (1) Actually received by the affected employee during the shutdown; and
- (2) The affected employee is eligible to receive during the shutdown.

B. The amount of offsetting unemployment benefits, if any, as determined pursuant to paragraph A is subtracted from the lesser of \$6,000 and the affected employee's most recent monthly after-tax pay.

C. The amount of the loan is the lesser of \$6,000 and the amount determined following the calculation in paragraph B.

**3. Creditworthiness.** An eligible financial institution may not use an affected employee's creditworthiness as a factor for the purposes of determining eligibility for a loan under this subchapter.

**4. Terms of loan agreement.** Notwithstanding any provision of law to the contrary, the following terms apply to a loan issued pursuant to this subchapter.

A. A loan agreement may not:

- (1) Require repayment during the grace period;
- (2) Charge interest on the principal amount before or during the grace period or for 180 days after the grace period; or
- (3) Contain a fee or penalty for the prepayment or early payment of the loan.

B. The loan agreement must require that the affected employee repay the loan in full not later than 180 days after the end of the grace period and permit repayment to be made in installments. An affected employee who chooses to repay the loan in installments must be allowed to make at least 3 and no more than 6 equal installment payments.

C. After 180 days have elapsed following the grace period, the eligible financial institution may charge interest or fees in accordance with the eligible financial institution's lending policy and the terms of the loan agreement.

**5. Multiple loans to same eligible affected employee during same shutdown.** An eligible affected employee who has received a loan pursuant to this section may apply to the same eligible financial institution for an additional loan for each 30-day period beyond the first that the affected employee remains an eligible affected employee, except that an eligible affected employee may not receive more than 3 loans under the program during a shutdown. An eligible affected employee who applies for an additional loan shall provide the eligible financial institution with updated information as required under subsection 1, including the amount of unemployment compensation benefits the affected employee has been determined eligible to receive or has received during the shutdown. Each additional loan must be made in accordance with this section.

**6. Treatment of deferred interest.** Notwithstanding any provision of Title 36, Part 8 to the contrary, any interest deferred or not charged related to a loan issued pursuant to this section is exempt from all state taxes that may be applicable to such interest amounts as they relate to an affected employee. An eligible financial institution shall disclose to eligible affected employee borrowers in the signed affidavit or loan documents that there may be federal tax consequences to the program loans and that loan information may be shared with the authority.

#### **§1100-KK. Loan guarantee**

**1. Claims.** No sooner than the 180th day following the end of the grace period and no later than the 300th day following the end of the grace period, an eligible financial institution that has made a good faith effort to collect the outstanding principal of a loan issued pursuant to section 1100-JJ and has been unsuccessful may make a claim to the authority for recovery of an amount equal to the outstanding principal of that loan.

An eligible financial institution shall demonstrate to the satisfaction of the authority that the eligible financial institution has made a good faith effort to collect the outstanding principal from the eligible affected employee in accordance with the eligible financial institution's loan servicing and collection policies and has been unsuccessful.

**2. Loan guarantee payment.** The authority, upon receipt of a properly documented claim submitted by an eligible financial institution pursuant to subsection 1, shall submit the claim immediately to the Treasurer of State for payment. The Treasurer of State immediately shall pay to the authority from the Government Shutdown Loan Guarantee Program Fund, established in Title 5, section 160, any claims submitted by the authority pursuant to the program. The authority shall distribute the loan guarantee payment to the eligible financial institution.

**3. Effect of payment of claim.** After payment of a loan guarantee payment to an eligible financial institution pursuant to subsection 2:

A. The loan must be assigned by the eligible financial institution to the authority on behalf of the State; and

B. The duty of the authority to continue collection efforts on the loan pursuant to section 1100-LL, subsection 4 applies.

#### **§1100-LL. Duties and powers of authority**

**1. Maintenance and review of records.** The authority shall maintain records in the regular course of administration of the program, including a record of loans issued pursuant to section 1100-JJ and loan guarantee payments issued pursuant to section 1100-KK, subsection 2 to honor claims on defaulted loans. The authority shall regularly review these records to monitor all the loans issued and identify duplicate applications.

**2. Termination of loan recovery guarantee based on misrepresentation or failure to comply by eligible financial institution.** The authority may terminate any agreement to pay the claim of an eligible financial institution pursuant to section 1100-KK if the eligible financial institution misrepresents any information pertaining to the loan or fails to comply with any requirements of this section or section 1100-KK in connection with the claim for the loan.

**3. Termination of loan recovery guarantee based on excess claims.** If the amount expended for loan guarantee payments under section 1100-KK equals or exceeds 10% of the total of all loans issued, the authority shall immediately cease to approve claims and shall notify the Treasurer of State and each eligible financial institution of the total amount of loan guarantee payments made and that the authority has ceased honoring loan claims.

**4. Recovery of defaulted loans.** The authority, on its own or by contracting with a private entity, shall make reasonable efforts to recover the amount of loan guarantee payments made pursuant to section 1100-KK, subsection 2. Any funds recovered pursuant to this subsection, less reasonable administrative costs, must be deposited in the Government Shutdown Loan Guarantee Program Fund established in Title 5, section 160.

#### **§1100-MM. New loans prohibited after shutdown**

An affected employee may not apply for a loan under the program after a shutdown ends. A financial institution may not approve a loan under the program after a shutdown ends.

#### **§1100-NN. Review of funding needs**

The joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs, in consultation with the joint standing committee

of the Legislature having jurisdiction over financial services matters, may report out legislation to address any funding needs of the program.

**Sec. 3. Transfer.** Notwithstanding any provision of law to the contrary, the State Controller shall transfer \$250,000 from the Financial Institutions - Bureau of program, Other Special Revenue Funds account within the Department of Professional and Financial Regulation to the Government Shutdown Loan Guarantee Program Fund, established within the Office of the Treasurer of State pursuant to the Maine Revised Statutes, Title 5, section 160, no later than 14 days following the effective date of this Act to be used to guarantee the repayment of loans made by an eligible financial institution to an eligible affected employee pursuant to Title 10, chapter 110, subchapter 15.

**Sec. 4. Additional transfer and allocation.** The Joint Standing Committee on Appropriations and Financial Affairs, after consultation with the Joint Standing Committee on Health Coverage, Insurance and Financial Services, may report out legislation to the Second Regular Session of the 132nd Legislature to address any funding needs of the Government Shutdown Loan Guarantee Program established in the Maine Revised Statutes, Title 10, chapter 110, subchapter 15.

An Act to Allow an Attorney  
for the State to Determine  
Whether to Charge Certain  
Class E Crimes as Civil  
Violations

Be it enacted by the People of the State of Maine  
as follows:

Sec. 1. 17-A MRSA §19-A is enacted to read:

**§19-A. Election to charge Class E crime as civil violation**

1. For purposes of this section, "eligible Class E crime" means any Class E crime, except a Class E crime:

A. In Title 21-A; or

B. For which the defendant, if convicted, would be eligible for probation or subject to a mandatory driver's license suspension.

2. The attorney for the State may elect to charge a defendant alleged to have committed an eligible Class E crime with a civil violation instead of the eligible Class E crime unless the defendant was arrested and objects to the substitution of a civil violation charge. In deciding whether to make this election, the attorney for the State shall consider the severity of the defendant's conduct, the impact of the conduct on the victim, any prior convictions or adjudications entered against the defendant and any other factor relevant to whether a criminal or civil sanction will best accomplish the purposes of the general sentencing provisions in that particular case.

3. The determination by the attorney for the State under this section is not subject to judicial review. For a person who is charged with and adjudicated as having committed a civil violation under this section, a penalty of not more than \$1,000 may be adjudged. The court shall inform the Secretary of State of any Class E crime under Title 29-A, including the relevant statutory section, that was reduced to a civil violation when a person is adjudicated of a civil violation under this section.

4. If the attorney for the State elects to charge a defendant with a civil violation instead of a Class E crime under Title 29-A and the defendant is adjudicated as having committed the civil violation, the court shall include in the abstract transmitted pursuant to Title 29-A, section 2607 information on the Class E crime, including the statutory citation, that the attorney for the State elected not to charge.

Sec. 2. Appropriations and allocations. The following appropriations and allocations are made.

CHAPTER 497

S.P. 506 - L.D. 1217

An Act Regarding the New  
Markets Tax Credit and the  
Maine New Markets Capital  
Investment Program

Be it enacted by the People of the State of Maine  
as follows:

Sec. 1. 10 MRSA §1100-Z, sub-§3, ¶B-1 is enacted to read:

B-1. A qualified community development entity that is a Maine fund that seeks an allocation of tax credit authority shall submit an application to the authority on a form that the authority provides.

(1) In addition to the requirements specified in paragraph B, subparagraphs (1) and (4), the applicant shall include in the application evidence that the applicant is a qualified community development entity with its principal business operation in the State for at least 60 months.

(2) As used in this paragraph, "Maine fund" means a qualified community development entity as defined in Section 45D(c) of the United States Internal Revenue Code of 1986, as amended, that has its principal place of business in the State.

A Maine fund that meets the requirements of this paragraph is qualified as a community development entity.

Sec. 2. 10 MRSA §1100-Z, sub-§3, ¶F, as enacted by PL 2011, c. 380, Pt. Q, §1 and affected by §7, is amended to read:

F. Within 24 months with respect to program 1 tax credit authority and 12 months with respect to program 2 tax credit authority, after receipt of the notice of the allocation of tax credit authority, the qualified community development entity shall issue the qualified equity investments or long-term debt securities and receive cash in the amount of

the total amount of tax credit authority that the qualified community development entity was allocated. The qualified community development entity shall provide the authority with evidence of the entity's receipt of the cash investment within 10 business days after receipt. If the qualified community development entity does not issue the qualified equity investment or long-term debt security and receive the cash purchase price within 24 months with respect to program 1 tax credit authority and 12 months with respect to program 2 tax credit authority following receipt of the tax credit authority notice for any portion of its allocation, such unused allocation of tax credit authority lapses and the qualified community development entity may not issue the qualified equity investments or long-term debt securities without reapplying to the authority for additional tax credit authority. Any tax credit authority that lapses reverts back to the authority and may be reissued only in accordance with the application process outlined in this section.

**Sec. 3. 10 MRSA §1100-Z, sub-§4**, as amended by PL 2011, c. 548, §5, is repealed and the following enacted in its place:

**4. Limit on amount of tax credits authorized.** Tax credits issued by the authority are limited as provided in this subsection.

A. With respect to program 1 tax credit authority, the maximum aggregate amount of qualified equity investments for which the authority may issue tax credit authority under this section is \$250,000,000; a tax credit claim may not exceed \$20,000,000 in any one state fiscal year over the 7 years of the tax credit allowance dates as described in Title 36, section 5219-HH, subsection 1, paragraph A.

B. With respect to program 2 tax credit authority, the maximum aggregate amount of qualified equity investments for which the authority may issue tax credit authority under this section is \$250,000,000; a tax credit claim may not exceed \$20,000,000 in any one state fiscal year over the 7 years of the tax credit allowance dates as described in Title 36, section 5219-HH, subsection 1, paragraph A.

**Sec. 4. 10 MRSA §1100-Z, sub-§6**, as enacted by PL 2011, c. 380, Pt. Q, §1 and affected by §7, is amended to read:

**6. Report.** The authority shall report no later than January 1, ~~2015~~ 2030 with respect to program 2 tax credit authority to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the joint standing committee of the Legislature having jurisdiction over taxation matters on the activities of the program, including, but not limited to, the amount of private investment received and the total number of jobs created or retained.

The report must include for the report period the number of employees in the State, the payroll for those employees and the annual spending on goods and services in the State for each ultimate recipient of the qualified equity investment.

**Sec. 5. 10 MRSA §1100-Z, sub-§7**, as enacted by PL 2011, c. 380, Pt. Q, §1 and affected by §7, is amended to read:

**7. Rules.** By December 30, 2011, the authority shall adopt rules necessary to implement this section. By December 31, 2025, the authority shall adopt rules necessary to implement this section with respect to program 2 tax credit authority. Rules adopted pursuant to this subsection are routine technical rules under Title 5, chapter 375, subchapter 2-A.

**Sec. 6. 36 MRSA §5219-HH, sub-§1, ¶E-1** is enacted to read:

E-1. "Program 1 tax credit authority" means tax credit authority allocated by the authority before January 1, 2026.

**Sec. 7. 36 MRSA §5219-HH, sub-§1, ¶E-2** is enacted to read:

E-2. "Program 2 tax credit authority" means tax credit authority allocated by the authority on or after January 1, 2026.

**Sec. 8. 36 MRSA §5219-HH, sub-§1, ¶H**, as enacted by PL 2011, c. 548, §33 and affected by §35, is repealed and the following enacted in its place:

H. "Qualified community development entity" means an entity that:

- (1) Is a Maine fund, as defined in Title 10, section 1100-Z, subsection 3, paragraph B-1; or
- (2) If not a Maine fund, is a qualified community development entity as defined in the Code, Section 45D(c), except that the entity must have entered into an allocation agreement with the Community Development Financial Institutions Fund of the United States Department of the Treasury with respect to credits authorized by the Code, Section 45D.

**Sec. 9. 36 MRSA §5219-HH, sub-§1, ¶I**, as enacted by PL 2011, c. 548, §33 and affected by §35, is amended by amending subparagraph (1) to read:

- (1) Has at least 85% of its cash purchase price used by the issuer to make qualified low-income community investments in qualified active low-income community businesses located in the State by the 2nd anniversary of the initial credit allowance date for program 1 tax credit authority and the first anniversary of the initial credit allowance date for program 2 tax credit authority;

**Sec. 10. 36 MRSA §5219-HH, sub-§7, ¶C,** as enacted by PL 2011, c. 548, §33 and affected by §35, is amended to read:

C. The qualified community development entity fails to invest at least 85% of the purchase price of the qualified equity investment in qualified low-income community investments in qualified active low-income community businesses located in the State within 24 months of the issuance of the qualified equity investment with respect to program 1 tax credit authority and within 12 months of the issuance of the qualified equity investment with respect to program 2 tax credit authority and maintain this level of investment in qualified low-income community investments in qualified active low-income community businesses located in the State until the last credit allowance date for the qualified equity investment. For purposes of calculating the amount of qualified low-income community investments held by a qualified community development entity, an investment is considered held by the qualified community development entity even if the investment has been sold or repaid as long as the qualified community development entity reinvests an amount equal to the capital returned to or recovered from the original investment, exclusive of any profits realized, in another qualified active low-income community business in this State within 12 months of the receipt of the capital. A qualified community development entity may not be required to reinvest capital returned from qualified low-income community investments after the 6th anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment is considered to be held by the issuer through the qualified equity investment's final credit allowance date.

**CHAPTER 498**

**S.P. 516 - L.D. 1287**

**An Act to Support Workforce Development by Establishing the Housing Stability Fund**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 30-A MRSA c. 201, sub-c. 3-D** is enacted to read:

**SUBCHAPTER 3-D**

**HOUSING STABILITY SUPPORT**

**§4768. Housing Stability Support Program**

The Housing Stability Support Program, referred to in this subchapter as "the program," is established within the Maine State Housing Authority.

**1. Program.** The program provides assistance to prevent eviction of renters with household incomes of less than 30% of the median income for the area as defined by the United States Department of Housing and Urban Development under the United States Housing Act of 1937, Public Law 75-412, 50 Stat. 888, Section 8, as amended.

**2. Administration.** The Maine State Housing Authority shall delegate administration of the program and provide appropriate funding to one or more of the following: a designated community action agency as described by Title 22, section 5324; a municipal housing authority; or any other qualified entity as determined by the Maine State Housing Authority, including but not limited to a community-based organization. An entity delegated to administer the program must demonstrate experience as an administrator of similar programs and have the ability to provide job-seeking assistance to renters who benefit from the program. An entity delegated to administer the program shall develop a method of verifying a person's eligibility for rental assistance every 6 months after initial approval. An entity delegated to administer the program shall limit administrative costs to 10% or less of an allocation received from the fund and keep the total cost of program delivery and administrative costs to 25% or less of an allocation received from the fund.

**3. Program delivery and operations.** The program must include funding and capacity for adequate staffing to support program delivery and operations, facilitate wraparound and navigation services and provide essential stability and case management critical to the success of program participants. An entity delegated to administer the program must be capable of serving a diverse population, including persons with limited proficiency in the English language and from a wide range of cultural backgrounds, and must possess demonstrated experience administering similar programs, including supplemental rental assistance and housing navigation programs. Staff members must substantially participate in ensuring equitable access and program compliance and in connecting renters with broader supports that promote long-term housing stability and workforce participation.

**4. Form and amount of assistance.** Assistance provided under the program is limited to \$3,000 per household per calendar year. Assistance must be paid directly to the program participant's landlord in an amount not to exceed \$300 per month, except when the assistance payment is for a security deposit required for a new lease or rental agreement.

**5. Eligibility.** A person eligible for assistance under the program must:

A. At the time of application, earn less than 30% of the median income for the area as defined by the United States Department of Housing and Urban Development under the United States Housing Act of 1937, Public Law 75-412, 50 Stat. 888, Section 8, as amended;

B. At the time of application, not be using a federal housing voucher to pay rent or live in a subsidized housing unit;

C. Provide proof of a current landlord-tenant relationship, such as a lease or other documentation sufficient to demonstrate a landlord-tenant relationship, to an entity delegated to administer the program; and

D. Have a rental payment within the standard rental payment amount as determined by the housing authority of jurisdiction.

**§4769. Housing Stability Fund**

**1. Establishment.** The Housing Stability Fund, referred to in this subchapter as "the fund," is established within the Maine State Housing Authority for the purpose of supporting the program.

**2. Sources of fund.** The fund may receive money from any available state, federal or private source. The fund may not lapse but must be carried forward to carry out the purposes of this subchapter.

**Sec. 2. 36 MRSA §4641-B, sub-§3,** as enacted by PL 2001, c. 559, Pt. I, §4 and affected by §15, is amended to read:

**3. Disposition of funds.** Each register of deeds shall, on or before the 10th day of each month, pay over to the State Tax Assessor 90% of the tax collected pursuant to this section during the previous month. The remaining 10% must be retained for the county by the register of deeds and accounted for to the county treasurer as reimbursement for services rendered by the county in collecting the tax, except that, for fiscal years 2025-26 and 2026-27, each register of deeds shall, on or before the 10th day of each month, pay over to the State Tax Assessor 90.8% of the tax collected pursuant to this section during the previous month. The remaining 9.2% must be retained for the county by the register of deeds and accounted for to the county treasurer as reimbursement for services rendered by the county in collecting the tax. If the tax collected is not paid over by the 10th day of the month, the State Tax Assessor may impose interest pursuant to section 186.

**Sec. 3. Appropriations and allocations.** The following appropriations and allocations are made.

CHAPTER 1  
H.P. 79 - L.D. 114

**An Act to Amend the Charter  
of the Lewiston-Auburn Water  
Pollution Control Authority**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. P&SL 1967, c. 92, §1**, as amended by P&SL 2023, c. 3, §1, is further amended to read:

**Sec. 1. Incorporation and purposes.** There is hereby created a nonprofit body corporate and politic to be known as The Lewiston-Auburn Water Pollution Control Authority, hereinafter called "the authority." The authority may also operate under the assumed name of The Lewiston Auburn Clean Water Authority. The purposes of the authority are to operate, maintain and improve a sewage treatment plant or plants and other facilities necessarily incident thereto and to receive and treat and dispose of the wastewaters discharged by the sewage systems of the City of Lewiston and the Auburn Sewerage District. The authority has all such powers, rights, privileges and immunities as may be necessary for the accomplishment of the aforesaid purposes, whether or not such powers are hereinafter specifically given.

**Sec. 2. P&SL 1967, c. 92, §14, first ¶**, as amended by P&SL 2015, c. 8, §1, is further amended to read:

**Sec. 14. ~~Lewiston-Auburn Water Pollution Control Board of the authority.~~** The authority is under the management and direction of a board of directors, which is known as the Lewiston-Auburn Water Pollution Control Board, ~~also referred to as hereinafter called "the board" or "the board of the authority."~~ The board consists of 7 members. The director of the Lewiston Department of Public Works, the City Administrator or acting City Administrator of the City of Lewiston or another employee of the City of Lewiston designated by the City Administrator, the superintendent and the president of the Auburn Sewerage District and the City Manager or acting City Manager of the City of Auburn or another employee of the City of Auburn designated by the City Manager are members of the board by virtue of their respective offices. If the president of the Auburn Sewerage District Trustees declines to serve or resigns as a member of the board of the authority, the president shall select, subject to confirmation by the Auburn Sewerage District Trustees, another trustee or resident of

Auburn to serve for the remainder of the term. Notice of the appointment must be given in writing by the clerk of the Auburn Sewerage District to the board of the authority. The Mayor of Lewiston shall appoint, subject to confirmation of the city council, a qualified voter of the City of Lewiston to serve for a 2-year term on the board of the authority and thereafter until a successor takes office. In the event that either the Lewiston resident so selected or the appointee of the president of the Auburn Sewerage District ceases to be a resident of that person's respective city, or dies, becomes incapacitated, or otherwise ceases to be a member of the Auburn Sewerage District Trustees, or if the president of the Auburn Sewerage District dies or becomes incapacitated while serving on the board of the authority, a successor must be elected to serve out the remainder of the term by the Mayor and City Council of Lewiston or the Auburn Sewerage District Trustees, as the case may be.

**Sec. 3. P&SL 1967, c. 92, §17, last ¶**, as enacted by P&SL 1993, c. 28, §5, is amended to read:

Notwithstanding other civil or criminal penalties provided by and imposed under federal or state law, except penalties sought by the authority pursuant to Title 38, section ~~1252 1046~~, subsection ~~¶ 1~~, the ~~Lewiston-Auburn Water Pollution Control Board~~ board may assess administrative penalties of not more than \$1,000 per day for each violation by an industrial user of any pretreatment standard or requirement administered by the authority. In assessing any penalties under this paragraph, the board must conduct its proceedings in accordance with the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter ~~IV 4~~. A person aggrieved by any action by the board under this paragraph is entitled to judicial review in the Superior Court in the manner provided in Title 5, chapter 375, subchapter ~~VH 7~~. The authority may by rule provide for assessment and collection of the administrative penalties as well as procedures for notification to industrial users of the penalties and enforcement of the administrative penalties ~~provided that as long as~~ these rules are in accordance with the Maine Administrative Procedure Act as specified in this paragraph. The authority may not seek civil monetary penalties under Title 38, section ~~1252 1046~~, subsection ~~¶ 1~~ if the board has assessed administrative penalties under this section. Nothing in this paragraph prohibits the authority from seeking injunctive relief pursuant to Title 38, section ~~1252 1046~~, subsection ~~¶ 1~~ in addition to administrative penalties imposed pursuant to this paragraph.

CHAPTER 2  
H.P. 193 - L.D. 293

An Act to Increase the Debt  
Limit of the Boothbay Region  
Water District

Be it enacted by the People of the State of Maine as follows:

Sec. 1. P&SL 2001, c. 15, §6 is amended to read:

Sec. 6. **Borrowing.** Notwithstanding the Maine Revised Statutes, Title 35-A, section 6412, subsections 1 and 2 and section 6413, the district, in order to accomplish the purpose of this Act, by vote of its board of trustees and without district vote, is authorized to borrow money, including temporary borrowing, for the purposes of acquisition and renovation of the Boothbay Harbor Water System and the East Boothbay Water District system, of renewing and refunding the indebtedness of water-related notes or bonds of the Town of Boothbay Harbor and the East Boothbay Water District, of paying necessary expenses and liabilities incurred under this Act, and of acquiring properties; paying damages; laying pipes, mains, sewers, drains and conduits; purchasing, constructing, maintaining and operating a water system; and making renewals, additions, extensions and improvements to that system, and is authorized to issue, from time to time, bonds, notes or other evidences of indebtedness of the district in such amount or amounts, bearing interest at such rate or rates and having such terms and provisions as the trustees determine. In the case of a vote by the trustees after acquisition and renovation of the Boothbay Harbor Water System and the East Boothbay Water District system to authorize bonds or notes to pay for the acquisition of property, the cost of a water system or part of a water system, renewals or additions or for other improvements in the nature of capital costs, the estimated cost of which singly or in the aggregate included in any one financing is \$500,000 or more, but not for renewing or refunding existing indebtedness or to pay for maintenance, repairs or current expenses, notice of the proposed debt and of the general purpose or purposes for which it was authorized must be given by the district by publication at least once in a newspaper having a general circulation in the towns of Boothbay Harbor and Boothbay. The total indebtedness outstanding of the district may not exceed the sum of ~~\$12,000,000~~ \$19,000,000 at any one time or such other amount as may be established pursuant to this section.

Notwithstanding the limitation on total indebtedness established in this section, the trustees of the district may propose a different debt limit and submit that debt limit for districtwide approval in a referendum held in accordance with this section. The referendum must be called, advertised and conducted according to the

law relating to municipal elections, except that the registrar of voters is not required to prepare nor the clerk to post a new list of voters. For the purpose of registering voters, the registrar of voters must be in session on the regular workday preceding the election. The question presented must conform to the following form:

"Do you favor changing the debt limit of the Boothbay Region Water District from (insert current debt limit) to (insert proposed debt limit)?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion on the question.

The results must be declared by the trustees and entered upon the district's records. Due certificate of the results must be filed by the clerk with the Secretary of State.

A debt limit proposal becomes effective upon its acceptance by a majority of the legal voters within the district voting at the referendum. Failure of approval by the majority of voters voting at the referendum does not prevent subsequent referenda from being held for the same purpose. The costs of referenda are borne by the district.

The total indebtedness of the district at any one time outstanding may not exceed the sum approved by referendum.

See title page for effective date.

CHAPTER 3  
S.P. 293 - L.D. 678

An Act to Provide for the 2025  
and 2026 Allocations of the  
State Ceiling on Private  
Activity Bonds

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the Maine Revised Statutes, Title 10, section 363 and Private and Special Law 2023, chapter 18 make a partial allocation of the state ceiling on private activity bonds to some issuers for calendar year 2025 but leave a portion of the state ceiling unallocated and do not provide sufficient allocations for certain types of private activity bonds that may require an allocation prior to the effective date of this Act if it is not enacted on an emergency basis; and

**Whereas,** if these bond issues must be delayed due to the lack of available state ceiling, the rates and terms under which these bonds may be issued may be

adversely affected, resulting in increased costs to beneficiaries or even unavailability of financing for certain projects; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. Allocation to Treasurer of State.** The \$5,000,000 of the state ceiling on private activity bonds for calendar year 2025 previously allocated to the Treasurer of State remains allocated to the Treasurer of State to be used or reallocated in accordance with the Maine Revised Statutes, Title 10, section 363, subsection 5 for calendar year 2025. Five million dollars of the state ceiling for calendar year 2026 is allocated to the Treasurer of State to be used or reallocated in accordance with Title 10, section 363, subsection 5.

**Sec. 2. Allocation to Finance Authority of Maine, including as successor to Maine Educational Loan Authority.** The \$195,000,000 of the state ceiling on private activity bonds for calendar year 2025 previously allocated to the Finance Authority of Maine, including as successor to the Maine Educational Loan Authority, remains allocated to the Finance Authority of Maine to be used or reallocated in accordance with the Maine Revised Statutes, Title 10, section 363, subsections 6 and 8 for calendar year 2025. An additional \$75,000,000 of the state ceiling on private activity bonds for calendar year 2025 previously unallocated is allocated to the Finance Authority of Maine to be used or reallocated in accordance with Title 10, section 363, subsections 6 and 8 for calendar year 2025. Two hundred thirty-five million dollars of the state ceiling for calendar year 2026 is allocated to the Finance Authority of Maine to be used or reallocated in accordance with Title 10, section 363, subsections 6 and 8.

**Sec. 3. Allocation to Maine Municipal Bond Bank.** The \$10,000,000 of the state ceiling on private activity bonds for calendar year 2025 previously allocated to the Maine Municipal Bond Bank remains allocated to the Maine Municipal Bond Bank to be used or reallocated in accordance with the Maine Revised Statutes, Title 10, section 363, subsection 7 for calendar year 2025. Ten million dollars of the state ceiling for calendar year 2026 is allocated to the Maine Municipal Bond Bank to be used or reallocated in accordance with Title 10, section 363, subsection 7.

**Sec. 4. Allocation to Maine State Housing Authority.** The \$100,000,000 of the state ceiling on private activity bonds for calendar year 2025 previously allocated to the Maine State Housing Authority remains allocated to the Maine State Housing Authority to be

used or reallocated in accordance with the Maine Revised Statutes, Title 10, section 363, subsection 4 for calendar year 2025. One hundred million dollars of the state ceiling for calendar year 2026 is allocated to the Maine State Housing Authority to be used or reallocated in accordance with Title 10, section 363, subsection 4.

**Sec. 5. Unallocated state ceiling.** Three million seven hundred eighty thousand dollars of the state ceiling on private activity bonds for calendar year 2025 is unallocated and must be reserved for future allocation in accordance with applicable laws. Thirty-eight million seven hundred eighty thousand dollars of the state ceiling for calendar year 2026 is unallocated and must be reserved for future allocation in accordance with applicable laws.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective April 25, 2025.

**An Act to Validate Certain Referendum Proceedings Conducted by the City of South Portland**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the City of South Portland is authorized pursuant to state law and its charter to borrow money and to issue its general obligation bonds and notes in furtherance of its municipal purposes; and

**Whereas,** at a city referendum held November 5, 2024, the voters of the city ratified and approved 2 bond ordinances, the first for \$1,000,000 for school maintenance and improvements and the second for \$3,000,000 for school safety improvements, all as described in the bond ordinances submitted to a referendum vote; and

**Whereas,** at the same city referendum held November 5, 2024, the voters of the city ratified and approved a charter amendment regarding the disposition of certain city-owned property; and

**Whereas,** each bond ordinance was approved by the voters of the city as follows: Question 1, school maintenance and improvements: 11,165 in favor and 3,431 against, with 608 blank ballots; and Question 2,

school safety improvements: 10,584 in favor and 4,002 against, with 624 blank ballots; and

**Whereas**, the charter amendment was approved by the voters of the city as follows: 11,807 in favor and 2,370 against, with 801 blank ballots; and

**Whereas**, the Maine Revised Statutes, Title 30-A, section 5772, subsection 2-A requires that any question submitted to the electors for ratification of a general obligation bond be accompanied by a statement signed by the treasurer of the municipality setting forth certain information about the municipality's outstanding and unpaid bonds, its authorized and unissued bonds and the total principal amount and the interest cost of the proposed bonds that are the subject of the referendum vote; and

**Whereas**, Title 21-A, section 622-A requires that the notice of election contain the referendum questions for that election; and

**Whereas**, due to inadvertent oversight, although the 2 bond ordinances submitted to the voters were accompanied by a statement setting forth the required information about the city's bonded debt, the statement was not signed by the treasurer of the city as required by Title 30-A, section 5772, subsection 2-A; and

**Whereas**, prior to the referendum, the South Portland city council held a first reading, a public hearing and a second reading on the 2 bond ordinances, a summary of the 2 bond ordinances was posted in the city hall 7 days prior to the public hearing, the South Portland school department held a public hearing on the 2 bond ordinances, the municipal clerk posted the bond ordinances and the specimen ballots setting forth the referendum questions on the bond ordinances in public and conspicuous places in each voting district in the city at least 7 days prior to the referendum, and posted this information at each voting place on election day, and the municipal clerk published a summary of the 2 bond ordinances in the Portland Press Herald not less than 10 days nor more than 15 days prior to the referendum; and

**Whereas**, the failure to include the signed statement required by Title 30-A, section 5772, subsection 2-A and the failure to include the 2 bond ordinance questions in the notice of election create a legal technicality that could affect the marketability of the bonds or notes to be issued by the city in connection with the projects; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. Validation and authorization.** Notwithstanding any provision of the Maine Revised Statutes or the charter of the City of South Portland to the contrary, the City of South Portland referendum conducted on November 5, 2024 with respect to the 2 bond ordinance questions and the charter amendment question and the proceedings related to that referendum are validated and made effective. The City of South Portland is authorized to enter into contracts and to issue bonds or notes of the city in an amount not to exceed \$1,000,000 to finance school maintenance and improvements and \$3,000,000 to finance school safety improvements, all as set forth in the respective bond ordinances. The City of South Portland's charter is amended to reflect the approved changes as set forth in the charter amendment question.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective June 9, 2025.

**An Act to Allow Matinicus Isle Plantation to Issue a Revenue Bond for Urgently Needed Repairs to the Plantation's Electric Power Generating Facility**

**Emergency preamble.** **Whereas**, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas**, this legislation must take effect before the end of the 90-day period so that Matinicus Isle Plantation can replace an essential part of its electric power generating facility before it fails; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. P&SL 1975, c. 25, §4** is amended to read:

**Sec. 4.** The plantation is also authorized to issue general obligation bonds, not to exceed the general law, to pay the cost of the acquisition, construction, ~~re-~~reconstruction, improvement, extension and enlargement of, and equipment for, the electric power generating facility. ~~Schedules for the payment of~~

~~the principal and interest on the bonds shall be established in conformance with the rules and regulations of the Public Utilities Commission.~~

**Sec. 2.** P&SL 1975, c. 25, §5 is amended to read:

**Sec. 5.** The plantation is also authorized, after it has issued general obligation bonds for the electric power generating facility, to raise by taxation and appropriate a sum ~~not to exceed 50% of~~ sufficient to pay the cost of the principal and interest payments on the general obligation bonds in any year ~~and 50% of the current operating costs for that year.~~

**Sec. 3.** P&SL 1975, c. 25, §6 is amended to read:

**Sec. 6.** The municipal officers are authorized to issue revenue bonds and to fix by regulation and revise from time to time and to collect rates, fees and other charges for the use of or for the services and facilities furnished or to be furnished by the electric power generating facility; and they are further authorized to appoint a person to collect the rates, fees and other charges, who may be required by the municipal officers to be bonded according to Title 30-A, section 5601, before assuming the duties of collection.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

**CHAPTER 8  
H.P. 1165 - L.D. 1747**

**An Act to Repeal and Replace  
the Charter of the Yarmouth  
Water District**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1.** P&SL 1923, c. 72, as amended by P&SL 2011, c. 8, §§1 and 2, is repealed and the following enacted in its place:

**Sec. 1. Territorial limits, corporate name and purposes.** This Act may be known and cited as "the Charter of the Yarmouth Water District." The territory and the people constituting the Town of Yarmouth and the Town of North Yarmouth in the County of Cumberland and State of Maine constitute a body politic and corporate under the name of the Yarmouth Water District, referred to in this Act as "the district," subject to adoption by the people in the territory as provided in this Act. The purpose of the district is to supply the inhabitants of the district with potable water for domestic, agricultural, commercial, industrial, sanitary and municipal purposes and to protect the watershed of

the district's water supply for the benefit of the inhabitants within the district.

**Sec. 2. Source of supply; authorized to erect dams, lay pipes, provide power and communications, etc.; may hold or purchase real estate; contracts.** For any of the purposes set forth in this Act, or for the preservation and potability of its water, the district is authorized to take and use water from the Royal River; from any spring, pond, brook, aquifer or other source of water in the Town of Yarmouth and the Town of New Gloucester, except that the use of any source of water in the Town of New Gloucester by the district is allowed only after approval by a joint body of an equal number of representatives from both the district's board of trustees and the municipal officers of the Town of New Gloucester; or from any spring, brook, pond or aquifer or other source of water in the Town of North Yarmouth or the Town of Cumberland and to purchase water from any other water district or company. The district is authorized to conduct and distribute water through the Town of Cumberland and to conduct and distribute water into and through the Town of Yarmouth and the Town of North Yarmouth; to survey for, locate, construct, lay, erect and maintain suitable dams, wells, reservoirs, pumping stations, treatment plants and machinery, pipes, mains, aqueducts, conduits, communications, cables, wires and other necessary structures, equipment, fixtures and appurtenances; and to carry its pipes or aqueducts under, in and over the Royal River or under, in, along, over or through any water course or body of water, bridge, street, railroad, highway or other way. The district is authorized to enter upon and excavate any street, highway or other way, in such manner as to least disturb that way, and shall leave those ways in as safe and passable condition as before the excavation; to enter, pass over and excavate any lands and to take and hold by purchase or otherwise any real estate, personal property and rights-of-way or of water; and in general to do any acts necessary, convenient or proper for carrying out any of the purposes specified in this section. The district is further authorized, for the purpose of making all needed repairs or extensions or service connections, to lay its pipes through any public or private lands or ways, with the right to enter upon the same or dig therein and to communicate with any structure and equipment. The district may not render service in territory served or authorized to be served by any other water utility unless consent to such service is first obtained from the Public Utilities Commission. The district may supply water to any other water utility for resale or any other lawful purposes. The district may contract to accomplish anything described in this section. The district, through its trustees, in order to carry out the purposes of its incorporation, may contract with persons, districts, municipalities, utilities, corporations or other lawful entities. All incidental powers, rights and privileges necessary to the accomplishment of the objectives set forth in this Act are granted to the district, including without limitation the

right to receive grants or other aid from state and federal agencies for any purpose set forth in this Act.

**Sec. 3. Right of eminent domain conferred.**

For effecting and carrying out the purposes of its incorporation, the district is authorized to take and hold as for public uses, by purchase, lease, eminent domain or otherwise, any land or interest therein or water rights necessary for erecting and maintaining dams, plants and works; for flowage, power, pumping and supplying its water supply through its mains; for reservoirs and standpipes; for preserving and protecting the potability of the water and related watershed; for laying and maintaining aqueducts and other structures; for taking, distributing, discharging and disposing of water; and for rights-of-way or roadways to its sources of supply, dams, power stations, reservoirs, mains, aqueducts, structures and lands. It is further authorized to erect, construct and maintain dams, power stations, reservoirs, mains, aqueducts, structures and roadways necessary and convenient for its purposes. Except as otherwise provided by law, the district may not take by right of eminent domain any property or facilities of any other public utility used or acquired for future use in the performance of a public duty.

**Sec. 4. Adjustments of damages.** The district is liable to pay all damages that are sustained by any person or corporation by the taking of any land, water or other property or by excavating through any land for the purpose of laying down pipes and aqueducts or building any reservoir, standpipe or other structure authorized to be built pursuant to this Act and also damages for any injury resulting from those acts. If any person sustaining damages as described in this section and the district cannot mutually agree upon the sum to be paid for those damages, the damages may be ascertained in the same manner and under the same conditions and restrictions and limitations as are by law prescribed in the case of damages by the laying out of highways in the Maine Revised Statutes, Title 23, chapter 3.

**Sec. 5. Title of certain property of Town of Yarmouth and of Town of North Yarmouth vested in district.** The title to the land, plant, property and franchises, rights and privileges, including all lands, waters, water rights, dams, reservoirs, pipes, standpipes, machinery, fixtures, hydrants, tools, apparatus and appliances, bills receivable and accounts receivable owned by the Town of Yarmouth and used or capable of being used for the purpose of maintaining a public water supply, became vested in the Yarmouth Water District and became the property of the district on March 22, 1923, the effective date of Private and Special Law 1923, chapter 72. The district acquired all of the plant, properties, assets, franchises, rights and privileges owned by the North Yarmouth Water District, including, without limitation, all lands, buildings, waters, water rights, springs, wells, reservoirs, tanks, standpipes, mains, pumps, pipes, machinery, fixtures,

hydrants, meters, services, tools, equipment and appliances used and useful or capable in supplying water for domestic, sanitary, commercial, industrial and municipal purposes on August 7, 1990, which is the later of the date of a referendum vote by a majority of the legal voters of North Yarmouth accepting dissolution of the North Yarmouth Water District and the acquisition of its property by the district and the date of a ratification vote by the district's board of trustees, both held in accordance with Private and Special Law 1989, chapter 111.

**Sec. 6. Procedure as to crossing of public utility.** If the district, in constructing, maintaining or replacing any of its facilities, must cross any property of another public utility, the district must obtain the consent of the other public utility and undertake the work in accordance with conditions established by agreement. If, within 30 days after requesting consent, the district fails to reach an agreement with the public utility, the district may petition the Public Utilities Commission to determine the time, place and manner of the crossing. All work done on the property of the public utility must be done under the supervision and to the satisfaction of the public utility or as prescribed by the Public Utilities Commission. All work must be done at the expense of the district.

**Sec. 7. Board of trustees.** All the affairs of the Yarmouth Water District are managed by a board of trustees composed of 5 trustees, 4 of whom are elected by the lawful voters of the district who are qualified to vote at any regular meeting of the Town of Yarmouth and one of whom is elected by the lawful voters of the district who are qualified to vote at any regular meeting of the Town of North Yarmouth. The number of trustees must be adjusted after each federal census is completed and apportioned between the Town of Yarmouth and the Town of North Yarmouth to correspond to the percent of metered services in each town, except that each town must have at least one trustee.

**Sec. 8. Trustees: how elected; terms; vacancies; general powers and duties.** There must be a total of 5 trustees from the Town of Yarmouth and the Town of North Yarmouth, apportioned as provided in section 7, except that those trustees who are serving on the effective date of this Act continue to serve until the expiration of their terms. The trustees shall serve for staggered terms of 3 years.

1. Nominations and elections of trustees are conducted in accordance with the laws relating to municipal elections that apply to secret ballot elections under the Maine Revised Statutes, Title 30-A, section 2528, notwithstanding a town's failure to accept the secret ballot method of voting. When the term of office of a trustee expires, the trustee's successor is elected at large by a plurality vote of the voters of the town represented by that trustee. The election must be called by the trustees of the district in the same manner as town meetings are

called and, for this purpose, the trustees are vested with the powers of municipal officers of towns. A vacancy by death, resignation or removal is filled in the same manner for the unexpired term as set forth above, except that, if the remaining unexpired term is less than 15 months, a successor trustee must be appointed by the municipal officers of the town represented by the vacating trustee.

The trustees shall appoint a registrar of voters for each town in the district, who may also be the registrar of voters for any town within the district, and fix the registrar's salary. It is the registrar's duty to make and keep a complete list of all the registered voters residing in each town in the district. The list prepared by the registrar governs the eligibility of any voter. Voters who are residing outside the territorial limits of the district are not eligible voters, and the registrar of voters shall exclude those voters from the registrar's lists. All warrants issued for elections by the trustees must show that only the voters residing within the territorial limits of either or both the Town of Yarmouth and the Town of North Yarmouth in the district are entitled to vote.

2. When a trustee ceases to be a resident of the town in the district that the trustee was elected to represent, the trustee shall vacate the office of trustee and the vacancy must be filled as provided in this section. Upon election as trustee, that trustee is immediately ineligible to serve in any elected municipal office. All trustees are eligible for reelection or reappointment, but a person holding municipal office is not eligible for election as trustee. For the purposes of this subsection, "a person holding municipal office" means a municipal officer as defined in the Maine Revised Statutes, Title 30-A, section 2001, subsection 10.

3. The trustees shall elect a chair, a treasurer and a clerk together with such other officers and agents as they consider necessary for the proper conduct of their affairs. The trustees may elect an employee of the district to serve as clerk or treasurer, but not as chair. The trustees, from time to time, may choose and employ and fix the compensation of any other necessary officers and agents, who serve at the pleasure of the trustees. The treasurer shall furnish bond in the sum and with sureties approved by the trustees. The district shall pay the cost of the bond.

4. The trustees may adopt and establish bylaws consistent with the laws of this State and necessary for the convenience and the proper management of the affairs of the district and perform other acts within the powers delegated by law to the trustees.

5. The trustees shall determine the times and places of their regular meetings, which must be held within the district, and may have special or emergency meetings at any time as called by the chair or by a majority of the trustees.

6. The trustees must be sworn to the faithful performance of their duties, including the duties of a member who serves as clerk or clerk pro tem. The trustees shall publish an annual report that includes a report of the treasurer.

7. Business of the district must be conducted in accordance with the applicable provisions of the Freedom of Access Act.

8. A quorum of the board of trustees consists of the total number of authorized trustees divided by 2 and, if necessary to obtain a whole number, the resulting number rounded up to the next whole number. All decisions of the board of trustees must be made by a majority of those trustees present and voting at that meeting.

9. The trustees receive such compensation, if any, as the district at any regular or special meeting determines, as long as notice of that purpose is included in the call for the meeting; notwithstanding the Maine Revised Statutes, Title 35-A, section 6401, subsection 2, Title 35-A, section 6410, subsection 7 does not apply to the district's determination of trustee compensation.

10. Persons who were not trustees prior to January 1, 1987 and who are not full-time employees of the district are not eligible to become members of the Maine Public Employees Retirement System as a result of their selection as trustees. For purposes of determining a trustee's eligibility to be a member of the Maine Public Employees Retirement System prior to January 1, 1987, the provisions of the appropriate governing private and special law in effect at the time of the trustee's application for membership controls.

11. The trustees may obtain an office and incur necessary expenses.

12. For a period of 18 months following the conclusion of a trustee's term on the board, the former trustee is not eligible to hold a compensated or appointed position of the district, including the position of general manager.

**Sec. 9. General manager.** The board of trustees shall appoint a general manager, who is responsible for the execution of the orders of the board of trustees and the administration of all district entities, services and functions. The general manager shall present to the board of trustees the full annual district budget for the board's review, oversight and endorsement prior to a public presentation. The general manager's presentation to the board of trustees must include the review of all budgetary requests including personnel compensation and final budgetary determinations and appropriations for all district operations and functions. Notwithstanding section 8, subsection 8, ratification of the budget requires a majority vote of the full board.

**Sec. 10. Contracts of town to be assumed by district; district is quasi-municipal corporation.**

All valid contracts and obligations of the Town of Yarmouth issued for the purpose of supplying the inhabitants of the town with water must be assumed and carried out by the district, and all contracts between the North Yarmouth Water District and any person, firm or corporation relating to supplying water that were in effect on the date of the transfer by the North Yarmouth Water District to the district under Private and Special Law 1989, chapter 111 are assumed and carried out by the district. The district is hereby declared to be a quasi-municipal corporation within the meaning of the Maine Revised Statutes, Title 30-A, section 2351, and the property of the district is exempt from taxation. All incidental powers, rights and privileges necessary for the accomplishment of this section are granted to the district.

**Sec. 11. Authority to borrow money.** For accomplishing the purposes of this Act, the district, through its trustees, without district vote, is authorized to borrow money from time to time, temporarily or for long terms, and to issue for that borrowing the interest-bearing negotiable bonds and notes of the district, maturing serially or otherwise, and to make subsequent renewals of the same in whole or in part to pay necessary expenses and liabilities incurred in accordance with those purposes, including, but not limited to, refunding any bond, note or other debt of the district and for the purpose of establishing a fund or funds for those purposes. For the purpose of obtaining or providing money to pay any necessary expenses and liabilities incurred in the creation of the district, or for a required municipally subsidized expansion, in securing sources of supply and taking water and land, in paying damages, laying pipes, mains, aqueducts and conduits and in constructing, maintaining and operating a water plant or system and making renewals, extensions, additions and improvements to the same, the district through its trustees may from time to time issue negotiable notes and bonds of the district. Notes and bonds under this section must be in an amount necessary in the judgment of the trustees, maturing at one time or in uniform or varying installments, with or without provisions for calling the same for payment before maturity, and in case of such call provisions with or without providing for the payment of a premium not exceeding 5% of the principal upon such call. The notes and bonds are legal obligations of the district, and the notes and bonds are legal investments for savings banks.

**Sec. 12. Payment of rates; purposes for which revenue used; sinking fund.** All individuals, firms and corporations, whether public, private or municipal, shall pay to the treasurer of the district the rates established by the board of trustees for the water service used with respect to their real estate, and the rates must be established in accordance with the Maine Revised Statutes, Title 35-A, chapter 61 and must be uniform within the district. The rates must be established to be sufficient to provide revenue to the district

to carry out the purposes of its incorporation without the need for any financial assistance from either the Town of Yarmouth or the Town of North Yarmouth other than the normal payment of water charges for services rendered, including, but not limited to, the following purposes:

1. To pay the current running expenses for operating and maintaining the water system and provide for such extensions and renewals as may become necessary, except when such extensions have been provided for by an issue of bonds. The trustees may use the revenue from rates to make extensions unless it has done so by an issue of bonds;

2. To provide for payment of interest on the indebtedness of the district; and

3. To provide each year a sum equal to not less than 1% and not more than 4% of the entire indebtedness of the district, which sum must be turned into a sinking fund to provide for the final extinguishment of the funded debt. The money set aside for the sinking fund must be devoted to the retirement of the obligations of the district or invested in such securities as provided for in this Act or otherwise authorized under state law, except that the trustees may, in their discretion and in lieu of the establishment of a sinking fund, issue the bonds of the district so that not less than 1% of the amount of the bonds so issued matures and is retired each year.

If any surplus remains at the end of the year, it may be turned into the sinking fund.

The district may lien real estate, foreclose and collect unpaid rates in accordance with Title 35-A, chapter 61.

**Sec. 2. Existing rights not affected; rights conferred subject to Maine Revised Statutes.**

Nothing in this Act is intended to affect any rights under existing law; however, upon approval by the voters of the district at a referendum as provided in section 3 of this Act, section 1 of this Act repeals and replaces Private and Special Law 1923, chapter 72, as amended. All the rights and duties under this Act must be exercised and performed in accordance with all the applicable provisions of the Maine Revised Statutes.

**Sec. 3. Referendum; effective date.** This Act takes effect when approved only for the purpose of permitting its submission to the legal voters within the Town of Yarmouth and the Town of North Yarmouth at elections called for that purpose and held within 2 years of the effective date of this Act. The elections must be called, advertised and conducted according to the law relating to municipal elections, including, notwithstanding a municipality's failure to adopt secret ballot voting, the Maine Revised Statutes, Title 30-A, section 2528, and excepting that the registrars of the Town of Yarmouth and the Town of North Yarmouth are not re-

quired to prepare or the clerks to post a new list of voters. For the purpose of registration of voters, the registrars of voters must be in session the secular day preceding the election. The subject matter of this Act is reduced to the following question:

"Do you favor repealing and replacing the Charter of the Yarmouth Water District?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion of the same.

The results must be declared by the municipal officers of the Town of Yarmouth and the Town of North Yarmouth and due certificate of the results filed by the clerks with the Secretary of State.

This Act takes effect for all other purposes immediately upon its approval by a majority of the legal voters voting at each election. Failure to achieve the necessary approval in any referendum does not prohibit subsequent referenda consistent with this section, as long as the referenda are held within 2 years of the effective date of this Act.

Effective pending referendum.

**H.P. 350 - L.D. 531**

**An Act to Establish the Toddy Pond Watershed Management District**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the current owner of the dam on Toddy Pond has petitioned the Department of Environmental Protection for release from ownership of that dam and all property rights necessary to maintain and operate that dam under the Maine Revised Statutes, Title 38, chapter 5, subchapter 1, article 6; and

**Whereas,** pursuant to Title 38, chapter 5, subchapter 1, article 6, a dam owner petitioning for release from ownership is required to consult with the persons listed in Title 38, section 902, subsection 3 to determine if any of those persons wish to assume ownership of the dam; and

**Whereas,** the municipalities in which a dam is located are included in the mandatory consultation procedure under Title 38, section 902, and the consultation period for a municipality is significantly time-limited to 180 days after the date a petition for release from dam

ownership is filed by the dam owner, with the opportunity for one extension of 180 days following that initial period; and

**Whereas,** the watershed management district established in this legislation is designed to assume ownership of the dam on Toddy Pond and to subsequently maintain and operate that dam, including coordinating water level management, on Toddy Pond; and

**Whereas,** the watershed management district must therefore be established prior to the expiration of the statutory period in Title 38, section 902 to effectuate and implement the municipal consultation procedure; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. District established; general provisions.** The Toddy Pond Watershed Management District, referred to in this Act as "the district," is established as a quasi-municipal corporation, incorporated for the purposes described in this Act.

For the purposes of this Act, "participating town" means the Town of Blue Hill, the Town of Orland, the Town of Penobscot or the Town of Surry, except that any town whose legal voters do not approve participation in the district by a majority vote at referendum pursuant to section 8, and any town that has withdrawn from the district pursuant to section 6, may not be considered a participating town for the purposes of this Act.

**1. Tax exemption.** The property, both real and personal, rights and franchises of the district held within the boundaries of the Town of Blue Hill, the Town of Orland, the Town of Penobscot and the Town of Surry are forever exempt from taxation.

**2. Liability.** The district is a governmental entity for the purposes of the Maine Tort Claims Act.

**3. Funding eligibility.** The district qualifies for any grants, loans or other funding in the same manner as a municipality.

**4. Watershed district.** The district is eligible for state agency assistance for watershed districts as provided in the Maine Revised Statutes, Title 38, section 2012.

**5. Fiscal year.** The fiscal year of the district is from July 1st to June 30th of each year.

**Sec. 2. Governance.** The affairs of the district are managed by a board of trustees, referred to in this Act as "the board," made up of a combination of trustees appointed by the municipal officers of the participating

towns and trustees elected by the owners of the waterfront properties abutting Toddy Pond, referred to in this Act as "the waterfront property owners."

**1. Membership.** Except as otherwise provided in this section, the board consists of 9 trustees as follows:

- A. Two trustees appointed by the municipal officers of the Town of Orland;
- B. One trustee appointed by the municipal officers of the Town of Penobscot;
- C. One trustee appointed by the municipal officers of the Town of Surry;
- D. One trustee appointed by the municipal officers of the Town of Blue Hill; and
- E. Four trustees elected by the waterfront property owners as provided in this section.

If the legal voters of any town do not approve participation in the district by a majority vote at referendum pursuant to section 8, the trustees under this section must be adjusted in the same manner as under subsection 7 as if the town was a participating town that had withdrawn from the district in accordance with section 6.

**2. Nominations for election.** Candidates for election by the waterfront property owners must be nominated by a lake or pond association representing at least 20% of the waterfront properties abutting Toddy Pond. If no such association is in existence, the nomination process is as adopted by the board.

**3. Conduct of elections.** Upon the establishment of the district, the trustees appointed by the participating towns shall conduct the initial election of the trustees for the waterfront property owners. The full board shall conduct elections subsequent to the initial election. The election ballot must list the names of each trustee candidate and whether the candidates are seeking a full term or to complete the remaining term for a vacant board seat and must include any write-in candidates. Regardless of the number of actual or beneficial owners of a waterfront property, a duly authorized representative of each waterfront property owner may cast one vote for each open board seat listed on the election ballot. The candidate or, in the event that more than one board seat is listed on the election ballot, candidates who receive the most votes cast must be declared elected.

**4. Staggered terms.** The initial terms of the trustees appointed by the participating towns and the trustees for the waterfront property owners must be staggered, as determined by lot, with as closely as possible equal numbers of trustees serving initial terms of one year, 2 years and 3 years. Subsequently appointed or elected trustees serve 3-year terms.

**5. Vacancies.** In the event a board seat occupied by a trustee appointed by the municipal officers of a participating town under subsection 1 becomes vacant,

the municipal officers of the participating town that made the appointment to that seat may appoint a replacement trustee to complete the term for that seat. In the event a board seat occupied by a trustee elected by the waterfront property owners under this section becomes vacant, a lake or pond association representing the greatest percentage of waterfront properties abutting Toddy Pond may appoint an interim trustee to that seat until a replacement trustee is elected at the next regular annual election of trustees. If the association fails to appoint an interim trustee or if no such association is in existence, the seat remains vacant until the next regular annual election.

**6. Quorum; voting.** A majority of the trustees appointed and elected to the board must be present at a meeting of the board to constitute a quorum. The board may take an action requiring a vote only upon the affirmative vote of:

- A. A majority of the trustees appointed and elected, regardless of the number of trustees present and voting at a meeting; and
- B. At least one trustee appointed by the participating towns and at least one trustee elected by the waterfront property owners.

**7. Effect of withdrawal.** If a participating town withdraws from the district in accordance with section 6, the trustees appointed to represent that town must be removed from the board, and the number of trustees for the waterfront property owners must be reduced as necessary to ensure that, of the total number of trustees remaining, a majority are town-appointed trustees, except that:

- A. The number of trustees for the Town of Orland may not be less than one;
- B. The number of trustees for the waterfront property owners may not be less than 2; and
- C. If all participating towns have withdrawn from the district, the number of trustees for the waterfront property owners must be 3, with any additional board seats for the waterfront property owners to be filled in the same manner as a vacancy for a board seat for the waterfront property owners under subsection 5.

Any required reduction in the number of trustees for the Town of Orland or for the waterfront property owners pursuant to this section must be determined by lot.

**Sec. 3. Powers; responsibilities.** The district may sue; make contracts; apply for and accept grant or loan funds; accept gifts; purchase, lease, devise or otherwise acquire, hold or dispose of real or personal property; disburse money; contract debt; adopt rules; and do such other acts as necessary to carry out the powers and responsibilities described in this section.

**1. Powers.** The district may:

A. Develop operational rules for the management of the district, including developing topic-specific committees with outside experts when necessary;

B. Deliver an annual request to each participating town, subject to voter approval, to fund a portion of the district's operating and other costs;

C. Levy and collect an assessment on the waterfront property owners to fund a portion of the district's operating and other costs and establish a lien on a waterfront property in the event the waterfront property owner does not pay in full the assessed amount by the date the payment is due; and

D. Enter into cooperative agreements with other watershed management districts, municipalities and entities for the purposes of planning, operations and maintenance and watershed improvement and for other purposes determined by the district.

**2. Responsibilities.** The district is responsible for:

A. Acquiring ownership of, owning, maintaining and operating the dam, the land under the dam, the equipment and other personal property necessary to maintain and operate the dam and flowage and access rights associated with the dam on Toddy Pond, including general operations, managing water levels and flow, managing inspections, planning for upgrades or repairs and other dam management activities;

B. Preparing an annual operating and capital budget as described in this Act;

C. Holding at least one public meeting to discuss the district's annual proposed budget as described in this Act, which must be held at least 2 weeks prior to a vote by the legislative body of a participating town on an article requesting the annual municipal contribution;

D. Conducting elections of trustees for the waterfront property owners;

E. Electing trustees as officers of the board;

F. Administering the affairs of the district, including, but not limited to, financial management activities, record keeping, public communications and contract management; and

G. Proactively assessing watershed improvements and developing policies and practices to enhance the Toddy Pond watershed, including seeking funding opportunities for watershed improvements such as fish passage improvements, courtesy boat inspections and water quality and invasive species monitoring activities.

**Sec. 4. Annual operating and capital budget.** The board shall develop an annual operating budget, which must include proposed appropriations

into reserves for any capital expenditure purpose or capital expenditure appropriations as described in this section.

**1. Budget hearing; board approval.** Prior to January 15th of each year and with sufficient time to incorporate any public input, the board shall hold a public budget hearing. At the budget hearing, the board shall explain the proposed budget, and residents of the participating towns and the waterfront property owners must be given an opportunity to be heard. At the budget hearing, only those items concerning the expenses necessary to operate the district, appropriations for a reserve fund and capital expenditure are subject to public input. A proposed annual budget may not be finalized and submitted for appropriation to the participating towns unless approved by the board as follows:

A. A proposed annual budget of less than \$100,000 may be finalized and approved only by the affirmative vote of a majority of the trustees appointed and elected to the board, regardless of the number of trustees present and voting, if at least one such affirmative vote is provided by a trustee appointed by the participating towns under section 2, subsection 1 and at least one such affirmative vote is provided by a trustee elected by the waterfront property owners under section 2; and

B. A proposed annual budget of \$100,000 or more may be finalized and approved only by the affirmative vote of 2/3 of the trustees appointed and elected to the board, regardless of the number of trustees present and voting.

The \$100,000 budget figure in paragraphs A and B must be adjusted annually for cumulative price inflation since December 31, 2024, based on the change in the Consumer Price Index for All Urban Consumers, Annual City Average, for the Northeast Region, as published by the United States Department of Labor, Bureau of Labor Statistics or, if that statistic is no longer published or available, by an alternative measure of price inflation as determined by the board.

The board shall ensure that the final annual budget is finalized for approval no later than January 15th.

**2. Budget approval process.** Upon finalization of the annual budget by the board, each participating town, for consideration at a town meeting, shall incorporate a warrant article as described in this section to allow the voters of the town to approve or reject the budget. During the initial funding period for the district, any requests for appropriation from the district may include only those amounts in excess of the amounts already appropriated by a participating town at the time the district was formed.

The district shall provide information in print or electronic format regarding the annual budget and appropriation request to each participating town prior to and at the town's annual town meeting, which must include the

total amounts proposed by the district for each cost center summary budget category, the amount approved by the board after public input gathered at the budget hearing and a summary of the total authorized expenditures for the district.

The board shall prepare the warrant article for this purpose and shall deliver the article to the municipal clerk of each participating town no later than February 1st of each year. The warrant article must be in substantially the following form:

"Do you favor the town raising and appropriating from property tax \$ (insert amount) to pay the town's municipal contribution to the Toddy Pond Watershed Management District?"

**3. Failure to approve municipal contribution.**

Each participating town's vote on the warrant article determines that town's obligation to pay the municipal contribution for the budgeted fiscal year. If a town fails to appropriate funds for its municipal contribution, the amount not appropriated must be included in the assessment on the waterfront property owners whose property is located in that town.

**Sec. 5. Contributions; assessments.** The annual budget for the district as described in this Act must reflect all expected expenditures and additions to capital reserves, net of any grants, donations, loans or other anticipated sources of funds. To the extent that additional funds are required to balance the budget, referred to in this Act as "the aggregate funds required," the participating towns and the waterfront property owners shall provide funding for the aggregate funds required as follows.

**1. Municipal contributions.** If approved by the voters of the participating towns pursuant to section 4, the participating towns shall provide funding for 50% of the aggregate funds required, which must be determined by the board in the manner described in section 4 and which must be apportioned amongst the participating towns based on the following percentages: Town of Blue Hill, 6%; Town of Orland, 43%; Town of Penobscot, 24%; and Town of Surry, 27%. A participating town's appropriated municipal contribution must be paid to the district prior to August 1st of each year.

**2. Waterfront property owners.** The waterfront property owners shall provide funding for the aggregate funds required that are not provided pursuant to subsection 1, which must be determined by the board as described in section 4. If a participating town, or a town that has not voted to participate in the district or has withdrawn from the district, fails to appropriate funds for its municipal contribution, the amount not appropriated must be included in the assessment on the waterfront property owners whose property is located in that town.

A. Each waterfront property owner shall pay an assessment proportionate to the amount of shoreline frontage along Toddy Pond on that waterfront property owner's lot or parcel. For the purposes of calculating this assessment, the shoreline frontage is the amount used for the purposes of property tax assessment, up to a maximum of 250 feet of shoreline frontage, and a lot or parcel with more than 250 feet of shoreline frontage must be deemed to have only 250 feet of shoreline frontage.

B. The district shall mail an invoice for the assessment amount due to each waterfront property owner on a schedule and with a specified payment due date as determined by the board. Failure to pay the assessment amount by the specified payment due date incurs interest as determined by the board in a manner consistent with the Maine Revised Statutes, Title 36, section 505. The district may place a lien on the lot or parcel of a waterfront property owner that fails to pay the assessment amount by the specified payment due date.

**Sec. 6. Withdrawal; dissolution.** The legislative body of a participating town may by majority vote elect to withdraw from the district, and the board must approve the withdrawal, subject to conditions and requirements reasonably necessary for the continued operation of the district as may be directed by the board. If a participating town fails to appropriate funds for its municipal contribution in accordance with the requirements of this Act for 2 consecutive years, the town is considered to have withdrawn from the district, subject to conditions and requirements reasonably necessary for the continued operation of the district as may be directed by the board. The district may be dissolved upon the disposition of all of its assets and settlement of any liabilities and by an affirmative vote on dissolution by a majority of the trustees of the board.

**Sec. 7. Authorized activities prior to referendum.** Notwithstanding the referendum requirement of section 8, the municipal officers of the Town of Blue Hill, the Town of Orland, the Town of Penobscot and the Town of Surry shall prepare an estimated budget for the district for its first year of operation and shall determine the aggregate funds required for that year. The municipal officers of the Town of Blue Hill, the Town of Orland, the Town of Penobscot and the Town of Surry shall determine the required municipal contributions for each town, which must represent 50% of those aggregate funds required, and which must be apportioned amongst the towns based on the following percentages: Town of Blue Hill, 6%; Town of Orland, 43%; Town of Penobscot, 24%; and Town of Surry, 27%. The municipal contribution amount determined for each town pursuant to this section must be used for the purposes of the referendum required in section 8.

**Sec. 8. Emergency clause; referendum; effective date.** In view of the emergency cited in the

preamble, this Act takes effect when approved only for the purposes of allowing the municipal officers of the Town of Blue Hill, the Town of Orland, the Town of Penobscot and the Town of Surry to prepare an estimated budget and determine the aggregate funds required and required municipal contribution pursuant to section 7 and for permitting the Act's submission to the legal voters of the Town of Blue Hill, the Town of Orland, the Town of Penobscot and the Town of Surry at a referendum called for that purpose and held after June 1, 2025 but within 2 years after the effective date of this Act. Each referendum must be called by the municipal officers of the respective towns and must be held at the regular voting places. The referendum must be called, advertised and conducted according to the law relating to municipal elections. For the purpose of registration of voters, the registrars of voters must be in session the regular workday preceding the referendum. The subject matter of this Act must be reduced to a question in substantially the following form:

"Do you favor the establishment of and the town's participation in the Toddy Pond Watershed Management District and the appropriation of \$ (insert amount) to provide the town's share of the estimated budget for the first year of operation of the Toddy Pond Watershed Management District?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion of the same.

The results must be declared by the municipal officers of the Town of Blue Hill, the Town of Orland, the Town of Penobscot and the Town of Surry and due certificate of the results filed by the clerk with the Secretary of State.

This Act takes effect for all other purposes immediately upon its approval by a majority of the legal voters of one or more of the towns voting at the referendum. A town that fails to achieve the necessary approval in any referendum pursuant to this section may not be considered a participating town for the purposes of this Act but is not prohibited from conducting subsequent referenda consistent with this section as long as the referenda are held within 2 years after the effective date of this Act.

For any period that a town is not considered a participating town for the purposes of this Act as a result of a failure to achieve the necessary approval in any referendum pursuant to this section, the municipal contribution required for that town must be assessed on the waterfront property owners whose property is located in that town in accordance with section 5, subsection 2.

Effective June 18, 2025, pending referendum.

**CHAPTER 10**

**H.P. 348 - L.D. 529**

**An Act to Establish the Alamoosook Lake Watershed Management District**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the current owner of the dam on Alamoosook Lake has petitioned the Department of Environmental Protection for release from ownership of that dam and all property rights necessary to maintain and operate that dam under the Maine Revised Statutes, Title 38, chapter 5, subchapter 1, article 6; and

**Whereas,** pursuant to Title 38, chapter 5, subchapter 1, article 6, a dam owner petitioning for release from ownership is required to consult with the persons listed in Title 38, section 902, subsection 3 to determine if any of those persons wish to assume ownership of the dam; and

**Whereas,** the municipalities in which a dam is located are included in the mandatory consultation procedure under Title 38, section 902, and the consultation period for a municipality is significantly time-limited to 180 days after the date a petition for release from dam ownership is filed by the dam owner, with the opportunity for one extension of 180 days following that initial period; and

**Whereas,** the watershed management district established in this legislation is designed to assume ownership of the dam on Alamoosook Lake and to subsequently maintain and operate that dam, including coordinating water level management, on Alamoosook Lake; and

**Whereas,** the watershed management district must therefore be established prior to the expiration of the statutory period in Title 38, section 902 to effectuate and implement the municipal consultation procedure; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. District established; general provisions.** The Alamoosook Lake Watershed Management District, referred to in this Act as "the district," is established as a quasi-municipal corporation, incorporated for the purposes described in this Act.

**1. Tax exemption.** The property, both real and personal, rights and franchises of the district held within the boundaries of the Town of Orland are forever exempt from taxation.

**2. Liability.** The district is a governmental entity for the purposes of the Maine Tort Claims Act.

**3. Funding eligibility.** The district qualifies for any grants, loans or other funding in the same manner as a municipality.

**4. Watershed district.** The district is eligible for state agency assistance for watershed districts as provided in the Maine Revised Statutes, Title 38, section 2012.

**5. Fiscal year.** The fiscal year of the district is from July 1st to June 30th of each year.

**Sec. 2. Governance.** The affairs of the district are managed by a board of trustees, referred to in this Act as "the board," made up of a combination of trustees appointed by the municipal officers of the Town of Orland and trustees elected by the owners of the waterfront properties abutting Alamoosook Lake, referred to in this Act as "the waterfront property owners."

**1. Membership.** Except as otherwise provided in this section, the board consists of 5 trustees as follows:

- A. Three trustees appointed by the municipal officers of the Town of Orland; and
- B. Two trustees elected by the waterfront property owners as provided in this section.

**2. Nominations for election.** Candidates for election by the waterfront property owners must be nominated by a lake or pond association representing at least 20% of the waterfront properties abutting Alamoosook Lake. If no such association is in existence, the nomination process is as adopted by the board.

**3. Conduct of elections.** Upon the establishment of the district, the trustees appointed by the Town of Orland shall conduct the initial election of the trustees for the waterfront property owners. The full board shall conduct elections subsequent to the initial election. The election ballot must list the names of each trustee candidate and whether the candidates are seeking a full term or to complete the remaining term for a vacant board seat and must include any write-in candidates. Regardless of the number of actual or beneficial owners of a waterfront property, a duly authorized representative of each waterfront property owner may cast one vote for each open board seat listed on the election ballot. The candidate or, in the event that more than one board seat is listed on the election ballot, candidates who receive the most votes cast must be declared elected.

**4. Staggered terms.** The initial terms of the trustees appointed by the Town of Orland and the trustees for the waterfront property owners must be staggered,

as determined by lot, with as closely as possible equal numbers of trustees serving initial terms of one year, 2 years and 3 years. Subsequently appointed or elected trustees serve 3-year terms.

**5. Vacancies.** In the event a board seat occupied by a trustee appointed by the municipal officers of the Town of Orland under subsection 1, paragraph A becomes vacant, the municipal officers of the Town of Orland may appoint a replacement trustee to complete the term for that seat. In the event a board seat occupied by a trustee elected by the waterfront property owners under this section becomes vacant, a lake or pond association representing the greatest percentage of waterfront properties abutting Alamoosook Lake may appoint an interim trustee to that seat until a replacement trustee is elected at the next regular annual election of trustees. If the association fails to appoint an interim trustee or if no such association is in existence, the seat remains vacant until the next regular annual election.

**6. Quorum; voting.** A majority of the trustees appointed and elected to the board must be present at a meeting of the board to constitute a quorum. The board may take an action requiring a vote only upon the affirmative vote of:

- A. A majority of the trustees appointed and elected, regardless of the number of trustees present and voting at a meeting; and
- B. At least one trustee appointed by the Town of Orland and at least one trustee elected by the waterfront property owners.

**7. Effect of withdrawal.** If the Town of Orland withdraws from the district in accordance with section 6, the trustees appointed to represent the Town of Orland must be reduced to one, with that reduction determined by lot, and the number of trustees for the waterfront property owners must be increased to 4, with the additional seats to be filled in the same manner as a vacancy for a board seat for the waterfront property owners under subsection 5.

**Sec. 3. Powers; responsibilities.** The district may sue; make contracts; apply for and accept grant or loan funds; accept gifts; purchase, lease, devise or otherwise acquire, hold or dispose of real or personal property; disburse money; contract debt; adopt rules; and do such other acts as necessary to carry out the powers and responsibilities described in this section.

**1. Powers.** The district may:

- A. Develop operational rules for the management of the district, including developing topic-specific committees with outside experts when necessary;
- B. Deliver an annual request to the Town of Orland, subject to voter approval, to fund a portion of the district's operating and other costs;

C. Levy and collect an assessment on the waterfront property owners to fund a portion of the district's operating and other costs and establish a lien on a waterfront property in the event the waterfront property owner does not pay in full the assessed amount by the date the payment is due; and

D. Enter into cooperative agreements with other watershed management districts, municipalities and entities for the purposes of planning, operations and maintenance and watershed improvement and for other purposes determined by the district.

**2. Responsibilities.** The district is responsible for:

A. Acquiring ownership of, owning, maintaining and operating the dam, the land under the dam, the equipment and other personal property necessary to maintain and operate the dam and flowage and access rights associated with the dam on Alamoosook Lake, including general operations, managing water levels and flow, managing inspections, planning for upgrades or repairs and other dam management activities;

B. Preparing an annual operating and capital budget as described in this Act;

C. Holding at least one public meeting to discuss the district's annual proposed budget as described in this Act, which must be held at least 2 weeks prior to a vote by the legislative body of the Town of Orland on an article requesting the annual municipal contribution;

D. Conducting elections of trustees for the waterfront property owners;

E. Electing trustees as officers of the board;

F. Administering the affairs of the district, including, but not limited to, financial management activities, record keeping, public communications and contract management; and

G. Proactively assessing watershed improvements and developing policies and practices to enhance the Alamoosook Lake watershed, including seeking funding opportunities for watershed improvements such as fish passage improvements, courtesy boat inspections and water quality and invasive species monitoring activities.

**Sec. 4. Annual operating and capital budget.** The board shall develop an annual operating budget, which must include proposed appropriations into reserves for any capital expenditure purpose or capital expenditure appropriations as described in this section.

**1. Budget hearing; board approval.** Prior to January 15th of each year and with sufficient time to incorporate any public input, the board shall hold a public budget hearing. At the budget hearing, the board shall explain the proposed budget, and residents of the Town

of Orland and the waterfront property owners must be given an opportunity to be heard. At the budget hearing, only those items concerning the expenses necessary to operate the district, appropriations for a reserve fund and capital expenditure are subject to public input. A proposed annual budget may not be finalized and submitted for appropriation to the Town of Orland unless approved by the board as follows:

A. A proposed annual budget of less than \$100,000 may be finalized and approved only by the affirmative vote of a majority of the trustees appointed and elected to the board, regardless of the number of trustees present and voting, if at least one such affirmative vote is provided by a trustee appointed by the Town of Orland under section 2, subsection 1, paragraph A and at least one such affirmative vote is provided by a trustee elected by the waterfront property owners under section 2; and

B. A proposed annual budget of \$100,000 or more may be finalized and approved only by the affirmative vote of 2/3 of the trustees appointed and elected to the board, regardless of the number of trustees present and voting.

The \$100,000 budget figure in paragraphs A and B must be adjusted annually for cumulative price inflation since December 31, 2024, based on the change in the Consumer Price Index for All Urban Consumers, Annual City Average, for the Northeast Region, as published by the United States Department of Labor, Bureau of Labor Statistics or, if that statistic is no longer published or available, by an alternative measure of price inflation as determined by the board.

The board shall ensure that the final annual budget is finalized for approval no later than January 15th.

**2. Budget approval process.** Upon finalization of the annual budget by the board, the Town of Orland, for consideration at a town meeting, shall incorporate a warrant article as described in this section to allow the voters of the town to approve or reject the budget. During the initial funding period for the district, any requests for appropriation from the district may include only those amounts in excess of the amounts already appropriated by the Town of Orland at the time the district was formed.

The district shall provide information in print or electronic format regarding the annual budget and appropriation request to the Town of Orland prior to and at the town's annual town meeting, which must include the total amounts proposed by the district for each cost center summary budget category, the amount approved by the board after public input gathered at the budget hearing and a summary of the total authorized expenditures for the district.

The board shall prepare the warrant article for this purpose and shall deliver the article to the municipal clerk of the Town of Orland no later than February 1st of each

year. The warrant article must be in substantially the following form:

"Do you favor the Town of Orland raising and appropriating from property tax \$ (insert amount) to pay the Town of Orland's municipal contribution to the Alamoosook Lake Watershed Management District?"

**3. Failure to approve municipal contribution.** The Town of Orland's vote on the warrant article determines its obligation to pay the municipal contribution for the budgeted fiscal year. If the Town of Orland fails to appropriate funds for its municipal contribution, the amount not appropriated must be included in the assessment on the waterfront property owners.

**Sec. 5. Contributions; assessments.** The annual budget for the district as described in this Act must reflect all expected expenditures and additions to capital reserves, net of any grants, donations, loans or other anticipated sources of funds. To the extent that additional funds are required to balance the budget, referred to in this Act as "the aggregate funds required," the Town of Orland and the waterfront property owners shall provide funding for the aggregate funds required as follows.

**1. Municipal contributions.** If approved by the voters of the Town of Orland pursuant to section 4, the Town of Orland shall provide funding for 50% of the aggregate funds required, which must be determined by the board in the manner described in section 4. The Town of Orland's appropriated municipal contribution must be paid to the district prior to August 1st of each year.

**2. Waterfront property owners.** The waterfront property owners shall provide funding for the aggregate funds required that are not provided pursuant to subsection 1, which must be determined by the board as described in section 4. If the Town of Orland fails to appropriate funds for its municipal contribution, the amount not appropriated must be included in the assessment on the waterfront property owners.

A. Each waterfront property owner shall pay an assessment proportionate to the amount of shoreline frontage along Alamoosook Lake on that waterfront property owner's lot or parcel. For the purposes of calculating this assessment, the shoreline frontage is the amount used for the purposes of property tax assessment, up to a maximum of 300 feet of shoreline frontage, and a lot or parcel with more than 300 feet of shoreline frontage must be deemed to have only 300 feet of shoreline frontage.

B. The district shall mail an invoice for the assessment amount due to each waterfront property owner on a schedule and with a specified payment due date as determined by the board. Failure to pay the assessment amount by the specified payment

due date incurs interest as determined by the board in a manner consistent with the Maine Revised Statutes, Title 36, section 505. The district may place a lien on the lot or parcel of a waterfront property owner that fails to pay the assessment amount by the specified payment due date.

**Sec. 6. Withdrawal; dissolution.** The legislative body of the Town of Orland may by majority vote elect to withdraw from the district, and the board must approve the withdrawal, subject to conditions and requirements reasonably necessary for the continued operation of the district as may be directed by the board. If the Town of Orland fails to appropriate funds for its municipal contribution in accordance with the requirements of this Act for 2 consecutive years, it is considered to have withdrawn from the district, subject to conditions and requirements reasonably necessary for the continued operation of the district as may be directed by the board. The district may be dissolved upon the disposition of all of its assets and settlement of any liabilities and by an affirmative vote on dissolution by a majority of the trustees of the board.

**Sec. 7. Authorized activities prior to referendum.** Notwithstanding the referendum requirement of section 8, the municipal officers of the Town of Orland shall prepare an estimated budget for the district for its first year of operation and shall determine the aggregate funds required for that year. The municipal officers shall determine the required municipal contribution for the Town of Orland, which must represent 50% of those aggregate funds required. The municipal contribution amount determined pursuant to this section must be used for the purposes of the referendum required in section 8.

**Sec. 8. Emergency clause; referendum; effective date.** In view of the emergency cited in the preamble, this Act takes effect when approved only for the purposes of allowing the municipal officers of the Town of Orland to prepare an estimated budget and determine the aggregate funds required and required municipal contribution pursuant to section 7 and for permitting the Act's submission to the legal voters of the Town of Orland at a referendum called for that purpose and held after June 1, 2025 but within 2 years after the effective date of this Act. The referendum must be called by the municipal officers of the Town of Orland and must be held at the regular voting places. The referendum must be called, advertised and conducted according to the law relating to municipal elections. For the purpose of registration of voters, the registrar of voters must be in session the regular workday preceding the referendum. The subject matter of this Act must be reduced to a question in substantially the following form:

"Do you favor the establishment of and the Town of Orland's participa-

tion in the Alamoosook Lake Watershed Management District and the appropriation of \$ (insert amount) to provide the Town of Orland's share of the estimated budget for the first year of operation of the Alamoosook Lake Watershed Management District?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion of the same.

The results must be declared by the municipal officers of the Town of Orland and due certificate of the results filed by the clerk with the Secretary of State.

This Act takes effect for all other purposes immediately upon its approval by a majority of the legal voters of the Town of Orland voting at the referendum. Failure to achieve the necessary approval in any referendum does not prohibit subsequent referenda consistent with this section as long as the referenda are held within 2 years after the effective date of this Act.

Effective June 18, 2025, pending referendum.

**CHAPTER 29**

**S.P. 498 - L.D. 1209**

**Resolve, to Create a Working Group to Study the Safety and Use of Nonconforming Vehicles on Maine's Roads and Highways**

**Sec. 1. Nonconforming vehicle working group. Resolved:** That the Secretary of State shall convene a working group, referred to in this resolve as "the working group," to study the feasibility of allowing registration and use by motorists of vehicles currently prohibited from operation on the State's roads and highways, referred to in this resolve as "nonconforming vehicles," including, but not limited to, mini trucks, antique military vehicles and any other vehicle under 10,000 pounds and operated by a holder of a Class C license, and to review the systems and laws in place for antique vehicles. The working group consists of 7 members as follows:

1. The deputy secretary of state for the Bureau of Motor Vehicles or the deputy secretary's designee;

2. One member from the Department of Public Safety, Bureau of State Police, traffic safety unit who is an expert in vehicle safety and emissions standards, appointed by the Secretary of State;

3. One member who is a representative of a motor vehicle insurance company, appointed by the Secretary of State;

4. One member who is a representative of a motor vehicle inspection business, appointed by the Secretary of State;

5. One member who is a representative of a business that imports foreign cars for sale in the State, appointed by the Secretary of State;

6. One member who is a representative of municipalities, appointed by the Secretary of State; and

7. One member who is a representative of a transportation museum with a focus on nonconforming vehicles, appointed by the Secretary of State.

**Sec. 2. Duties. Resolved:** That the working group shall:

1. Identify the operating standards that prohibit nonconforming vehicles from being operated on the State's roads and highways;

2. Identify the risks of allowing nonconforming vehicles on the State's roads and highways;

3. Review and analyze the safety of allowing the use of nonconforming vehicles on the State's roads and highways, including but not limited to crash safety, vehicle emissions and speed capabilities, and a comparison of the safety of nonconforming vehicles to the safety of vehicles already allowed on the State's roads and highways, including antique vehicles and motorcycles;

4. Review and analyze laws in other states that allow the use of nonconforming vehicles and how the allowance of these vehicles has affected motor vehicle safety in those states;

5. Review and analyze any reports or studies from other states that have considered the subjects of study described in section 1 and how the results of those reports or studies could relate to the State's roads and highways and motor vehicle systems;

6. Consider the most effective way to allow for nonconforming vehicles to be used on the State's roads and highways while protecting the safety of those driving them and other drivers and consider any restrictions on location, annual mileage or driving speed and how to most effectively register those vehicles to indicate such restrictions, including through the use of a system similar to those systems used for antique and farm vehicles;

7. Consider how to implement an inspection system that would ensure that nonconforming vehicles are safe to drive on the State's roads and highways and how such a system might be similar to or different from the State's current inspection systems for motor vehicles and antique vehicles; and

8. Recommend whether to implement the registration, inspection and use of nonconforming vehicles on the State's roads and highways and recommend any related legislation.

**Sec. 3. Compensation. Resolved:** That members of the working group may not be compensated for their work on the working group.

**Sec. 4. Staff assistance. Resolved:** That the Department of the Secretary of State, Bureau of Motor Vehicles shall provide necessary staffing services to the working group within existing resources.

**Sec. 5. Report. Resolved:** That the Secretary of State shall provide a report by February 6, 2026 containing the findings and recommendations of the working group, including any suggested legislation, to the Joint Standing Committee on Transportation. The joint standing committee may introduce legislation for presentation to the Second Regular Session of the 132nd Legislature based on the recommendations in the report.

**CHAPTER 37**

**H.P. 66 - L.D. 101**

**Resolve, to Convene a Working Group to Examine the Classification of and Access to Public Records Maintained by Certain State Agencies**

**Sec. 1. Definitions. Resolved:** That, as used in this resolve, unless the context otherwise indicates, the following terms have the following meanings.

1. "Department" means the Department of Inland Fisheries and Wildlife.

2. "Right to Know Advisory Committee" means the Right to Know Advisory Committee established under the Maine Revised Statutes, Title 1, section 411.

**Sec. 2. Working group established. Resolved:** That the department, in consultation with the Right to Know Advisory Committee, shall convene a working group to examine the classification and accessibility of public records maintained by the state agencies identified in section 3 and the associated fees that may be charged for those public records, referred to in this resolve as "the working group." The department shall provide administrative support to the working group as needed.

**Sec. 3. Working group members. Resolved:** That the working group consists of the following members:

1. One member from the department, appointed by the Commissioner of Inland Fisheries and Wildlife, who serves as chair;

2. Two members from the Right to Know Advisory Committee who are not Legislators, one of whom must be the member appointed to represent law enforcement interests pursuant to the Maine Revised Statutes, Title 1, section 411, subsection 2, paragraph F, appointed by the chair of the Right to Know Advisory Committee;

3. One member from the office of the Secretary of State, appointed by the Secretary of State;

4. One member from the Department of Marine Resources, appointed by the Commissioner of Marine Resources; and

5. One member from the Department of Public Safety, appointed by the Commissioner of Public Safety.

The chair of the working group may appoint additional members as determined necessary by a majority of the working group's members. The working group shall consult with a representative from the Office of the Attorney General, designated by the Attorney General, to assist the working group in its deliberations as needed.

