FOREWORD

The **History and Final Disposition of Legislative Documents** includes a summary of the Legislature's action on all legislative documents considered during the Second Regular Session of the 132nd Legislature. The Second Regular Session convened on January 7, 2026 and was adjourned sine die on April 29th 2026. Bills passed during the Second Regular Session include:

Public Laws	Chapters	500-775
Private and Special Laws	Chapters	11-20
Resolves	Chapters	119-176

This document is produced from information that is compiled by the Legislative Information Office throughout the legislative session and maintained on a computerized bill status system. Printed reports are available weekly on a subscription basis through the Clerk of the House.

The primary listing of legislative documents in this volume is organized by the joint standing committee to which bills were referred. The following information is included for each legislative document:

* Legislative document number
* House or Senate paper number
* Sponsor and cosponsors
* Public hearing date
* Committee report
* Amendments adopted in the House and Senate
* Final disposition of the legislative document

A list of the Legislature's Joint Standing Committees and their jurisdictions follows this Foreword.

Following the listing by committee is a list of bills held or vetoed by the Governor. Following this list is a series of indexes, which are designed to assist the user in finding the bill or subject needed. The **Table of Contents** includes a list of these indexes.

The **Subject Index** uses terms to describe the scope and topics of the bill and its amendments. Most bills are indexed under more than one subject, and cross references are designed to assist the user in finding the subject. Appropriations bills are indexed showing the part and section where the subject can be found within the legislative document. In cases where an amendment introduced a new topic, a subject entry appears for that topic whether or not the amendment is adopted. If an amendment deletes a topic from a bill, the subject is left in the index as part of the history of the bill; thus the Subject Index indexes all legislative documents in any form in which they have been considered. Significant items that were deleted from the final chaptered law are indicated by "(DEL)" at the end of the entry.

The **History and Final Disposition of Legislative Documents** is a summary report only and does not replace the official Senate and House journals or the actual legislative documents. If more detailed information about the status of bills or their contents is desired, please contact:
