C. A commissioner who participates while not physically present at the location of the public proceeding identified in the notice required by Title 1, section 406 does so only when the commissioner's attendance is not reasonably practical. The reason that the commissioner's

attendance is not reasonably practical must be stated in the minutes of the meeting; and [PL 2015, c. 449, §4 (NEW).]

D. Each commissioner who is not physically present at the location of the public proceeding and who is participating through telephonic, video, electronic or other similar means of communication has received prior to the public proceeding all documents and materials discussed at the public proceeding, with substantially the same content as those presented at the public proceeding. Documents or other materials made available at the public proceeding may be transmitted to the commissioner not physically present during the public proceeding if the transmission technology is available. Failure to comply with this paragraph does not invalidate an action taken by the bank at the public proceeding. [PL 2015, c. 449, §4 (NEW).]

§5953-C. Loans for energy efficiency improvements in municipal and school buildings

This section establishes a program to promote energy efficiency and indoor air quality in municipal and school buildings. [PL 1993, c. 605, §1 (NEW).]

1. Efficiency Partners Program. The bank shall establish the Efficiency Partners Program, referred to in this section as "the program," designed to reduce energy costs in municipal and school buildings and to create jobs by financing energy audits and cost-effective improvements that accomplish energy efficiency while maintaining healthful indoor air quality. The bank shall issue a request for proposals for energy audits of municipal and school buildings and for energy savings that could be achieved through cost-effective improvements to heating and cooling systems, windows, insulation, lighting and equipment in municipal and school buildings. Identification of cost-effective improvements to achieve energy savings under the program must be based on a comprehensive energy audit that has been performed within the previous 5 years by a professional engineer licensed in this State. An energy audit that is financed under the program or is the basis for cost-effective energy efficiency improvements financed under the program must address compliance with the model building energy code adopted by the Public Utilities Commission pursuant to Title 35-A, section 121. [PL 2007, c. 66, §1 (AMD).]

2. Access to the program. Municipalities and school administrative units may have access to the program regardless of whether the municipality or school administrative unit utilizes a loan pursuant to this section to finance an energy audit or cost-effective energy efficiency improvements. [PL 2007, c. 66, §1 (AMD).]

3. Proposals; contracts. The bank shall solicit proposals from energy service companies and individual vendors of energy service products. Notwithstanding any provision of the law regarding bidding requirements, the bank shall contract with an energy service company or companies or vendor or vendors to provide energy services in municipal and school buildings under the program. Whenever the bid proposals received are substantially equivalent, the bank shall in the contract process select an in-state energy service company or vendor whose primary place of business is within this State. For public school projects, bid proposals for energy efficiency improvements must include plans and specifications that bear the stamp of a licensed professional engineer or licensed architect. [PL 2019, c. 398, §41 (AMD).]

4. Loan; loan agreements. Loans from the bank for energy efficiency improvements must be structured to ensure to the greatest extent possible that the cost savings achieved by the energy efficiency improvements are sufficient to cover the loan and to achieve a net positive cash flow as early as practical. The rate of interest charged for loans made through the program for energy efficiency improvements or energy audits must be below the currently available rate of interest charged on commercial loans of equivalent term and use. [PL 2007, c. 66, §1 (AMD).]

5. Energy Payment Equalization Fund. The bank shall establish a fund called the Energy Payment Equalization Fund. To the extent that the fund has assets available to it through funding by federal, state or local governments, or grants, gifts, donations or payments from any other source, money in the fund may be applied to loans made to municipalities in the program if achieved energy

savings are not sufficient to offset the debt service payments on a loan made through the program. This fund may include deposits made by energy service companies or vendors to guarantee their commitment to achieve energy savings sufficient to offset debt service payments but may not include any other donations or payments from vendors or interested parties. The fund may be used to provide general interest rate reductions or principal reductions on any loan or group of loans made under the program for energy audits or for energy efficiency improvements regardless of energy cost savings that may be achieved through the use of the proceeds of the loans or loan.

[PL 2007, c. 66, §1 (AMD).]

6. Report to the Legislature. Beginning in 2008, the bank shall report annually by March 1st to the joint standing committee of the Legislature having jurisdiction over utilities and energy matters regarding the program. The report must document program activity during the prior 12 months, including, but not limited to, contracts made with energy service companies or vendors, loans made to municipalities or school administrative units, energy audits conducted and energy efficiency improvements implemented.

1. Trust agreement or trust indenture authorized. In any resolution of the bank authorizing or relating to the issuance of any bonds or notes, the bank, in order to secure the payment of those bonds or notes may, by provisions in the resolution, enter into any trust agreement or trust indenture with a corporate trustee. The trust agreement may set forth the rights and

§6006. Reserve fund

1. Reserve fund. The bank shall establish and maintain a reserve fund called the "Maine Municipal Bond Bank Reserve Fund" in which there shall be deposited all money appropriated by the State for the purpose of that fund, all proceeds of bonds required to be deposited in the fund by terms of any contract between the bank and its bondholders or any resolution of the bank with respect to the proceeds of bonds, any other money or funds of the bank which it determines to deposit in the fund and any other money made available to the bank only for the purposes of the fund from any other source or sources.