**Sec. 4. Selection of members. Resolved:** That, no later than 30 days following the effective date of this resolve, the Right to Know Advisory Committee and the state agencies identified in section 3 shall notify the department of the member or members selected for participation in the working group.

**Sec. 5. Duties. Resolved:** That the working group shall:

1. Determine the classification and accessibility of public records by:

A. Reviewing the current provisions of the Freedom of Access Act;

B. Determining which records in the possession of the state agencies identified in section 3 are subject to disclosure under the Freedom of Access Act and which records are not; and

C. Identifying categories of information that the state agencies identified in section 3 should have the ability to designate as confidential and not subject to public disclosure;

2. Evaluate fees for public records requests by:

A. Examining and recommending appropriate fees for processing large-scale requests for public records; and

B. Considering a reasonable cost structure that balances public access with administrative burdens; and

3. Consider additional areas for review by identifying any other issues related to public records management, retention and disclosure as appropriate.

**Sec. 6. Report. Resolved:** That, no later than January 14, 2026, the working group shall submit a report that includes the working group's findings and recommendations, including suggested legislation, to the Joint Standing Committee on Judiciary; the Joint Standing Committee on Inland Fisheries and Wildlife; the Joint Standing Committee on Marine Resources; and the Joint Standing Committee on Criminal Justice and Public Safety. Each committee that receives a report may report out a bill related to the report to the Second Regular Session of the 132nd Legislature.

**CHAPTER 39**

**H.P. 200 - L.D. 300**

**Resolve, to Direct the Governor's Energy Office to Study Expanding the Use of Hydroelectric Power and the Development of a Geothermal Power Plant in the State**

**Sec. 1. Governor's Energy Office to conduct studies. Resolved:** That the Governor's Energy Office, referred to in this resolve as "the office," shall conduct studies as directed by this resolve in consultation with the Public Utilities Commission, the Department of Environmental Protection and the Department of Defense, Veterans and Emergency Management, Maine Emergency Management Agency to support the development of a balanced portfolio of energy sources in the State.

**Sec. 2. Study; hydroelectric power facilities and energy storage. Resolved:** That the office shall conduct a study reviewing the current operation of and opportunities for the expansion of hydroelectric power and energy storage in the State for the purpose of evaluating methods to revitalize the hydroelectric power industry while taking into consideration the greenhouse gas emissions associated with such generation and storage. In conducting this study, the office shall:

1. Review the findings of any previous studies of hydroelectric power facilities in the State, including, but not limited to, the February 2015 report prepared for the office and titled "Maine Hydropower Study," to identify dam sites within the State that have the greatest potential to be efficiently expanded or upgraded;

2. Review new technologies being used in hydroelectric power facilities in other states and evaluate whether those technologies could be used in this State to improve or expand the hydroelectric power industry through the expansion or upgrading of the dam sites identified under subsection 1. In carrying out this review, the office shall consult with at least one hydroelectric power facility in Alaska and at least one hydroelectric power facility in each of 2 other states that the office determines has similar geographic and topographical characteristics to Maine; and

3. Identify locations within the State that may be suitable for the development of pumped storage hydropower systems because of geographic, technical and economic factors and evaluate the existing barriers to establishing such hydroelectric energy storage systems.

**Sec. 3. Study; geothermal systems. Resolved:** That the office shall conduct a study for the purpose of evaluating the potential for the development of a geothermal power plant or other geothermal power plant generation system or space heating and cooling system in this State based on an assessment of geographic, technical and economic factors. For the purposes of this resolve, "geothermal power plant" means a power plant that uses heat from the earth to generate electricity or thermal energy for heating or cooling. The study must summarize research and analysis of opportunities for the development of geothermal systems in the State while taking into consideration the greenhouse gas emissions associated with such systems. The office is not required to include specific cost data or a technical economic assessment of individual sites in the study. In conducting this study, the office shall:

1. Consult with persons with expertise in the geologic engineering field, including persons employed by State Government or Federal Government, regarding the feasibility of establishing a geothermal power plant in the State. Using the existing resources of the office, the office may seek a formal opinion or report from such persons. If the office concludes, as a result of the office's consultation, that a geothermal power plant could be developed in the State in a cost-effective way, as determined by the office, the office shall develop recommendations for the development of a geothermal power plant in the State; and

2. Assess the potential for developing district geothermal systems:

A. On brownfield sites in the State, as determined by the office in consultation with the Department of Environmental Protection; and

B. At state-owned facilities or on state-owned properties.

**Sec. 4. Reports. Resolved:** That, no later than January 15, 2027, the office shall submit a report based on each study under this resolve, including any recommendations, to the joint standing committee of the Legislature having jurisdiction over energy matters. The joint standing committee may report out legislation related to the reports to the 133rd Legislature in 2027.

**Resolve, to Require the Maine State Housing Authority to Submit a Report on the Pilot Project to Improve Access to Credit for Low-income Individuals**

**Sec. 1. Report. Resolved:** That, by June 30, 2026, the Maine State Housing Authority shall submit a report to the Joint Standing Committee on Housing and Economic Development with details on the authority's pilot project to facilitate rent payment history reporting to credit reporting agencies for purposes of establishing or improving the credit ratings of low-income residential tenants through voluntary participation of residential landlords and tenants in the State in submitting rent payment histories of tenants. The report must include details on the effectiveness of collecting and reporting rent payment histories, an analysis of any improvement in the credit ratings of tenant participants and recommended legislation to make the pilot project permanent. The joint standing committee of the Legislature having jurisdiction over housing and economic development matters may report out legislation based upon the report to the 133rd Legislature in 2027.

**Resolve, Directing the Department of Agriculture, Conservation and Forestry to Assess Its Current Meat and Poultry Inspection Programs**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** Maine's meat and poultry inspection programs exist to protect the health and welfare of consumers by ensuring that livestock and poultry used in the production of meat and poultry products, respectively, are humanely handled and disease-free and the resulting products are wholesome, not adulterated and correctly labeled and packaged; and

**Whereas,** this legislation must take effect before the expiration of the 90-day period to allow the Department of Agriculture, Conservation and Forestry to begin its review of Maine's meat and poultry inspection programs as soon as possible; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Meat and poultry inspection study. Resolved:** That, within existing budgeted resources, the Department of Agriculture, Conservation and Forestry shall conduct a review of programs and processes related to meat and poultry inspections, including processes related to exemptions from inspections, to determine areas for possible improvements, efficiencies and enhanced flexibility to benefit agricultural producers, processors and retail and public customers. In conducting the review under this section, the department shall consult with livestock and poultry producers and processors, the United States Department of Agriculture, the University of Maine Cooperative Extension and other stakeholders that the department determines necessary to assess existing programs' statutory authorities, rules, regulations, policies and practices, including those involving investigations, enforcement and staff training. As part of the review under this section, the department shall conduct a survey of meat and poultry producers and processors to obtain feedback on rules, regulations, policies and practices affecting the regulated community. The department shall also review the existing exemptions that relate to poultry processors that process certain numbers of poultry per year and the department's existing cooperative agreement with the United States Department of Agriculture, Food Safety and Inspection Service and that agreement's related requirements. The department shall develop strategies to ensure uniform interpretation of the United States Department of Agriculture's regulations and exemptions.

**Sec. 2. Report. Resolved:** That, by January 15, 2026, the Department of Agriculture, Conservation and Forestry shall submit a report based on its review in section 1 describing strategies, findings and recommendations, including suggested legislation, to the Joint Standing Committee on Agriculture, Conservation and Forestry. The Joint Standing Committee on Agriculture, Conservation and Forestry may submit legislation

related to the report to the Second Regular Session of the 132nd Legislature.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective May 30, 2025.

**S.P. 291 - L.D. 758**

**Resolve, to Conduct a Study to Update Flood Hazard Data in the Sandy River Watershed**

**Sec. 1. Department of Agriculture, Conservation and Forestry, Maine Geological Survey to conduct Sandy River watershed geomorphic study. Resolved:** That, in coordination with the United States Department of Homeland Security, Federal Emergency Management Agency; the Department of Transportation; the Department of Environmental Protection; the Department of Inland Fisheries and Wildlife; the Maine Office of Community Affairs; the Department of Defense, Veterans and Emergency Management, Maine Emergency Management Agency; and other relevant state agencies, the Department of Agriculture, Conservation and Forestry, Bureau of Resource Information and Land Use Planning, Division of Geology, Natural Areas and Coastal Resources, Maine Geological Survey shall contract for a geomorphic study within the Sandy River watershed to update flood hazard data within the watershed. The study must include an assessment of river movement, erosion and sedimentation and the impacts of those factors on flood risk and river health. The study must also provide individuals who reside within the Sandy River watershed and individuals who reside within the watershed of similar river systems with information about flood risks and options to manage those risks. The Department of Agriculture, Conservation and Forestry, in collaboration with relevant state agencies, shall seek funding to support the costs of the study.

**Resolve, Directing the Secretary of State to Study Providing Access to Absentee Ballots for Municipal Elections to Uniformed Service Voters or Overseas Voters in the Same Manner as Absentee Ballots for Statewide Elections**

**Sec. 1. Department of Secretary of State to study providing access to absentee ballots for municipal elections to uniformed service voters or overseas voters in same manner as absentee ballots for statewide elections. Resolved:** That the Department of the Secretary of State shall study the feasibility of and methods for providing digital access to and receipt of local absentee ballots for uniformed service voters or overseas voters from a municipality holding an election on the same date as a statewide election. In conducting this study, the Department of the Secretary of State may consult with members of an association representing town and city clerks.

**Sec. 2. Department of Secretary of State to update information provided to uniformed service voters or overseas voters regarding access to and return of local absentee ballots. Resolved:** That the Department of the Secretary of State shall update its publicly accessible website or the Uniformed and Overseas Citizens Absentee Voting Act absentee ballot retrieval service portal, as applicable, to include clearly and conspicuously that local absentee ballots must be obtained from the uniformed service voter's or overseas voter's municipality of residence and that the process for applying for, receiving and returning absentee ballots through the Uniformed and Overseas Citizens Absentee Voting Act absentee ballot retrieval service portal applies only to statewide and federal elections. The Secretary of State shall make easily accessible the contact information for each municipality in the State.

**Sec. 3. Report. Resolved:** That, no later than December 3, 2025, the Secretary of State shall submit a report based upon the study in section 1, including an update on the information required under section 2, along with any recommended legislation, to the Joint Standing Committee on Veterans and Legal Affairs, which may report out legislation related to the report to the Second Regular Session of the 132nd Legislature.

**CHAPTER 44**  
**H.P. 857 - L.D. 1322**

**Resolve, to Establish a Pilot Program to Enhance Youth Hunting Participation**

**Sec. 1. Youth participation in hunting pilot program. Resolved:** That the Department of Inland Fisheries and Wildlife, referred to in this resolve as "the department," in collaboration with the Department of Economic and Community Development, Office of Tourism, shall establish through rulemaking a 2-year pilot program to run for calendar years 2026 and 2027 to increase youth participation in hunting. The program must include expanded youth hunting seasons and outreach initiatives.

**Sec. 2. Program components. Resolved:** That the 2-year pilot program under section 1 consists of the following components.

1. The department shall schedule the youth spring wild turkey hunting day pursuant to the Maine Revised Statutes, Title 12, section 11701, subsection 3 during a period with increased availability for youth hunters, such as a long weekend, or the department may establish a 2-day season on a Friday and Saturday.

2. The department shall establish a 2-day youth bear hunting season on a Friday and Saturday during a time when youth are more likely to be able to participate, such as late summer or early fall.

3. The department shall establish a day for youth hunting with dogs prior to the start of the regular season for hunting with dogs pursuant to the Maine Revised Statutes, Title 12, section 11251, subsection 1.

4. The pilot program must include a robust public relations and social media campaign aimed at increasing awareness of youth hunting opportunities and promoting responsible and safe hunting practices.

5. The pilot program must include collaboration with community organizations, schools and outdoor retailers to host informational and educational events.

6. The department must invite the participation of hunting organizations, local communities and conservation groups to ensure the pilot program meets community and environmental standards.

**Sec. 3. Rules. Resolved:** That the department, in collaboration with the Department of Economic and Community Development, Office of Tourism, shall adopt rules to implement the 2-year pilot program under section 1, including but not limited to setting specific dates for the pilot program and establishing participation guidelines and reporting requirements. Rules adopted pursuant to this section are routine technical rules as defined in the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A.

**Sec. 4. Report. Resolved:** That the department shall report by January 6, 2027 and by January 5, 2028 on the implementation of the 2-year pilot program under section 1 to the joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters. The report must include:

1. Participation data and demographic trends;
2. Feedback from participants and stakeholders;
3. The pilot program's impact on youth engagement and conservation awareness; and
4. Recommendations for pilot program continuation, modification or termination.

**Sec. 5. Legislation. Resolved:** That in the report submitted pursuant to section 4 in 2028, the department may include suggested legislation based on department findings during the 2-year pilot program under section 1. The joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters may submit legislation based on the report to the Second Regular Session of the 133rd Legislature.

## CHAPTER 45

### S.P. 634 - L.D. 1550

#### Resolve, Directing the Department of Health and Human Services to Amend Its Rules to Protect Water Quality by Reducing Nutrient Pollution from Septic Systems

**Sec. 1. Definitions. Resolved:** That, as used in this resolve, unless the context otherwise indicates, the following terms have the following meanings.

1. "Department" means the Department of Health and Human Services.
2. "Disposal field" means an individual subsurface wastewater disposal system component consisting of a closed excavation made within soil or fill material to contain disposal field stone and distribution pipes or approved proprietary devices for the disposal of septic tank effluent. The excavation is typically in the form of trenches or beds with either stone or proprietary devices included in the design.
3. "Horizon" means a layer within a soil profile differing from the soil above or below the layer in one or more soil morphological characteristics. The characteristics of the layer include the color, texture, rock-fragment content and consistency of each parent soil material.

4. "Proprietary disposal device" means a device used in disposal fields as an alternative to a bedding of stone and one or more distribution pipes.

5. "Septic tank effluent" means primary treated wastewater discharged through the outlet of a septic tank or an approved sand, peat or similar filter.

6. "Short circuiting" means a process by which nutrients from subsurface wastewater disposal systems enter groundwater or surface waters relatively untreated due to a lack of cation exchange capacity and biologic activity in the soil as a result of very coarse textured horizons or bedrock fractures.

**Sec. 2. Amendment of subsurface wastewater disposal rule. Resolved:** That the department shall amend its rule Chapter 241 in the section that governs the requirements for disposal field design for subsurface wastewater disposal systems. The amendments must include the following:

1. Amending the design standards for disposal fields to add a requirement to address short circuiting by reducing nutrient loading from septic tank effluent through natural processes;
2. Applying the amended design standards under subsection 1 only to soil profiles that pose a high risk of short circuiting due to the presence of sand or gravel layers in lower horizons or bedrock fractures; and
3. Providing that an area of land suitable for the installation of a disposal field may not be rendered unsuitable due to any changes in the rules adopted pursuant to this resolve.

**Sec. 3. Administration, enforcement and rulemaking. Resolved:** That the department shall administer and enforce this resolve and shall adopt rules as necessary to implement, administer and enforce this resolve. The department shall solicit input from interested parties in the development of any draft rules to implement this resolve and shall hold a public hearing on the draft rules in accordance with the process described in the Maine Revised Statutes, Title 5, section 8052.

**Sec. 4. Resources. Resolved:** That the department shall complete the amendment of the subsurface wastewater disposal rule under section 2 within existing resources and may seek staffing and financial support from other state agencies and private entities to accomplish the required amendment.

**S.P. 170 - L.D. 375**

**Resolve, Directing the University of Maine System to Study the Feasibility of Distance Learning Programs at the University of Maine School of Law**

**Sec. 1. University of Maine System to study feasibility of distance learning courses at University of Maine School of Law. Resolved:** That the University of Maine System shall study the feasibility of expanding the current juris doctor degree program at the University of Maine School of Law to offer distance learning courses and examine providing a new juris doctor degree program that provides 100% distance learning. The feasibility study must include the following:

1. The costs of operating the current juris doctor degree program with distance learning courses and the anticipated effect the offering of distance learning courses will have on student enrollment in the program;
2. The costs of operating a new juris doctor degree program that provides 100% distance learning courses and the anticipated enrollment of students in such a program;
3. The process and costs of the University of Maine School of Law to apply to the American Bar Association for acquiescence, as necessary, to offer a juris doctor degree program with distance learning, whether by expanding the current juris doctor degree program to offer distance learning courses or by providing a new juris doctor degree program that provides 100% distance learning; and
4. The anticipated benefits and disadvantages of expanding and operating the current juris doctor degree program to offer distance learning courses and of providing a new juris doctor degree program providing 100% distance learning courses.

The University of Maine System shall submit a report detailing its findings, including any suggested legislation, no later than November 4, 2026, to the joint standing committee of the Legislature having jurisdiction over education matters. The joint standing committee may report out a bill related to the contents of the report to the 133rd Legislature in 2027.

**Resolve, Directing the Board of Pesticides Control to Prohibit the Use of Rodenticides in Outdoor Residential Settings**

**Sec. 1. Board of Pesticides Control to prohibit use of rodenticides. Resolved:** That the Department of Agriculture, Conservation and Forestry, Board of Pesticides Control shall prohibit the use of rodenticides, including rodenticidal baits, in outdoor residential settings. A certified applicator as defined under the Maine Revised Statutes, Title 22, section 1471-C, subsection 4 is exempt from the prohibition under this section. The board shall submit a report with an update on the prohibition under this section to the Joint Standing Committee on Agriculture, Conservation and Forestry no later than January 15, 2026. The joint standing committee may submit a bill to the Second Regular Session of the 132nd Legislature relating to the subject matter of the report.

See title page for effective date.

**CHAPTER 48**  
**H.P. 365 - L.D. 546**

**Resolve, to Require the Preparation of Preapproved Building Types**

**Sec. 1. Preapproved building types. Resolved:** That the Maine Office of Community Affairs, referred to in this resolve as "the office," shall contract with an appropriate consultant to establish a set of building types that municipalities may adopt as preapproved building types in order to reduce the cost and time associated with processing building permit applications.

The office shall:

1. Require the consultant to develop no fewer than 5 and no more than 8 preapproved building types. Preapproved building types may include, but are not limited to, single-family homes, duplexes, triplexes, quadplexes and mixed-use residential and retail buildings. Each preapproved building type must include no fewer than 8 and no more than 10 design options for building components. For purposes of this section, "building components" include dormers, rear and side additions, windows, porches, stoops, cross gables and other elements that add volume to a building. For each preapproved building type, multiple design options must be prepared to reflect the vernacular architecture in the State, with a range of building components that allow for permitted modifications for each preapproved

building type. For purposes of this section, "vernacular architecture" means an architectural style that is designed based on local needs, availability of construction materials and local traditions. Preapproved building types must be designed to fit on lots with dimensions that commonly exist in the State and that allow for efficient use of private and public infrastructure. Preapproved building types must be designed to meet any applicable state or federal building and energy codes and have prototypical site plans for each preapproved building type in order to identify the location of the building on the lot, location of parking on the lot, access to parking on the lot, setbacks and build-to lines;

2. Determine the area median income for each county in the State and require the consultant to develop preapproved building types that include units that can be rented at a cost that does not exceed 30% of the area median income in the county where the building may be used as a preapproved building type;

3. Ensure a process of public engagement with the consultant as the consultant develops the preapproved building types, including, but not limited to, in-person focus groups, online crowdsourced visual preference surveys and at least 2 rounds of public crowdsourced feedback on draft preapproved building types and prototypical site plans;

4. Require the consultant to work with the Department of Public Safety, Office of the State Fire Marshal to determine compliance of each preapproved building type with the National Fire Protection Association Life Safety Code adopted by the office;

5. Require the consultant to create a final proposed work product that includes a catalog of preapproved building types and prototypical site plans, including a publicly accessible website with information and forms relating to preapproved building types; and

6. Seek input from a postsecondary institution in the State with a program that uses new technologies in developing methods to produce materials and develop building methods designed to make housing more efficient and affordable.

**Sec. 2. Maine Office of Community Affairs to provide report. Resolved:** That the office shall submit a report no later than November 4, 2026 to the joint standing committee of the Legislature having jurisdiction over housing matters with findings and recommendations relating to preapproved building types established under section 1. The report must include recommended legislation to ensure that when a municipality adopts preapproved building types, applications for permits to develop a preapproved building type must be deemed administratively approved when the preapproved building types are located along existing streets or within designated growth areas served by a public, special district or other centrally managed water system and a public, special district or other comparable sewer

system. The joint standing committee of the Legislature having jurisdiction over housing matters may report out legislation relating to the subject matter of the report to the 133rd Legislature in 2027.

**Sec. 3. Appropriations and allocations. Resolved:** That the following appropriations and allocations are made.

**MAINE OFFICE OF COMMUNITY AFFAIRS**

**Maine Office of Community Affairs Z396**

Initiative: Provides one-time funding to contract with a consultant to establish a set of building types that municipalities may adopt as preapproved building types in order to reduce the cost and time associated with processing building permit applications.

**S.P. 556 - L.D. 1341**

**Resolve, Directing the Department of Marine Resources to Evaluate How to Effectively Allow 2 Licensed Individuals to Fish for Lobsters or Scallops from a Single Vessel**

**Sec. 1. Operation from single vessel review; lobster fishery. Resolved:** That the Department of Marine Resources shall evaluate how 2 individuals who each hold a valid Class I, Class II or Class III lobster and crab fishing license and who are fishing concurrently from the same vessel may fish for or take lobsters from a single vessel without this resulting in increased harvest. In completing its review, the department may consult with and seek input from the Lobster Advisory Council under the Maine Revised Statutes, Title 12, section 6462-A and lobster management policy councils established pursuant to Title 12, section 6447.

**Sec. 2. Operation from single vessel review; scallop fishery. Resolved:** That the Department of Marine Resources shall evaluate how 2 individuals who each hold a scallop dragging license and who are fishing concurrently from the same vessel may fish for or take scallops from a single vessel without this resulting in increased harvest. In completing its review, the department may consult with and seek input from the Scallop Advisory Council under the Maine Revised Statutes, Title 12, section 6729-B.

**Sec. 3. Report. Resolved:** That the Department of Marine Resources shall submit a report to the Joint Standing Committee on Marine Resources by March 1, 2026 describing the review process in sections 1 and 2.

**S.P. 387 - L.D. 898**

**Resolve, to Support Rural Health Care Workforce Recruitment**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the State is experiencing a serious shortage of health care providers, particularly in rural communities; and

**Whereas,** the changes to the Department of Labor's rules relating to equal pay provided for in this legislation are designed to alleviate that health care provider shortage; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Department of Labor; rulemaking. Resolved:** That the Department of Labor shall initiate rulemaking to amend its Bureau of Labor Standards rule Chapter 12: Rules Relating to Equal Pay, as follows:

1. The rule must be amended in Section I(G) to clarify, for the purposes of the definition of "establishment," that different entities or facilities operated by a hospital or health care entity at different physical locations are not considered a single establishment; and

2. The rule must be amended in Section I(K) to clarify, for the purposes of the definition of "seniority system," that preference under a seniority system must be given to workers based on years of service or based on pertinent experience or credentials.

The rule changes directed under this section must be finally adopted by the department no later than October 1, 2025. Rules adopted pursuant to this section are routine technical rules as defined in the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective June 9, 2025.

**Resolve, Regarding Legislative Review of Chapter 379: Compensation for Impacts to High-Value Agricultural Land from Solar Energy Development, a Late-filed Major Substantive Rule of the Department of Environmental Protection**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A requires legislative authorization before major substantive agency rules may be finally adopted by the agency; and

**Whereas,** a major substantive rule has been submitted to the Legislature outside the legislative rule acceptance period; and

**Whereas,** immediate enactment of this resolve is necessary to record the Legislature's position on final adoption of the rule; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Adoption. Resolved:** That final adoption of Chapter 379: Compensation for Impacts to High-Value Agricultural Land from Solar Energy Development, a provisionally adopted major substantive rule of the Department of Environmental Protection that has been submitted to the Legislature for review pursuant to the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A outside the legislative rule acceptance period, is authorized.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

**S.P. 248 - L.D. 568**

**Resolve, Directing the Public Utilities Commission to Evaluate Different Procurement Methods for Standard-offer Service**

**Sec. 1. Evaluation of standard-offer service procurement methods. Resolved:** That the Public Utilities Commission shall evaluate differing methods to procure standard-offer service pursuant to the Maine Revised Statutes, Title 35-A, section 3212, including, but not limited to, establishing supply contracts of varying lengths that may include soliciting bids for the procurement of standard-offer service more frequently than once per year. The commission shall consider methods to procure standard-offer service that are likely to result in:

1. Improved bid quality and quantity;
2. Lower electricity rates for customers; and
3. Electricity rate stability.

**Sec. 2. Report. Resolved:** That, no later than January 2, 2026, the Public Utilities Commission shall submit to the Joint Standing Committee on Energy, Utilities and Technology a report that:

1. Details the commission's evaluation under section 1;
2. Identifies whether the commission changed its procurement strategy for standard-offer service beginning January 1, 2026 and whether any of the results identified in section 1 were achieved or are likely to be achieved;
3. Provides the commission's rationale if the commission did not change the procurement strategy for standard-offer service beginning January 1, 2026; and
4. Includes other relevant information.

The committee may report out a bill related to the report to the Second Regular Session of the 132nd Legislature.

**Resolve, to Study Opportunities for the Efficiency Maine Trust to Support the Promotion and Use of Modern Wood Heating**

**Sec. 1. Modern wood heating. Resolved:** That the Efficiency Maine Trust, in collaboration with the Department of Economic and Community Development, the Department of Agriculture, Conservation and Forestry and the Governor's Energy Office, shall work with representatives of the modern wood heating system industry to study and make recommendations relating to programs and incentives encouraging the promotion and use of modern wood heating systems in the State. The Efficiency Maine Trust shall submit a report related to the study to the Joint Standing Committee on Energy, Utilities and Technology by December 3, 2025. The report must include recommendations for Efficiency Maine Trust programs and incentives supporting the promotion and use of modern wood heating systems in the State. The joint standing committee may report out a bill related to the report to the Second Regular Session of the 132nd Legislature.

**CHAPTER 55**

**H.P. 1151 - L.D. 1724**

**Resolve, Authorizing the Baxter State Park Authority to Convey Certain Land in Cumberland County**

**Preamble.** The Constitution of Maine, Article IX, Section 23 requires that real estate held by the State

for conservation or recreation purposes may not be reduced or its uses substantially altered except on the vote of 2/3 of all members elected to each House.

**Whereas**, certain real estate authorized for conveyance by this resolve is under the designations described in the Maine Revised Statutes, Title 12, section 598-A; and

**Whereas**, the State of Maine, through the former Maine Forest Authority, acquired fee title to an approximately 228-acre parcel of land known as the Austin Cary Lot in the Town of Harpswell in Cumberland County through 2 conveyances; and

**Whereas**, the first conveyance occurred in 1973 and gifted to the State by deed recorded in the Cumberland County Registry of Deeds, Book 3496, Page 215 a 5/6 common and undivided interest subject to deed restrictions; and

**Whereas**, the 2nd conveyance occurred in 1974 and transferred to the State by deed recorded in the Cumberland County Registry of Deeds, Book 3524, Page 171 the remaining 1/6 common and undivided interest subject to deed restrictions; and

**Whereas**, the deed restrictions on the property require that the Austin Cary Lot be used for a demonstration forest, wildlife management area or other educational and scientific uses for 99 years from the dates of the conveyances in 1973 and 1974; and

**Whereas**, the Maine Forest Authority paid for the 1/6 common and undivided interest in 1974 using funds from the inter vivos trust of Percival Proctor Baxter, which were designated for acquisition of additional lands for Baxter State Park and additional lands, not for inclusion in Baxter State Park for recreational and reforestation or scientific forestry purposes, or as wildlife sanctuaries; and

**Whereas**, in 1984 the Maine Forest Authority was abolished, and ownership and management responsibilities of the Austin Cary Lot were legislatively transferred first to the Bureau of Public Lands and then later in 1984 to the Baxter State Park Authority, which retains ownership and management responsibilities to the present day; and

**Whereas**, the Austin Cary Lot is located more than 220 miles driving distance from the Scientific Forest Management Area in Baxter State Park in Piscataquis County, and 180 miles driving distance from Baxter State Park's headquarters and only physical office in Millinocket, and Baxter State Park has no staff presence in or near Cumberland County; and

**Whereas**, the geographic distance of the Austin Cary Lot from Baxter State Park's headquarters and the Scientific Forest Management Area has for many years presented a challenge for Baxter State Park staff to manage the Austin Cary Lot; and

**Whereas**, the Baxter State Park Authority manages the Austin Cary Lot primarily for the purpose of demonstrating sustainable forestry with the assistance of a contracted licensed forester and in the past has relied on other state agencies to perform land management activities at the Austin Cary Lot to demonstrate sustainable forestry; and

**Whereas**, it will benefit the people of Maine to convey the Austin Cary Lot to an entity that has the presence to uphold the same management responsibilities that the Baxter State Park Authority is committed by deed to uphold. If the interest in the parcel is sold for cash, it will benefit the people of Maine to purchase alternative lands within Cumberland County that can be managed for the same purposes as dictated by the parcel's deed as a demonstration forest, wildlife management area or for other educational and scientific uses; and

**Whereas**, the Baxter State Park Authority requests legislative approval to convey the Austin Cary Lot; now, therefore, be it

**Sec. 1. Baxter State Park Authority authorized to convey State's interest in Austin Cary Lot in Town of Harpswell in Cumberland County. Resolved:** That the Baxter State Park Authority may, upon a majority vote and contingent upon receiving any necessary court approval, authorize the Baxter State Park Director to convey by quitclaim deed without covenants, a parcel of land totaling approximately 228 acres in the Town of Harpswell in Cumberland County, which is known as the Austin Cary Lot or Austin Cary Forest, together with all appurtenant rights and easements located on that property.

**Sec. 2. Restrictions. Resolved:** That the property described in section 1 must be conveyed to a person or entity capable of managing the property subject to the following perpetual deed restrictions for the benefit of the people of this State. The property must be used for the primary purposes of sustainable forestry or wildlife management. The property may be used for other scientific and educational uses that are related to these primary purposes and must allow for public recreational use that is compatible with these primary purposes.

**Sec. 3. Consideration. Resolved:** That consideration for the sale of the Austin Cary Lot described in section 1 may be for appraised fair market value of the land as determined by an independent assessment of the timber and other values or for an amount that the Baxter State Park Authority, in its sole discretion, determines to be in the public interest. All money received from the sale of the Austin Cary Lot must be deposited in the Public Reserved Lands Acquisition Fund established in the Maine Revised Statutes, Title 12, section 1850, subsection 2, and must be used by the Department of Agriculture, Conservation and Forestry, Bureau of Parks and Lands exclusively for the purchase of additional real estate in Cumberland County for the

primary purposes of sustainable forestry or wildlife management and may be used for other scientific and educational uses that are related to, and must allow for public recreational use that is compatible with, these primary purposes.

**Sec. 4. Notification. Resolved:** That the Baxter State Park Director shall notify owners of property on Long Reach Lane in the Town of Harpswell abutting the parcel described in section 1 and the joint standing committee of the Legislature having jurisdiction over parks and lands matters at least 14 days in advance of any public meeting at which the Baxter State Park Authority will consider a proposed conveyance of the Austin Cary Lot described in section 1.

**Sec. 5. Opportunity for review by legislative committee. Resolved:** That a member of the joint standing committee of the Legislature having jurisdiction over parks and lands matters who receives notification under section 4 may notify the Baxter State Park Director of concerns and may in writing request review of the proposed conveyance by the joint standing committee of the Legislature having jurisdiction over parks and lands matters. A member who requests review under this section shall notify the chairs of the joint standing committee of the request.

When a request for legislative review is received under this section, the director may not finalize the conveyance until the joint standing committee of the Legislature having jurisdiction over parks and lands matters has held a public meeting to review the proposed conveyance.

**CHAPTER 57**

**S.P. 84 - L.D. 197**

**Resolve, to Direct the Governor's Energy Office to Conduct a Study Regarding the Future of Electric Transmission Infrastructure in the State**

**Sec. 1. Study of future electric transmission infrastructure needs. Resolved:** That the Governor's Energy Office, referred to in this resolve as "the office," shall conduct a study of matters related to the State's future electric transmission infrastructure needs. The study must include a review of:

1. Existing processes for the siting and permitting of new and upgraded electric transmission infrastructure in the State, including opportunities for public engagement and methods for efficiently meeting permitting or regulatory requirements;
2. Best practices related to electric transmission planning, siting, permitting and community engagement from other states or regions, including consideration of different types of state siting authorities and consideration of the potential for the sharing of electric transmission infrastructure costs with other states;
3. Existing analyses of future electric transmission needs in the State necessary to integrate new renewable resources as well as to ensure reliability, improve market efficiency or support the achievement of the State's policy goals, including the goals established pursuant to the Maine Revised Statutes, Title 35-A, section 3210, subsection 1-A; Title 35-A, section 3404; Title 35-A, chapter 38; and Title 38, section 576-A;
4. Types of existing rights-of-way and opportunities for potential use of those rights-of-way for siting of electric transmission infrastructure in the State, including colocation with transportation, electric transmission and railway rights-of-way; and
5. Existing and emerging technology and construction methods, such as grid-enhancing technologies, advanced conductors and so-called strategic undergrounding, including a cost-benefit analysis comparing buried high-voltage direct current lines with aerial high-voltage alternating current lines and aerial high-voltage direct current lines.

**Sec. 2. Stakeholder coordination. Resolved:** That the office shall coordinate with state agencies involved in the siting, permitting and regulation of electric transmission infrastructure and solicit information from a stakeholder group to assist in conducting the study under section 1. The office shall hold at least 3 meetings to solicit information and comments from the stakeholder group. Each meeting must allow stakeholder group members to participate remotely. The office shall hold the first meeting with the stakeholder group prior to commencing the study required by section 1 and, if the office issues a request for proposals for consulting services to assist in conducting the study, the first meeting must be before the issuance of the request for proposals. At the first meeting, the office shall provide to the stakeholder group a description of the scope and anticipated timeline for the completion of the study. The office shall provide an opportunity for the stakeholder group members to provide comments on any request for proposals the office develops in connection with the study and the office shall consider such comments when finalizing a request for proposals. The office shall hold at least 2 meetings with the stakeholder group during the course of the study to solicit information and comments from the stakeholder group. The stakeholder group must include, but is not limited to:

1. A representative of the Office of Policy Innovation and the Future;
2. A representative of the Public Utilities Commission;
3. A representative of the Department of Economic and Community Development;
4. A representative of the Department of Agriculture, Conservation and Forestry;
5. A representative of the Department of Inland Fisheries and Wildlife;
6. A representative of the Department of Environmental Protection;
7. An individual who is a licensed engineer employed by the Department of Transportation;
8. An individual who is a licensed engineer employed in the private sector;
9. An individual who is a licensed real estate appraiser employed in the private sector;
10. An individual representing the Northern Maine Independent System Administrator;
11. An individual representing the equity subcommittee of the Maine Climate Council established under the Maine Revised Statutes, Title 38, section 577-A;
12. An individual representing the interests of private landowners in the State;

13. Two individuals representing each of the 2 investor-owned transmission and distribution utilities in the State;

14. An individual representing consumer-owned transmission and distribution utilities in the State;

15. An individual representing an electric transmission line developer; and

16. The Public Advocate or the Public Advocate's designee.

**Sec. 3. Report. Resolved:** That, by September 1, 2026, the office shall submit a report to the Joint Standing Committee on Energy, Utilities and Technology that includes an overview of the study findings pursuant to section 1 along with any recommendations. The office shall include any comments provided by the stakeholder group as an appendix to the report. The committee may report out a bill related to the report to the 133rd Legislature in 2027.

**Resolve, to Allow the  
Placement of Hospitalized  
Patients in Nursing Facilities in  
Alternative Locations Under  
Certain Circumstances**

**Sec. 1. Alternative nursing facility locations.**

**Resolved:** That the Department of Health and Human Services shall amend its rules in Chapter 101: MaineCare Benefits Manual, Chapter II, Section 67, Nursing Facility Services, to allow for the placement of a MaineCare member, when the member is being discharged from a hospital to a nursing facility placement, in a nursing facility that is greater than 60 miles from the member's residence under the following conditions.

1. For placements that are beyond 60 miles from the member's residence but not more than 100 miles from the member's residence, the hospital must have attempted to find a placement that is within a 60-mile radius of the member's residence and those efforts, including refusals by facilities, must be documented.

2. For placements beyond 60 miles of the member's residence, the member must be provided with information, including written materials and contact information, about the long-term care ombudsman program in the Maine Revised Statutes, Title 22, section 5107-A for use by the member if the member determines, at any point, that a closer placement is desired.

3. For placements beyond 100 miles from the member's residence, the member or member's guardian must consent to the placement.

**Resolve, Regarding the  
Percentage of a Lobster and  
Crab Fishing Licensee's  
Lobster Traps That May Be  
Fished in a Lobster  
Management Zone Listed on  
the License as a Secondary  
Zone**

**Sec. 1. Definitions. Resolved:** That for the purposes of this resolve, unless the context indicates otherwise, the following terms have the following meanings.

1. "Department" means the Department of Marine Resources.

2. "Lobster management policy council" or "council" means a council established pursuant to the Maine Revised Statutes, Title 12, section 6447, subsection 1.

3. "Secondary zone" means a lobster management zone listed on a lobster and crab fishing license, in accordance with the Maine Revised Statutes, Title 12, section 6446, subsection 1-A, as a zone in which the licensee intends to fish some, but not the majority, of the licensee's lobster traps.

**Sec. 2. Input from lobster management policy councils; report. Resolved:** That the department shall seek input from the lobster management policy councils to obtain feedback regarding what percentage of a lobster and crab fishing licensee's lobster traps a licensee may fish in a secondary zone. The department shall develop recommendations regarding the percentage based on the input received from the councils. By December 3, 2025, the department shall submit to the Joint Standing Committee on Marine Resources a report that includes the department's recommendations. The committee may submit legislation related to the report to the Second Regular Session of the 132nd Legislature.

**CHAPTER 67**

**H.P. 1073 - L.D. 1619**

**Resolve, to Direct the Governor's Energy Office to Solicit Information Regarding the Creation of a Thermal Energy Networks Program in Maine**

**Sec. 1. Request for information. Resolved:** That the Governor's Energy Office shall, within existing resources, issue a request for information regarding the creation of a thermal energy networks program in the State. For the purposes of this resolve, "thermal energy network" means a system of interconnected piping that circulates thermal transfer water for the purpose of providing low-emissions heating and cooling to 2 or more buildings through the use of water source heat pumps at each building connected to the system. The primary thermal energy source for such a network may include, but is not limited to, geothermal resources or recovered thermal energy, such as waste heat captured from buildings or wastewater systems. When issuing the request for information, the office shall solicit information from stakeholders regarding:

1. Any relevant available research, framework, pilot projects and other information on the total cost, cost savings and efficiencies realized in thermal energy networks across the country;
2. The feasibility and applicability of thermal energy networks for residential, commercial and industrial sectors in the State, which may include information related to:
  - A. Geophysical considerations;
  - B. Compatibility with incumbent air source heat pumps and other heating, ventilating and air-conditioning systems;
  - C. Permitting and right-of-way considerations;
  - D. Constraints around geographic density; and
  - E. Other considerations that demonstrate the total building heating and cooling load potential of thermal energy networks;

3. Recommended processes for facilitating and encouraging thermal energy networks pilot projects, including ownership structures and cost recovery mechanisms;

4. Life-cycle costs and benefits of thermal energy networks, including comparisons to incumbent heating and cooling technologies;

5. Potential electric grid impacts, such as smoothing winter and summer peaks and lowering system costs by avoiding or deferring investments in additional electrical generation, transmission and distribution infrastructure;

6. The suitability of thermal energy network technology for helping to meet the State's statutory emissions reduction goals;

7. Labor and workforce needs associated with developing thermal energy networks in the State, including consideration of job quality, supplying a skilled and ready workforce, licensing and registered apprenticeship and certified preapprenticeship programs;

8. Funding opportunities and cost recovery mechanisms, including, but not limited to:

A. Leveraging applicable tax credits available under the federal Inflation Reduction Act of 2022 and other federal assistance;

B. Funding from the New England Heat Pump Accelerator;

C. The Thermal Energy Investment Program established in the Maine Revised Statutes, Title 35-A, section 10128; and

D. Rebates for heat pumps through the Efficiency Maine Trust; and

9. The role thermal energy networks can play in increasing the affordability of housing, development and energy.

**Sec. 2. Report. Resolved:** That the Governor's Energy Office shall prepare, in consultation with the Efficiency Maine Trust and the Public Advocate, a summary report regarding the information received by the office in accordance with section 1 and, by January 15, 2026, submit the report to the Joint Standing Committee on Energy, Utilities and Technology. The office may develop and include in the report recommendations regarding the development of a thermal energy networks program in the State. The joint standing committee may report out a bill to the Second Regular Session of the 132nd Legislature based on the report.

**Resolve, Directing the State Board of Education to Amend Its Educator Credentialing Rules to Create a Pathway for an Industrial Arts Endorsement**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** this legislation must take effect before the end of the 90-day period so that educators in the State may take advantage of the industrial arts endorsement provided for in this legislation as soon as possible;

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. State Board of Education rule; industrial arts endorsement. Resolved:** That the State Board of Education shall amend its rule Chapter 115: The Credentialing of Education Personnel, Part II: Requirements for Specific Certificates and Endorsements to create a pathway for an industrial arts endorsement for a teacher certificate. Components of industrial arts for which a teacher may obtain an endorsement must include, but are not limited to, automotive body repair, diagnostics and mechanics, welding, electrical, carpentry and computer-aided design. Eligibility requirements for obtaining the endorsement must include, but are not limited to, completion of a registered apprenticeship; completion of a 2-year certificate from an accredited technical institution; and completion of a minimum number of hours of experience learning and paid applied employment or teaching in the trade for which an endorsement is sought.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

**Resolve, Directing the Board of Pesticides Control to Evaluate the Impact of Neonicotinoids on Pollinators, Humans and the Environment**

**Sec. 1. Board of Pesticides Control to study neonicotinoids. Resolved:** That the Department of Agriculture, Conservation and Forestry, Board of Pesticides Control, referred to in this resolve as "the board," shall study:

1. The impacts of neonicotinoids, including neonicotinoid-treated seeds, on pollinators;
2. The costs and benefits of neonicotinoid-treated seeds compared to untreated seeds, including the market availability of neonicotinoid-treated seeds compared to untreated seeds;
3. The impact of neonicotinoids on the environment, including, but not limited to, soil, water and plant tissues;
4. The toxicity of neonicotinoids to humans;
5. Alternatives to neonicotinoid seed treatments for the protection of crops from damaging pests and disease;
6. The toxicity of effective alternatives to neonicotinoids and neonicotinoid-treated seeds that may be used for the protection of crops from damaging pests and disease; and
7. Methods of application of alternatives to neonicotinoids and neonicotinoid-treated seeds and the required number of applications for effectiveness.

