The required local activities in this bill may represent a State mandate pursuant to the Constitution of Maine. Unless General Fund appropriations are provided to fund at least 90% of the additional costs or a Mandate Preamble is amended to the bill and two-thirds of the members of each House vote to exempt this mandate from the funding requirement, municipalities may not be required to implement these changes.

Fiscal Detail and Notes

This legislation will increase costs to local governments in the form of both higher premiums for workers' compensation insurance and increased legal costs. The impact to individual municipalities will depend on actual experience.