A. Money in the reserve fund shall be held and applied solely to the payment of the interest on and principal of bonds secured by the reserve fund and sinking fund payments mentioned in this chapter with respect to bonds secured by the reserve fund as the interest, principal and sinking fund payments become due and payable; and for the retirement of bonds, including the payment of any redemption premium required to be paid when any bonds are redeemed or retired before maturity. Money may not be withdrawn from the fund if the withdrawal would reduce the amount in the reserve fund to an amount less than the required debt service reserve, except for:

- (1) Payment of interest then due and payable on bonds;
- (2) Payment of the principal of bonds then maturing and payable;
- (3) Sinking fund payments mentioned in this chapter with respect to bonds;

(4) The retirement of bonds in accordance with the terms of any contract between the bank and its bondholders; and

(5) The payment for which other money of the bank is not then available for payment of interest, principal or sinking fund payments or the retirement of bonds in accordance with the terms of any such contract. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 48, §§24, 31 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. As used in this chapter, "required debt service reserve" means, as of any date of computation, the amount or amounts required to be on deposit in the reserve fund as provided by resolution of the bank. The required debt service reserve shall be, as of any date of computation, an aggregate amount equal to at least the largest amount of money, required by the terms of all contracts between the bank and holders of bonds secured by the reserve fund, to be raised in the then current or any succeeding calendar year for:

(1) The payment of interest on and maturing principal of that portion of outstanding bonds secured by the reserve fund, the proceeds of which were applied solely to the purchase of municipal securities; and

(2) Sinking fund payments required by the terms of any such contracts to sinking funds established for the payment or redemption of those bonds. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 48, §§24, 31 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

The required debt service reserve shall be calculated on the assumption that the bonds will cease to be outstanding after the date of the computation because of the payment of those bonds at their respective maturities and the payments of the required money to sinking funds and the application of those sinking funds in accordance with the terms of all such contracts to the retirement of the bonds.

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 48, §§24, 31 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

1-A. Capital reserve fund. This subsection applies to capital reserve funds.

A. The bank may establish and maintain one or more special funds called "capital reserve funds" in which there shall be deposited:

(1) All money appropriated by the State for the purpose of those funds;

(2) All proceeds of bonds required to be deposited in those funds by the terms of any contract between the bank and its bondholders or any resolution of the bank with respect to the proceeds of bonds;

(3) Any other money or funds of the bank which it determines to deposit in those funds; and

(4) Any other money made available to the bank only for the purposes of the fund from any other source or sources. [PL 1989, c. 48, §§25, 31 (NEW).]

B. Money in any capital reserve fund shall be held and applied solely:

(1) To pay the interest on and principal of bonds secured by the capital reserve fund and sinking fund payments mentioned in this chapter with respect to bonds secured by the capital reserve fund as the interest and principal becomes due and payable; and

(2) To retire bonds secured by the capital reserve fund, including the payment of any redemption premium required to be paid when any such bonds are redeemed or retired before maturity. [PL 1989, c. 48, §§25, 31 (NEW).]

C. The minimum amount of any capital reserve fund must be equal to the amounts required under the resolutions pursuant to which the bonds secured by the capital reserve fund are issued. These amounts are referred to in this chapter as the "required minimum reserve." With respect to bonds secured by a capital reserve fund for which the resolution authorizing the issuance of those bonds states that the provisions of subsection 5 apply, the required minimum reserve must be, as of any date of computation, an aggregate amount equal to at least the largest amount of money required by the terms of all contracts between the bank and its bondholders of the bonds to be raised in the then current or any succeeding calendar year for the payment of interest on and maturing principal of that portion of the outstanding bonds, the proceeds of which were applied solely to the purchase of municipal securities or municipal bonds and sinking fund payments required by the terms of any such contracts to sinking funds established for the payment or redemption of the bonds, all calculated on the assumption that the bonds will cease to be outstanding after the date of the computation because of the payment of the bonds at their respective maturities and the payments of the required money to sinking funds and the application thereof in accordance with the terms of all such contracts to the retirement of the bonds. The required minimum reserve for bonds secured by a capital reserve to which the provisions of subsection 5 apply may be less than that required by this paragraph if the bank so determines and only when the reserve is applied to:

- (1) Any bond or note sold to fund a municipal lease pool whose term is 5 years or less;
- (2) Any bond for which no principal is paid to bondholders until final maturity; or
- (3) Any loan, bond, lease or evidence of participation that has a term of 5 years or less. [PL 1991, c. 605, §13 (AMD).]

D. Money in any capital reserve fund shall not be withdrawn if the withdrawal would reduce the amount in the capital reserve fund to an amount less than the required minimum reserve for all such bonds issued and to be issued which will be secured by the capital reserve fund, except for payment of interest then due and payable on bonds secured by the capital reserve fund and the principal of bonds secured by the capital reserve fund then maturing and payable and sinking fund payments required by the terms of any such contracts to sinking funds established for the payment or redemption of the bonds, and for the retirement of bonds secured by the capital reserve fund in accordance with the terms of any contract between the bank and its bondholders and for the payments on account of which interest or principal or sinking fund payments or retirement of bonds secured by the capital reserve fund other money of the bank is not then available in accordance with the terms of any such contract. [PL 1989, c. 48, §§25, 31 (NEW).]