In conducting the study under this section, the board shall give special consideration to effects on potato crops and corn crops.

**Sec. 2. Request for information. Resolved:** That the board shall solicit feedback regarding ideas and insights on the topic of the study, pursuant to section 1, from the public, stakeholders and interested parties through either a public hearing or a request for information document.

**Sec. 3. Reports. Resolved:** That the board shall submit a preliminary report to the Joint Standing Committee on Agriculture, Conservation and Forestry no later than January 15, 2026 and shall submit a final report with findings and recommendations relating to the subject matter of the study under section 1 to the joint standing committee of the Legislature having jurisdiction over agricultural matters no later than January 15, 2027. The joint standing committee may submit a bill to the 133rd Legislature in 2027 relating to the subject matter of the final report.

**Sec. 4. Appropriations and allocations. Resolved:** That the following appropriations and allocations are made.

**AGRICULTURE, CONSERVATION AND FORESTRY, DEPARTMENT OF Pesticides Control - Board of 0287**

**Resolve, Directing the Office of Procurement Services to Study Adapting the Procurement Process to the State Climate Action Plan**

**Sec. 1. Adapting procurement program to climate action plan. Resolved:** That the Department of Administrative and Financial Services, Office of Procurement Services, referred to in this resolve as "the office," shall coordinate with all executive branch departments, agencies, offices, boards and commissions, referred to in this resolve as "agencies," to study adapting the State's procurement program to the state climate action plan under the Maine Revised Statutes, Title 38, section 577, referred to in this resolve as "the climate action plan." The office shall exclude from the study procurements conducted by the Public Utilities Commission for energy or transmission infrastructure pursuant to Title 35-A. The office shall survey the past 3 fiscal years of requests for proposals.

The office shall include in its survey:

1. An assessment of the volume and percentage of procurements for goods and services that provide an opportunity to consider the climate change impact of the deliverables of the requests for proposals and the volume and percentage of procurements that provide no such opportunity;
2. A determination and quantification of the extent to which agencies have already adapted the deliverables of their requests for proposals over the past 3 fiscal years to the climate action plan;
3. A review of agencies identifying the opportunities they may have missed to consider the greenhouse

gas emissions reduction goals under the climate action plan when initiating bids for goods and services; and

4. A review of agencies identifying potential issues based upon their experience with the procurement process and knowledge of what goods and services they commonly contract for.

Using the results of its survey, the office shall develop a report and recommendations, including recommendations to change the State's procurement laws, for how best to incorporate the goals of the climate action plan as priorities in the State's procurement program, allowing for exceptions or waivers as are reasonable and appropriate.

**Sec. 2. Report. Resolved:** That, no later than December 3, 2025, the office shall report on its findings and recommendations under section 1, including any suggested legislation, to the Joint Standing Committee on State and Local Government. **Sec. 1. Department of Education to convene working group to study Maine learning results; membership. Resolved:** That the Department of Education shall convene a working group to study the system of learning results established pursuant to the Maine Revised Statutes, Title 20-A, section 6209, referred to in this resolve as "the Maine learning results." Membership of the working group must include, but is not limited to:

1. Educators working with grade levels and subject matter included in the Maine learning results;
2. Education experts from the cultures, communities and traditions represented in Maine's classrooms; and
3. Representation from a statewide curriculum leaders' organization.

**Sec. 2. Study requirements. Resolved:** That the study performed by the working group pursuant to section 1 must include, but is not limited to:

1. A review of the purpose of the Maine learning results and an evaluation of its efficacy in achieving that purpose;
2. An examination of the overall structure, organization and accessibility of the Maine learning results, including how its format supports coherence and interdisciplinary learning;
3. An assessment of the inclusion, accuracy and representation of diverse cultures, communities and traditions across all content areas, including, but not limited to, Wabanaki studies, African American studies

and Asian American, Native Hawaiian and Pacific Islander studies;

4. A review of the Maine Revised Statutes, Title 20-A, section 6209 to assess whether statutory revisions are necessary; and

5. The findings and recommendations of the working group, including any suggested legislation necessary to support the implementation of the working group's recommendations.

**Sec. 3. Interim report. Resolved:** That the Department of Education shall, no later than February 1, 2026, submit an interim report of the working group's activities, progress and initial findings and recommendations to the Joint Standing Committee on Education and Cultural Affairs. The committee may report out a bill related to the interim report to the Second Regular Session of the 132nd Legislature.

**Sec. 4. Final report. Resolved:** That the Department of Education shall, no later than February 1, 2027, submit a final report to the joint standing committee of the Legislature having jurisdiction over education matters. The final report must include the working group's findings related to each component of the review described in section 2 and any recommendations related to revisions to the Maine learning results, including any recommendations to amend the Maine Revised Statutes, Title 20-A, section 6209. If revisions to the Maine learning results are recommended, the report must include a detailed plan and proposed timeline for implementing those revisions. **Resolve, Directing the  
Department of Inland Fisheries  
and Wildlife and the  
Department of Agriculture,  
Conservation and Forestry to  
Examine Issues Related to  
Public Access to Privately  
Owned Lands**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until

90 days after adjournment unless enacted as emergencies; and

**Whereas,** a majority of land in the State is privately owned; and

**Whereas,** the ability of residents to access these lands is in jeopardy as more and more landowners are closing off access to their land; and

**Whereas,** urgent action is needed to ensure this trend is reversed; and

**Whereas,** this legislation must take effect as soon as possible to convene a working group to explore opportunities to increase access and address these issues; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Working group. Resolved:** That the Department of Inland Fisheries and Wildlife and the Department of Agriculture, Conservation and Forestry, jointly referred to in this resolve as "the departments," shall convene a working group to examine issues related to public access to privately owned land in the State and opportunities to expand this access.

**Sec. 2. Working group membership. Resolved:** That the working group established under section 1 must be as broadly representative of interested parties and groups as possible, must be geographically representative of the different regions of the State and consists of at least the following 12 members:

1. A representative of a statewide organization representing commercial forest landowners;
2. A representative of a statewide organization representing small woodland owners;
3. A representative of an organization managing recreational access to the North Maine Woods;
4. A representative of a conservation organization that manages land or conservation easements;
5. A representative of an agricultural organization;
6. A representative of a statewide organization representing Maine guides;
7. A representative of the tourism and outdoor recreation industry focused on hiking, wildlife watching, biking, paddling or other popular outdoor pursuits;
8. A representative of a statewide association representing hunters and anglers;
9. A representative of a statewide association representing recreational vehicle users;

10. A representative from the Department of Agriculture, Conservation and Forestry, Bureau of Parks and Lands;

11. A representative from the Department of Inland Fisheries and Wildlife's landowner relations program; and

12. A representative from the Department of Economic and Community Development.

**Sec. 3. Working group chairs. Resolved:** That the Commissioner of Agriculture, Conservation and Forestry or the commissioner's designee and the Commissioner of Inland Fisheries and Wildlife or the commissioner's designee serve as cochairs of the working group under section 1 and shall make appointments to the working group as outlined in section 2. The cochairs shall serve as nonvoting members of the working group.

**Sec. 4. Working group duties. Resolved:** That the working group under section 1 shall:

1. Solicit and explore strategies to provide private landowners with financial incentives to maintain and expand recreational access to important corridors and destinations;

2. Solicit input from a broad range of individuals and businesses involved in outdoor and traditional recreational activities, landowners, outdoor recreation and public access policy experts and the general public to understand the history and value of and issues associated with the State's tradition of public access to public and private property;

3. Develop an assessment of the current and future status of public access to public and private property, with particular attention to current and future outdoor and traditional recreational activities;

4. Bring forth additional discussion points as agreed upon by the working group;

5. Recommend actions and policies that may be implemented to better support public access to public and private property in both municipalities and the unorganized territory; and

6. Evaluate enforcement of existing laws and rules on designated state trail systems.

**Sec. 5. Working group staff assistance. Resolved:** That the departments shall provide staffing to the working group under section 1 within existing resources and may seek staffing and financial support from other state agencies and private entities to accomplish the working group's work.

**Sec. 6. Report. Resolved:** That the departments shall report any findings and recommendations resulting from meetings of the working group under section 1 to the Joint Standing Committee on Agriculture, Con-

servation and Forestry and the Joint Standing Committee on Inland Fisheries and Wildlife by February 15, 2026. Each of the committees may report out a bill based on the report to the Second Regular Session of the 132nd Legislature.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

**Resolve, Directing the Maine  
Education Policy Research  
Institute and the Department  
of Education to Recommend  
Changes to the Essential  
Programs and Services  
Funding Formula**

**Sec. 1. Maine Education Policy Research Institute to review certain essential programs and services components; report. Resolved:** That the Maine Education Policy Research Institute shall:

1. No later than October 1, 2025, identify updated cost model parameters for the Department of Education to use in simulating projected impacts on school funding. Parameters must include, but are not limited to, the following:

- A. Transitional recommendations for moderating the special education component's expenditure-based adjustment;
- B. A minimum index value for the regional adjustment;
- C. A recommendation for calculating a regional index based on a valid and reliable cost-of-living measure;
- D. An updated per-pupil amount to more adequately fund instructional staff support;
- E. A variable student weight for determining economic disadvantage, with higher-poverty units receiving a progressively higher weight;
- F. Alternative parameters and implementation guidelines for the transportation model; and
- G. One or more options for incorporating a student economic disadvantage factor into the method for determining the amount of state subsidy provided to each municipality, including, but not limited to, adjusting the local required share of the essential programs and services cost estimate based on the proportion of economically disadvantaged resident students;

2. No later than October 1, 2025, identify additional information needed from school administrative units, to be collected by the Department of Education in fall 2025, to examine the per-pupil costs of certain high-cost in-district special education programs and services; and

3. Solicit stakeholder input on the results of simulations generated by the Department of Education pursuant to section 2, subsection 2 and submit a report to

the Joint Standing Committee on Education and Cultural Affairs summarizing the recommended parameters and results of stakeholder input no later than January 15, 2026.

**Sec. 2. Department of Education to collect data and conduct simulations of updated parameters for certain essential programs and services components; report. Resolved:** That the Department of Education shall:

1. Collect data identified by the Maine Education Policy Research Institute pursuant to section 1, subsection 2;

2. Simulate the impacts that the parameters proposed by the Maine Education Policy Research Institute pursuant to section 1 would have had on fiscal year 2026 school funding allocations, including the impact of all parameters combined, on the following:

- A. Total statewide cost of education;
- B. Statewide mill rate expectation; and
- C. Local and state shares and state share percentage of the essential programs and services estimated cost of education in each school administrative unit;

3. Provide the results of the simulations pursuant to subsection 2 to the Maine Education Policy Research Institute no later than October 15, 2025; and

4. Submit a report summarizing the results of the simulations pursuant to subsection 2, as well as any other simulations the Commissioner of Education may recommend, to the Joint Standing Committee on Education and Cultural Affairs no later than January 15, 2026. The joint standing committee may submit legislation related to the report to the Second Regular Session of the 132nd Legislature.

The Maine Education Policy Research Institute shall conduct the work under section 1 within existing contracted resources. The Department of Education shall conduct the work under this section within existing resources.

**Resolve, Directing the  
Department of Economic and  
Community Development to  
Convene a Working Group to  
Review the Process of Setting  
Impact Fees**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until

90 days after adjournment unless enacted as emergencies; and

**Whereas**, the State is facing a housing crisis that harms the quality of life and economic prosperity of all Maine residents that needs to be addressed as soon as possible; and

**Whereas**, to address this crisis, an additional 84,000 new housing units must be built by 2030; and

**Whereas**, a study on the barriers to addressing this crisis, completed in January 2025 by HR&A Advisors, found that unpredictable and overly burdensome costs and fees, including impact fees, were a deterrent to the construction of housing; and

**Whereas**, the HR&A Advisors report recommends the State establish a working group to review current local fees, including impact fees, and develop standards by which a municipality determines the local infrastructure costs and impact fees resulting from a housing development project, a transparent process by which municipalities establish those fees and a requirement that the fees be established at the beginning of the project approval process; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Department of Economic and Community Development to study impact fees. Resolved:** That the Department of Economic and Community Development, as the state agency responsible for overseeing the Housing Opportunity Program established in the Maine Revised Statutes, Title 5, section 13056-J, or a successor agency, in collaboration with the Office of Policy Innovation and the Future and the Maine Office of Community Affairs, shall convene a working group to study the process by which municipalities impose impact fees under Title 30-A, section 4354. The working group must include representatives of municipalities and developers associated with municipal infrastructure improvements and others with relevant experience. The study must include a review of the existing process by which municipalities establish and impose impact fees, guidance related to impact fees provided to developers and documentation municipalities use in establishing impact fees. For the purposes of this section, "impact fee" has the same meaning as in Title 30-A, section 4301, subsection 6-A. By December 3, 2025, the state agency responsible for overseeing the Housing Opportunity Program shall submit a report based on the study, including recommendations and any suggested legislation, to the Joint Standing Committee on Housing and Economic Development, and the committee may report out legislation related to the report to the Second Regular Session of the 132nd Legislature.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective June 18, 2025.

**H.P. 1311 - L.D. 1967**

**Resolve, to Design a Maine Home Energy Navigator and Coaching Pilot Program**

**Sec. 1. Maine home energy navigator and coaching pilot program. Resolved:** That the Governor's Energy Office and the Office of Policy Innovation and the Future, referred to in this resolve as "the offices," in consultation with the Efficiency Maine Trust, the Maine State Housing Authority and the Maine Office of Community Affairs, shall design a Maine home energy navigator and coaching pilot program, referred to in this resolve as "the pilot program." The pilot program must be designed to:

1. Provide community-based energy coaching services to residential consumers;
2. Provide guidance to residential consumers, particularly those in low-income and underserved communities, to understand and navigate energy efficiency and clean energy investment options to affordably meet their home energy needs;
3. Advise residential consumers on accessing available grants, rebates, financing and other assistance programs and incentives to meet their home energy needs;
4. Assist residential consumers in prioritizing identified energy-saving opportunities, including through the integration of weatherization strategies to reduce heating and cooling loads that could minimize the need for the installation of new equipment and lower future electric demands on the grid;
5. Help residential consumers review and analyze contractor recommendations regarding cost, payment and other relevant factors;
6. Minimize potential liability risks for the pilot program; and
7. Use grant funds and private partnerships to support pilot program implementation.

For the purposes of this resolve, "residential consumers" includes homeowners and renters.

The offices shall consult with community-based organizations and tribal governments regarding pilot program design and implementation considerations.

**Sec. 2. Report. Resolved:** That the offices shall submit a report on the pilot program design to the Joint

Standing Committee on Energy, Utilities and Technology by February 1, 2026. The report must include a description of the design of the pilot program, a description of the technical assistance and educational materials to be developed as part of the pilot program, an estimate of pilot program costs, a target number of residential consumers to be served by the pilot program and a proposed timeline for implementation of the pilot program. The committee may report out a bill based on the report to the Second Regular Session of the 132nd Legislature.

#### **Resolve, to Convene a Working Group to Study the Use of Oral Fluid Testing in Determining Intoxication of Drivers, Aircraft Operators and Hunters**

**Sec. 1. Bureau of Highway Safety to convene working group. Resolved:** That the Department of Public Safety, Bureau of Highway Safety, referred to in this resolve as "the bureau," shall convene a working group consisting of a broad representation of stakeholders to study the use of oral fluid testing to determine the intoxication of drivers, aircraft operators and hunters.

**Sec. 2. Membership. Resolved:** That the working group convened under section 1, referred to in this resolve as "the working group," must consist of, at a minimum, the following members:

1. The director of the bureau or the director's designee;
2. A prosecutor within the bureau's traffic safety resource prosecutors program;
3. A representative of the Department of the Secretary of State, Bureau of Motor Vehicles with experience in legal affairs and hearings;
4. The Director of the Maine Criminal Justice Academy or the director's designee;
5. A representative of the Department of Health and Human Services, Health and Environmental Testing Laboratory with experience in forensic chemistry;
6. A representative of a statewide association representing chiefs of police;
7. A representative of a statewide association representing sheriffs;
8. A representative of a statewide association representing prosecutors; and

9. A representative of a statewide association representing criminal defense attorneys.

The bureau may include in the working group any additional members it determines necessary to accomplish the goals of the study.

**Sec. 3. Working group duties. Resolved:** That, in conducting its study, the working group shall, at a minimum, review the following:

1. The State's need for and intended use of oral fluid testing, including whether oral fluid testing will be used to assist in establishing probable cause or whether it will be used for evidentiary purposes, or both;
2. Legal and regulatory changes required to allow the use of oral fluid testing in the State;
3. How the use of oral fluid testing may impact administrative license suspensions, including whether refusal to submit to oral fluid testing should result in an administrative license suspension and whether the results of oral fluid testing can be used as a basis for an administrative license suspension;
4. The necessary equipment required to implement the use of oral fluid testing, including potential laboratory equipment, and the associated costs and funding sources; and
5. Additional training requirements that may be needed to implement the use of oral fluid testing.

**Sec. 4. Report. Resolved:** That, by January 1, 2026, the bureau shall submit a report that includes the findings and recommendations of the working group, including suggested legislation, to the Joint Standing Committee on Criminal Justice and Public Safety. The committee may submit legislation based on the report to the Second Regular Session of the 132nd Legislature.

#### **Resolve, Directing the University of Maine System to Study Student Teacher Compensation**

**Sec. 1. Student teacher compensation study. Resolved:** That the University of Maine System, referred to in this resolve as "the system," shall convene a group of stakeholders to conduct a study related to the development of a compensation structure for student teachers. The group of stakeholders must have representation from, but is not limited to:

1. Preservice and in-service teachers;
2. Mentoring teachers;

- 3. School administrators;
- 4. Public and private postsecondary educator preparation programs in the State;
- 5. The Maine Education Association;
- 6. The Maine School Management Association;
- 7. The Maine Principals' Association; and
- 8. The Maine Municipal Association.

**Sec. 2. Study components. Resolved:** That the study under section 1 must include the following:

- 1. Examination of the barriers to student teaching and degree and certification attainment caused by the current status of student teaching as an unpaid requirement;
- 2. A proposed compensation structure, including, but not limited to, stipends for student and mentoring teachers and reimbursement of expenses such as mileage;
- 3. A proposed structure for administering compensation; and
- 4. Other policy options or innovative models for providing paid student teaching experience for preservice teachers, including, but not limited to, apprenticeships and residencies, to increase pathways to education careers in the State.

**Sec. 3. Report. Resolved:** That, no later than November 6, 2025, the system shall submit a report to the Joint Standing Committee on Education and Cultural Affairs on the findings of the study under section 1. The report must include an overview of stakeholder discussions and recommendations. The committee must provide the system and stakeholders the opportunity to appear before the committee to present the report. The committee may report out a bill related to the report to the Second Regular Session of the 132nd Legislature.

**CHAPTER 89**

**H.P. 1008 - L.D. 1523**

**Resolve, to Develop MaineCare Coverage for Doula Services**

**Sec. 1. Rate determination for doula services. Resolved:** That, no later than January 1, 2026, the Department of Health and Human Services shall initiate a rate determination process according to the requirements of the Maine Revised Statutes, Title 22, section 3173-J for the provision of doula services under the MaineCare program with a planned start for reimbursement, subject to sufficient appropriations from the Legislature, of January 1, 2028. For the purposes of this

resolve, "doula services" means the provision of services to a person by a nonclinical professional related to the physical, emotional and informational support of that person throughout pregnancy, labor, birth and the postpartum period, including, but not limited to, guidance and support concerning pregnancy health, childbirth, infant feeding and newborn care.

**Sec. 2. Doula council. Resolved:** That the department shall establish a multidisciplinary statewide doula council to provide advice and make recommendations to the department regarding doula services, including consulting in the rate determination process pursuant to section 1. The doula council must include practicing doulas. The doula council must provide advice to the department on topics, including, but not limited to, the scope of doula services that could become eligible for reimbursement under the MaineCare program, appropriate credentials for doulas, strategies for recruiting a diverse workforce of doulas to provide services in the State, reimbursement and billing issues and outreach to the public about how to access doula services.

**Sec. 3. Report. Resolved:** That the department shall submit a report, no later than February 1, 2027, to the joint standing committee of the Legislature having jurisdiction over health and human services matters with the department's progress on developing rates under section 1 and recommendations for reimbursement for doula services under the MaineCare program pursuant to section 2. The report must include recommendations on the appropriateness of MaineCare reimbursement for doula services, a timeline for implementation of rates and state plan amendments, the necessary budget requests to fund the provision of doula services under the MaineCare program and a permanent structure for a doula council. The joint standing committee of the Legislature having jurisdiction over health and human services matters is authorized to report out legislation to the 133rd Legislature in 2027.

**H.P. 639 - L.D. 979**

**Resolve, Regarding Legislative Review of Chapter 113: Assisted Housing Programs Licensing Rule, a Late-filed Major Substantive Rule of the Department of Health and Human Services**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A requires legislative authorization before major substantive agency rules may be finally adopted by the agency; and

**Whereas,** a major substantive rule has been submitted to the Legislature outside the legislative rule acceptance period; and

**Whereas,** immediate enactment of this resolve is necessary to record the Legislature's position on final adoption of the rule; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Adoption. Resolved:** That final adoption of Chapter 113: Assisted Housing Programs Licensing Rule, a provisionally adopted major substantive rule of the Department of Health and Human Services that has been submitted to the Legislature for review pursuant to the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A outside the legislative rule acceptance period, is authorized only if:

1. In the rule in Part B: Residential Care Facilities, in Section 7.A, a new Section 7.A.3 is added that requires a facility's administrator to ensure that the following data is submitted to the division of licensing and certification, no less frequently than on a quarterly basis, beginning no later than 60 days after the written notice by the Department of Health and Human Services that a reporting system has been developed and is ready for facility data submission:

- A. The facility's daily number of staff for each shift who were present and working each day providing direct care to residents during each shift;
- B. The facility's number of staff who are working as temporary staff and were hired through a temporary nurse agency or other temporary staffing agency or Internet-based system, and the name of the agency;
- C. The facility's staff turnover rate for each quarter; and
- D. The facility's resident census for each day.

The Department of Health and Human Services shall submit an annual report, beginning January 2, 2027, to the joint standing committee of the Legislature having jurisdiction over health and human services matters, with the monthly average of data collected under Section 7.A. The report due January 2, 2027 must include a method to provide the data to the public on the department's publicly accessible website;

2. The requirement in the rule in Part B: Residential Care Facilities for minimum direct residential care

staff to occupied bed ratios in Section 14.B.1 that would be required after one year and 2 years of final adoption of the rule is removed and only the current ratios remain; and

3. The requirement in the rule in Part B: Residential Care Facilities for staffing requirements for memory care units in Section 17.I.2 and Section 17.I.3 that would be required after one year and 2 years of final adoption of the rule is removed.

**Sec. 2. Stakeholder group to examine residential facility staffing. Resolved:** That the long-term care ombudsman under the Maine Revised Statutes, Title 22, section 5107-A shall convene a stakeholder group to examine residential care facility staffing issues, referred to in this resolve as "the stakeholder group."

**1. Membership.** The stakeholder group must include, but is not limited to, the following:

- A. A representative from the office of aging and disability services within the Department of Health and Human Services;
- B. A representative from the division of licensing and certification within the Department of Health and Human Services;
- C. A representative of a statewide organization representing residential care facilities;
- D. A representative of a residential care facility with a memory care unit;
- E. A representative of a residential care facility without a memory care unit;
- F. A representative of an assisted living provider;
- G. A representative from Legal Services for Maine Elders;
- H. A representative from a statewide association advocating on behalf of issues related to Alzheimer's disease;
- I. A representative from a statewide association advocating on behalf of the elderly;
- J. A representative who has a family with a member in residential care;
- K. Two employees with direct care experience working in residential care facilities who are not in facility management; and
- L. Additional representatives from the long-term care ombudsman program within the Department of Health and Human Services.

**2. Duties.** The stakeholder group shall examine issues of staffing in residential care facilities as governed by Department of Health and Human Services rule Chapter 113: Assisted Housing Programs Licensing Rule. The stakeholder group shall:

- A. Examine appropriate staffing levels, including at different times of the day;
- B. Examine staffing ratios required to ensure residential care at different times of the day;
- C. Examine staffing levels and ratios sufficient to meet resident needs, including medical and other needs;
- D. Ensure that there is objective information about the impact of staffing ratios on access to care, including reimbursement and financial information; and
- E. Examine the connections between facility reimbursement and staffing and the transparency of those connections.

**3. Outside expertise; data.** The stakeholder group may consult with national experts within existing resources. The stakeholder group shall consider the following information:

- A. Survey and certification results from the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services and the division of licensing and certification within the Department of Health and Human Services;
- B. The minimum data set tool from the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services used by long-term care providers;
- C. Current reported staffing levels, including quarterly reporting on direct care staffing, submitted by providers to the Department of Health and Human Services;
- D. Surveys of direct care staff;
- E. Surveys submitted by residential care providers;
- F. Complaints received by the long-term care ombudsman program within the Department of Health and Human Services and by the Department of Health and Human Services;
- G. Steps taken by facilities to address workforce shortages;
- H. Projected workforce needs and staffing availability; and
- I. Current reimbursement rates for staffing.

**4. Meeting and reports.** The stakeholder group shall meet no later than September 30, 2025. The stakeholder group shall submit a preliminary report no later than January 30, 2026 and a final report no later than January 2, 2027 to the joint standing committee of the Legislature having jurisdiction over health and human services matters. The committee is authorized to report out legislation related to the final report to the 133rd Legislature in 2027.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective June 20, 2025.

**Resolve, to Study the Delivery of Emergency Medical Services to and Ferry Service Effects on Unbridged Island Communities in the State**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** emergency medical services are essential services and failing to provide these essential services adversely affects public health; and

**Whereas,** addressing the delivery of emergency medical services to unbridged island communities will require input and collaboration from several stakeholders; and

**Whereas,** this legislation must take effect before the expiration of the 90-day period in order to address these issues; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Department of Public Safety, Maine Emergency Medical Services to convene working group. Resolved:** That the Department of Public Safety, Maine Emergency Medical Services shall convene a working group to study the delivery of emergency medical services to and ferry service implications on unbridged island communities in the State. The study must include an evaluation of the long-term sustainability of emergency medical services to unbridged islands, legal and regulatory requirements related to such services and a cost comparison to emergency medical services needs and costs statewide.

**Sec. 2. Membership. Resolved:** That the working group under section 1 consists of the following members:

1. The Director of Maine Emergency Medical Services within the Department of Public Safety, or the director's designee;
2. A representative of a municipal government of an unbridged island community that is served by the

Department of Transportation, Maine State Ferry Service;

3. A representative of a municipal government of an unbridged island community that is not served by the Department of Transportation, Maine State Ferry Service;

4. A representative who provides emergency medical services on an unbridged island community served by the Department of Transportation, Maine State Ferry Service;

5. A representative of the Department of Transportation, Maine State Ferry Service;

6. A representative of an organization with experience in providing air ambulance critical care transport services in the State;

7. A representative of a statewide association representing ambulance services; and

8. A representative of a municipal fire department that provides marine emergency medical services that are not primarily facilitated through a ferry service to an unbridged island community.

**Sec. 3. Report. Resolved:** That, by January 1, 2026, the Department of Public Safety, Maine Emergency Medical Services shall submit a report that includes the findings and recommendations of the working group under section 1, including suggested legislation, for presentation to the Joint Standing Committee on Criminal Justice and Public Safety and to the Joint Standing Committee on Transportation. Both committees may submit legislation based on the report to the Second Regular Session of the 132nd Legislature.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective June 20, 2025.

**CHAPTER 94  
H.P. 5 - L.D. 41**

**Resolve, Authorizing the State Tax Assessor to Convey the Interest of the State in Certain Real Estate in the Unorganized Territory**

**Sec. 1. State Tax Assessor authorized to convey real estate. Resolved:** That the State Tax Assessor is authorized to convey by sale the interest of the State in real estate in the Unorganized Territory as indicated in this resolve. Except as otherwise directed in this resolve, the sale must be made to the highest bidder subject to the following provisions.

1. In accordance with the Maine Revised Statutes, Title 36, section 943-C, at least 90 days prior to listing property for sale, the State Tax Assessor shall send a written notice to the last known address of the former owner by United States Postal Service certified mail, return receipt requested, and first-class mail of the sale process under Title 36, section 943-C, subsection 3.

2. After 90 days, the State Tax Assessor shall list and sell the property with a real estate broker or agent licensed under Title 32, chapter 114 using the sale process described in the Maine Revised Statutes, Title 36, section 943-C, subsection 3.

3. If, after 3 attempts, the State Tax Assessor is unable to contract with a real estate broker or agent for the sale of the property, or the broker or agent is unable to sell the property within 12 months after listing, the State Tax Assessor shall sell the property to the highest bidder for an amount not less than the outstanding taxes, interest, deed and other costs. Notice of the sale must be published 3 times prior to the sale, once each week for 3 consecutive weeks in a newspaper in the county where the real estate lies, except in those cases in which the sale is to be made to a specific individual or individuals as authorized in this resolve, in which case notice need not be published.

4. Following the sale of any property under this resolve, the State Tax Assessor shall pay the former owner any excess sale proceeds in accordance with the Maine Revised Statutes, Title 36, section 943-C, subsection 3.

If bids in the minimum amount recommended in this resolve are not received after the notice of sale under subsection 3, the State Tax Assessor may sell the property for not less than the minimum amount without again asking for bids if the property is sold on or before August 1, 2026.

Employees of the Department of Administrative and Financial Services, Bureau of Revenue Services and spouses, siblings, parents and children of employees of the Bureau of Revenue Services are barred from acquiring from the State any of the real property subject to this resolve.

Upon receipt of payment as specified in this resolve, the State Tax Assessor shall record the deed in the appropriate registry at no additional charge to the purchaser before sending the deed to the purchaser.

**S.P. 46 - L.D. 29**

**Resolve, to Require the  
 Department of Transportation  
 to Implement the  
 Recommendations of the  
 Lower Road Rail Use Advisory  
 Council and the Calais Branch  
 Rail Use Advisory Council**

**Preamble.** Whereas, the State Railroad Preservation and Assistance Act requires the Department of Transportation to seek legislative approval for any conversion of a state-owned rail corridor in which the department controls the right-of-way to a nonrail recreational or nonrecreational transportation use; and

**Whereas**, Public Law 2021, chapter 239 enacted the Maine Revised Statutes, Title 23, section 75, which gives the Commissioner of Transportation the authority to establish a rail corridor use advisory council upon petition of one or more governmental entities; and

**Whereas**, the Department of Transportation received letters of support from communities along the section of the state-owned rail corridor known as the Lower Road from Rockland Junction in the Town of Brunswick to the City of Augusta requesting the formation of a rail corridor use advisory council; and

**Whereas**, the Lower Road Rail Use Advisory Council convened and met for 9 months in late 2022 and 2023; and

**Whereas**, 11 of the 14 members of the Lower Road Rail Use Advisory Council voted to recommend the interim conversion of 33.5 miles of existing railroad track to a stone dust or paved bicycle and pedestrian trail; and

**Whereas**, the Department of Transportation received letters of support from communities along the section of the state-owned rail corridor known as the Calais Branch requesting the formation of a rail corridor use advisory council; and

**Whereas**, the Calais Branch Rail Use Advisory Council convened and met over a period of 8 months in 2024; and

**Whereas**, 10 of the 11 Calais Branch Rail Use Advisory Council members, with one member abstaining, voted to recommend the interim conversion of the existing railroad track to a multi-use trail; and

**Whereas**, the State Railroad Preservation and Assistance Act further requires that, once the Commissioner of Transportation receives a report from a rail corridor use advisory council that includes a recommendation of track removal or other change for interim nonrail use and the commissioner concurs with that recommendation, the commissioner seek legislative approval of the recommendation by submitting legislation to the joint standing committee of the Legislature having jurisdiction over transportation matters prior to the track removal or other change for interim nonrail use; and

**Whereas**, any track removal or other change for nonrail use is considered interim in nature and rail corridors are to be preserved for future rail use as provided under the State Railroad Preservation and Assistance Act; now, therefore, be it

**Sec. 1. Trail construction on Lower Road. Resolved:** That, based on the majority recommendation of the Lower Road Rail Use Advisory Council and pursuant to the Maine Revised Statutes, Title 23, section 7107, the Department of Transportation shall, subject to available funding resources, permitting and municipal agreements, remove state-owned inactive existing railroad track along the section known as the Lower

Road between the Town of Brunswick and the City of Gardiner to the existing Kennebec River Rail Trail, and a portion of the rail line in the City of Hallowell, and replace the track with an interim bicycle and pedestrian trail surfaced with pavement or stone dust on the existing rail bed.

**Sec. 2. Calais Branch rail trail recommendation. Resolved:** That, consistent with the majority recommendation of the Calais Branch Rail Use Advisory Council and pursuant to the Maine Revised Statutes, Title 23, section 7107, the Department of Transportation shall remove 12.26 miles of state-owned inactive existing railroad track along the section known as the Calais Branch from the Route 214 intersection in Ayers Junction in the Town of Pembroke to Route 1 in the City of Calais and replace the track with a multi-use trail on the existing rail bed. The completed multi-use trail is interim in nature, and the project to create the multi-use trail is subject to available funding resources, permitting and municipal agreements.

Recommendations of the  
Portland to Auburn Rail Use  
Advisory Council**

**Preamble. Whereas**, the State Railroad Preservation and Assistance Act requires the Department of Transportation to seek legislative approval for any conversion of a state-owned rail corridor in which the department controls the right-of-way to a nonrail recreational or nonrecreational transportation use; and

**Whereas**, Public Law 2021, chapter 239 enacted the Maine Revised Statutes, Title 23, section 75, which gives the Commissioner of Transportation the authority to establish a rail corridor use advisory council upon petition of one or more governmental entities; and

**Whereas**, the Department of Transportation received letters of support from all communities along the section of the state-owned rail corridor known as the Berlin Subdivision from the City of Portland to the town line between the City of Auburn and the Town of New Gloucester requesting the formation of a rail corridor use advisory council; and

**Whereas**, the Portland to Auburn Rail Use Advisory Council convened and met for 9 months in 2022 and early 2023; and

**Whereas**, the Portland to Auburn Rail Use Advisory Council voted to recommend the interim conversion of the existing railroad track to a gravel, stone dust or paved bicycle and pedestrian trail; and

**Whereas**, the State Railroad Preservation and Assistance Act further requires that, once the Commissioner of Transportation receives a report from a rail corridor use advisory council that includes a recommendation of track removal or other change for interim non-rail use and the commissioner concurs with that recommendation, the commissioner seek legislative approval of the recommendation by submitting legislation to the joint standing committee of the Legislature having jurisdiction over transportation matters prior to the track removal or other change for interim nonrail use; and

**Resolve, Directing the Department of Transportation to Study the Feasibility of Ferry Service to Monhegan Island**

**Sec. 1. Monhegan Island ferry service study. Resolved:** That the Department of Transportation shall work with island and ferry service stakeholders to study adding ferry service to Monhegan Island. The study must include an assessment of the economic and social benefits and challenges of implementing ferry service, the infrastructure resources and needs on the island and mainland and the overall feasibility of such a service.

**Sec. 2. Study stakeholders. Resolved:** That the Department of Transportation may, but is not required to, invite the participation in the study under section 1 of any of the following as stakeholders:

1. A Monhegan Plantation representative, such as the First Assessor or the First Assessor's designee, appointed by the Commissioner of Transportation;
2. A year-round resident of the State with a vested interest in Monhegan Island, appointed by the Commissioner of Transportation;
3. A representative from a private transit provider that provides waterborne transportation, appointed by the Commissioner of Transportation; and
4. No more than 2 representatives from the Department of Transportation, one of whom may be a member who represents the Maine State Ferry Service, appointed by the Commissioner of Transportation.

**Sec. 3. Report. Resolved:** That, no later than December 3, 2025, the Department of Transportation shall submit a report that includes its findings and recommendations under section 1, including any suggested legislation, to the Joint Standing Committee on Transportation. The joint standing committee may report out a bill to the Second Regular Session of the 132nd Legislature.

**H.P. 841 - L.D. 1266**

**Resolve, Directing the Department of Health and Human Services, Office of Behavioral Health to Convene a Working Group to Propose a Plan for Expanding the Reach of Treatment Courts**

**Sec. 1. Adult treatment courts. Resolved:** That the Department of Health and Human Services, Office of Behavioral Health shall establish a working group to develop a plan for expanding the availability

of adult drug treatment courts, family treatment courts and veterans treatment courts across the State by ensuring that defendants in each prosecutorial district and county have access to these specialty court dockets. As used in this resolve, "adult drug treatment courts" and "family treatment courts" mean specialty court dockets that serve adult criminal defendants whose involvement with the criminal justice system has been caused, at least in part, by a serious substance use disorder and that allow those defendants, upon successful completion of a program involving multidisciplinary supports, services and requirements, to have all or most of their pending criminal charges dismissed. The Office of Behavioral Health shall invite a multidisciplinary group of stakeholders to participate in the working group, including probation and parole officers from the Department of Corrections, as well as representatives from the Judicial Department; the Department of Defense, Veterans and Emergency Management; the Department of Health and Human Services, Office of Child and Family Services; the Maine Commission on Public Defense Services; a statewide association of prosecutors; a statewide association of criminal defense attorneys; local law enforcement agencies; organizations that provide pretrial supervision to defendants under pretrial release pursuant to the Maine Revised Statutes, Title 15, section 1026; and a statewide organization that advocates for reentry services for current and formerly incarcerated individuals in the State. The Department of Health and Human Services, Office of Behavioral Health shall submit a report of the working group's activities, including any recommendations for expanding the scope and geographic location of treatment courts and suggested legislation developed by the working group, to the Joint Standing Committee on Judiciary no later than January 1, 2026. The joint standing committee may report out legislation related to the report to the Second Regular Session of the 132nd Legislature.

**Resolve, to Direct the Department of Transportation to Report Progress Made Toward Implementing Recommendations Based on the 2025 Public Transit Advisory Council Report**

**Sec. 1. Implementation progress; report. Resolved:** That, by December 3, 2025, the Department of Transportation shall submit to the Joint Standing Committee on Transportation a report detailing the department's progress on implementing the recommendations from the 2025 Public Transit Advisory Council

report pursuant to the Maine Revised Statutes, Title 23, section 4209-A, subsection 5. The report must include, but is not limited to, a summary of actions taken toward implementing each recommendation to the department from the Public Transit Advisory Council report, including specific dates on which those actions were taken; a list of specific dates on which the department plans to take additional actions toward implementing each recommendation; and a list of recommendations not yet implemented. The Joint Standing Committee on Transportation may report out legislation to the Second Regular Session of the 132nd Legislature based on the report.

**Resolve, to Establish a Working Group to Facilitate Public Access and Resilience Planning for Swan Island**

**Sec. 1. Swan Island access and resilience working group convened. Resolved:** That the Department of Inland Fisheries and Wildlife, referred to in this resolve as "the department," shall convene a working group to develop a comprehensive plan to enhance public access to Swan Island in Perkins Township in Sagadahoc County. The working group must include, but is not limited to:

1. The Commissioner of Inland Fisheries and Wildlife or the commissioner's designee;
2. The Commissioner of Economic and Community Development or the commissioner's designee;
3. The Director of the Office of Policy Innovation and the Future or the director's designee;
4. The Commissioner of Agriculture, Conservation and Forestry or the commissioner's designee;
5. A municipal official from the Town of Richmond responsible for tax increment financing allocations; and
6. A representative from a local nonprofit organization with an interest in outdoor recreation access, conservation or community development related to Swan Island.

**Sec. 2. Plan development; working group meetings. Resolved:** That the working group convened pursuant to section 1 shall:

1. Identify barriers to public access to Swan Island and strategies for removing those barriers;
2. Evaluate accessible transportation options for the public, including operation and maintenance of a

ferry or alternative public transportation systems that may be conducted through public-private partnerships;

3. Assess infrastructure needs, such as the creation and upkeep of docks, campgrounds, educational facilities and historic sites;

4. Recommend roles and responsibilities among state and municipal partners for operations, maintenance and land stewardship;

5. Explore funding sources, including, but not limited to, land and water conservation funds, tax increment financing allocations and public and private funds or resilience-related programs;

6. Develop a coordinated implementation timeline and cost estimates;

7. Identify any necessary changes to statute or rule; and

8. Produce a detailed Swan Island public access plan with supporting documentation and an implementation date on or before May 1, 2026.

The working group shall provide public notice for its meetings.

**Sec. 3. Report. Resolved:** That the department shall submit a report that includes the finalized Swan Island public access plan produced pursuant to section 2, along with any recommended legislation from the working group convened pursuant to section 1, to the Joint Standing Committee on Inland Fisheries and Wildlife no later than January 1, 2026. The committee may submit a bill to the Second Regular Session of the 132nd Legislature based on the report. This resolve may not be construed to prevent the department from initiating implementation of the public access plan prior to or following January 1, 2026.

**Resolve, Directing the Department of Transportation to Establish the Maine Coordinating Working Group on Access and Mobility**

**Sec. 1. Establish Maine Coordinating Working Group on Access and Mobility. Resolved:** That the Department of Transportation shall establish the Maine Coordinating Working Group on Access and Mobility, referred to in this resolve as "the working group."

**Sec. 2. Members; selection of chair and vice-chair. Resolved:** That the working group is composed of the following members:

1. The Commissioner of Transportation or the commissioner's designee;

2. The Commissioner of Health and Human Services or the commissioner's designee;

3. The Commissioner of Education or the commissioner's designee;

4. The Commissioner of Labor or the commissioner's designee;

5. One member from the Maine Office of Community Affairs, appointed by the Commissioner of Transportation in consultation with the Commissioner of Health and Human Services;

6. One member who is a representative of a statewide organization advocating for older adults, appointed by the Commissioner of Transportation in consultation with the Commissioner of Health and Human Services and the Moving Maine Network, the Maine Transit Association and the Maine Council on Aging;

7. One member who is a representative of an organization representing persons with disabilities, appointed by the Commissioner of Transportation in consultation with the Commissioner of Health and Human Services and the Moving Maine Network, the Maine Transit Association and the Maine Council on Aging;

8. One member who is a representative of a statewide nonprofit organization advocating on behalf of persons with low incomes, appointed by the Commissioner of Transportation in consultation with the Commissioner of Health and Human Services and the Moving Maine Network, the Maine Transit Association and the Maine Council on Aging;

9. One member who is a representative from a statewide association of public transit providers, appointed by the Commissioner of Transportation in consultation with the Commissioner of Health and Human Services and the Moving Maine Network, the Maine Transit Association and the Maine Council on Aging;

10. One member with lived experience with the Department of Health and Human Services' nonemergency transportation program, appointed by the Commissioner of Transportation in consultation with the Commissioner of Health and Human Services and the Moving Maine Network, the Maine Transit Association and the Maine Council on Aging;

11. One member who is a representative of a statewide coalition focused on expanding transportation access, appointed by the Commissioner of Transportation in consultation with the Commissioner of Health and Human Services and the Moving Maine Network, the Maine Transit Association and the Maine Council on Aging; and

12. One member who is a representative of a youth-led organization, appointed by the Commissioner of Transportation in consultation with the Commissioner

of Health and Human Services and the Moving Maine Network, the Maine Transit Association and the Maine Council on Aging.

The working group shall select a chair and vice-chair from among its members.

**Sec. 3. Duties; implementation plan. Resolved:** That the working group shall develop an implementation plan that includes a timeline, a budget and a staffing plan and a detailed work plan to:

1. Establish a mobility management approach among state agencies to increase efficiency, accessibility and sustainability of transportation across the State. The working group shall examine the creation of mobility management hubs and improving transportation for populations experiencing transportation insecurity. For the purposes of this resolve, the following terms have the following meanings.

A. "Mobility management" means a collaborative approach for managing and delivering coordinated transportation services to persons, especially non-drivers, including older adults, persons with disabilities and persons with low incomes, and that focuses on meeting persons' needs through a wide range of transportation options and service providers and focuses on coordinating these services and providers to achieve a more efficient transportation service delivery system.

B. "Mobility management hub" means a program that provides capacity for coordination between multiple community providers and organizations to support persons in accessing transportation supports and services and is designed to be welcoming and accessible to persons of all mobility needs.

C. "Populations experiencing transportation insecurity" means groups facing financial, systemic and relational barriers that contribute to the barriers to accessing needed services or destinations comfortably, conveniently and affordably;

2. Build interagency coordination between the Department of Transportation, the Department of Health and Human Services, the Department of Education, the Department of Labor and other state agencies as determined relevant to increase efficiency and coordination of transportation funding; and

3. Use federal guidance and models from other jurisdictions to remove barriers to and to develop methods of cost sharing between federal and state programs to improve access to transportation across the State.

**Sec. 4. Development of implementation plan. Resolved:** That the Department of Transportation and the working group, in developing the implementation plan under section 3, shall:

1. Review best practices in other states and jurisdictions, such as the 2023 "Would a System of Regional

Mobility Managers Benefit Massachusetts?" study from the Massachusetts Department of Transportation;

2. Use the United States Department of Transportation, Federal Transit Administration's 2023-2026 Coordinating Council on Access and Mobility Strategic Plan and the Department of Transportation's Maine Strategic Transit Plan 2025 to identify mobility management efforts to meet the needs in the State;

3. Identify the regional structure and services that would be offered under a mobility management program;

4. Determine the level of funding needed to sustainably operate a mobility management program; and

5. Identify additional funding mechanisms, including, but not limited to, the United States Department of Transportation, Federal Transit Administration formula grants under 49 United States Code, Sections 5310 and 5311.

The Department of Transportation may organize members of the working group into subgroups and hire consultants for the development of the implementation plan under section 3.

**Sec. 5. Report. Resolved:** That the Department of Transportation, on behalf of the working group, shall submit a report with the implementation plan developed under section 3, including any necessary legislation and estimated appropriations, to the Joint Standing Committee on Transportation by February 1, 2026. The committee may report out legislation based on the report to the Second Regular Session of the 132nd Legislature.

**Resolve, to Study  
Authorization for Municipal  
Fire Departments with Trained  
Personnel to Conduct Fire  
Sprinkler System Plan Reviews**

**Sec. 1. Office of State Fire Marshal to convene working group. Resolved:** That the Department of Public Safety, Office of the State Fire Marshal, referred to in this resolve as "the office," shall convene a working group, referred to in this resolve as "the working group," to study allowing the office to authorize municipal fire departments with trained personnel to conduct fire sprinkler system plan reviews.

**Sec. 2. Membership. Resolved:** That the working group must consist of a broad representation of stakeholders, including, but not limited to, the following members:

1. The State Fire Marshal, or the fire marshal's designee;
2. The chair of the Maine Fire Protection Services Commission established in the Maine Revised Statutes, Title 5, section 12004-J, subsection 12, or the chair's designee;
3. A representative from a statewide association of fire chiefs;
4. A representative from a statewide association of municipalities; and
5. A representative from a municipal fire department seeking to conduct the fire department's own fire sprinkler system plan reviews.

**Sec. 3. Duties of working group. Resolved:** That the working group shall examine:

1. The status of fire sprinkler system plan reviews in the State, including, but not limited to, data regarding the number of fire sprinkler system permits issued annually, the amount of time taken to issue the permits and the number of preliminary fire sprinkler system permits issued;
2. The best procedures to allow the office to grant authority to a municipal fire department to conduct the municipality's fire sprinkler system plan reviews; and
3. Strategies to address the office's staffing needs.

**Sec. 4. Report. Resolved:** That, by December 3, 2025, the office shall submit a report that includes the findings and recommendations of the working group, including suggested legislation, to the Joint Standing Committee on Criminal Justice and Public Safety and the Joint Standing Committee on Housing and Economic Development. The Joint Standing Committee on Criminal Justice and Public Safety may submit legislation based on the report to the Second Regular Session of the 132nd Legislature.

**CHAPTER 104**

**S.P. 139 - L.D. 353**

**Resolve, to Establish the  
Commission to Recommend  
Methods for Preventing Deed  
Fraud in the State**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** deed fraud occurs when a person sells real property by falsely claiming to be the property owner and records a deed of the fraudulently induced sale in the registry of deeds, depriving the rightful owner of a significant asset without the owner's knowledge; and

**Whereas,** the process for the rightful owner of the property to nullify a fraudulently recorded deed is not only time-consuming and expensive but, if successful, can also leave the innocent purchaser of the property with neither the property nor the funds used to purchase the property from the perpetrator of the deed fraud; and

**Whereas,** this legislation establishes the Commission to Recommend Methods for Preventing Deed Fraud in the State to study options for both preventing deed fraud and recompensing the victims of deed fraud; and

**Whereas,** the study must be initiated before the 90-day period expires in order that the study may be completed and a report submitted in time for submission to the next legislative session; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Commission established. Resolved:** That the Commission to Recommend Methods for Preventing Deed Fraud in the State, referred to in this resolve as "the commission," is established.

**Sec. 2. Commission membership. Resolved:** That, notwithstanding Joint Rule 353, the commission consists of 13 members as follows:

1. Five members appointed by the President of the Senate as follows:

A. Two members of the Senate, including one member of the party holding the largest number of seats in the Legislature and one member of the party holding the 2nd largest number of seats in the Legislature;

B. One individual who is a register of deeds in this State;

C. One individual who is an experienced title attorney in this State; and

D. One individual who represents civil legal aid providers for residents of this State who are elderly;

2. Five members appointed by the Speaker of the House as follows:

A. Two members of the House of Representatives, including one member of the party holding the largest number of seats in the Legislature and one member of the party holding the 2nd largest number of seats in the Legislature;

B. One individual who represents the Department of Public Safety, Maine State Police computer crimes unit;

C. One individual who represents a statewide association of real estate brokers and who has experience in real estate transactions; and

D. One individual who represents banking institutions in this State;

3. The chair of the Real Estate Commission within the Department of Professional and Financial Regulation, Office of Professional and Occupational Regulation or the chair's designee;

4. The Secretary of State or the secretary's designee; and

5. The Attorney General or the Attorney General's designee.

**Sec. 3. Chairs. Resolved:** That the first-named Senate member is the Senate chair and the first-named House of Representatives member is the House chair of the commission.

**Sec. 4. Appointments; convening of commission. Resolved:** That all appointments must be made no later than 30 days following the effective date of this resolve. The appointing authorities shall notify the Executive Director of the Legislative Council once all appointments have been completed. After appointment of all members, the chairs shall call and convene the first meeting of the commission. If 30 days or more after the effective date of this resolve a majority of but

not all appointments have been made, the chairs may request authority and the Legislative Council may grant authority for the commission to meet and conduct its business.

**Sec. 5. Duties. Resolved:** That the commission shall:

1. Gather information on the practice and prevalence of deed fraud in the State, including information and data, if available, on the number and characteristics of incidents of deed fraud and unsuccessful attempts at deed fraud;

2. Examine the sufficiency of state laws and practices related to the following:

A. Identity verification for the sale of real property located in the State;

B. Notarization and recording of instruments affecting title to real property in the State, including the requirements for conducting remote notarization;

C. Existing criminal penalties potentially applicable to perpetrators of deed fraud; and

D. Civil remedies available to victims of deed fraud, including processes for nullifying fraudulently recorded deeds and returning ownership of the property to the rightful owners;

3. Gather and review any educational materials regarding the prevention of deed fraud that are currently available to property owners, real estate brokerage agencies, title insurance companies, real estate attorneys and other professionals involved in the sale of real property; examine the sufficiency of these materials; and consider the best methods for ensuring that appropriate educational materials are disseminated to property owners and relevant real estate professionals across the State;

4. Examine ways to mitigate the fraudulent listing of homes for rent by an individual who is not the legal homeowner; and

5. Examine ways in which deed fraud is being conducted through the Internet, including through the use of artificial intelligence technology.

**Sec. 6. Staff assistance. Resolved:** That the Legislative Council shall provide necessary staffing services to the commission, except that Legislative Council staff support is not authorized when the Legislature is in regular or special session.

**Sec. 7. Report. Resolved:** That, no later than December 3, 2025, the commission shall submit to the Joint Standing Committee on Judiciary a report that includes the commission's findings and recommendations for preventing deed fraud in the State, including recommendations for enhanced public awareness of deed fraud and any suggested legislation for preventing deed

fraud, including, but not limited to, enhancing identity verification requirements for real estate transactions in the State and for improving the civil and criminal remedies available in the State. The joint standing committee is authorized to report out legislation related to the report to the Second Regular Session of the 132nd Legislature.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective July 1, 2025.

S.P. 594 - L.D. 1453**

**Resolve, to Establish the  
Housing Production Innovation  
Working Group**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** this resolve establishes a working group to study and advise on the potential for innovative housing construction technologies to reduce housing production costs and accelerate housing production in the State; and

**Whereas,** the study must be initiated before the 90-day period expires so that the study may be completed and a report submitted in time for consideration during the next legislative session; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Working group established. Resolved:** That the Housing Production Innovation Working Group, referred to in this resolve as "the working group," is established.

**Sec. 2. Working group membership. Resolved:** That, notwithstanding Joint Rule 353, the working group consists of 11 members appointed as follows:

1. Two members of the Senate, including one member from each of the 2 parties holding the largest number of seats in the Legislature and who serve on the Joint Standing Committee on Housing and Economic Development, appointed by the President of the Senate;
2. Two members of the House of Representatives, including one member from each of the 2 parties holding the largest number of seats in the Legislature and

who serve on the Joint Standing Committee on Housing and Economic Development, appointed by the Speaker of the House;

3. The Commissioner of Professional and Financial Regulation or the commissioner's designee;

4. The Commissioner of Economic and Community Development or the commissioner's designee;

5. The Director of the Office of Policy Innovation and the Future or the director's designee;

6. The Director of the Maine Office of Community Affairs or the director's designee; and

7. Three members from the residential construction and building materials manufacturing industries, one appointed by the President of the Senate, one appointed by the Speaker of the House and one appointed by the Governor.

**Sec. 3. Chairs. Resolved:** That, notwithstanding Joint Rule 353, at the first meeting of the working group, the members shall elect, by majority vote of those present, 2 members appointed under section 2, subsections 3 to 7 as chairs of the working group.

**Sec. 4. Appointments; convening of working group. Resolved:** That, notwithstanding Joint Rule 353, all appointments must be made no later than 30 days following the effective date of this resolve. The appointing authorities shall notify the Executive Director of the Legislative Council and the Commissioner of Economic and Community Development once all appointments have been completed. After appointment of all members, the Commissioner of Economic and Community Development shall call and convene the first meeting of the working group. If 30 days or more after the effective date of this resolve a majority of but not all appointments have been made, the Commissioner of Economic and Community Development may request authority and the Legislative Council may grant authority for the working group to meet and conduct its business.

**Sec. 5. Duties. Resolved:** That the working group shall study the potential for innovative housing construction technologies to reduce housing production costs and accelerate housing production in the State. Innovative housing construction technologies may include modular housing, componentized housing, 3-dimensional printing or other approaches to residential construction. The working group shall consider regulatory and financial solutions to barriers to achieving this potential, including, at a minimum, the following:

1. Demand-side barriers that inhibit adoption of factory-made housing technologies, including:
  - A. A lack of familiarity and expertise among homebuilding professionals, developers and homeowners; and

B. Insufficient order volumes and consistency to achieve significant economies of scale for new or expanded off-site production approaches; and

2. Production-side barriers that inhibit the availability and cost competitiveness of factory-made housing technologies, including:

A. Varying building codes, inspection standards and approval processes;

B. Inconsistent licensing requirements for factory-made housing technologies;

C. A lack of workers in relevant fields trained in factory-made housing production and construction; and

D. Challenges with transporting and exporting prefabricated housing products made in the State.

In researching these topics and establishing recommendations, the working group shall consult with individuals active in the housing industry, including those representing manufacturers, builders, developers, trades, training providers, regulators and finance organizations and those engaging in research at institutions of higher education in the State.

**Sec. 6. Staff assistance. Resolved:** That, notwithstanding Joint Rule 353, the Department of Economic and Community Development shall provide necessary staffing services to the working group.

**Sec. 7. Report. Resolved:** That, no later than December 3, 2025, the working group shall submit a report that includes its findings and recommendations, including suggested legislation, for presentation to the Joint Standing Committee on Housing and Economic Development. The Joint Standing Committee on Housing and Economic Development is authorized to report out legislation related to the report to the Second Regular Session of the 132nd Legislature.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective July 1, 2025.

**Resolve, to Establish the  
Commission to Evaluate the  
Scope of Regulatory Review  
and Oversight over Health  
Care Transactions That Impact  
the Delivery of Health Care  
Services in the State**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until

90 days after adjournment unless enacted as emergencies; and

**Whereas,** this resolve establishes a commission to evaluate the scope of regulatory review and oversight over health care transactions that impact the delivery of health care services in the State; and

**Whereas,** the Legislature believes it is important to conduct this evaluation because the State's health care delivery system faces significant financial and workforce challenges; and

**Whereas,** this legislation must take effect as soon as possible in order to provide adequate time for the commission to complete its work in a timely manner before submitting its report; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Commission established. Resolved:** That the Commission to Evaluate the Scope of Regulatory Review and Oversight over Health Care Transactions That Impact the Delivery of Health Care Services in the State, referred to in this resolve as "the commission," is established.

**Sec. 2. Commission membership. Resolved:** That, notwithstanding Joint Rule 353, the commission consists of 15 members appointed as follows:

1. Two members of the Senate, including one member of the party holding the largest number of seats in the Legislature and one member of the party holding the 2nd largest number of seats in the Legislature, appointed by the President of the Senate;

2. Two members of the House of Representatives, including one member of the party holding the largest number of seats in the Legislature and one member of the party holding the 2nd largest number of seats in the Legislature, appointed by the Speaker of the House;

3. Two members representing hospitals, one member appointed by the President of the Senate and one member appointed by the Speaker of the House;

4. Two members representing health care providers, one of whom must represent an independently owned specialty practice and is appointed by the President of the Senate and the other of whom is appointed by the Speaker of the House;

5. One member representing a statewide association of nursing homes or other long-term care facilities, appointed by the President of the Senate;

6. One member of the public representing health insurance consumers, appointed by the Speaker of the House;

7. One member representing health insurance carriers, appointed by the President of the Senate;

10. The executive director of the Office of Affordable Health Care or the executive director's designee; and

11. The Commissioner of Health and Human Services or the commissioner's designee.

**Sec. 3. Chairs. Resolved:** That the first-named Senate member is the Senate chair and the first-named House of Representatives member is the House chair of the commission.

**Sec. 4. Appointments; convening of commission. Resolved:** That all appointments must be made no later than 30 days following the effective date of this resolve. The appointing authorities shall notify the Executive Director of the Legislative Council once all appointments have been completed. After appointment of all members, the chairs shall call and convene the first meeting of the commission. If 30 days or more after the effective date of this resolve a majority of but not all appointments have been made, the chairs may request authority and the Legislative Council may grant authority for the commission to meet and conduct its business.

**Sec. 5. Duties. Resolved:** That the commission shall:

1. Evaluate potential changes to the State's certificate of need laws, including, but not limited to, expanding the scope of review to the termination or disruption of health care services and changing the monetary thresholds that trigger review;

2. Evaluate potential legislative changes to require regulatory review and oversight of substantial health care transactions, such as transfers of ownership or control, among hospitals, health care facilities and health care provider organizations;

3. Evaluate the role of a private equity company or real estate investment trust taking a direct or indirect ownership interest, operational control or financial control of a hospital in the State; and

4. Examine any other issues to further the duties and purposes of the study.

The commission shall review and identify best practices learned from similar efforts in other states. The commission may hold hearings and invite testimony from experts and the public to gather information.

**Sec. 6. Staff assistance. Resolved:** That the Legislative Council shall provide necessary staffing services to the commission, except that Legislative Council staff support is not authorized when the Legislature is in regular or special session.

**Sec. 7. Stakeholder participation. Resolved:** That the commission may invite the participation of stakeholders to participate in meetings or subcommittee meetings of the commission to ensure the commission has the information and expertise necessary to fulfill its duties, including the Maine Health Data Organization.

**Sec. 8. Report. Resolved:** That, notwithstanding Joint Rule 353, no later than December 10, 2025, the commission shall submit a report that includes its findings and recommendations, including suggested legislation, to the Joint Standing Committee on Health Coverage, Insurance and Financial Services. The joint standing committee may report out legislation based on the report to the Second Regular Session of the 132nd Legislature.

**Sec. 9. Outside funding. Resolved:** That the commission may seek funding contributions to contribute to the costs of the study. All funding is subject to approval by the Legislative Council in accordance with its policies.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective July 1, 2025.

**Resolve, to Expand Access to Oral Health Care by Studying Alternative Pathways for Obtaining a License to Practice Dentistry**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** this resolve establishes a commission to study alternative pathways for obtaining a license to practice dentistry; and

**Whereas,** it is important to conduct this evaluation to address workforce shortages that impact the availability of oral health care services to Maine residents; and

**Whereas,** this legislation must take effect as soon as possible in order to provide adequate time for the

commission to complete its work in a timely manner before submitting its report; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Commission to Expand Access to Oral Health Care by Studying Alternative Pathways for Obtaining a License to Practice Dentistry established. Resolved:** That the Commission to Expand Access to Oral Health Care by Studying Alternative Pathways for Obtaining a License to Practice Dentistry, referred to in this resolve as "the commission," is established.

**Sec. 2. Commission membership. Resolved:** That, notwithstanding Joint Rule 353, the commission consists of 11 members appointed as follows:

1. Two members of the Senate, appointed by the President of the Senate, at least one of whom must be a member of the Joint Standing Committee on Health Coverage, Insurance and Financial Services;
2. Two members of the House of Representatives, appointed by the Speaker of the House of Representatives, at least one of whom must be a member of the Joint Standing Committee on Health and Human Services;
3. One member who is a member of the Board of Dental Practice, appointed by the Board of Dental Practice;
4. One member who is a representative of the Maine Dental Association, appointed by the President of the Senate;
5. One member who is a representative of federally qualified health centers that provide dental services, appointed by the President of the Senate;
6. One member who is a dentist licensed to practice in the State, appointed by the President of the Senate;
7. One member who is a foreign-trained dentist, appointed by the Speaker of the House of Representatives;
8. One member who is a representative of the Maine Dental Hygienists' Association, appointed by the Speaker of the House of Representatives; and
9. One member representing the Department of Professional and Financial Regulation, Office of Professional and Occupational Regulation, appointed by the Governor.

**Sec. 3. Chairs. Resolved:** That the first-named Senate member is the Senate chair and the first-named House of Representatives member is the House chair of the commission.

**Sec. 4. Appointments; convening of commission. Resolved:** That all appointments must be made no later than 30 days following the effective date of this resolve. The appointing authorities shall notify the Executive Director of the Legislative Council once all appointments have been completed. After appointment of all members, the chairs shall call and convene the first meeting of the commission. If 30 days or more after the effective date of this resolve a majority of but not all appointments have been made, the chairs may request authority and the Legislative Council may grant authority for the commission to meet and conduct its business.

**Sec. 5. Duties. Resolved:** That the commission shall study integrating foreign-trained dentists and out-of-state dentists into the dental care workforce in a way that best reflects their level of skills and training and reducing barriers to licensing for foreign-trained dentists and dentists from other states. The commission shall explore a wide range of options for how to help enable foreign-trained dentists and out-of-state dentists who wish to live and practice in the State to address potential workforce shortages. The commission shall make recommendations on:

1. Strategies to integrate foreign-trained dentists and dentists from other states into the State's dental care workforce;
2. Changes to state laws and rules that may pose unnecessary barriers to practice for foreign-trained dentists and dentists from other states;
3. Necessary supports for foreign-trained dentists and out-of-state dentists moving through the different steps in the licensing process prior to involvement with the Board of Dental Practice;
4. Opportunities to advocate for corresponding changes to national licensing requirements; and
5. Any other matters pertaining to foreign-trained dentists and dentists from other states considered necessary by the commission.

The commission shall review and identify best practices from similar efforts in other states. The commission may hold hearings and invite testimony from experts and the public to gather information. The commission may develop guidelines for full licensure and conditional licensure of foreign-trained dentists and dentists from other states and recommendations for the types of strategies, programs and support that would benefit foreign-trained dentists and dentists from other states to use the fullest extent of their training and experience.

**Sec. 6. Staff assistance. Resolved:** That the Legislative Council shall provide necessary staffing services to the commission, except that Legislative Council staff support is not authorized when the Legislature is in regular or special session.

**Sec. 7. Stakeholder participation. Resolved:** That the commission may invite the participation of stakeholders to participate in meetings or subcommittee meetings of the commission to ensure the commission has the information and expertise necessary to fulfill its duties, including, but not limited to, representatives of the University of New England College of Dental Medicine and the Maine Public Health Association.

**Sec. 8. Report. Resolved:** That, notwithstanding Joint Rule 353, no later than December 10, 2025, the commission shall submit a report that includes its findings and recommendations, including suggested legislation, to the Joint Standing Committee on Health Coverage, Insurance and Financial Services. The joint standing committee may report out legislation to the Second Regular Session of the 132nd Legislature based on the report.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

**CHAPTER 108  
S.P. 688 - L.D. 1770**

**Resolve, to Establish the Real Estate Property Tax Relief Task Force**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the Legislature has enacted a series of property tax relief measures in recent years, including expanding the property tax fairness credit, improving the homestead property tax exemption, expanding the property tax deferral program and increasing state-municipal revenue sharing, in an effort to ease the burden on Maine households; and

**Whereas,** despite recent legislative efforts to provide relief, many Maine residents continue to face rising property tax bills and the State remains among the states where households spend a significant share of their income on property taxes, all amid broader increases in the cost of living; and

**Whereas,** the State is facing a statewide housing crisis, and rising property taxes, especially in high-demand areas, are making it harder for first-time home buyers and working families to afford stable housing, further straining the already limited supply of affordable homes; and

**Whereas,** at the same time, older Maine residents who wish to downsize or move closer to services often

have no affordable housing options available, forcing them to remain in homes with sharply increased valuations and unaffordable property tax bills, despite living on fixed incomes; and

**Whereas,** municipalities across the State, ranging from small rural towns to larger cities, face varying budget pressures and responsibilities and often lack the resources, staffing or technology needed to ensure accurate, equitable and up-to-date property assessments; and

**Whereas,** the property tax fairness credit remains a vital tool for targeted tax relief, but current benefit levels do not fully reflect today's economic pressures or cost of living; and

**Whereas,** efforts to reform the property tax system in the State have often been constrained by constitutional requirements, such as the mandate that all real and personal property be assessed equally according to its just value; and

**Whereas,** other states have pursued innovative strategies, including constitutional reforms, to ensure effective and equitable property tax relief; and

**Whereas,** it is imperative that the State deliver immediate property tax relief and launch a comprehensive, data-driven process to develop long-term solutions through a representative task force; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Real Estate Property Tax Relief Task Force established. Resolved:** That the Real Estate Property Tax Relief Task Force, referred to in this resolve as "the task force," is established.

**Sec. 2. Membership. Resolved:** That, notwithstanding Joint Rule 353, the task force consists of 13 voting members and at least 2 nonvoting members as follows.

1. The 13 voting members are appointed as follows:

A. Two members of the Senate, appointed by the President of the Senate, including at least one member of the party holding the 2nd largest number of seats in the Legislature and at least one of whom has expertise or background in the area of taxation;

B. Two members of the House of Representatives, appointed by the Speaker of the House, including at least one member of the party holding the 2nd largest number of seats in the Legislature and at least one of whom has expertise or background in the area of taxation;

C. Three members of the public, appointed by the President of the Senate, as follows:

- (1) One member who is a representative of economists or who is a tax expert;
- (2) One member with lived experience of poverty who is a representative of low-income residents of the State; and
- (3) One member who has legal experience with constitutional issues or property tax issues;

D. Three members of the public, appointed by the Speaker of the House, as follows:

- (1) One member who is involved in real estate, economic or housing development with expertise in long-term homeownership trends in the State;
- (2) One member who represents the business sector and who has paid property taxes over the last 10 years; and
- (3) One member who has expertise in assessing property taxes; and

E. Three members of the public, appointed by the Governor, as follows:

- (1) Two members with expertise in municipal government, municipal taxation, local government finance or property valuation, one of whom represents the interests of municipalities with fewer than 10,000 residents and one of whom represents the interests of municipalities with at least 10,000 residents. Both members must have experience in contrasting forms of municipal governance; and
- (2) One member with lived experience as a senior citizen who represents the interests of residents of the State who are at least 65 years of age or older.

In making their appointments, the President of the Senate, the Speaker of the House and the Governor, to the extent feasible, shall ensure the membership of the task force reflects comprehensive geographic and demographic representation from the State.

2. The nonvoting members are as follows:

- A. The Commissioner of Administrative and Financial Services or the commissioner's designee;
- B. The Associate Commissioner for Tax Policy within the Department of Administrative and Financial Services, Bureau of Revenue Services or the associate commissioner's designee; and

C. Any additional members invited to participate by the chairs of the task force pursuant to section 3.

**Sec. 3. Chairs; nonvoting members; selection of contracted entity. Resolved:** That the first-named Senate member is the Senate chair and the first-named House of Representatives member is the House chair of the task force. The chairs may invite, as nonvoting members of the task force, individuals who have expertise in municipal government, municipal finance, economic development, constitutional law, tax policy, housing policy or tax assessing. The chairs may select the contracted entity described in section 6, subsection 1, prior to all appointments being made. Prior to the first meeting of the task force, the chairs may select the contracted entity of the task force.

**Sec. 4. Appointments; convening of task force. Resolved:** That all appointments must be made no later than 30 days following the effective date of this resolve. The appointing authorities shall notify the Executive Director of the Legislative Council once all appointments have been completed. After appointment of all members, the chairs shall call and convene the first meeting of the task force. If 30 days or more after the effective date of this resolve a majority of but not all appointments have been made, the chairs may request authority and the Legislative Council may grant authority for the task force to meet and conduct its business.

**Sec. 5. Meetings; subcommittees. Resolved:** That the task force shall meet at least 4 times but no more than 8 times, not including any subcommittee meetings.

1. The task force shall meet at least once jointly with the Joint Standing Committee on Taxation at a time to be determined by the chairs of the task force and the committee.

2. The chairs of the task force may appoint subcommittees as necessary for the efficient operation of the task force.

**Sec. 6. Duties. Resolved:** That the task force shall:

1. Contract with an entity for research and analytical support, as selected by the chairs pursuant to section 3, with the goal of determining the source of the problems with the current system of property taxation, who is most negatively affected by the current system of property taxation and how those persons are negatively affected. At the direction of the chairs, an entity contracted with pursuant to this subsection shall gather and analyze statewide property tax data, which may include:

- A. For each municipality or each municipality within a representative sample of municipalities by county:

- (1) The average property value, property tax bill and length of homeownership, differentiated by waterfront and nonwaterfront properties;
  - (2) The types of property; mill rate; date of last valuation; property valuation practices, including whether the municipality performs the valuations; median income of residents; number of households eligible to claim and actually claiming the property tax fairness credit pursuant to the Maine Revised Statutes, Title 36, section 5219-KK; number of homesteads eligible to participate in and actually participating in the deferred collection of homestead property taxes pursuant to Title 36, chapter 908; which municipalities have municipally funded and administered property tax relief programs; and the percentage of homes that are primary residences, the percentage of commercial property and the percentage of vacant commercial property; and
  - (3) How the municipality has used property tax relief funding, including but not limited to funds received from state-municipal revenue sharing pursuant to Title 30-A, section 5681;
- B. For each county:
- (1) Changes in property values over the last 20 years; and
  - (2) The average percentage of income spent on property taxes by residents;
- C. Data regarding any disparities or challenges across different regions in the State;
- D. Recent statewide property tax relief efforts that have been implemented or discussed in the Legislature or State Government;
- E. The impact of unfunded mandates on local budgets;
- F. The effect of nontaxable property within a municipality;
- G. Potential federal funding changes and how those could potentially impact property taxes in the State;
- H. Any challenges in obtaining the information specified in this subsection for the task force and recommendations for making the information available to the Legislature on a regular basis; and
- I. Any additional data or information the chairs consider relevant to a productive discussion;
2. Perform a comparison of this State to the rest of the nation, including:
- A. Determining how property tax assessment is instituted, the expenses associated with assessment and how assessment in the State compares with other states;
  - B. Exploring property tax relief measures and programs used by other states, particularly those states similar in geography, demographics, resident income or state and local government structure, to determine whether those relief programs could be adapted to the State;
  - C. Studying property tax burdens in other states, including as a percentage of resident income, and any trends over the last 20 years; and
  - D. Gathering any additional data or information the chairs determine relevant to a productive discussion;
3. Explore the need for amendments to the Constitution of Maine or to the Maine Revised Statutes, including:
- A. Reviewing constitutional constraints on property tax assessments and exploring whether an amendment to the Constitution of Maine could create more equitable and stable property tax policies;
  - B. Researching whether other states have constitutional provisions that allow for equitable property tax structures;
  - C. Researching which states have successfully amended their constitutions to allow for more effective property tax relief and the advantages and disadvantages of those amendments; and
  - D. Recommending whether constitutional changes should be pursued and, if so, what changes should be made and how and when those changes should be made;
4. Develop methods to ensure municipalities use property tax relief for its intended purpose while continuing to meet the needs of residents by:
- A. Identifying mechanisms used in other states to ensure that local property tax relief funds are allocated effectively to the taxpayers;
  - B. Exploring mechanisms to support transparency and accountability in the use of property tax relief funds at the municipal level that exist in other states or that have been discussed in the State; and
  - C. Recommending accountability measures, including but not limited to reporting requirements, financial incentives or disincentives;
5. Assess changes to the valuation process and support for municipalities by:
- A. Investigating how other states ensure equitable, updated and fair valuation practices;
  - B. Analyzing whether certain geographic regions or types of communities, such as service centers, in

the State have disproportionate property assessments that negatively affect specific populations;

C. Identifying those resources municipalities need to conduct accurate property valuations, including funding, staffing and technology; and

D. Recommending best practices and potential legislative changes to improve fairness and accuracy in property assessments;

6. Develop targeted support for long-term property owners who need support to age in place by:

A. Studying states that have implemented property tax relief programs specifically for long-term homeowners; and

B. Recommending which tax policies the State should adopt to prevent displacement and maintain affordability of elderly and low-income homeowners;

7. Explore the use of the State's cash pool for property tax relief by:

A. Researching how other states use state investment funds to support property tax relief programs;

B. Analyzing potential risks and benefits of using the State's cash reserves to provide long-term property tax relief; and

C. Recommending whether a dedicated revenue stream should be created for this purpose and how it could be structured; and

8. Examine potential impacts of federal funding changes on property taxes in the State.

The task force shall engage in a data-driven analysis of the State's property tax system before making recommendations pursuant to this section.

**Sec. 7. Assistance in collection of data. Resolved:** That the Department of Administrative and Financial Services, Bureau of Revenue Services and the Office of Tax Policy within the bureau shall provide assistance to the entity contracted with by the task force pursuant to section 6, subsection 1 to ensure the entity obtains the required information.

**Sec. 8. Public input. Resolved:** That the task force may, as determined necessary by the chairs, solicit and consider public comment on the current property tax structure, current property tax relief efforts and the valuation and assessment process.

**Sec. 9. Staff assistance. Resolved:** That the Legislative Council shall provide necessary staffing services or may contract for necessary staffing services for the task force, except that Legislative Council staff support is not authorized when the Legislature is in regular or special session. Upon request of the task force, the Office of the Attorney General, the office of the Secretary of State, the Office of Policy Innovation and the

Future, the Department of Administrative and Financial Services, Bureau of Revenue Services, the Department of Economic and Community Development and the office of the Treasurer of State shall provide additional information to the task force.

**Sec. 10. Interim report; final report. Resolved:** That, notwithstanding Joint Rule 353, no later than January 15, 2026, the task force shall submit an interim report to the Joint Standing Committee on Taxation that includes the task force's preliminary findings and recommendations. The task force may include proposed legislation in the interim report.

Notwithstanding Joint Rule 353, no later than December 15, 2026, the task force shall submit a final report that includes its findings and recommendations, including suggested legislation, to the joint standing committee of the Legislature having jurisdiction over taxation matters. The joint standing committee may report out legislation to the 133rd Legislature in 2027 based on the report.

**Sec. 11. Additional funding sources. Resolved:** That, notwithstanding Joint Rule 353, the task force may apply for and receive funds, grants or contributions from public and private sources to support its activities.

**Sec. 12. Appropriations and allocations. Resolved:** That the following appropriations and allocations are made.

**LEGISLATURE**

**Legislature 0081**

**Resolve, Directing the Department of Public Safety, Office of the State Fire Marshal to Compile a Statewide Inventory of Aqueous Film-forming Foam Concentrate**

**Sec. 1. Aqueous film-forming foam concentrate inventory. Resolved:** That the Department of Public Safety, Office of the State Fire Marshal, referred to in this resolve as "the office," shall initiate 2 programs to compile an inventory of aqueous film-forming foam concentrate in the State as described under this section.

1. No later than November 1, 2025, the office shall initiate a one-year program to collect information regarding aqueous film-forming foam concentrate possessed by any public entity in the State in an amount of 5 gallons or more. A public entity in the State shall respond to a request for information from the office under this section within the timeline determined by the office. For purposes of this section, "public entity" has the same meaning as defined in the Maine Revised Statutes, Title 38, section 1272, subsection 17. The office

is authorized to continue to collect data from public entities after the end of the one-year program until the submission of the inventory under section 3.

2. No later than November 1, 2025, the office shall initiate a 2-year program to solicit information from private entities in the State possessing aqueous film-forming foam concentrate in an amount of 5 gallons or more.

**Sec. 2. Inventory as public record. Resolved:** That the inventory under section 1 is a public record as defined in the Maine Revised Statutes, Title 1, section 402, subsection 3. Upon completion of the inventory, the office shall make the inventory available on its publicly accessible website.

**Sec. 3. Report to Legislature. Resolved:** That, no later than January 1, 2028, the office shall submit the inventory under section 1 to the joint standing committees of the Legislature having jurisdiction over environment and natural resources matters and criminal justice and public safety matters. After reviewing the inventory, either committee may report out legislation relating to the inventory to the Second Regular Session of the 133rd Legislature.

**Sec. 4. Transfer from Maine Solid Waste Management Fund to General Fund unappropriated surplus. Resolved:** That, notwithstanding any provision of law to the contrary, the State Controller shall transfer \$85,732 on or before June 30, 2026 and \$86,378 on or before June 30, 2027 from the Maine Solid Waste Management Fund established under the Maine Revised Statutes, Title 38, section 2201 to the unappropriated surplus of the General Fund to offset the cost of one limited-period Office Assistant II position and related costs regarding the creation of an inventory of aqueous film-forming foam concentrate in the State.

**Sec. 5. Appropriations and allocations. Resolved:** That the following appropriations and allocations are made.

**PUBLIC SAFETY, DEPARTMENT OF  
Fire Marshal - Office of 0327**

Initiative: Provides funding for one limited-period Office Assistant II position and related costs to compile an inventory of aqueous film-forming foam concentrate possessed by any public entity in the State in an amount of 5 gallons or more and to solicit similar information from private entities.

**Resolve, Directing the  
Department of Health and  
Human Services to Design a  
Mentoring Program for Youth  
Who Have Extended Care and  
Support Agreements with the  
Department**

**Sec. 1. Department of Health and Human Services contract for mentoring program. Resolved:** That the Department of Health and Human Services shall amend its contract CFS-25-627 with the Youth Leadership Advisory Team at the University of Southern Maine to increase the contract by \$20,000 to evaluate mentoring program options for youth who have extended care and support agreements with the department pursuant to the Maine Revised Statutes, Title 22, section 4037-A. The Youth Leadership Advisory Team shall research mentoring programs that are evidence-based to recommend a mentoring program model to the department. The mentoring program must include training requirements for supporting youth transitioning out of extended care and support agreements for mentors, staff and youth, as well as multiple data collection points and data analysis. The Youth Leadership Advisory Team shall consult with youth who currently have extended care and support agreements or have had extended care and support agreements in the past. The amendment to the contract must allow for compensation, including supplies and travel, for youth who are involved in the development of the mentoring program. The department shall submit a report to the joint standing committee of the Legislature having jurisdiction over health and human services matters, no later than January 2, 2027, with recommendations for a mentoring program. The report must include the recommendations from the Youth Leadership Advisory Team, descriptions of youth viewpoints and the department's response to the recommendations. The joint standing committee of the Legislature having jurisdiction over health and human services matters is authorized to report out legislation related to the report to the 133rd Legislature in 2027.

H.P. 637 - L.D. 977**

**Resolve, Requiring the Maine Health Data Organization to Develop a Plan for Measuring Gaps in Home and Community-based Services**

**Preamble.** Whereas, continuing workforce challenges have contributed to a gap between home and community-based services that are authorized and those that are delivered under the MaineCare program and state-funded programs; and

**Whereas,** consistent measurement of this care gap is critical to understanding whether the gap is expanding or contracting and whether policy interventions are needed; and

**Whereas,** the federal Department of Health and Human Services, Centers for Medicare and Medicaid Services have published Medicaid home and community-based services gap measures that states will be required to submit to the Centers for Medicare and Medicaid Services; and

**Whereas,** the Maine Health Data Organization has expertise that uniquely qualifies it to calculate valid and complex health care measures; now, therefore, be it

**Sec. 1. Maine Health Data Organization to develop measurement plan. Resolved:** That the Maine Health Data Organization shall develop a plan for annual measurement of the State's home and community-based services care gap, using claims and care authorization data that currently exist. The plan must ensure that the measures meet federal Department of Health and Human Services, Centers for Medicare and Medicaid Services data requirements and are therefore comparable to measures submitted by other states. As used in this resolve, "care gap" means the difference between the home and community-based services individuals are authorized to receive and the services they actually receive under the following MaineCare provisions and state-funded programs: the Department of Health and Human Services rule Chapter 101: MaineCare Benefits Manual, Sections 12, 17, 18, 19, 20, 21, 23, 26, 28, 29, 40, 65, 92 and 96; and 10-149 C.M.R. Chapter 5, Office of Aging and Disability Services Policy Manual, Sections 61, 63, 68 and 69 as well as any rules that are adopted to provide services under the lifespan program pursuant to the Maine Revised Statutes, Title 34-B, section 5003-B.

**Sec. 2. Department of Health and Human Services to provide sample data. Resolved:** That the Department of Health and Human Services shall provide sample data related to care gap measurement to the Maine Health Data Organization on request for use in developing the measurement plan in section 1.

**Sec. 3. Report. Resolved:** That the Maine Health Data Organization shall submit a report to the Joint Standing Committee on Health and Human Services by January 15, 2026 outlining available data, data gaps and the estimated cost of creating and implementing an annual measurement of the care gap that meets federal reporting requirements pursuant to section 1. The report may include recommendations regarding responsibilities for ongoing data collection, tracking and reporting.

**S.P. 441 - L.D. 1023**

**Resolve, to Reestablish the Blue Economy Task Force to Support Maine's Emergence as a Center for Blue Economy Innovation and Opportunity in the 21st Century**

**Sec. 1. Task force established. Resolved:** That the Department of Economic and Community Development shall convene the Blue Economy Task Force, referred to in this resolve as "the task force," to support the State's emergence as a center for blue economy innovation and opportunity in the 21st century.

As used in this resolve, "blue economy" means business sectors that rely on the sustainable use of ocean resources for economic health, improved livelihoods, jobs or ecosystem health, and "sustainable" means practices that support the economic growth of a community while maintaining or improving the health of marine ecosystems and without negatively impacting social, environmental and cultural aspects of the community.

**Sec. 2. Task force membership. Resolved:** That the task force consists of 23 members as follows.

1. The President of the Senate shall appoint one member of the Senate and the Speaker of the House shall appoint 2 members of the House of Representatives, including a member from each of the 2 parties holding the largest number of seats in the Legislature. Members appointed by the President of the Senate and

the Speaker of the House serve at the pleasure of their respective appointing authority.

2. The Commissioner of Economic and Community Development shall appoint 19 members.

A. Members appointed by the commissioner serve at the pleasure of the commissioner and must include representatives of public and private research institutions, businesses that are innovating in various blue economy sectors, fisheries businesses, aquaculture businesses and equity investors in blue economy businesses. The commissioner shall ensure that a majority of the members of the task force membership appointed pursuant to this subsection represent a blue economy business or an entity directly involved in the commercialization of blue economy-related research and innovation.

B. The commissioner shall to the greatest extent practicable ensure that members who served on the Blue Economy Task Force, as established by Resolve 2023, chapter 119 and referred to in this resolve as "the prior task force," are provided an opportunity to serve on the task force established by this resolve. If a member of the prior task force is unable or unwilling to serve on the task force established in section 1, the commissioner shall ensure that the member appointed to serve on the task force in that prior member's place represents the same interests or background as the prior member.

3. The President of the Maine Technology Institute or the president's designee shall serve as a member of the task force.

The appointing authorities identified in this section shall ensure that all appointments are made no later than 30 days after the effective date of this resolve.

**Sec. 3. Chairs. Resolved:** That the Commissioner of Economic and Community Development shall appoint 2 cochairs from among the task force's members, one who is employed by a state agency and one who is not employed by a state agency. The cochairs shall set the schedule and agenda for task force meetings and preside at the meetings.

**Sec. 4. Duties. Resolved:** That the task force has, but is not limited to, the following duties.

1. The task force shall develop recommendations for the establishment of the Center for the Blue Economy, referred to in this section as "the center," which must include, but is not limited to:

A. An organizational structure and budget for the ongoing funding of the center;

B. A requirement that the center be either housed within an existing institution, such as the University of Maine System, or as a stand-alone, independent entity; and

C. The scope of the authorities and responsibilities of the center, which may include, but are not limited to:

- (1) Supporting businesses and other institutions in the State to build on the blue economy advantages of and reduce the obstacles to further development of the blue economy in the State identified by the prior task force in its report submitted pursuant to Resolve 2023, chapter 119, section 6;
- (2) Advancing research and development and supporting innovation in the blue economy, including the financing of innovations and growth in blue economy output and employment;
- (3) Promoting communication and collaboration among blue economy institutions and businesses;
- (4) Providing common services to blue economy businesses and institutions, including research support and access to journals and technologies such as laboratories, 3-D printing and data management; and
- (5) Supporting the development of blue economy sectors as outlined in current or future sector-specific development plans and roadmaps.

2. The task force shall recommend improvements and expansions of blue economy workforce education and training to encompass the elementary and secondary school system and public and private institutions of higher education.

**Sec. 5. Staff assistance. Resolved:** That the Department of Economic and Community Development shall provide necessary staffing assistance to the task force. At the request of the task force, other state agencies and state entities shall provide information and analysis to assist the task force in its deliberations and reporting.

**Sec. 6. Funding. Resolved:** That the task force may accept grants, private contributions and any other outside funding to support the task force in carrying out its duties.

**Sec. 7. Report. Resolved:** That the task force shall prepare and submit a written report containing its findings and recommendations to the Joint Standing Committee on Housing and Economic Development no later than December 3, 2025. After reviewing the report, the committee may report out legislation relating to the report to the Second Regular Session of the 132nd Legislature.

**Sec. 8. Appropriations and allocations. Resolved:** That the following appropriations and allocations are made.

**ECONOMIC AND COMMUNITY DEVELOPMENT, DEPARTMENT OF**

**Blue Economy Task Force N546**

**Resolve, Establishing the Biotoxin Testing of Cultured Scallops Pilot Program**

**Sec. 1. Biotoxin Testing of Cultured Scallops Pilot Program established. Resolved:** That the Biotoxin Testing of Cultured Scallops Pilot Program, referred to in this resolve as "the program," is established until December 31, 2027. The Department of Marine Resources, referred to in this resolve as "the department," shall oversee the program. The purpose of the program is to conduct biotoxin testing of whole cultured scallops or the roe of cultured scallops in the same manner as the testing for other cultured mollusks under the Marine Shellfish Toxins Monitoring Program, established in the Maine Revised Statutes, Title 12, section 6076, including using high-performance liquid chromatography testing. The department shall provide

logistical support to a commercial fisheries business engaged in scallop aquaculture in conducting the testing under this section, including providing transportation of samples to be tested from a facility in the municipality in which the grower is located to the testing site. For the purposes of this section, "high-performance liquid chromatography testing" means a testing technique in analytical chemistry that uses high-pressure pumps to separate, identify and quantify specific components in mixtures. The program may not conduct testing on cultured scallops or the roe of cultured scallops grown on limited-purpose aquaculture license sites.

**Sec. 2. Report. Resolved:** That the department shall submit a report on each year of the program, by January 1, 2027 and January 1, 2028, respectively, detailing the number of commercial fisheries businesses using the testing under section 1, the overall impact on the scallop aquaculture industry, including economic growth and cultured scallop landings, and recommendations for further improvements or expansions of the testing under section 1 to the joint standing committee of the Legislature having jurisdiction over marine resources matters. The committee may report out a bill based on the 2028 report to the Second Regular Session of the 133rd Legislature.

**Sec. 3. Appropriations and allocations. Resolved:** That the following appropriations and allocations are made.

**MARINE RESOURCES, DEPARTMENT OF  
Bureau of Public Health Z154**

Initiative: Provides funding for a pilot program testing scallops for biotoxins for fiscal year 2025-26 and fiscal year 2026-27.

**Resolve, to Require the  
Governor's Energy Office to  
Study Taxation of Renewable  
Energy Infrastructure**

**Sec. 1. Governor's Energy Office to examine and evaluate system of taxation of renewable energy infrastructure and possible adoption of uniform capacity tax for renewable energy infrastructure. Resolved:** That the Governor's Energy Office shall examine and evaluate the current system of taxation of renewable energy infrastructure and

possible adoption of a uniform capacity tax for renewable energy infrastructure. The study must include an examination and evaluation of:

1. The current statutory framework for the application of personal and real property taxes on renewable energy infrastructure, including, but not limited to, solar photovoltaic systems, wind energy development and battery energy storage systems;
2. The history of municipal and county taxation of renewable energy infrastructure in the State, as well as in other states;
3. How tax revenue from new renewable energy infrastructure projects may affect state-municipal revenue-sharing formulas, including the effect of renewable energy infrastructure value depreciation;
4. Whether renewable energy infrastructure presents special difficulties with identifying just value;
5. What tax amount per megawatt of electric generation capacity of renewable energy infrastructure projects, if any, would fairly compensate municipalities without making such projects unviable;
6. The current use, complexity, cost and appropriateness of programs such as tax increment financing and credit enhancement agreements for renewable energy infrastructure and whether an alternative program may benefit municipalities, counties and renewable energy infrastructure development in the State; and
7. Whether a uniform taxation of renewable energy infrastructure and exclusion of such revenue from state-municipal revenue-sharing formulas may encourage renewable energy infrastructure development, advance the State's clean energy goals and benefit municipalities and counties in the State.

The Governor's Energy Office shall consult with the Office of Tax Policy, representatives from the renewable energy industry and other experts in the State and municipal and county officials with relevant experience and solicit public comments on the study. No later than November 4, 2026, the Governor's Energy Office shall submit a report, including findings, recommendations and any suggested legislation, based on the study to the joint standing committee of the Legislature having jurisdiction over taxation matters. The joint standing committee may report out legislation related to the report to the 133rd Legislature in 2027.

**Sec. 2. Funding. Resolved:** That the Governor's Energy Office may receive funds, grants or contributions from public or private sources to carry out the study required under section 1. The Governor's Energy Office shall disclose its sources of funding as part of the report required in section 1. The Governor's Energy Office is not required under this resolve to undertake work

for which it does not have or has not received sufficient funding.

## CHAPTER 117

### H.P. 926 - L.D. 1404

#### **Resolve, to Create a Working Group on the Status of School Libraries and on Public Libraries in Maine**

**Sec. 1. State Librarian to convene working group. Resolved:** That the State Librarian shall convene a working group on the status of school libraries and public libraries in the State, referred to in this resolve as "the working group."

**Sec. 2. Working group membership. Resolved:** That the working group consists of 15 members as follows:

1. The State Librarian;
2. The President of the Maine Library Association or the president's designee;
3. The President of the Maine Association of School Libraries or the president's designee;
4. A representative of the Maine Principals' Association, appointed by the Commissioner of Education;
5. A representative from the Maine School Superintendents Association, appointed by the Commissioner of Education;
6. Three representatives of nonprofit public libraries, who must be from libraries of different sizes and from different regions of the State and one of whom must be a member of that representative's library governing board, appointed by the President of the Maine Library Association;
7. Two representatives of municipal public libraries, who must be from libraries of different sizes and from different regions of the State, appointed by the President of the Maine Library Association;
8. Three representatives of public school libraries, who must be from schools of different sizes and from different regions of the State, appointed by the board of the Maine Association of School Libraries;
9. One staff member of the Department of Education, appointed by the Commissioner of Education; and
10. One staff member from the library development division within the Maine State Library, appointed by the State Librarian.

**Sec. 3. Chair. Resolved:** That the State Librarian is the chair of the working group.

**Sec. 4. Convening of working group. Resolved:** That the chair shall call the first meeting of the working group within 45 days of the effective date of this resolve. A majority of the working group membership constitutes a quorum. The member of the working group who is a staff member from the library development division within the Maine State Library shall take minutes at each meeting, which must be posted on the Maine State Library's publicly accessible website within 5 business days of the meeting.

**Sec. 5. Duties. Resolved:** That the working group shall study:

1. Library services for specific segments of the State's population, including individuals 55 years of age and older, individuals with disabilities, youth and children, immigrant and migrant communities, tribal communities and individuals residing in remote areas of the State;
2. The role that libraries play in emergency preparedness; cultural diversity and inclusion; public health and safety; community identity and resiliency; economic development; and access to public services and resources; and
3. The current overall status of public and school libraries in the State, which may include information related to partnerships, resources, facilities, technology and staffing.

In the performance of its duties under this section, the working group shall solicit input from the general public and library users across the State.

**Sec. 6. Study guidance. Resolved:** That, in performing the duties under section 5, the working group may:

1. Assess current community, county and state partnerships with public and school libraries and identify gap areas and potential additional partners, including an assessment of regional partnerships based on areas of need in each region;
2. Study the size and diversity of library holdings and assess the strengths of and gaps in materials available to residents of the State, including an assessment of how resources are shared across different libraries and communities and how to best find economies of scale through shared resources among public and school libraries;
3. Study the status of public and school library facilities across the State, with a focus on how to improve accessibility, safety and energy efficiency while still accounting for historic preservation and local community needs;
4. Study whether public and school libraries in the State have sufficient access to basic technological resources, cybersecurity resources, electronic catalogs,

interlibrary loan services and appropriate hardware and software to address community member needs;

5. Study staffing levels at public and school libraries in the State, whether staffing levels are sufficient to meet user needs, how libraries use volunteers and what resources are available for workforce development and training of library staff;

6. Solicit input from the Maine Library Commission; and

7. Examine models for library management and organization in other states, including the formation of statewide service networks.

**Sec. 7. Staff assistance; mileage reimbursement. Resolved:** That the Maine State Library shall provide administrative, technical and legal assistance to the working group, including contracting with an outside facilitator with experience in leading community and library discussions to assist the State Librarian with meeting facilitation and organization.

Members of the working group are entitled to mileage reimbursement from the Maine State Library for travel to in-person meetings at the same rate as under the Maine Revised Statutes, Title 5, section 8 for not more than 12 meetings.

**Sec. 8. Report. Resolved:** That, no later than November 1, 2027, the State Librarian shall submit a report based on the study under section 5 for presentation to the joint standing committee of the Legislature having jurisdiction over education and cultural affairs. The report must include:

1. Specific and detailed findings and proposals concerning the issues studied by the working group;

2. Recommendations for updating the Maine Revised Statutes, agency rules and governance structures of public and school libraries in the State to ensure equitable access for residents of the State, efficient use of resources and high quality in the provision of services;

3. Recommendations related to the funding needs of public and school libraries in the State, including capital, ongoing and special funding; and

4. Any other information or recommendations the working group determines necessary to include in the report.

The joint standing committee of the Legislature having jurisdiction over education and cultural affairs is authorized to report out legislation related to the report to the Second Regular Session of the 133rd Legislature.

**Sec. 9. Appropriations and allocations. Resolved:** That the following appropriations and allocations are made.

**LIBRARY, MAINE STATE**

**Maine State Library 0217**

Initiative: Provides one-time funding in fiscal year 2025-26 and fiscal year 2026-27 only for the cost of contracting with an outside facilitator with experience in leading community and library discussions and to reimburse working group members for mileage.

**Resolve, to Establish a Working Waterfront Infrastructure Engineer Corps Pilot Program and to Conduct a Feasibility Study of a Higher Education Service Corps Program**

**Sec. 1. Working Waterfront Infrastructure Engineer Corps Pilot Program established. Resolved:** That the Working Waterfront Infrastructure Engineer Corps Pilot Program, referred to in this resolve as "the program," is established. The Maine Sea Grant at the University of Maine shall oversee the program and consult with Volunteer Maine and the Maine College of Engineering and Computing at the University of Maine. The purpose of the program is to provide expertise in engineering, planning and permitting to restore and protect the State's working waterfront and other vulnerable infrastructure.

**Sec. 2. Length of program; number of program participants; program service activity and member development. Resolved:** That the program established under section 1 begins in the 2026-2027 academic year and lasts through the 2027-2028 academic year. The program must include 5 students each academic year for a total of 10 students for the duration of the program. Program participants may be undergraduate or graduate students. Program participants shall conduct vulnerability assessments and other analyses of the working waterfront and other essential working waterfront infrastructure threatened by extreme weather. Program participants shall complete projects that may be semester service-learning or summer term projects. Program participants shall engage with municipalities or other partners in the projects. Program participants must receive education about permitting requirements and funding opportunities to better understand how projects progress from proposal to implementation. Program participants must be exposed to careers in municipalities.

**Sec. 3. Maine Sea Grant at University of Maine to issue interim report; final report. Resolved:** That the Maine Sea Grant at the University of Maine shall provide an interim report on the program by December 1, 2027 detailing the first year of the program to the joint standing committee of the Legislature having jurisdiction over education matters and the joint standing committee of the Legislature having jurisdiction over state and local government matters. The Maine Sea Grant at the University of Maine shall provide a final report by November 1, 2028 detailing the final year of the program to the joint standing committee of the Legislature having jurisdiction over education matters and the joint standing committee of the Legislature having jurisdiction over state and local government matters. Each report submitted by the Maine Sea Grant at the University of Maine must include recommendations, including suggested legislation. Each joint standing committee may report out legislation related to the contents of each report in the session of the Legislature following submission of each report.

**Sec. 4. Maine Commission for Community Service to study feasibility of developing higher education service corps program. Resolved:** That the Maine Commission for Community Service, established in the Maine Revised Statutes, Title 5, section 7501, the University of Maine System, the Maine Community College System and the Maine Maritime Academy shall collaborate to conduct a feasibility study to examine the expansion of existing service programs and the creation of a higher education service corps program that focuses on:

1. Coastal issues;
2. Transportation;
3. Energy;
4. Housing;
5. Land and freshwater preservation;
6. Community resilience;
7. Education; and
8. Public health.

The feasibility study must also examine economic development and consider whether the higher education service corps program will operate out of each campus at the University of Maine, described in Title 20-A, section 10901-A, each campus of the Maine Community College System, described in Title 20-A, section 10901-A, and the Maine Maritime Academy. The Maine Commission for Community Service shall submit a report on the feasibility study to the Joint Standing Committee on Education and Cultural Affairs and the Joint Standing Committee on State and Local Government by December 3, 2025. Each joint standing committee may report out legislation related to the content

of the report to the Second Regular Session of the 132nd Legislature.

CHAPTER 4  
I.B. 5 - L.D. 2232

**An Act to Limit Contributions  
to Political Action Committees  
That Make Independent  
Expenditures**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 21-A MRSA §1015, sub-§2-C** is enacted to read:

**2-C. Contributions by individuals to political action committees making independent expenditures.** An individual may not make contributions aggregating more than \$5,000 in any calendar year to a political action committee for the purpose of making independent expenditures under section 1019-B, subsection 1. Beginning December 1, 2024, contribution limits in accordance with this subsection are adjusted every 2 years based on the Consumer Price Index as reported by the United States Department of Labor, Bureau of Labor Statistics and rounded to the nearest amount divisible by \$25. The commission shall post the current contribution limit and the amount of the next adjustment and the date that it will become effective on its publicly accessible website and include this information with any publication to be used as a guide for candidates.

**Sec. 2. 21-A MRSA §1015, sub-§2-D** is enacted to read:

**2-D. Contributions by political action committees and business entities to political action committees making independent expenditures.** A leadership political action committee, a separate segregated fund committee, a caucus political action committee, any other political action committee or any business entity may not make contributions aggregating more than \$5,000 in any calendar year to a political action committee for the purpose of making independent expenditures under section 1019-B, subsection 1. Beginning December 1, 2024, contribution limits in accordance with this subsection are adjusted every 2 years based on the Consumer Price Index as reported by the United States Department of Labor, Bureau of Labor Statistics and rounded to the nearest amount divisible by \$25. The commission shall post the current contribution limit and the amount of the next adjustment and the date that it will become effective on its publicly accessible website and include this information with any publication to be

used as a guide for candidates. For purposes of this subsection, "business entity" includes a firm, partnership, corporation, incorporated association, labor organization or other organization, whether organized as a for-profit or a nonprofit entity.

**Sec. 3. 21-A MRSA §1019-B, sub-§4, ¶B,** as amended by PL 2023, c. 324, §12, is further amended to read:

B. A report required by this subsection must contain an itemized account of the total contributions from each contributor, each expenditure in excess of \$250 in any one candidate's election, the date and purpose of each expenditure and the name of each payee or creditor. The report must state whether the expenditure is in support of or in opposition to the candidate and must include, under penalty of unsworn falsification, as provided in Title 17-A, section 453, a statement whether the expenditure is made in cooperation, consultation or concert with, or at the request or suggestion of, the candidate or an authorized committee or agent of the candidate.

**Sec. 4. 21-A MRSA §1019-B, sub-§6** is enacted to read:

**6. Segregated contributions required.** A political action committee may use only funds received in compliance with section 1015, subsection 2-C or 2-D when making independent expenditures. A political action committee that makes independent expenditures shall keep an account of any contributions received for the purpose of making those expenditures.

Effective December 25, 2024.

**Sec. A-38. 24-A MRSA §4311, sub-§1-A,** as amended by PL 2019, c. 273, §3, is corrected to read:

**1-A. Access to clinically appropriate prescription drugs.** For plan years beginning on or after ~~the effective date of this subsection~~ March 19, 2019, a carrier must allow an enrollee, the enrollee's designee or the person who has issued a valid prescription for the enrollee to request and gain access to a clinically appropriate drug not otherwise covered by the health plan. The carrier's process must comply with section 4304 and with this subsection. If the carrier approves a request under this subsection for a drug not otherwise covered by the health plan, the carrier must treat the drug as an essential health benefit, including counting any cost sharing toward the plan's annual limit on cost sharing and including it when calculating the plan's actuarial value.

A. The carrier must determine whether it will cover the drug requested and notify the enrollee, the enrollee's designee, if applicable, and the person who has issued the valid prescription for the enrollee of its coverage decision within 72 hours or 2 business days, whichever is less, following receipt of the request. A carrier that grants coverage under this paragraph must provide coverage of the drug for the duration of the prescription, including refills.

B. The carrier must have a process by which an expedited review may be requested in exigent circumstances. Exigent circumstances exist when an enrollee is suffering from a health condition that may seriously jeopardize the enrollee's life, health or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a nonformulary drug. When an expedited review has been requested, the carrier must determine whether it will cover the drug requested and notify the enrollee, the enrollee's designee, if applicable, and the person who has provided a valid prescription for the enrollee of its coverage decision within 24 hours following receipt of the request. A carrier that grants coverage under this paragraph must provide coverage of the drug for the duration of the exigency.

**3. Incentive program established; eligibility.** In accordance with the provisions of this section, the trust shall establish and administer a program that provides incentives for the purchase or lease of electric vehicles. A person may apply for and, as resources within the fund allow, receive an incentive for an electric vehicle, subject to eligibility requirements established by the trust. Eligibility criteria for the vehicle must include that the vehicle is a battery electric vehicle or a plug-in hybrid electric vehicle; the vehicle is purchased, or leased for a term of 36 months or more, from an authorized licensee of the original equipment manufacturer or a licensed automobile dealer in the State or from its original equipment manufacturer, wherever located; and, to the extent required by Title 29-A, chapter 5, the vehicle is registered in the State. An automobile, as defined in Title 29-A, section 101, subsection 7, with a gross vehicle weight rating of 6,000 pounds or less is not eligible for the program if it has a manufacturer's suggested retail price greater than \$55,000. To the extent funds are available, the trust may extend program eligibility to medium duty vehicles and heavy duty vehicles that are battery electric vehicles or plug-in hybrid electric vehicles and to electric bicycles. Eligibility requirements for the recipient of the incentive must include that the recipient attests to a commitment to maintain a registration in this State to the extent required by Title 29-A, chapter 5, whether through purchase or lease, of the eligible electric vehicle for at least 36 months from the date of purchase or lease. The trust may require a recipient of an incentive under this section who does not maintain a registration in this State of the eligible electric vehicle for at least 36 months to repay the trust up to the full amount of the incentive. If the trust extends program eligibility to electric bicycles, the trust shall limit the electric bicycle incentives to re-

cipients who are low-income and moderate-income individuals and to entities that serve those individuals, as determined by the trust. For a recipient to receive an incentive for the purchase of an electric bicycle under the program, the electric bicycle must serve as the recipient's principal means of commuting, as determined by the trust.

The trust shall establish the incentive amount for each eligible electric vehicle. The trust shall establish incentive amounts that it determines most effectively increase the use of eligible electric vehicles in the State to advance the State's carbon reduction targets and reduce transportation-related energy costs. For each model of an eligible electric vehicle, the trust may establish different incentive amounts based on the size of the vehicle battery. The trust may establish different incentive amounts for the purpose of providing reasonable opportunity for participation in the program across different customer groups and geographic areas. The trust may establish reasonable limits on the number of incentives per vehicle or per person.

**§205. Extradition of prisoners or those awaiting trial or absent by compulsion**

When it is desired to have returned to this State a person charged in this State with a crime, and ~~such~~ the person is imprisoned or is held under criminal proceedings then pending against ~~him~~ the person in another state, the Governor of this State may agree with the executive authority of ~~such~~ the other state for the extradition of ~~such~~ the person before the conclusion of ~~such~~ those proceedings or ~~his~~ the person's term of sentence in ~~such~~ the other state, upon condition that ~~such~~ the person be returned to ~~such~~ the other state at the expense of this State as soon as the prosecution or imprisonment following conviction in this State is terminated.

The Governor may surrender on demand of the executive authority of any other state any person in this State who is charged in the manner provided in section 223 with having violated the laws of the state whose executive authority is making the demand, even though ~~such~~ the person left the demanding state involuntarily.

**Sec. D-14. 15 MRSA §207**, as amended by PL 1983, c. 843, §2, is corrected to read:

**§207. Governor to issue warrant and deliver to officer**

If the Governor decides that the demand should be complied with, ~~he~~ the Governor shall sign a warrant of arrest, which ~~shall~~ must be sealed with the state seal and be directed to any law enforcement officer or other person whom ~~he~~ the Governor may think fit to entrust with the execution ~~thereof~~ of the warrant. The warrant must substantially recite the facts necessary to the validity of its issue. Notwithstanding any other provision of law, defects in the Governor's warrant may not be raised as a defense to extradition; in a petition contesting extradition pursuant to sections 210 and 210-A, unless it is shown by the petitioner that any such defect is substantially prejudicial to ~~him~~ the petitioner.

**Sec. D-15. 15 MRSA §208**, as amended by PL 1983, c. 843, §3, is corrected to read:

**§208. Warrant to authorize arrest**

Such warrant ~~shall authorize~~ authorizes the officer or other person to whom directed to arrest the accused at any place where ~~he~~ the accused may be found within

the State and to command the aid of any law enforcement officer in the execution of the warrant and to deliver the accused, subject to this chapter, to the duly authorized agent of the demanding state. A law enforcement officer may arrest a fugitive from justice pursuant to a warrant issued by the Governor even if ~~he~~ the law enforcement officer does not have physical possession of it upon the representation of the prosecuting attorney that such a warrant has, in fact, been issued.

**Sec. D-16. 15 MRSA §211**, as amended by PL 1979, c. 663, §89, is corrected to read:

**§211. Disobedience of officer**

~~Any An~~ officer who ~~shall deliver~~ delivers to the agent for extradition of the demanding state a person in ~~his~~ the officer's custody under the Governor's warrant in disobedience of section 210 is guilty of a Class E crime.

**Sec. D-17. 15 MRSA §212** is corrected to read:

**§212. Prisoner confined in jail**

The officer or person executing the Governor's warrant of arrest or the agent of the demanding state to whom the prisoner may have been delivered may, when necessary, confine the prisoner in the jail of any county or city through which ~~he~~ the prisoner may pass. The keeper of ~~such~~ the jail ~~must shall~~ receive and safely keep the prisoner until the person having charge of ~~him~~ the prisoner is ready to proceed on ~~his~~ the person's route, such person being chargeable with the expense of keeping.

The officer or agent of a demanding state to whom a prisoner may have been delivered following extradition proceedings in another state, or to whom a prisoner may have been delivered after waiving extradition in ~~such~~ the other state, and who is passing through this State with such a prisoner for the purpose of immediately returning ~~such~~ the prisoner to the demanding state may, when necessary, confine the prisoner in the jail of any county or city through which ~~he~~ the prisoner may pass. The keeper of ~~such~~ the jail ~~must shall~~ receive and safely keep the prisoner until the officer or agent having charge of ~~him~~ the prisoner is ready to proceed on ~~his~~ the officer's or agent's route, such officer or agent being chargeable with the expense of keeping. ~~Such~~ The officer or agent shall produce and show to the keeper of ~~such~~ the jail satisfactory written evidence of the fact that ~~he~~ the officer or agent is actually transporting ~~such~~ the prisoner to the demanding state after a requisition by the executive authority of ~~such~~ the demanding state. ~~Such~~ The prisoner ~~shall is~~ not be entitled to demand a new requisition while in this State.

**Sec. D-18. 15 MRSA §213, sub-§1, ¶B**, as enacted by PL 1977, c. 671, §12 and amended by PL 1979, c. 274, §5, is corrected to read:

B. Having been convicted of a crime in another state and with having escaped from confinement or

with having broken the terms of ~~his~~ the person's bail, probation or parole.

**Sec. D-19. 15 MRSA §213, sub-§2**, as enacted by PL 1977, c. 671, §12, is corrected to read:

**2. Apprehension by warrant.** A warrant issued by a judge or magistrate pursuant to subsection 1 ~~shall~~ must command the law enforcement officer to whom it is directed to apprehend the person named therein, wherever ~~he~~ the person may be found in this State, and to bring ~~him~~ the person before the same or any other judge or magistrate who may be available in or convenient of access to the place where the arrest may be made, to answer the charge on the complaint and affidavit.

**Sec. D-20. 15 MRSA §214** is corrected to read:

**§214. Arrest without warrant; hearing**

The arrest of a person may be lawfully made by an officer or a private citizen without a warrant, upon reasonable information that the accused stands charged in the courts of another state with a crime punishable by death or imprisonment for a term exceeding one year; but when so arrested, the accused must be taken before a judge or magistrate with all practicable speed, and complaint must be made against ~~him~~ the accused under oath setting forth the ground for the arrest as in section 213. Thereafter ~~his~~ the accused's answer ~~shall~~ must be heard as if ~~he~~ the accused had been arrested on a warrant.

**Sec. D-21. 15 MRSA §215, first ¶**, as enacted by PL 1977, c. 671, §13, is corrected to read:

If, from the examination by the judge or magistrate of the complaint, affidavits in support thereof, formal charging documents or judgments supplied by the demanding state or any other evidence, including reliable hearsay evidence, ~~which that~~ may be presented, it appears that the person held is the person charged with having committed the crime alleged and that there is probable cause to believe that ~~he~~ the person committed the crime, and that ~~he~~ the person is a fugitive from justice, the judge or magistrate shall continue the case and may commit the person to jail, by a warrant specifying the accusation, for any time not exceeding 60 days ~~which will enable~~ that enables the arrest of the accused to be made under a warrant of the Governor on a requisition of the executive authority of the state having jurisdiction of the offense.

**Sec. D-22. 15 MRSA §216**, as amended by PL 1979, c. 701, §9, is corrected to read:

**§216. Bail permitted in discretion of court except in certain cases**

Except as otherwise provided, the judge or magistrate may admit the person arrested to bail by bond or undertaking, with sufficient sureties and in such sum as ~~he deems~~ the judge or magistrate determines proper, for ~~his~~ the person's appearance before ~~him~~ the judge or

magistrate at a time specified in that bond or undertaking and for ~~his the person's~~ surrender to be arrested upon the warrant of the Governor of this State or waiver of it. The following persons ~~shall~~ may not be admitted to bail pursuant to this section:

**1. Death or life imprisonment sentence.** ~~Any~~ A person charged with an offense for which a sentence of death or life imprisonment is possible under the laws of the demanding state;

**2. Crime of escape.** ~~Any~~ A person who is charged with or has been convicted of the crime of escape in the demanding state; or

**3. Escape status.** ~~Any~~ A person whose extradition is being sought on the ground that ~~he the person~~ has been convicted of a crime in the demanding state and:

A. Has escaped from confinement; or

B. Is under sentence of imprisonment imposed upon the denial of an appeal or other review of a conviction or revocation of probation or parole, the person having been released on bail pending appeal or other review.

**Sec. D-23. 15 MRSA §217**, as amended by PL 1983, c. 843, §7, is corrected to read:

**§217. Extension of time of commitment**

If the accused is not arrested under a warrant of the Governor by the expiration of time specified in the warrant, bond or undertaking, the judge or magistrate may discharge ~~him the accused~~ or may continue the case for any further time not to exceed 60 days. If, after the expiration of any further time specified by the judge or magistrate, the accused has not been arrested under a Governor's warrant, the complaint ~~shall~~ must be dismissed. ~~Nothing in this~~ This section may not be construed to prevent the rearrest of the accused upon a Governor's warrant issued subsequent to the expiration of the time period specified in this section. The court shall grant a reasonable extension of time under this section upon the representation of the prosecuting attorney that a written demand of the executive authority of another state has been issued but has not been received or acted upon by the Governor.

**Sec. D-24. 15 MRSA §218** is corrected to read:

**§218. Failure to appear**

If the prisoner is admitted to bail and fails to appear and surrender ~~himself~~ according to the condition of ~~his~~ the prisoner's bond, the court, by proper order, shall declare the bond forfeited. Recovery may be had thereon in the name of the State as in the case of other bonds or undertakings given by the accused in criminal proceedings within the State.

**Sec. D-25. 15 MRSA §219** is corrected to read:

**§219. Governor may surrender or hold prisoner where proceedings begun in this State**

If a criminal prosecution has been instituted against such person under the laws of this State and is still pending, the Governor at ~~his the Governor's~~ discretion either may surrender ~~him the person~~ on the demand of the executive authority of another state or may hold ~~him the person~~ until ~~he the person~~ has been tried and discharged or convicted and punished in this State.

**Sec. D-26. 15 MRSA §220**, as amended by PL 1977, c. 671, §17, is corrected to read:

**§220. Guilt or innocence not inquired into after extradition demanded**

The guilt or innocence of the accused as to the crime of which ~~he the accused~~ is charged may not be inquired into by the Governor or in any proceeding after the demand for extradition accompanied by a charge of crime in legal form as provided ~~shall have~~ has been presented to the Governor, except as it may be involved in identifying the person held as the person charged with the crime, and except insofar as it may be inquired into for the purpose of establishing probable cause as required by sections 203 and 210-A.

**Sec. D-27. 15 MRSA §221** is corrected to read:

**§221. Warrant for arrest recalled or another issued**

The Governor may recall ~~his the Governor's~~ warrant of arrest or may issue another warrant whenever ~~he deems~~ the Governor considers it proper.

**Sec. D-28. 15 MRSA §222**, as amended by PL 1983, c. 843, §8, is corrected to read:

**§222. Warrant for agent to receive accused from another state**

Whenever the Governor ~~shall demand~~ demands a fugitive from justice, charged with crime or with escaping from confinement or breaking the terms of ~~his the fugitive's~~ bail, probation or parole in this State, from the executive authority of any other state, or from the Chief Justice or an Associate Justice of the Supreme Court of the District of Columbia authorized to receive ~~such the demand~~ under the laws of the United States, ~~he the Governor~~ shall issue a commission under the seal of this State to some agent; commanding ~~him the agent~~ to receive the person so charged, if delivered to ~~him the agent~~, and convey ~~him the person~~ to the proper officer of the county in this State in which the offense was committed.

**Sec. D-29. 15 MRSA §223, sub-§1**, as repealed and replaced by PL 1977, c. 671, §18, is corrected to read:

**1. Person charged with crime.** When it is required to return to this State a person charged with a crime in this State, the prosecuting attorney shall present to the Governor a written application for a requisition for the return of the person charged. The application ~~shall~~ must state:

- A. The name of the person charged;
- B. The crime with which ~~he~~ the person is charged;
- C. The approximate time, place and circumstances of ~~its~~ the commission of the crime under paragraph B; and
- D. The state in which the accused is believed to be, including ~~his~~ the accused's location therein at the time the application is made.

The prosecuting attorney shall certify in ~~his~~ the application that in ~~his~~ the prosecuting attorney's opinion the ends of justice require the arrest and return of the accused to this State for trial and that the proceeding is not instituted to enforce a private claim.

**2. Person convicted of a crime.** When it is required to return to this State a person who has been convicted of a crime in this State and who has escaped from confinement or broken the terms of ~~his~~ the person's bail, probation or parole, the prosecuting attorney, the State Parole Board, the warden of the institution or the sheriff of the county from which the escape was made shall present to the Governor a written application for a requisition for the return of that person. The application ~~shall~~ must state:

- A. The name of the person;
- B. The crime of which ~~he~~ the person was convicted;
- C. The circumstances of ~~his~~ the person's escape from confinement; or of the breach of the terms of ~~his~~ the person's bail, probation or parole; and
- D. The state in which ~~he~~ the person is believed to be, including ~~his~~ the person's location therein at the time the application is made.

**Sec. D-31. 15 MRSA §223, sub-§3**, as repealed and replaced by PL 1977, c. 671, §18, is corrected to read:

**3. Verification; filing.** The application ~~shall~~ must be verified by affidavit, executed in duplicate and accompanied by 2 certified copies of:

- A. The indictment return;
- B. The information filed or the complaint made to the judge or magistrate stating the offense with which the accused is charged, together with the affidavit in support of the information or complaint; or
- C. The judgment of conviction.

The prosecuting attorney, State Parole Board, warden or sheriff may attach any further affidavits and other

documents ~~which he shall deem~~ that the prosecuting attorney, State Parole Board, warden or sheriff considers proper to be submitted with the application, including affidavits with attached photographs or fingerprints ~~which~~ that serve to establish that the person named and shown therein is the person for whom a requisition is sought. One copy of the application with the action of the Governor indicated thereon, and one of the certified copies of the indictment, complaint, information and affidavits, or of the judgment of conviction, or of the sentence ~~shall~~ must be filed in the office of the Secretary of State to remain of record in that office. The other copies of all papers ~~shall~~ must be forwarded with the Governor's requisition.

**§1258. Juries for criminal offenses; challenges**

When a person charged with a criminal offense, who has not waived ~~his~~ the person's right to trial by jury, is put upon ~~his~~ the person's trial, the clerk, under the direction of the court, shall place the names of all the traverse jurors summoned and in attendance in a box upon separate tickets, and the names, after being mixed, ~~shall must~~ be drawn from the box by the clerk, one at a time. The Supreme Judicial Court shall by rule provide the manner of exercising all challenges, and the number and order of peremptory challenges.

Whenever by reason of the prospective length of a criminal trial the court in its discretion ~~shall deem~~ considers it advisable, ~~it~~ the court may direct that jurors in addition to the regular panel be called and impanelled to sit as alternate jurors. ~~Such Those~~ Those alternate jurors in the order in which they are called ~~shall must~~ replace jurors who, prior to the time the jury retires to consider its verdict, become unable or disqualified to perform their duties. ~~Such The~~ The alternate jurors ~~shall must~~ be drawn in the same manner, ~~shall must~~ have the same qualifications, ~~shall must~~ be subject to the same examination and challenges, ~~shall must~~ take the same oath and ~~shall must~~ have the same functions, powers, facilities and privileges and be subject to the same obligations and penalties as jurors on the regular panel. An alternate juror who does not replace a juror on the regular panel ~~shall must~~ be discharged when the jury retires to consider its verdict. The Supreme Judicial Court shall by rule provide the number of alternate jurors, the manner of exercising all challenges to alternate jurors, and the order and number of peremptory challenges to alternate jurors.

**Sec. D-55. 15 MRSA §1313**, as amended by PL 1979, c. 663, §105, is corrected to read:

**§1313. Punishment of state witness for nonattendance**

~~Whoever~~ A person who, having been subpoenaed as a witness ~~in~~ on behalf of the State before any court

or grand jury, without reasonable cause fails to appear at the time and place designated in the subpoena, if ~~he~~ the person is not punished therefor as for contempt, is guilty of a Class E crime.

**Sec. D-56. 15 MRSA §1314** is corrected to read:

**§1314. No witness fees until 2nd or 3rd day in continued cases**

~~No fees~~ Fees in criminal cases continued after the first term ~~shall are not be~~ allowed to witnesses on the part of the State until the 2nd day of the term in Hancock, Oxford, Franklin, Piscataquis and Aroostook; nor until the 3rd day in any other county, unless ~~they~~ the witnesses were summoned at an earlier day. In all criminal cases, previous to the determination thereof, the court may allow ~~such~~ the costs for justices, officers, aids, jurors and witnesses, as are provided by law, to be paid from the county treasury; but ~~no~~ a court or judge ~~shall may not~~ allow any charge for aid or other expenses of the officer in serving a warrant, except ~~his~~ the officer's stated fees for service and travel unless, on ~~his~~ the officer's examination upon oath or on other evidence, ~~they find such~~ the court or judge finds the additional charges reasonable.

**Sec. D-57. 15 MRSA §1315**, as amended by PL 1969, c. 333, is corrected to read:

**§1315. Self-incrimination; failure to testify; husband or wife spouse as witness**

In all criminal trials, the accused shall, at ~~his~~ the ~~accused's~~ own request but not otherwise, be a competent witness. ~~He shall~~ The accused may not be compelled to testify on cross-examination to facts that would convict, or furnish evidence to convict ~~him~~ the accused of any other crime than that for which ~~he~~ the accused is on trial. The fact that ~~he~~ the accused does not testify ~~in his~~ on the accused's own behalf ~~shall may~~ not be taken as evidence of ~~his~~ the accused's guilt. The ~~husband or wife~~ spouse of the accused is a competent witness except in regard to marital communications.

**Sec. D-58. 15 MRSA §1320**, as amended by PL 2013, c. 566, §5, is corrected to read:

**§1320. Authorization of payment of witness fees of state witnesses in criminal prosecutions**

In all criminal prosecutions in the Superior Court, payment of witness fees for state witnesses, fees and expenses payable on account of the services of police officers as witnesses and as complainants; and fees and expenses payable on account of the services of police officers in serving criminal process ~~shall must~~ be made upon authorization by the prosecuting attorney or ~~his~~ the prosecuting attorney's designee. The amount of the fees and expenses ~~shall must~~ be determined in accordance with these statutes.

**1. Payments.** Payments made under this section must be made first from the Extradition and Prosecution Expenses Account established in section 224-A and, if there are insufficient funds in that account, next from the county treasury upon authorization of the prosecuting attorney, unless otherwise expressly directed by law. Payments from the county treasury must be made from the sums set aside in the county budget for the payments on account of Superior Court criminal proceedings.

**2. Expenditures.** In fixing the amount of direct expenditures by the counties in calendar year 1975 for the support of the Superior Court pursuant to Title 4, section 118, the Treasurer of State ~~shall may~~ not consider sums expended in criminal prosecutions in the Superior Court on account of witness fees for state witnesses, fees and expenses payable on account of the services of police officers as witnesses and as complainants; and fees and expenses payable on account of the services of police officers in serving criminal process.

**Sec. D-59. 15 MRSA §1413** is corrected to read:

**§1413. Summons to testify in another state**

If a judge of a court of record in any state, ~~which~~ that by its laws has made provision for commanding persons within that state to attend and testify in this State, certifies under the seal of ~~such~~ the court that there is a criminal prosecution pending in ~~such~~ the court or that a grand jury investigation has commenced or is about to commence, that a person being within this State is a material witness in ~~such~~ that prosecution or grand jury investigation and that ~~his~~ the person's presence will be required for a specified number of days, upon presentation of ~~such~~ the certificate to any judge of a court of record in the county in which ~~such~~ the person is, ~~such~~ the judge shall fix a time and place for a hearing and shall make an order directing the witness to appear at a time and place certain for the hearing.

If at a hearing the judge determines that the witness is material and necessary, that it will not cause undue hardship to the witness to be compelled to attend and testify in the prosecution or a grand jury investigation in the other state; and that the laws of the state in which the prosecution is pending; or grand jury investigation has commenced or is about to commence; and of any other state through which the witness may be required to pass by ordinary course of travel; will give to ~~him~~ the witness protection from arrest and the service of civil and criminal process, ~~he~~ the judge shall issue a summons, with a copy of the certificate attached, directing the witness to attend and testify in the court where the prosecution is pending or where a grand jury investigation has commenced or is about to commence at a time and place specified in the summons. In any such hearing the certificate ~~shall be~~ is prima facie evidence of all the facts stated therein.

If ~~said~~ the certificate recommends that the witness be taken into immediate custody and delivered to an officer of the requesting state to assure ~~his~~ the witness's attendance in the requesting state, ~~such~~ the judge may, in lieu of notification of the hearing, direct that ~~such~~ the witness be forthwith brought before ~~him~~ the judge for ~~said~~ the hearing. The judge at the hearing being satisfied of the desirability of ~~such~~ the custody and delivery, for which determination the certificate ~~shall be~~ is prima facie proof of ~~such~~ the desirability, may, in lieu of issuing subpoena or summons, order that ~~said~~ the witness be forthwith taken into custody and delivered to an officer of the requesting state.

If the witness, who is summoned as provided, after being paid or tendered by some properly authorized person the sum of 10¢ a mile for each mile by the ordinary traveled route to and from the court where the prosecution is pending and \$5 for each day that ~~he~~ the witness is required to travel and attend as a witness, fails without good cause to attend and testify as directed in the summons, ~~he shall~~ the witness must be punished in the manner provided for the punishment of any witness who disobeys a summons issued from a court of record in this State.

**Sec. D-60. 15 MRSA §1414** is corrected to read:

**§1414. Summons to testify in this State**

If a person in any state, ~~which that~~ by its laws has made provision for commanding persons within its borders to attend and testify in criminal prosecutions or grand jury investigations commenced or about to commence in this State; is a material witness in a prosecution pending in a court of record in this State or in a grand jury investigation ~~which that~~ has commenced or is about to commence, a judge of ~~such~~ the court may issue a certificate under the seal of the court stating these facts and specifying the number of days the witness will be required. ~~Said~~ The certificate may include a recommendation that the witness be taken into immediate custody and delivered to an officer of this State to ~~assure his~~ ensure the witness's attendance in this State. This certificate ~~shall~~ must be presented to a judge of a court of record within whose territorial jurisdiction the witness is found.

If the witness is summoned to attend and testify in this State, ~~he shall~~ the witness must be tendered the sum of 10¢ a mile for each mile by the ordinary traveled route to and from the court where the prosecution is pending and \$15 for each day that ~~he~~ the witness is required to travel and attend as a witness. In addition, ~~such~~ the witness, upon submission of proper vouchers to the court, may be allowed reasonable allowance for meals and lodging at the discretion of the presiding justice. A witness who has appeared in accordance with the summons ~~shall~~ may not be required to remain within this State a longer period of time than the period mentioned in the certificate, unless otherwise ordered by the court.

If ~~such~~ the witness, after coming into this State, fails without good cause to attend and testify as directed in the summons, ~~he shall~~ the witness must be punished in the manner provided for the punishment of any witness who disobeys a summons issued from a court of record in this State.

**Sec. D-61. 15 MRSA §1415** is corrected to read:

**§1415. Exemption from arrest and service of process**

If a person comes into this State in obedience to a summons directing ~~him~~ the person to attend and testify in this State ~~he shall~~ the person may not while in this State pursuant to ~~such~~ the summons be subject to arrest or the service of process, civil or criminal, in connection with matters ~~which that~~ arose before ~~his~~ the person's entrance into this State under the summons.

If a person passes through this State while going to another state in obedience to a summons to attend and testify in that state or while returning ~~therefrom~~ from that state, ~~he shall~~ the person may not while so passing through this State be subject to arrest or the service of process, civil or criminal, in connection with matters ~~which that~~ arose before ~~his~~ the person's entrance into this State under the summons.

**Sec. D-62. 15 MRSA §1462**, as enacted by PL 1967, c. 317, is corrected to read:

**§1462. Summons to testify in another state**

A judge of the state court of record in another state, ~~which that~~ by its laws has made provision for commanding persons confined in penal institutions within that state to attend and testify in this State; may certify that there is a criminal proceeding or investigation by a grand jury or a criminal action pending in the court, that a person who is confined in a penal institution in this State may be a material witness in the proceeding, investigation or action; and that ~~his~~ the person's presence will be required during a specified time. Upon presentation of the certificate to any judge having jurisdiction over the person confined, and upon notice to the Attorney General, the judge in this State shall fix a time and place for a hearing and shall make an order directed to the person having custody of the prisoner requiring that the prisoner be produced before ~~him~~ the judge at the hearing.

**Sec. D-63. 15 MRSA §1463**, as enacted by PL 1967, c. 317, is corrected to read:

**§1463. Court order**

If at the hearing the judge determines that the witness may be material and necessary, that ~~his~~ the witness's attending and testifying are not adverse to the interests of this State or to the health or legal rights of the witness, that the laws of the state in which ~~he~~ the wit-

ness is requested to testify will give ~~him~~ the witness protection from arrest and the service of civil and criminal process because of any act committed prior to ~~his~~ the witness's arrival in the state under the order; and that as a practical matter the possibility is negligible that the witness may be subject to arrest or to the service of civil or criminal process in any state through which ~~he~~ the witness will be required to pass, the judge shall issue an order, with a copy of the certificate attached, directing the witness to attend and testify, directing the person having custody of the witness to produce ~~him~~ the witness, in the court where the criminal action is pending; or where the grand jury investigation is pending, at a time and place specified in the order, and prescribing such conditions as the judge ~~shall determine~~ determines.

**Sec. D-64. 15 MRSA §1464**, as enacted by PL 1967, c. 317, is corrected to read:

**§1464. Terms and conditions**

The order to the witness and to the person having custody of the witness ~~shall~~ must provide for the return of the witness at the conclusion of ~~his~~ the witness's testimony, proper safeguards on ~~his~~ the witness's custody, and proper financial reimbursement or prepayment by the requesting jurisdiction for all expenses incurred in the production and return of the witness; and may prescribe such other conditions as the judge thinks proper or necessary. The order ~~shall may~~ not become effective until the judge of the state requesting the witness enters an order directing compliance with the conditions prescribed.

**Sec. D-65. 15 MRSA §1466**, as enacted by PL 1967, c. 317, is corrected to read:

**§1466. Summon to testify in this State**

If a person confined in a penal institution in any other state may be a material witness in a criminal action pending in a court of record or in a grand jury investigation in this State, a judge of the court may certify that there is a criminal proceeding or investigation by a grand jury or a criminal action pending in the court, that a person who is confined in a penal institution in the other state may be a material witness in the proceeding, investigation or action; and that ~~his~~ the person's presence will be required during a specified time. The certificate ~~shall~~ must be presented to a judge of a court of record in the other state having jurisdiction over the prisoner confined, and a notice ~~shall~~ must be given to the attorney general of the state in which the prisoner is confined.

**Sec. D-66. 15 MRSA §1468**, as enacted by PL 1967, c. 317, is corrected to read:

**§1468. Exemption from arrest and service of process**

If a witness from another state comes into or passes through this State under an order directing ~~him~~ the witness to attend and testify in this State or another state, ~~he shall~~ the witness is not while in this State pursuant to the order ~~be~~ subject to arrest or the service of process, civil or criminal, because of any act committed prior to ~~his~~ the witness's arrival in this State under the order.

**Sec. D-67. 15 MRSA §1706** is corrected to read:

**§1706. Sureties to keep peace for misdemeanor**

In addition to the punishment prescribed by law, the court may require any person convicted of an offense not punishable by imprisonment in the State Prison to recognize to the State, with sufficient sureties, in a reasonable sum, to keep the peace and be of good behavior for a term not exceeding 2 years, and to stand committed until ~~he~~ the person so recognizes.

**Sec. D-68. 15 MRSA §1792** is corrected to read:

**§1792. Alternative sentences to work-jails; authority of inspectors over incorrigible or dangerous convicts**

When a convict is sentenced to imprisonment and labor in any of the work-jails, the court or judge may in addition sentence ~~him~~ the convict to the other punishment provided by law for the same offense, with the condition that if ~~such~~ the convict cannot be received at the work-jail to which ~~he~~ the convict is sentenced, or if at any time before the expiration of ~~said~~ the sentence, in the judgment of the inspectors of jails, ~~he~~ the convict becomes incorrigible or unsafe, they may order that ~~he~~ the convict suffer ~~such~~ the alternative sentence or punishment. If ~~said~~ the alternative sentence is to the State Prison, the sheriff of the county where ~~such~~ the convict is imprisoned shall forthwith, upon receiving the order of ~~said~~ the inspectors, cause ~~said~~ the convict to be conveyed to the State Prison at the expense of the county where ~~he~~ the convict was sentenced.

**Sec. D-69. 15 MRSA §1793** is corrected to read:

**§1793. Sentence to any work-jail nearest county of offense; prison sentence includes labor**

The Superior Court and the District Court, in the county where a work-jail is situated or in any county where there is no work-jail, may, subject to section 1704, sentence any person convicted of an offense punishable by imprisonment to any of the work-jails nearest or most convenient to the county where the offense is committed, and all sentences of imprisonment ~~shall~~ must include labor. The keeper of ~~such~~ the work-jail shall receive and detain ~~such~~ the prisoner in the same manner as if committed by a court sitting in the county where ~~such~~ the work-jail is situated. ~~Any~~ An officer of any county qualified to serve criminal precepts in ~~his~~ the officer's county may serve any precept required by

this section and section 1792, whether ~~such~~ the service is performed in whole or in part in one or more counties, and processes ~~shall~~ must be issued and directed accordingly.

**§1042. Policy**

Economic insecurity due to unemployment is a serious menace to the health, morals and welfare of the people of this State. Unemployment is therefore a subject of general interest and concern ~~which that~~ requires appropriate action by the Legislature to prevent its spread and to lighten its burden, which may fall upon the unemployed worker, ~~his~~ the unemployed worker's family and the entire community. The achievement of social security requires protection against this greatest hazard of our economic life. This objective can be furthered by operating free public employment offices in affiliation with a ~~nation-wide~~ nationwide system of public employment services; by devising appropriate methods for reducing the volume of unemployment; and by the systematic accumulation of funds during periods of employment from which benefits may be paid for periods of unemployment, thus maintaining purchasing power, promoting the use of the highest skills

of unemployed workers and limiting the serious social consequences of unemployment.

**Sec. E-72. 26 MRSA §1043, sub-§3,** as amended by PL 1973, c. 555, §4, is corrected to read:

**3. The standard rate of contributions ~~shall be~~ is 5.4%. ~~No~~ A contributing employer's rate may ~~not~~ be varied from the standard rate, unless and until ~~his~~ the employer's experience rating record has been chargeable with benefits throughout the 24-consecutive-calendar-month period ending on the computation date applicable to ~~such~~ that year; each contributing employer newly subject to this chapter shall pay contributions at the average contribution rate, rounded to the next higher 1/10 of 1%, on the taxable wages reported by contributing employers for the 12-month period immediately preceding the last computation date, ~~provided such~~ except that ~~the~~ the rate may not exceed 3.0% nor be less than 1%; ~~provided and except~~ that, with respect to the rate year beginning January 1, 1986, and each rate year thereafter, the rate ~~shall may~~ not exceed 4.0% nor be less than 1% ~~and~~, until such time as ~~his~~ the employer's experience rating record has been chargeable with benefits throughout the 24-consecutive-calendar-month period ending on the computation date applicable to ~~such~~ that year, and for rate years thereafter ~~his~~ the employer's contribution rate ~~shall be~~ is determined in accordance with ~~subsections~~ subsection 3 and 4 this subsection.

B. Subject to paragraph A, each employer's contribution rate for the 12-month period commencing

January 1st of each year is based upon the employer's experience rating record and determined from the employer's reserve ratio, which is the percent obtained by dividing the amount by which, if any, the employer's contributions credited from the time the employer first or most recently became an employer, whichever date is later, and up to and including June 30th of the preceding year, including any part of the employer's contributions due for that year paid on or before July 31st of that year, exceed the employer's benefits charged during the same period, by the employer's average annual payroll for the 36-consecutive-month period ending June 30th of the preceding year. The employer's contribution rate is the percent shown on the line of the following table on which in column A there is indicated the employer's reserve ratio and under the schedule within which the reserve multiple falls as of September 30th of each year. The following table applies for each 12-month period commencing January 1st of each year as determined by paragraph C.

C. To designate the contribution rate schedule to be effective for a rate year, a reserve multiple must be determined. The reserve multiple must be determined by dividing the fund reserve ratio by the composite cost rate. The determination date is September 30th of each calendar year, and the schedule of contribution rates to apply for the 12-month period commencing January 1st, is determined by this reserve multiple, except that for the 1998 and 1999 rate years Schedule P is in effect.

D. As used in this section, the words "contributions credited" and "benefits charged" mean the contributions credited to and the benefits paid and chargeable against the "experience rating record" of an employer as provided in subsection 3, including all contributions due and paid on or before July 31st following the computation date and all benefits paid and chargeable on or before the computation date.

E. The commissioner:

(1) Shall promptly notify each employer of ~~his~~ the employer's rate of contributions as determined for the 12-month period commencing January 1st of each year pursuant to this section. The determination ~~shall become~~ becomes conclusive and binding upon the employer unless, within 15 days after the mailing of notice thereof to ~~his~~ the employer's last known address or in the absence of mailing, within 15 days after the delivery of the notice, the employer files an application for review and redetermination, setting forth ~~his~~ the employer's reasons ~~therefor~~ for filing. If the commission grants the review, the employer ~~shall~~ must be promptly notified thereof and ~~shall~~ must be granted an opportunity for a hearing, but ~~no~~ an employer ~~shall~~ does not have standing, in any proceedings involving ~~his~~ the employer's rate of contributions or contribution liability, to

contest the chargeability to ~~his~~ "the employer's experience rating record" of any benefits paid in accordance with a determination, redetermination or decision pursuant to section 1194, except upon the ground that the services on the basis of which these benefits were found to be chargeable did not constitute services performed in employment for ~~him~~ the employer and only in the event that ~~he~~ the employer was not a party to the determination, redetermination or decision or to any other proceedings under this chapter in which the character of these services was determined. The employer ~~shall~~ must be promptly notified of the commission's denial of ~~his~~ the employer's application, or the commission's redetermination, both of which ~~shall be~~ are subject to appeal pursuant to Title 5, ~~section 11001 et seq~~ chapter 375, subchapter 7; and

(2) Shall provide each employer at least monthly with a notification of benefits paid and chargeable to ~~his~~ the employer's experience rating record, and any such notification, in the absence of an application for redetermination filed in such a manner and within such period as the commission may prescribe, ~~shall become~~ becomes conclusive and binding upon the employer for all purposes. Such a redetermination, made after notice and opportunity for hearing, and the commission's findings of fact in connection ~~therewith~~ with the redetermination, may be introduced in any subsequent administrative or judicial proceedings involving the determination of the rate of contributions of any employer for the 12-month period commencing January 1st of any year and ~~shall be~~ is entitled to the same finality as is provided in this section with respect to the findings of fact made by the commission in proceedings to redetermine the contribution rates of an employer.

F. Notwithstanding any other inconsistent law, ~~any~~ an employer, who has been notified of the employer's rate of contribution as required by paragraph E, subparagraph (1), for any year commencing January 1st, may voluntarily make payment of additional contributions; and, upon that payment, is entitled to promptly receive a recomputation and renotification of the employer's contribution rate for that year, including in the calculation the additional contributions so made. Any such additional contribution must be made during the 30-day period following the date of the mailing to the employer of the notice of the employer's contribution rate in any year; unless, for good cause, the time of payment has been extended by the commissioner for a period not to exceed an additional 10 days.

**Sec. E-116. 26 MRSA §1227, sub-§1,** as amended by PL 1987, c. 14, §1, is corrected to read:

**1. Form and effect.** Upon the failure of an employer to pay the amount assessed pursuant to section 1225, the commissioner may file in the registry of deeds of any county a certificate under ~~his the commissioner's~~ official seal, stating the name of the employer; ~~his the employer's~~ address; the amount of the contributions and interest or penalties assessed and in default; and that the time in which an appeal is permitted pursuant to section 1226 has expired without the appeal having been taken or that delay will jeopardize collection. When the cer-

tificate is duly filed and recorded, the amount of the assessment ~~shall be is~~ a lien upon the entire interest of the employer, legal or equitable, in any real or tangible personal property situated within the jurisdiction of the office in which that certificate was filed. A lien obtained in this manner is a lien for taxes, and the priority of the lien ~~shall be is~~ governed by the laws of this State. The liens ~~shall be are~~ subordinate to any real estate mortgage previously recorded as required by law. ~~No A~~ lien for contributions or interest ~~shall be is not~~ valid against ~~one a person~~ who purchases personal property from the employer in the usual course of ~~his~~ business, in good faith and without actual notice of the lien. The lien may be enforced against any real or personal property by a civil action in the name of the commissioner. The commissioner shall discharge any such lien upon receiving, from any such employer against whose property a lien certificate has been filed, a good and sufficient bond with sureties conditioned upon the payment of the amount of contributions and interest as finally determined, together with any additional amount ~~which that~~ may have become due or may have accrued under this chapter and costs of court, if any.

The foregoing remedies ~~shall be are~~ in addition to all other remedies.

B. Warrants ~~shall~~ **must** be returnable within one year. New warrants may be issued on any such certificate within 2 years from the return day of the last

preceding warrant for sums remaining unsatisfied. Warrants ~~shall~~ **must** be served by the sheriff of any county, or by any of ~~his the sheriff's~~ deputies, or by any agent of the Commissioner of Labor, in the county where the employer or claimant may be found.

**Sec. E-121. 26 MRSA §1284, sub-§1, ¶D,** as enacted by PL 1983, c. 702, is corrected to read:

D. Discharging or otherwise discriminating against an employee because ~~he the employee~~ has signed or filed any affidavit, petition or complaint or given any information or testimony under this chapter;

**Sec. E-122. 26 MRSA §1285, sub-§4, ¶B,** as enacted by PL 1983, c. 702, is corrected to read:

B. If the parties have not resolved their controversy by the end of that 45-day period, either party may petition the board to initiate compulsory final and binding arbitration of the negotiations' impasse. On receipt of the petition, the executive director of the board shall investigate to determine if an impasse has been reached. If ~~he the executive director~~ so determines, ~~he the executive director~~ shall issue an order requiring arbitration and requesting the parties to select one or more arbitrators. If the parties, within 10 days after the issuance of the order, have not selected an arbitrator or an arbitration panel, the board shall ~~then~~ order each party to select one arbitrator and, if these 2 arbitrators cannot in 5 days select a 3rd neutral arbitrator, the board shall submit a list from which the parties may alternately strike names until a single name is left, ~~who shall~~ **and that person must** be appointed by the board as arbitrator. In reaching a decision under this paragraph, the arbitrator shall consider the following factors:

- (1) The interests and welfare of the public and the financial ability of State Government to finance the cost items proposed by each party to the impasse;
- (2) Comparison of the wages, hours and working conditions of the employees involved in the arbitration proceeding with the wages, hours and working conditions of other employees performing similar services in the executive and legislative branches of government and in public and private employment in other jurisdictions competing in the same labor market;
- (3) The overall compensation presently received by the employees, including direct wage compensation, vacation, holidays and excused time, insurance and pensions, medical and hospitalization benefits, the continuity and stability of employment; and all other benefits received;

- (4) ~~Such other~~ Other factors not confined to the foregoing, ~~which~~ that are normally and traditionally taken into consideration in the determination of wages, hours and working conditions through voluntary collective bargaining, mediation, fact-finding, arbitration or otherwise between the parties, in the public service or in private employment, including the average Consumer Price Index;
- (5) The need of the Judicial Department for qualified employees;
- (6) Conditions of employment in similar occupations outside State Government;
- (7) The need to maintain appropriate relationships between different occupations in the Judicial Department; and
- (8) The need to establish fair and reasonable conditions in relation to job qualifications and responsibilities.

**Sec. E-123. 26 MRSA §1285, sub-§4**, as enacted by PL 1983, c. 702, is corrected by correcting the 2nd blocked paragraph to read:

~~Any~~ A hearing ~~shall~~ must be informal and the rules of evidence for judicial proceedings ~~shall~~ are not be binding. Any documentary evidence and other information ~~deemed~~ determined relevant by the arbitrator may be received in evidence. The arbitrator may administer oaths and require by subpoena attendance and testimony of witnesses and production of books and records and other evidence relating to the issues presented. The arbitrator ~~shall have~~ has a period of 30 days from the termination of the hearing in which to submit ~~his~~ a report to the parties and to the board, unless that time limitation is extended by the executive director.

**Sec. E-124. 26 MRSA §1285, sub-§5, ¶C**, as enacted by PL 1983, c. 702, is corrected to read:

C. The mediator-arbitrator shall encourage the parties to reach a voluntary settlement of their dispute, but may, after a reasonable period of mediation as ~~he~~ the mediator-arbitrator may determine, initiate an arbitration proceeding by notifying the parties of ~~his~~ the mediator-arbitrator's intention to serve as a single arbitrator.

**Sec. E-125. 26 MRSA §1285, sub-§5, ¶F**, as enacted by PL 1983, c. 702, is corrected to read:

F. The mediator-arbitrator ~~shall have~~ has a period of 30 days from the termination of the hearing in which to submit ~~his~~ a report to the parties and to the board, unless the period is extended by the executive director.

**Sec. E-126. 26 MRSA §1285, sub-§6**, as enacted by PL 1983, c. 702, is corrected to read:

**6. Reports of arbitration.** The results of all arbitration and mediation-arbitration proceedings, recommendations and awards conducted under this section ~~shall~~ must be filed with the ~~Maine Labor Relations Board~~ board at the offices of its executive director simultaneously with the submissions of the recommendations and award to the parties. In the event the parties settle their dispute during the arbitration or mediation-arbitration proceeding, the arbitrator, the ~~chairman~~ chair of the arbitration panel or the mediator-arbitrator shall submit a report of ~~his~~ the arbitrator's, the chair's or the mediator-arbitrator's activities to the ~~Executive Director of the Maine Labor Relations Board~~ executive director not more than 5 days after the proceeding has terminated.

**Sec. E-127. 26 MRSA §1286, sub-§1**, as enacted by PL 1983, c. 702, is corrected to read:

**1. Unit determination.** In the event of a dispute between the public employer and an employee or employees over the appropriateness of a unit for purposes of collective bargaining or between the public employer and an employee or employees over whether a supervisory or other position is included in the bargaining unit, the executive director or ~~his~~ the executive director's designee shall make the determination, except that anyone excepted from the definition of "judicial employee" under section 1282 may not be included in a bargaining unit. The executive director or ~~his~~ the executive director's designee conducting unit determination proceedings may administer oaths and require by subpoena the attendance and testimony of witnesses, ~~and~~ the production of books, records and other evidence relative or pertinent to the issues represented to them.

**Sec. E-128. 26 MRSA §1286, sub-§2**, as enacted by PL 1983, c. 702, is corrected to read:

**2. Criteria.** In determining whether a supervisory position should be excluded from the proposed bargaining unit, the executive director or ~~his~~ the executive director's designee shall consider, among other criteria, if the principal functions of the position are characterized by performing such management control duties as scheduling, assigning, overseeing and reviewing the work of subordinate employees, or performing such duties as are distinct and dissimilar from those performed by the employees supervised, or exercising judgment in adjusting grievances, applying other established personnel policies and procedures and in enforcing a collective bargaining agreement or establishing or participating in the establishment of performance standards for subordinate employees and taking corrective measures to implement those standards.

**Sec. E-129. 26 MRSA §1286, sub-§3**, as enacted by PL 1983, c. 702, is corrected to read:

**3. Determination of unit appropriateness.** In determining the unit appropriate for purposes of collective bargaining, the executive director or ~~his~~ the executive

director's designee shall seek to ~~insure~~ ensure to employees the fullest freedom in exercising the rights guaranteed by this chapter, to ~~insure~~ ensure a clear and identifiable community of interest among employees concerned and to avoid excessive fragmentation among bargaining units.

**Sec. E-130. 26 MRSA §1289, sub-§2**, as enacted by PL 1983, c. 702, is corrected to read:

**2. Complaints.** The public employer, ~~any~~ a judicial employee, ~~any~~ a judicial employee organization or ~~any~~ a bargaining agent ~~which that~~ believes that any person, the public employer, any judicial employee, any judicial employee organization or any bargaining agent has engaged in or is engaging in ~~any~~ such a prohibited practice may file a complaint with the executive director of the board stating the charges in that regard. ~~No such~~ A complaint may ~~not~~ be filed with the executive director until the complaining party has served a copy ~~thereof of the complaint~~ upon the party complained of. Upon receipt of the complaint, the executive director or ~~his~~ the executive director's designee shall review the charge to determine whether the facts as alleged ~~may~~ constitute a prohibited act and shall forthwith cause an investigation to be conducted. The executive director shall attempt to obtain and evaluate sworn affidavits from persons having knowledge of the facts. If it is determined that the sworn facts do not, as a matter of law, constitute a violation, the charge ~~shall~~ must be dismissed by the executive director, subject to review by the board. If it is determined from the sworn facts that the complaint is meritorious, the executive director shall recommend a proposed settlement. The parties have 30 days after the recommendations are made to resolve their dispute. If the parties have not resolved their dispute by the end of the 30-day period, either party or the executive director may make the recommendations public, but not until the expiration of the 30-day period, unless the parties otherwise agree. If a formal hearing is ~~deemed~~ determined necessary by the executive director or by the board, the executive director shall serve upon the parties to the complaint a notice of the prehearing conference and of the hearing before the board, and that notice ~~to~~ must designate the time and place of the hearing for the prehearing conference or the hearing, as appropriate, ~~provided~~ except that a hearing ~~shall~~ may not be held based upon any alleged prohibited practice occurring more than 6 months prior to the filing of the complaint with the executive director. The party complained of ~~shall have~~ has the right to file a written answer to the complaint and to appear in person or otherwise and give testimony at the place and time fixed for the hearing. In the discretion of the board, any other person or organization may be allowed to intervene in that proceeding and to present testimony. ~~Nothing in this~~ This subsection ~~may~~ does not restrict the right of the board to require the executive director or ~~his~~ the executive director's designee to hold a prehearing conference on any prohibited practice complaint prior to the

hearing before the board and ~~taking~~ to take whatever action, including dismissal, attempting to resolve disagreements between the parties or recommending an order to the board, as ~~he~~ the executive director or the executive director's designee may ~~deem~~ determine appropriate, subject to review by the board.

**Sec. E-131. 26 MRSA §1289, sub-§3**, as enacted by PL 1983, c. 702, is corrected to read:

**3. Cease and desist order.** After hearing and argument, if, upon a preponderance of the evidence received, the board ~~shall be~~ is of the opinion that any party named in the complaint has engaged in or is engaging in ~~any~~ such a prohibited practice, the board shall in writing state its findings of fact and the reasons for its conclusions and shall issue and cause to be served upon the party an order requiring the party to cease and desist from that prohibited practice and to take such affirmative action, including reinstatement of employees with or without back pay, as will effectuate the policies of this Act. ~~No~~ An order of the board may ~~not~~ require the reinstatement of ~~any~~ an individual as an employee who has been suspended or discharged, or the payment to ~~him~~ the individual of any back pay, if that individual was suspended or discharged for cause.

**Sec. E-132. 26 MRSA §1290, sub-§2**, as enacted by PL 1983, c. 702, is corrected to read:

**2. Subpoenas; evidence; witness fees.** The ~~chairman~~ chair may administer oaths and require by subpoena the attendance and testimony of witnesses, and the presentation of books, records and other evidence relative or pertinent to the issues presented to the board for determination. Witnesses subpoenaed by the board ~~shall~~ must be allowed the same fees as are paid to witnesses in the Superior Court. These fees, together with all necessary expenses of the board, ~~shall~~ must be paid by the Treasurer of State on warrants drawn by the State Controller.

**Sec. E-133. 26 MRSA §1301, first ¶** is corrected to read:

The State, counties, cities and towns, and every charitable or educational institution ~~which that~~ is supported in whole or in part by aid granted by the State or by any municipality shall, in the awarding of contracts for constructing, altering, repairing, furnishing or equipping its buildings or public works, give preference to ~~workmen~~ workers and to bidders for such contracts who are residents of this State, ~~provided~~ as long as the bids submitted by ~~such~~ those resident bidders are equally favorable with bids submitted by contractors from without the State. This section ~~shall~~ does not apply to construction or repairs amounting to less than \$1,000 or to emergency work or to state road work.

**Sec. E-134. 26 MRSA §2052**, as enacted by PL 1985, c. 346, §2, is corrected to read:

**§2052. Suits by the commissioner**

The commissioner shall bring an action on behalf of one or more employees in any court of competent jurisdiction to challenge any adverse determination on a petition for certification, or part thereof, filed under the Act when ~~he~~ the commissioner believes that determination to be erroneous.

**Sec. E-135. 26 MRSA §2075, sub-§3**, as enacted by PL 1987, c. 327, is corrected to read:

**3. Training to begin within 2 years.** To be entitled for assistance under this Act, an employee must begin ~~his~~ a course of training within 2 years following ~~his~~ the separation from railroad employment as a result of acquisition of a railroad described in section 2072.

#### EXPLANATION

This Part corrects gender-specific references within statutory units in the Maine Revised Statutes, Title 26 pursuant to Public Law 2019, chapter 475, section 52, and, as authorized by Title 1, section 93, this Part also incorporates certain administrative changes and corrections to those statutory units.

**JOINT RESOLUTION  
RECOGNIZING THE MAINE  
FOREST SERVICE FOR ITS  
2024 OUT-OF-STATE  
MOBILIZATIONS**

**S.P. 514**

**WHEREAS**, regionally and nationally, the Maine Forest Service, as part of the Department of Agriculture, Conservation and Forestry, works within mutual aid agreements to assist state and federal partners, including during the recent 2024 mobilization season; and

**WHEREAS**, through the Northeast Forest Fire Protection Compact and National Stafford Act Master Agreement, the Maine Forest Service had 30 mobilizations in 2024, sending resources to other parts of the country to respond to 25 incidents, including Hurricane Helene in the Town of Black Mountain in North Carolina; and

**WHEREAS**, in 2024 the Maine Forest Service also sent personnel and equipment to California, New Mexico, Washington, Nevada, Oregon, Georgia, Alabama, Connecticut and Massachusetts; and

**WHEREAS**, forty-one rangers, one forester and one entomologist from the Maine Forest Service participated in the 2024 mobilization season, as did staff from the Maine Land Use Planning Commission and other state agencies and 24 call-when-needed firefighters; and

**WHEREAS**, the Maine Forest Service sent these personnel and resources to other states to respond to wildfires and natural disasters, but because of our mutual aid agreements, Maine can rely on help from other states when natural disasters occur here; and

**WHEREAS**, while Maine forest rangers and Maine Forest Service staff, other state staff and the call-when-needed firefighters are highly trained, by mobilizing across the country, they gained invaluable additional training and experience that they can apply to the protection of Maine's natural resources; and

**WHEREAS**, wildfire suppression and emergency response missions are inherently dangerous, but through training, having reliable equipment, using proper personal protective equipment, conducting medical screenings and relying on peer support systems, the Maine Forest Service was successful operationally and in protecting all personnel both here and away in 2024; now, therefore, be it

**RESOLVED:** That We, the Members of the One Hundred Thirty-second Legislature now assembled in

**JOINT RESOLUTION TO  
EXPRESS THE  
LEGISLATURE'S  
OPPOSITION TO THE  
REMOVAL OF  
NAVIGATIONAL BUOYS  
H.P. 1329**

**WHEREAS**, on May 8, 2025, the Joint Standing Committee on Marine Resources voted unanimously to send a letter expressing the committee's concern about the proposed removal of dozens of United States Coast Guard navigational buoys along the Maine coast; and

**WHEREAS**, according to the United States Coast Guard, most if not all buoys would be removed to modernize the system of navigational aids and limit vessel transit risk to an acceptable level at an acceptable cost; and

**WHEREAS**, buoys are essential tools along Maine's highly irregular coast, where rocky outcroppings are common and tides can be strong, especially in eastern Maine, and are especially critical in areas prone to dense fog, strong currents or hidden hazards; and

**WHEREAS**, the buoys targeted for removal are used by mariners to navigate their vessels at harbor entrances and around ledges and other hazards; and

**WHEREAS**, in its letter, the Joint Standing Committee on Marine Resources expressed its strong opposition to the proposed removal of these buoys because of its concern that removing these physical aids will create hazards for the State's fishing communities; and

**WHEREAS**, most commercial fishermen use physical aids, including the buoys, as well as newer technology, but current electronic navigation charts and charting systems and smartphone navigation apps are not always reliable and, if they were to fail and no alternative navigational tools are available, lives may be put at risk; and

**WHEREAS**, small boaters, including kayakers and recreational fishermen, do not always have the capacity to purchase these electronic systems and keep up with associated subscriptions and must rely on physical aids by necessity; and

**WHEREAS**, the people of our State are tied to the ocean through fishing and recreation and the proposal

to remove the buoys is shortsighted and even dangerous; now, therefore, be it

**RESOLVED:** That We, the members of the One Hundred and Thirty-second Legislature now assembled in the First Special Session, on behalf of the people we represent, take this opportunity to express its strong opposition to the United States Coast Guard's plan to remove the navigational buoys.

RECOGNIZING NATIONAL  
HOSPITAL WEEK AND THE  
EXEMPLARY CARDIAC  
CARE TEAM AT  
NORTHERN LIGHT  
EASTERN MAINE MEDICAL  
CENTER  
S.P. 793**

**WHEREAS**, the 2nd week of May is National Hospital Week, a time to celebrate and recognize the dedication and hard work of doctors, nurses and healthcare professionals across the State who selflessly care for patients and enhance the health and well-being of the community; and

**WHEREAS**, Northern Light Eastern Maine Medical Center is a vital tertiary care hospital serving the northern 2/3 of the State and providing comprehensive medical services to the residents of this vast region; and

**WHEREAS**, cardiovascular disease remains a significant health concern in Maine, contributing to over 25,000 deaths in the past decade. While rates of cardiovascular disease are generally below the national average, the recent increase in related deaths is alarming. Furthermore, cardiovascular diseases are exacerbated by other health issues such as high blood pressure, diabetes and obesity, which compound the risks for many Mainers; and

**WHEREAS**, Northern Light Eastern Maine Medical Center has been a leader in cardiovascular care for over 40 years, offering advanced medical treatment and technologies to ensure the heart health of the people of Maine. Their team of highly skilled cardiovascular physicians and dedicated healthcare professionals has been at the forefront of providing innovative heart care solutions, using state-of-the-art equipment and procedures to deliver the best possible outcomes for patients; and

**WHEREAS**, the heart care team at Northern Light Eastern Maine Medical Center, led by Dr. Darryl Hoffman, a distinguished surgeon in the field of cardiothoracic surgery, is committed to the highest standards of care, saving lives and making a lasting difference in the

**STATE OF THE BUDGET ADDRESS  
OF  
GOVERNOR JANET T. MILLS  
JANUARY 28, 2025**

---

---

**Governor Mills' 2025 State of the Budget Address**

Introduction

Thank you.

Madam President, Mr. Speaker, Madam Chief Justice, Mr. Attorney General, Madam Secretary of State, Mr. Treasurer, Chief Sabattis, Chief Nicholas, Members of the Cabinet, including our newly confirmed Commissioner Joan Cohen, Members of the 132nd Legislature, and esteemed guests –

Tonight, we gather for the time-honored tradition of a Governor's Address to you, the one hundred and eighty-six public servants who collectively have been chosen to represent the interests of the 1.4 million people of this state.

One year ago, we were starting to recover from several deadly storms which had devastated our communities.

We responded with the largest investment in storm relief in state history to rebuild our working waterfronts, critical infrastructure and local businesses. That funding was significant, but it was merely a down payment on the rest of the work ahead to prepare for the violent storms of the future.

As the very first measure of this legislative session, we have once again come together to introduce LD 1, a bill that directly responds to the interim recommendations of my Rebuilding Commission to prepare our homes and public infrastructure against future storms.

I want to thank Hannah Pingree, Director of my policy office, for spearheading this measure and Bob Carey, our Superintendent of Insurance, for his contributions to this legislation. I also want to thank President Daughtry, Speaker Fecteau, Senate Minority Leader Stewart, and House Minority Leader Faulkingham for sponsoring it.

LD 1 is the next step in fortifying our state and our economy from the type of damage we experienced a year ago and that we are bound to see again. This bill

has no General Fund impact. Send LD 1 to my desk and I will sign it.

We gather tonight during a period of transition as a new administration takes shape in Washington. The new President has issued a flurry of orders, and he promises others that could affect our biennial budget and the way we do things in our state.

Just yesterday, the President directed a halt to nearly all Federal loans, grants, and other financial assistance.

Like many of you, I have serious questions about the extent and scope of his decision; about the impact on Maine people, Maine industries, schools, small businesses, the elderly and our most vulnerable; and about his legal authority to issue such an edict.

My Administration is evaluating the effects of this order, but it is already clear that it is causing needless chaos and confusion that could turn into real and serious harm.

I want to reaffirm for the people of Maine, though, as with any administration, if the President does something good for our state, I will support him. If he does something that would harm our state, I will firmly oppose him.

Time will tell what paths the President and the new Congress choose.

No matter what, I ask this Legislature to join me in putting the people of Maine first. The people we serve – they think for themselves, they take care of their neighbors, and they stand together when things get tough, regardless of their differences. And so can we.

The people of Maine expect us to get things done, regardless of what happens in Washington.

Drawn from sixteen counties across the State of Maine, you bring diverse views, backgrounds and beliefs to this Capitol to create positive change and make our state a better place.

## STATE OF THE BUDGET ADDRESS

Each of the bills you will debate this session is designed to change things for the better, but the most consequential and complex tool we have that affects the lives of Maine people is the state budget.

That is the bill I want to talk with you about tonight.

For six years I have introduced balanced budget proposals, and with your support, those budgets have sent historic amounts of money back to Maine schools, Maine communities and Maine people to create the conditions for strong economic growth.

Nearly 40 percent of state revenue goes right back to local schools and governments with the hope that these funds will relieve the burden on property taxes assessed at the local level. Alleviating the burden of those taxes and investing wisely in the things that bring jobs, that expand our workforce, and that protect those in need will keep us on the path to more economic growth.

### State of the Economy

I am proud to report to you that Maine's economic growth is outpacing the national average, including the rest of New England, and it's outpacing even large states like New York and California.

In fact, over the past six years, in spite of the pandemic, Maine has experienced more economic growth than it did in the entire fourteen years before I took office.

Our state's credit ratings have been upgraded to the second highest possible rating after being downgraded during the previous administration — a reflection of what the credit rating agencies have called our "strong fiscal governance."

Maine's unemployment rate has remained below four percent for three years straight — one of the longest stretches ever — and it's been consistently below the national average.

The number of people working in Maine is at an all-time high.

The average salary of Maine workers has increased by more than 25 percent from 2019 to 2023.

Our Budget Stabilization Fund is near its record high limit — in fact, this emergency fund has grown by nearly \$720 million since I took office.

## SELECTED ADDRESSES TO THE LEGISLATURE

Last year, more than 17,800 new businesses opened up in Maine.

One person who has been instrumental in bringing about Maine's remarkable economic growth is Commissioner Heather Johnson. The author of our ten-year economic plan, a Maine native with national credentials, Commissioner Johnson has championed innovative new businesses, promoted Free Community College, and fought for universal high-speed internet for all Maine people — another economic driver and a boon to our state.

To my dismay, Commissioner Johnson has announced that she will be pursuing new opportunities come March. I want to thank her for six years of hard work making Maine a better place to live. Thank you, Heather.

I'm proud of our economic accomplishments, but some folks may be thinking, "So what? A strong GDP isn't making my groceries any cheaper. A big Rainy Day Fund isn't helping me buy a house. A low unemployment rate isn't making a dent in my electric bill."

I hear you.

The cost of living in Maine, as in much of America, is too high. The price of fuel, the cost of supplies, utilities and labor have driven up expenses for families across the country and have impacted the budgets of nearly every state.

I welcome a robust discussion among Democrats, Republicans and Independents during this legislative session, because I want everyone to benefit from the availability of good jobs, a good public education, and good health care in our state — things that allow every person to be their best selves.

While not everyone is feeling it, our economy is strong.

That strength is reflected in recent budget surpluses —

### Fiscal Outlook

Over the past three years, we have ended every Fiscal Year in the black. In 2022, our budget surplus was \$562 million. In 2023, it was \$141 million. In 2024, it was nearly \$94 million.

But last year we could see that these state revenues were leveling off as federal stimulus funds faded and as the economy returned to normal following the pandemic.

That was no surprise — most other states across the country, including many in New England, are seeing revenues level off too.

At the same time, programs that people widely support — like education, revenue sharing, free community college, and school meals — are all costing more.

The price of goods, the cost of fuel, equipment, technology and labor all impact our baseline budget for K-12 education, school meals, higher education, corrections and public safety, and other services. These baseline expenses also generate some of the increases included in this budget.

Maintaining the state's share of K-12 education alone costs an additional \$156 million over the biennium, over and above the more than \$2.8 billion in the baseline budget.

On top of that, we are required by Constitutional amendment passed in 1995 to pay down the debt to the teachers' retirement fund. That alone costs an additional \$30 million, bringing the total cost of this item alone to more than \$470 million over the next two years.

For some of the same reasons, operational costs for hospitals, nursing homes, doctors and nurses are also increasing. At the same time, people are catching up on medical procedures that were postponed during the pandemic. And because our economy has improved, the federal share of those medical costs, or "FMAP," for the Medicaid program has gone down, meaning we need to cover the \$63 million the Federal government is taking away for this coming biennium alone.

Higher operational costs and the leveling off of revenues have merged to produce a tougher than usual budget environment this year.

We saw this coming, which is why I asked the Legislature last year to reduce spending by amending certain programs and to set aside \$107 million for this biennium.

That did not happen, and instead, measures supported by people from both parties added more spending onto the budget.

Lawmakers then sent more spending bills to my desk at the end of the session, bills which I did not sign and which did not become law. And some folks — again, not just Democrats — even tried to advance a spending bill that would have cost another \$117 million. We stopped that too.

I say this not to wag a finger at anyone, but simply to acknowledge that — regardless of whether you are a Democrat or a Republican or an Independent — the urge to say yes to well-meaning measures, especially at the end of a long legislative session, is strong, and it is difficult to say no to last minute appeals and heavy lobbying.

My friends, this time around, we simply cannot say yes.

The time for hard conversations and tough decisions is here, starting with the supplemental budget.

#### Supplemental Budget

In the supplemental budget I am asking you to close a current gap in MaineCare that jeopardizes timely payments to hospitals and others.

That gap is the result of four things: 1) the Federal government requiring us to keep people on MaineCare during and after the pandemic; 2) an uptick in health care services as more people went back to the doctor after the pandemic; 3) an increase in the cost of those services because of inflation; and 4) the practice of "cost reimbursement" which does not allow the State to control costs — something we are trying to move away from.

Any of these things on their own might not have been troublesome, but together they are very concerning. We will need to address this shortfall promptly and within existing resources. I am proposing to use the additional revenue we have taken in for this current Fiscal Year to cover that gap. Maine patients and providers need you to approve the Supplemental Budget in a timely, bipartisan manner to fulfill our obligation to hospitals, nursing homes, and other providers. Their budgets, and their patients, cannot afford disruptions and delays. I urge you all to please approve this funding.

## STATE OF THE BUDGET ADDRESS

Now let's turn to the biennial budget – another place where tough choices will be required.

### Biennial Budget

To fund every program in current law – every bill already enacted, every program already authorized -- would cost a minimum of \$11.67 billion over the next two years – and that is very likely an underestimate because costs have only grown since last October, when that number was calculated.

On the other hand, the State of Maine is expected to take in \$11.2 billion in revenue. I don't have to spell it out for you – that's a budget gap.

Maine is far from the only state facing such a gap. In fact, many states are – red and blue states both.

Colorado is looking at a shortfall of around \$750 million next year. Washington State is facing a \$10 to \$12 billion budget gap for the next two years. Nebraska, a Republican-led state, is facing a \$432 million shortfall. Iowa, another Republican-led state, is looking at a \$1.1 billion budget gap – one driven not by spending, but by tax cuts.

My point is that budget constraints are not unique to blue states or to red states this year. Nearly every state has fiscal challenges right now, and for a variety of reasons.

I am pleased to say that Maine is in better shape than many other states, but we have work to do to enact a balanced budget as required by the Maine Constitution, one that provides stability, one that protects public safety, one that preserves a basic social safety net, and one that promotes the continued growth of our economy.

That work will be hard, but we've done it before.

### State of the Budget

It is easy to forget that, of 20 major money bills in the past six years, including supplemental budgets, biennial budgets, and highway fund budgets, 16 of them were enacted with bipartisan support. Across these various spending bills, members of the minority and the majority parties voted together to change the lives of Maine people —

## SELECTED ADDRESSES TO THE LEGISLATURE

- We expanded Medicaid, as voters told us to do.
- We achieved 55 percent state funding for education for the first time in Maine history, putting funds directly into classrooms to benefit Maine kids.
- We fully restored revenue sharing to 5 percent, after it had been severely cut by the previous Administration. We are sending a lot more money to towns and cities for fire and police protection and the like so that those costs wouldn't all be passed on to the property taxpayers.
- We delivered \$850 checks to Maine taxpayers, one of the strongest inflation relief programs in the nation, and, later, another \$450 in winter energy relief payments.
- We expanded property tax relief to keep more money in the pockets of Maine residents.
- We became the second state in the nation to fund universal free meals in the public schools, erasing a divide that only stigmatized kids whose families have less.
- We delivered two years of free community college to recent high school graduates, bringing higher education within reach of more students, and creating a direct pipeline of trained workers for employers.
- We expanded student debt relief to all graduates, not just those who attended Maine colleges, encouraging them to work in Maine. That tax credit is now one of the strongest student debt relief programs in the country.
- We enacted housing tax credits that are spurring construction across the state, and we developed a nation-leading 'Housing First' program to end chronic homelessness.
- We invested hundreds of millions of dollars in rate reform to improve MaineCare reimbursements for many health care providers and to base those increases on objective criteria, not just on who lobbies more effectively.

I am grateful to you in this room – both Democrats and Republicans and Independents – who contributed to these and other achievements.

My budget proposes to maintain these core commitments to Maine people – to provide affordable health care, to fully fund education, to protect the public safety, to send money back to our towns and cities in order to reduce property taxes, and to keep the doors of opportunity open for all our people.

This is not reckless spending, as I have heard some say. Rather, if we did not do these things, hospitals would incur more uncompensated care, property taxes would only go up, and tuition to higher eds would certainly rise.

Stealing from Peter to pay Paul never works; (I should know, they're both my brothers!)

Now let's talk about health care.

#### Health Care

I have long said that we cannot have a healthy economy if we do not have healthy people. We all know that it's pretty hard to hold down a job, support a family, or pay attention at school if you're sick or taking care of someone who is sick.

I am proud that we have expanded access to health care to more than 100,000 people in Maine, as the voters required us to do. That expansion group is funded 90 percent by the Federal government. In recent years, you also expanded health care coverage for children to those with incomes of up to 300 percent of the Federal Poverty Level, recognizing that keeping children healthy promotes better outcomes later in life.

Last year, about 133,000 children were enrolled in MaineCare; that's up from about 100,000 in 2019.

At the same time, nearly 70,000 people have come off the MaineCare rolls as a result of the 'unwinding,' required by the federal government, and just recently, nearly 65,000 people have enrolled in private health insurance through Maine's state-based marketplace, CoverMe.Gov, under the Affordable Care Act – a larger enrollment than ever before.

Protecting the health care of Maine people – particularly our most vulnerable and those who cannot afford health insurance – is important. That is why in this budget I am proposing \$122 million a year to stabilize the MaineCare program over the biennium.

Nearly 400,000 people, including children, the elderly, people with disabilities, pregnant women, and veterans are enrolled in MaineCare. They should not have to choose between getting medical care and going hungry, going without heat, or being evicted because they have had a heart attack, had a car accident, or had a cancer diagnosis.

In this budget we are also strengthening our children's behavioral health system, including fully funding a residential psychiatric treatment facility for youth, the first of its kind in Maine, so that kids aren't sent out of state in order to get appropriate care.

I also propose more money for therapeutic foster care, along with a screening system to better identify children's behavioral health needs. We know that emergency rooms are not where a child's needs are best met. These measures are at the heart of our recent settlement with the U.S. Department of Justice to improve children's behavioral health services.

I read a story recently about a family whose son waited nearly a year for a treatment bed for severe behavioral health needs. His mom, Jessica, said "We don't have choices, and he is in constant distress; we need to figure this out."

Jessica is right. With the Legislature's support, we have invested more than \$260 million in recent years to improve these services. With this budget, we can, and we will, do better by children with severe behavioral health needs and their families.

Just as health care is a central part of this budget, so too is education.

#### Education

Every child in Maine deserves a good education regardless of their zip code and regardless of their family's assets.

In 2021, with that goal in mind, we met the state's obligation to pay 55 percent of local education costs for the

## STATE OF THE BUDGET ADDRESS

first time since the voters told us to do so in 2004. My budget includes an additional \$156 million to continue this commitment, investing directly in our schools, teachers, staff, and students – and preventing the entire cost of public education from being passed onto the property taxpayers.

Now, I know that sounds like a lot of money, and it is. Fully funding education is the largest cost driver in state government, behind Medicaid. In 2019, the State paid nearly \$1.1 billion towards the cost of K-12 education.

Having achieved 55 percent, that total now stands at \$1.5 billion per year. It is a fact of life that these costs keep going up, but we have an obligation to our children to pay them.

In 2021, we also passed nation-leading legislation to ensure that no Maine child goes hungry during the school day. I am now proposing another \$6 million – for a total of \$126 million over the biennium – to continue this popular program so that no child tries to learn on an empty stomach.

Together we increased funding for career and technical education centers by more than \$20 million over the last five years.

And, in 2022, we made two years of Community College free for recent high school graduates impacted by the pandemic. We believed that not only would it allow students to pursue higher education debt-free but that it would make ready a trained workforce where it was sorely needed in certain sectors of our economy.

In the two years since then, 17,000 students total have enrolled in a Maine Community College tuition-free. Hundreds of those students then transferred to four-year colleges and contributed to the highest increase in enrollment in the University of Maine System in three years.

Cameron Beers of Eddington studied welding at the United Technology Center in Bangor. She then used the Free Community College Program to enroll in welding classes at Eastern Maine Community College. After she graduates, Cameron intends to work full time and take courses at the University of Maine as well. She is a shining example of the success of this program.

## SELECTED ADDRESSES TO THE LEGISLATURE

Over the past several years, we have funded the Free Community College Program on a one-time basis to evaluate whether it's working.

I think the answer is pretty clear, and the time has come to make free community college permanent for recent high school graduates.

I hope you will support this investment in my budget.

Importantly, this budget also includes \$41 million for a 4 percent increase for all of our public higher education institutions — the University of Maine System, the Maine Community College System, and the Maine Maritime Academy – to cover basic operational costs.

We need to make sure that a college education remains affordable, and we can't ignore the economic contributions of all of our higher eds, including the world-renowned research going on at our R1 institution, the University of Maine. Thank you, President Ferrini-Mundy and Chancellor Malloy for your leadership.

### Property Tax Relief and Housing Cost Relief

As I mentioned, together we have made historic investments in education to boost our public schools and to fight property tax increases. In 2022, we also fully restored municipal revenue sharing to 5 percent for the first time in 13 years, sending more than \$260 million last year alone to cities and towns across Maine. By contrast, in 2019, revenue sharing sent only \$74 million to our cities and towns.

My budget includes a total of \$561 million to maintain the required level of municipal revenue sharing. That's about \$284 million a year going directly back to cities and towns in 2027.

That increase makes a big difference to our communities.

As Auburn firefighter Michael Scott said a few years ago, "Any additional revenue coming into the municipalities that doesn't come straight from property taxes always makes it a little bit easier for the municipalities to figure out their budgets."

Now, with these large increases in funds coming from state government, I fervently hope that the towns, cities

and schools find ways to better share and coordinate services and personnel, regionalize programs, save money, and reduce the burden on our property taxpayers.

Stabilizing property taxes is important, and we also have to bring down other costs related to home ownership.

You passed – and I signed into law – expansions of tax relief programs like the Property Tax Fairness Credit, the Homestead Exemption and the State Historic Rehabilitation Tax Credit to promote housing development.

You also passed – and I signed into law – historic new tax relief programs like the Affordable Housing Tax Credit, sponsored by Speaker Fecteau — You even let Speaker Fecteau move back into his own Accessory Dwelling Unit (ADU) right off the House Chamber!

My budget maintains these significant programs. And it maintains funding for our Housing First Program, to address chronic homelessness – we expect funding applications for at least four Housing First properties to be awarded this spring, as scheduled.

I am also proud to say that my budget dedicates \$3 million in one time funding to the very successful Mobile Home Park Preservation Fund we created last year. That Fund has already preserved housing and prevented eviction for hundreds of people across Maine.

Zach Walker, who lives at Blueberry Fields Cooperative in Brunswick, which was recently purchased by the residents, says that he’s been “basking in the security that we’ll never have to worry about what’s going to happen in the future.” These people can now stay in their homes, continue to pay rent and keep their jobs in the community. It is money well spent.

My budget also invests in public safety.

#### Public Safety

After the tragedy of October 25<sup>th</sup> in Lewiston, we established a commission of distinguished experts to determine the facts surrounding that horrific event. Following their report, we authorized an independent after-action review of the law enforcement response.

That review recommended measures to improve communications and coordination in the event of another such tragedy. We are requesting additional positions in the budget to meet those recommendations and to strengthen our response to future emergencies.

As an aside, the Lewiston Commission also noted that Maine’s Extreme Risk Protection Order, or so-called “Yellow Flag” Law, could have been used to remove the perpetrator’s guns before that tragedy occurred.

Last year we strengthened this law to clarify and streamline the process further.

Last week, advocates submitted signatures to force a referendum that would directly undermine our current law.

Opponents of our current law argue: 1) that family members should be allowed to petition the court for removal of a weapon, not just law enforcement, and 2) that a mental health assessment is not necessary and that it stigmatizes people with mental health issues.

I agree that not all people who have mental health issues are violent, but our law does not require a diagnosis or a lengthy exam. It simply asks a medical provider to understand a person’s frame of mind and determine whether the person poses a threat to themselves or others. And think about this: the words “suicide” or “suicidal” were used more than 300 times by law enforcement to describe the state of mind of the individuals whose weapons were removed by court order.

This law is not a burden. These are folks who are in crisis and who, thanks to the mental health assessment, are also now being connected – perhaps for the first time – to Maine’s mental health system.

The law provides due process and it will survive legal scrutiny.

I also don’t believe a private citizen should have to navigate what can be a complex and confusing court procedure by themselves, especially in the middle of already difficult circumstances.

It is the government’s responsibility, not that of a private citizen, to protect the public from gun violence.

## STATE OF THE BUDGET ADDRESS

Law enforcement officers across Maine are taking this law seriously, have been trained, and are using the law on a daily basis to remove firearms from those who should not have them – 672 times total as of yesterday.

As York County Sheriff William King put it, “People are getting used to it. Spurwink put out a step-by-step process that’s awesome for us, and very clear about what to do and when to do it. It’s becoming easier for us to implement the law.”

I stand by our current law. It was passed with the near unanimous support of the legislature. It is working. It is saving lives every day.

### Substance Use Disorder

Another problem that continues to threaten our health and public safety is substance use disorder. With your support, my Administration, with the leadership of Gordon Smith, has worked with partners across the state to increase prevention, treatment and recovery:

- We have widely distributed the overdose-reversal drug naloxone.
- We have strengthened prevention in our communities and schools.
- We have increased the number of treatment beds all across Maine.
- At the same time, law enforcement is doing its job taking nearly 200 pounds of illegal drugs off our streets last year alone — including nearly 40 pounds of methamphetamine and 35 pounds of fentanyl.

But Maine saw a 16 percent decline in fatal overdoses in 2023, one of the nation’s largest decreases. Last year, overdose deaths declined another 19 percent. 116 people saved.

We are saving lives, and we won’t rest until this problem is solved.

The Legislature approved my request last year for \$4 million to expand Medication Assisted Treatment in our county jails, and those funds are giving residents a chance at new life as they re-enter their communities.

## SELECTED ADDRESSES TO THE LEGISLATURE

A young woman named Amanda who got MAT while she was in the Somerset County Jail, said “I felt like I was living, not just an addict. It made me feel like a regular person.”

Let’s keep that program going with the continued funding for MAT included in my budget.

The budget also includes \$1.5 million to continue our Mobile Crisis Response Teams — specially trained behavioral health responders dispatched twenty-four hours a day, seven days a week, to de-escalate mental health and substance use crises, assess needs, and provide an appropriate level of care in the least restrictive setting.

Last year we also authorized more crisis receiving centers, modelled on the successful center in Portland, to offer prompt and appropriate care for any person experiencing a mental health crisis, instead of them suffering alone or languishing in an emergency department or a jail, which happens too often.

We aren’t able to fund all of the centers that were requested, but my budget does fund two new crisis receiving centers in Lewiston and Penobscot County. When taken with the one in Portland, these will provide improved geographic balance and better access to crucial services for more people.

### Maine Commission of Public Defense Services

It’s worth noting here that there are some things you will be asked about for which we are not proposing major increases.

The budget of the Maine Commission on Public Defense Services, for instance, quadrupled already from \$11 million to \$44 million in recent years. Next Fiscal Year, it will be more than \$50 million.

And yet, though we have poured more and more tax dollars into this agency, more people than ever are going without legal counsel when facing criminal charges or child protection proceedings.

The number of criminal defendants who lack legal representation reportedly skyrocketed by 658 percent in one year alone between 2022 and 2023. It doesn’t make sense, when there are about 4,000 lawyers practicing in Maine, that only 130 are “rostered” to take new cases.

Many individuals are facing domestic violence charges, and the criminal defense bar is asking that these unrepresented and potentially violent people just go free.

I agree with Chief Justice Stanfill and others who have said this is a crisis.

And because it's a crisis, the Public Defense Commission must do a lot more to find lawyers immediately for people charged with crime.

That means getting rid of arbitrary case load limits, restrictions, rules and rostering requirements, none of which are constitutionally required. It means accepting help from the Judiciary in finding capable lawyers to take cases, rather than resisting that help. And it means allowing the newly created public defender offices – which have shown some promise in Kennebec County – to handle the volume and type of cases required.

The current system has become a disastrous example of the perfect becoming the enemy of the good. Just a few years ago we had all the lawyers we needed, but not enough accountability. Now we have a system that is so focused on rules that it has driven away the lawyers. The Commission wants tens of millions of dollars more in the budget. But first, the Commission must change.

#### Savings

My Administration spent months carefully developing a budget to protect the programs you have embraced and protect the long-term fiscal health of the state.

Ultimately, we took a balanced approach – one that made some investments, that proposed some savings, and that made targeted revenue increases.

To reduce spending, we are proposing changes to programs – primarily within the Department of Health and Human Services.

These decisions were not easy to make.

Believe me when I say that, despite having invested more than \$56 million in child care, I do not like having to reduce the stipends that were doubled just last year.

Despite having invested more than half a billion dollars into improving MaineCare rates, I do not like having to suspend upcoming cost of living increases for health care providers.

Despite expanding Pre-K options across the state, I do not like having to propose scaling back the increases in state funding for Head Start.

Despite having stood up shelters and provided other subsidies, tax credits and loan programs for housing, I do not like having to propose scaling back the General Assistance payments for housing.

Despite having increased the pension deduction for retirees three-fold in three years, I do not like having to modify it for anyone, even if only for higher income retirees.

But we did not set out to achieve savings in a careless way. Instead, we have tried to be purposeful.

Wherever possible, I have proposed amending programs that have not been implemented yet, to make these changes less disruptive. Or I have proposed scaling back programs that have become more expansive in recent years. Or scaling back State dollars where Federal dollars are available.

All of these are worthwhile investments that I wish we could continue at higher levels. But we simply cannot sustain all of them.

Just as I don't like proposing cuts to programs, I also don't like proposing revenue increases – even targeted ones.

But if I had to consider a revenue increase, I decided that I wanted it to be specific and purposeful, rather than broad-based, and I wanted it to provide some social benefit in return. That is what the cigarette tax achieves.

#### Cigarette Excise Tax

Maine has the highest adult smoking rate – and the second highest youth smoking rate – in New England. We also have the cheapest cigarettes of nearly every state in New England, and we have not raised the cigarette excise tax in two decades, unlike every other New England state.

When cigarettes are a leading cause of cancer, heart disease, and stroke, and when more than one-third of Maine cancer deaths each year are caused by smoking, our current policy doesn't make sense.

## STATE OF THE BUDGET ADDRESS

Recognizing that a higher cost to cigarettes can dissuade some people from smoking, especially young people, my budget proposes a \$1 increase to the cigarette excise tax. A \$1 increase, for a total of three dollars, puts us in the middle of our New England neighbors, which is still relatively low.

Now, I have heard some of my Republican friends criticize this proposal. Republicans oppose tax increases; I heard some folks huff and puff – no pun intended.

Remember how earlier I said that Republican-led Nebraska is facing their own budget problems. Well, their Republican governor, like your Democratic governor, has proposed an increase in their cigarette tax too.

So, no, not all Republicans oppose an increase in cigarette taxes.

And look, I understand your concern about the impact on low-income people and that, really, you would like to make it as cheap as possible for people to smoke.

If that is the case, I would simply ask in return that you not also try to cut the very health care services these same folks are going to need due to smoking. Because that is what you are doing when you look at cutting Medicaid.

And you should also know that smoking-related medical care costs the MaineCare program more than \$281 million a year, and that smoking also reduces productivity – causing absenteeism and an inability to work – an estimated \$1.5 billion loss to our state’s economy each year.

That is taxpayer money that could be saved and productivity that would add value to our economy.

### Other Revenues

In 2016, Maine voters legalized adult use cannabis by referendum. Despite that, the program was not implemented until I took office. Since retail sales began in 2020, Maine’s cannabis market has changed a lot. It’s time to change our cannabis taxes too. That’s why I am proposing to lower the excise tax and increase the sales tax, adjustments which will put Maine in the middle of the pack among the states for cannabis taxes.

## SELECTED ADDRESSES TO THE LEGISLATURE

And while we are talking about cannabis, I want to say that the time has come to better regulate the medical market with testing and tracking requirements so that those consumers – just like recreational users – can be confident that those products are safe. If you are ingesting cannabis for medical reasons, you should want to know that you are not consuming pesticides or other contaminants that are going to make your health worse.

We cannot continue to encourage the wild wild west of medical cannabis, which is contributing to the illicit market that has emerged – and that needs to be fought – across rural Maine.

My budget also proposes an assessment on non-municipal ambulance and on pharmacy prescriptions.

I understand the natural apprehension when you hear the words ambulance, pharmacy, and assessment together in one sentence, but let me explain. First, it is important to note that these are not charges that should be passed along to consumers.

Here’s why: creating this new stream of revenue will allow us to draw down additional Federal funds along with it. We take this new funding, turn around, and invest much of it back into higher reimbursement rates for both those ambulances and pharmacies, so that they are basically made whole for the cost to begin with.

These targeted increases all told, I believe, are reasonable, and they raise revenues while leaving the wallets of most Maine families untouched.

### Coming Together

I have to tell you: it’s not been fun or easy to put this budget together – something you are beginning to understand. And, again, over all of this is the unpredictability of the federal government whose actions may directly affect our state appropriations and expenditures and the welfare of Maine people.

When I introduced my budget two weeks ago, I could hear the collective groans of both Democrats and Republicans echoing in the chambers upstairs.

That is the same pain and frustration my commissioners and I have felt over the past several months as we put this budget together.

I know there is a strong desire among some of you to just “tax the rich” or “end corporate welfare.”

I hear you.

But I have opposed changing our tax rates, much to the dismay of my Democratic friends, because stability and predictability, for our people and for entrepreneurs and investors looking at Maine, cannot be overstated.

Changing our income or sales taxes in order to raise revenue would discourage investments we very much need to keep our economy on track. Investors are looking for a stable fiscal climate and they in turn will bring good, high-paying jobs, raising the standard of living, and growing the economy.

In the long run, that is the best way to expand state and local revenues and to support all our people.

In that same vein, when you say, ‘corporate welfare,’ what I hear is, you want to do away with incentives that attract new technology, manufacturing, life sciences, and the like – the wave of the future and the producers of future jobs. That too would be short-sighted.

To raise broad-based taxes and to cut economic development tools are not winning strategies.

Look, to my Democratic friends, I know you don’t want to see programs cut. I know many of you would prefer to see us raise more money through tax increases to avoid any reductions whatsoever. But you also know your Republican colleagues on the other side of the aisle don’t want to do that.

To my Republican friends, some of you say you don’t want to raise revenues – even in a targeted way.

I know you would prefer to cut more programs to bridge the gap and avoid any and all tax increases. But you also know your Democratic colleagues on the other side of the aisle generally don’t want to do that.

So where do we go from here?

I have put forward a budget that does not rely entirely on either revenue increases or cuts to programs. Instead, it does both to bridge the gap and continue to invest in things we all support, like education, revenue sharing, public safety, higher education, and school meals.

Now, I have already heard some of you criticizing the budget before it was even printed. “No tax increases,” some said. “No program cuts” from others.

It is easy to stand in front of a TV camera and say “No”. It is easy to fire off a social media post and to feel good as the “Likes” roll in.

I encourage you to reserve judgment, however, and not create barriers to compromise. Look, I mean, even Old Orchard Beach isn’t big enough for all the lines in the sand some of you have already drawn.

But it is harder to do the work of sitting around the table – or the horseshoe -- putting forward your own ideas, hearing what folks on all sides have to say, and then coming to consensus to enact balanced public policy.

Whether you are a Democrat, a Republican, or an Independent – that’s how I hope you approach these conversations: in good faith, with good ideas, with civility, with an open mind to the views of others, and, ultimately, with the commitment and the courage to make hard choices.

### Conclusion

Tonight, I have shared with you a clear account of where the state budget stands so that our discussions may commence with a common understanding of the challenges we face. While it’s true that we have some tough decisions to make in the coming weeks, we should not lose sight of the strengths of our state and the strengths of our people.

What other place is home to people who can make a living off the unpredictable and uncontrollable elements of life as we do — the fishermen who greet the ebb and flow of the tides, farmers who meet the rise and fall of the seasons, loggers and millworkers who remake the bounty of our forests?

What other place is home to scenic downtowns with award-winning food & drink, vibrant small businesses, thought-provoking art, literature and music that move the soul, pristine beaches, granite coves and breathtaking fields and mountains always within reach?

What other place has produced stars like Cooper Flagg and his talented brothers from Newport, Maine, young

men who make all of life's achievements seem like a slam dunk?

Or singers like Julia Gagnon, who capture the charm and spirit of our state with her beautiful voice?

Clean air, clean water, good schools and, yes, safe streets. Healthy forests and farms, clear lakes and fish-filled rivers, sturdy waterfronts. A strong economy with rewarding jobs, and a state that people want to visit in every season — we know that these are not little things, my friends, but we have them all. We are lucky.

Let's use this session to protect those things that make us special and keep our state on a stable fiscal course.

When we hear anger and acrimony, we should remember the words of our old friend Dave Mallett, who told us that things — especially things in Maine — are “Better than That.”

It is this time of year that the early morning sun confronts the face of the Capitol breaking through the east-facing facade, crowning it with light. It makes me feel hopeful about the progress of the day and the course of the year. I see faces and I hear voices across every county, town and city, every corner of the state, all looking to us to manage the finances of the state, to work with civil purpose, to solve problems, to create hope and prosperity, to keep people safe, and to preserve that which makes our state so special.

We have demonstrated in the past that Democrats, Republicans, and Independents can put their heads together and get good results. I am ready to work with you in the coming months on a budget that is balanced, that is fiscally responsible, that strengthens our economy and that lifts up our greatest asset of all: the people of Maine.

Thank you, and God bless the State of Maine.

**MAINE JUDICIAL BRANCH  
THE STATE OF THE JUDICIARY  
A Report to the Joint Convention of the First  
Regular Session of the 132nd Maine Legislature**

**Presented by Chief Justice  
Valerie Stanfill  
February 25, 2025**

Governor Mills, President Daughtry, Speaker Fecteau, distinguished Members and guests of the 132nd Maine Legislature, and people of the State of Maine:

I am pleased to be able to report to you on the State of the Judiciary, Maine's third branch of government.

I appreciate the recognition of members of the Judicial Branch by President Daughtry. But I always feel I need to take this opportunity to personally thank members of the Judicial Branch who have accompanied me here today:

- In order of seniority, I again recognize my wonderful and supportive colleagues on the Supreme Judicial Court:

Senior Associate Justice Andy Mead, located in Bangor;

Justice Andrew "Mark" Horton, located in Portland;

Justice Rick Lawrence, located in Portland;

and  
You have noticed, I am sure, that there are not 7 of us. Justices Cathy Connors and Wayne Douglas were unable to be here today and send their regrets. And we have had a vacancy for a year, but I am hopeful that will be filled very soon!

- The Supreme Judicial Court operates like a Board of Directors, but the Chiefs of the Trial Courts are like the Executive Committee.

Chief Justice Bob Mullen of the Superior Court, based in Skowhegan;

Chief Judge Brent Davis of the District Court, based in Augusta;

and the newest member of leadership,

Deputy Chief Judge Eric Walker, based in Belfast.

- And finally, some of our administrative team. Amy Quinlan is the State Court Administrator, the head of the Administrative Office of the Courts, and my essential partner in the management of the court system. I am grateful for that partnership every day. With her are two people many of you know or will know: Barbara Cardone, our Director of Legal Affairs and Public Relations, and Julie Finn, our Legislative Analyst.

I must also thank all the dedicated staff and judges of the Maine Judicial Branch for all they do every day. I wish I could name each and every one of them. Their extraordinary hard work and dedication in serving the cause of justice in the State of Maine is, in a word, inspirational.

Governor Mills released a statement on Martin Luther King Day in which she said the following:

May we all renew our commitment to building a state and nation grounded in shared responsibility, and to expanding justice, equality, and fairness for all people.

These are not liberal or conservative sentiments. These are the ideals upon which this country was founded. They are embodied in our state and federal Constitutions, the Declaration of Independence, and the Pledge of Allegiance. And yet, I fear that our commitment to these ideals is falling short. For state courts, national events, the continued drumbeats of misinformation on social media and traditional media along with deficits in civics education have led to a crisis across the country.

Courts have traditionally been the most trusted of the three branches of government on both the federal and state level. The National Center for State Courts performs an annual survey and asks citizens across the country how much confidence they have in American institutions. State courts score a bit higher than the other state branches of government or, indeed, than federal courts. But the numbers are low in recent

## STATE OF THE JUDICIARY ADDRESS

years: in 2024, 54% of Americans rated the job being done by state courts as good or excellent, compared to only 44% in 2021, which was a record low.

I point out these statistics because it translates into increased disrespect for our institutions. Courts rule on disputes and make decisions affecting liberty and property interests. People must be able to trust that rulings are based in law and are not swayed by other factors and that the process is fair. A lack of such trust threatens the very underpinnings of our society.

This growing disrespect also affects the people who work tirelessly to provide a fair and open justice system. According to the American Bar Association, serious threats against judges have doubled since 2019. Again, threats against judges have doubled in the last five years. And it isn't just threats against judges, but also all court staff. Here in Maine, our marshals are called upon with greater and greater frequency to intervene with the public in our courthouses. Indeed, I want to take this opportunity to recognize the Director of our State Marshal Service, Ted Ross, and our Deputy Chief Marshal, Mark Tibbetts. They are both here together with Deputy Judicial Marshall Ben Hall. Gentlemen, thank you, and thank you to all your fellow officers. When people come to court, it is frequently under incredibly stressful and often unhappy circumstances. The men and women of the Judicial Branch Marshal Service do an incredible job of soothing the waters and protecting judges, judicial branch staff, and members of the public every day in an increasingly volatile environment. While I am not here to go through all our budget requests, we have asked that you continue to increase funding for our marshal service, as you have in the past, so that they are able to do their job effectively and keep all of us safe at our courthouses.

So I want to talk to you about some of our biggest challenges, and what we have done and what we can do.

Unlike other professions which are regulated by the Executive Branch and laws passed by the Legislature, the practice of law is regulated and overseen by the Judicial Branch. It is the Supreme Judicial Court that licenses attorneys, and thus the status of the legal profession is directly our concern. And, the availability of

## SELECTED ADDRESSES TO THE LEGISLATURE

attorneys, legal advice and legal representation is increasingly a pipe dream for many of our citizens.

In the vast majority of civil and family cases at least one of the parties is unrepresented. And as you know, the Constitution requires that the state provide an attorney to those who cannot afford one in certain kinds of cases, primarily criminal, juvenile, and child protective cases where significant rights are at stake. But the crisis in the availability of constitutionally required counsel has only grown. The Maine Commission on Public Defense Services recently released its annual report. As of December 30, there were 1,150 matters pending without counsel, including 998 criminal, post-conviction review, and juvenile matters; 112 child protective cases, those cases where DHHS has intervened; and 40 appeals. While the public defender offices hold promise for the future, they cannot currently meet the demand.

I know in the Supreme Judicial Court alone, we have had about 40 child protective appeals awaiting appointment of counsel at the same time— a process that frequently is now taking months more than it should in cases involving Maine's most vulnerable children.

In other words, the lack of attorneys adds to delay and backlog.

So, what are we doing? And what else can we do?

Last year I wrote to some of Maine's law firms who employ former Supreme Judicial Court law clerks to ask if they would take child protective appeals. Some agreed to do so, and I am pleased to report that the briefs filed by those young lawyers were some of the best we have seen, confirming that they are more than competent to handle that particular type of case. I have so informed the Maine Commission on Public Defense Services – called PDS - and hope to encourage more.

In September, we amended Rule 11C of the Bar Admission Rules to authorize temporary permission to practice (up to 2 years) for an attorney who is a member in good standing of the Bar of another state if that attorney is employed by the Maine Commission on Public Defense Services, or PDS, as well as those employed by civil legal services providers. This is primarily to aid in recruiting attorneys from out of state,

as the formal process of admission by motion can take months to complete.

In November, we amended the Bar Rules to permit attorneys to receive up to 3 continuing legal education credits for undertaking certain types of pro bono work in an effort to try to expand the pool of civil legal services for Maine's poorer citizens.

We have expanded the student practice rules that allow law students to represent clients in court under the supervision of an attorney. Those rules now identify the PDS as an appropriate entity for student practice, in addition to prosecutors' offices and civil legal service providers. In December, we also authorized a pilot with the Law School to allow supervision by private contract attorneys rostered with the PDS.

Earlier this year, the Supreme Judicial Court met with the first-year class and the faculty of the University of Maine School of Law with the goal of encouraging public interest work here in Maine. I understand the Law School is expanding its doctrinal and clinical offerings for both criminal defense and child protective cases.

Finally, we have submitted a bill to provide that when there is no attorney available through the PDS, the courts may appoint any attorney who agrees to take the case, something we have always had the inherent right to do. Under the bill we have proposed, however, the PDS would have to pay that attorney. The bill is crafted as emergency legislation and will also sunset in 3 years. The purpose is not to pull away lawyers away from the PDS roster, but to bridge the next three years until the public defender offices are fully up and running and able to fill what is now a yawning gap in appointed counsel services.

We can also think outside the box. We are looking at whether we should expand who can provide some legal services, at least in a limited fashion. Perhaps it is time to allow trained paraprofessionals, without a law degree, to handle some straightforward legal issues. There are many questions to be answered, of course. Who? What kind of training and education? What kind of experience? Licensure? What area or areas of law? Would a paraprofessional need to work for a licensed attorney, or could they practice independently? In short, what are the guardrails to ensure that such

paraprofessionals are actually a benefit to Maine citizens.

Another issue: What can we do to recruit and keep lawyers in the rural deserts of our state? The national research seems to show that lawyers most likely to practice in rural areas and stay there are from there. It may be that increased online and remote legal education would allow people who already live in the rural areas of our state to attend law school without having to uproot themselves and their families to move to Portland for three years.

There is also national research showing deficits in the practice readiness of new lawyers, and that is also related to whether they can competently step into some of the lanes I have described. The economics of law practice have changed, making formal mentoring more difficult. And, importantly, the significant increase in remote appearances means the informal mentoring many lawyers had in the office or at court appearances has all but disappeared. These are of course broader societal issues, not just lawyer issues. But, I fear things are not getting better.

Speaking of remote appearances, we continue to encourage the use of remote technology for court appearances where appropriate. Indeed, all traffic violations are heard remotely. Remote technology is a tool that may mean that a litigant need not take a day off from work to attend a short court appearance and that lawyers can save their clients money by not traveling all around the state. It also means that the limited pool of court-appointed attorneys are able to handle cases in different locations, and it means fewer continuances to accommodate busy schedules. It may also mean we can hold a court proceeding even when we don't have any marshals or clerks available.

But there are drawbacks to many remote appearances too. In criminal cases, when dispositional conferences are held remotely, even when an agreement is reached the case frequently must be reset for yet another court appearance in order to enter a plea because the defendant is not in the conference or courtroom or is in a different location from the lawyer, meaning they will have to discuss the matter later. Effectively, it can double the number of court events.

When attorneys and parties are not in the same location, they don't talk. They don't exchange information. They don't negotiate. They don't settle cases which should be settled. Think about how much business gets done here in the halls of the State House or outside a hearing room, and how little might get done if you never actually saw your colleagues outside of the formal process in the chamber.

In other words, remotes appearances can help with backlog by minimizing continuances because of scheduling conflicts but they can also increase backlog it because the appearances are less effective at moving cases and often need to be rescheduled. We have an administrative order laying out presumptions for what kind of proceedings should be remote, the ability to request that any other proceeding be held remotely, and the factors to consider. Every day judges balance these competing needs in the individual cases before them.

That leads me to another point. Last year I said that courts have changed rapidly in the past few years, and technology is not a luxury. We must look at technology as infrastructure of the court system, just as the courthouses across the state are infrastructure. Technology must be maintained, updated and improved on a regular basis, just as we maintain roofs and HVAC systems. Maintenance includes replacement at various interludes. And we must fund it in the same way as we fund infrastructure.

What does that mean? It means that the annual fees, licenses, maintenance and replacement of technology – hardware and software - must be part of the general fund budget. Back when we contracted for Maine eCourts, the Legislature authorized bond funding to purchase and install the system. But, there are annual fees, licenses and maintenance that are not covered by the bond funds. You asked us to raise the money by placing surcharges on filing fees, fines, and the like. And we did that. The biggest single source of projected revenue was the surcharges on traffic ticket fines – the volume of those fines dwarfs anything else. But fine revenues have gone down, and the funds generated are far from adequate to pay for the system maintenance – we will be about \$1.8 million short each year of this next biennium. Trying to pay for the system with surcharges on fines and fees is not a sound

plan, because surcharges are often imposed on those least able to pay. And, of course, the higher fees are, the more they get waived because people can't afford them.

The cost of technology is not just the ongoing maintenance and fees for Maine eCourts. Technology permeates everything we do. Electronic evidence - body cams, social media, and recordings – is standard in every case. That means courtrooms must be equipped with display screens, appropriate sound systems, and computers so that jurors, witnesses, attorneys, the judge and the public can see and hear it. The same is true for remote appearances of parties, witnesses, and attorneys: Zoom. You can't just do it from a laptop for court proceedings. If a witness or attorney is on a screen, that witness needs to be seen and heard by the judge, the jury, parties, and the public.

What else? Courts are required to electronically record every case, which means a sophisticated system of recording and microphones so that every word is captured as people move around the room. Courtrooms can't be used when the equipment isn't working. We are installing public access kiosks in courthouses for accessing electronic files. We need robust Wi-Fi and cell service at all courthouses. We need to increase the safety of everyone, which means not only marshals but again, technology: security cameras, recordings, screening, control rooms.

I hope you can see why I say that technology is infrastructure, and why it needs to be included in our general fund budget. Without working technology these days, proceedings would grind to a halt.

Another thing: we also need to protect against increasingly sophisticated cyber threats. We are the keepers of immense amounts of sensitive and personal data which we must safeguard. And, by the way, there are more demands for data every year because data helps us understand the cost and benefits of programs and strategies. Moreover, having better data available also fits with the goal of increasing transparency and openness in the Judicial Branch.

The implementation of Maine eCourts will help us in marshaling that data in the future, one of its many benefits. To back up, as many of you know, we are in the process of implementing an electronic e-filing and

case management system in all case types across the State. It will be integrated with law enforcement systems and other partners for bail, protection orders and the like. This is the system that was known as Odyssey; it was upgraded to Enterprise Justice this year. We don't want to change the name every time Tyler Technologies upgrades the system, so we call it simply Maine eCourts.

We have now successfully implemented Maine eCourts in all civil and family cases in Bangor, Androscoggin, Oxford and Franklin Counties, as well as in the Business and Consumer Docket. This is in addition to the Violations Bureau. We also successfully implemented protection from abuse and protection from harassment cases onto Maine eCourts in those locations. That implementation was more complex because of the law enforcement integrations and was the first big test of how that would go. (By law enforcement integrations, I am referring to the automatic transfer of information between the courts and law enforcement agencies which is critical when liberty interests are at stake, as they are in protection orders and criminal dockets.)

Next up is the implementation of all criminal and juvenile case types, which is scheduled for later in the spring in Androscoggin County. We have a mighty team in our Office of Information Technology, but we are also dependent on Tyler Technologies for some development pieces as well CPI, the vendor used by the Department of Public Safety for the message switch. The implementation of e-filing in criminal and juvenile matters is a huge undertaking, not only for the Judicial Branch, our vendors and law enforcement agencies, but also for the district attorneys and public defense counsel who will be mandatory filers on this new system. We have been working closely with all of the stakeholders in this endeavor to make a smooth transition into the world of electronic filing.

On a side note, I must give a shout out and special thanks to Dave Packard, our Director of Information Technology, who has been leading our IT department for years. Dave is retiring this summer. While I am happy for him, he will be sorely missed at the Judicial Branch. He does, however, leave behind a terrific team. And we expect to stay on schedule overall for statewide implementation of all case types within two

years. I look forward to that day - it is when we can unplug our Apple computers and our obsolete and dying electronic docketing system known as "MEJIS."

As many of you have probably noticed, I have made it my mission to try to "right-size" the Judicial Branch, to ensure we have adequate resources to be able to provide an efficient and impartial system of dispute resolution. The old saying, "justice delayed is justice denied," has a great deal of truth to it. The Judicial Branch in this state has been underfunded for decades. And although we have made progress, the backlogs that were created during the pandemic persist. To be clear, the additional resources we have received in the past few years have helped enormously, but we are not there yet.

As many of you know, we have experienced an enormous backlog of cases since the pandemic. By backlog I mean cases take longer to resolve, which results in more pending cases. For a Judicial Branch that was already working to capacity before being hit with a pandemic, reducing the backlog is a struggle. We have made progress: the criminal caseload now stands at about 35% above pre-pandemic levels, down a bit from a year ago and about half what it was at its height. But we have a long way to go, and I fear the remaining backlog will be stubborn.

I have also been alarmed at what was happening in our family dockets. The number of pending child protective cases has increased; there are about 25% more protective custody cases pending now than before the pandemic. And, the average length of time it is taking to complete family cases had steadily increased since the beginning of the pandemic: cases were taking about twice as long to resolve as before the pandemic. We put some concerted effort into turning that around in 2024, and I am pleased to report that we seem to have turned a corner. The average age of family cases is now falling after a peak at the end of 2023. But it is still taking far too long to reach cases. Every one of those cases is not just a statistic but a real person in crisis. You and the Governor have listened in the last few years, but in these times of belt-tightening it is critical that you continue to listen. We need to have enough people – clerks, marshals and others – to support our judges in the courtrooms. And they need to be paid appropriately. There are still judicial vacancies (it

## STATE OF THE JUDICIARY ADDRESS

is a never-ending process), and so I have not asked for more judicial positions. But, the supporting staff positions included in the Governor's budget are critical. I hope we have your continued support in this Legislative session to ensure we can provide the services Maine people need.

Again, I understand that pennies are tight this year, and there may be some financial uncertainty ahead. But I am not doing my job if I don't continue to advocate for appropriate judicial salaries. You may recall that in the last biennial budget, there was an increase in judicial salaries. At the time, Maine's judicial salaries ranked 51st in the country when adjusted for the cost of living – after every other state and the District of Columbia. Believe me, we appreciate your attention to this. And so, I can now report that, after the raises in the last biennium, as of January 2025, Maine judicial salaries now rank . . . 51st in the country when adjusted for cost of living. Still last after every other state and the District of Columbia. It is not just an issue of fairness and equity for Maine's hard-working judges. Judicial salaries also impact other salaries in the Judicial Branch, making it harder to attract and appropriately compensate other high-level professionals. Think of what a director of information technology can command in the private market. . . .

When I advocate for "right-sizing" the Judicial Branch and ensuring there are adequate resources, I am sure that some of you think, "but there are many worthy causes." And that is true. But that is also why we must remember the critical and central role of courts in our system of government. You have heard me remind you that the Judicial Branch is the co-equal third branch of government in both our state and federal systems. Those aren't words spoken lightly. The Judiciary plays an integral role in maintaining the rule of law. The Judicial Branch does so through competent, ethical, and independent judges delivering justice in a timely and accessible fashion.

We are all partners in upholding the "Rule of Law", a phrase being bandied about these days. What is it?

By "Rule of Law," I mean that all people and institutions are accountable under laws that are publicly promulgated, equally enforced, and independently adjudicated.

## SELECTED ADDRESSES TO THE LEGISLATURE

Laws that are publicly promulgated by the Legislature;  
Equally enforced by the Executive;  
And independently adjudicated by the Judiciary.

It matters not whether I think a law is wise or foolish; the promulgation of laws is the role of the Legislature. The role and duty of judges is to adjudicate independently, fairly, and in a timely fashion. These are the ideals and indeed requirements of our state and federal constitutions. And to carry out our duty, the Judicial Branch must have adequate resources. This is what we all owe to the citizens of Maine.

Thank you for inviting me here today and for listening.