[PL 1991, c. 605, §13 (AMD).]

2. Transfer. Money in the reserve fund at any time in excess of the required debt service reserve, whether by reason of investment or otherwise, may be withdrawn at any time by the bank and transferred to any other fund or account of the bank.

Money in any capital reserve fund at any time in excess of the required minimum reserve, whether by reason of investment or otherwise, may be withdrawn at any time by the bank and transferred to any other fund or account of the bank.

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 48, §§26, 31 (RPR); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

3. Investment. Money at any time in the reserve fund or any capital reserve fund may be invested in the same manner as permitted for investment of funds belonging to the State or held in the treasury. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 48, §§26, 31 (RPR); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

4. Reserve. Notwithstanding any other provision of this chapter, the bank may not issue any bonds to be secured by the reserve fund or by a capital reserve fund for which the resolution authorizing the issuance of those bonds states that subsection 5 applies unless:

- A. If the bonds are to be secured by the reserve fund, there is in the reserve fund the required debt service reserve for all bonds then issued and outstanding which are secured by the reserve fund and the bonds to be issued which will be secured by the reserve fund; or [PL 1989, c. 48, §§26, 31 (NEW).]
- B. If the bonds are to be secured by a capital reserve fund for which the resolution authorizing the issuance of the bonds states that subsection 5 applies, there is in the capital reserve fund the required minimum reserve for all bonds secured by the capital reserve fund then issued and outstanding and the bonds to be issued which will be secured by the capital reserve fund. [PL 1989, c. 48, §§26, 31 (NEW).]

Nothing in this chapter prevents the bank from satisfying this requirement by depositing so much of the proceeds of the bonds to be issued, upon their issuance, as is needed to achieve the required debt service reserve or required minimum reserve, as applicable. The bank may at any time issue its bonds or notes for the purpose of providing any amount necessary to increase the amount in the reserve fund to the required debt service reserve, to increase the amount in any capital reserve fund to the required minimum reserve or to meet any higher or additional reserve as may be fixed by the bank with respect to such fund.

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 48, §§26, 31 (RPR); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

5. Restoration. In order to ensure the maintenance of the required debt service reserve in the reserve fund, there shall be annually appropriated and paid to the bank for deposit in the fund, the sum, if any, certified by the chair of the bank to the Governor. On or before December 1st of each year, the chair shall make and deliver to the Governor a certificate stating the sum, if any, required to restore the reserve fund to an amount equal to the required debt service reserve and the sum or sums so certified shall be appropriated and paid to the bank during the then current state fiscal year.

In order to ensure the maintenance of the required minimum reserve in any capital reserve fund to which, at the direction of the bank pursuant to the resolution establishing the capital reserve fund, this provision applies, there shall be annually appropriated and paid to the bank for deposit in the fund, the sum, if any, certified by the chair of the bank to the Governor. On or before December 1st of each year, the chair shall make and deliver to the Governor a certificate stating the sum, if any, required to restore the fund to an amount equal to the required minimum reserve, and the sum or sums so certified shall be appropriated and paid to the bank during the then current state fiscal year.

6. Valuation. In computing the amount of the required debt service reserve or the required minimum reserve, investments held as a part of those reserves shall be valued in the manner provided in the applicable bond resolution.

[PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 48, §§26, 31 (RPR); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

7. Exclusions. The bank may provide from time to time by resolution for the issuance of its bonds or notes which are not secured by the reserve fund or any capital reserve fund, as set forth in the resolution authorizing its bonds or notes. The bank may, pursuant to a resolution or other agreement, establish the security for any of its bonds, including, but not limited to, policies of insurance and letters

of credit, as the bank in its discretion determines necessary, desirable or convenient to further the accomplishment of the purposes of the bank. The security may, if so provided by a resolution or other agreement of the bank, to the extent set forth in the resolution or agreement, satisfy the provisions of the resolution or agreement with respect to any required debt service reserve, required minimum reserve or other reserve.

1. Establishment; administration. A municipal lease finance program under the jurisdiction and direction of the bank is established to provide or assist municipalities and governmental entities in the financing of leases by which a municipality may acquire or obtain the right to use personal or real property. The municipal lease finance program must provide methods of direct or indirect financing, insurance, borrowing, credit enhancement and other financial tools for the lease, lease-purchase, rental or right of use of any real or personal property or other authorized activity of a municipality. [PL 1991, c. 605, §14 (NEW).]

2. Powers. The bank may make loans to municipalities or borrow money on behalf of municipalities for any of the purposes of this section. The bank may purchase, refinance or enter into leases with or on behalf of municipalities. The bank may purchase or refinance for or on the behalf of any municipality any municipal lease that may be held or issued by any 3rd party. The bank may issue its bonds or notes for the purchase of municipal leases on behalf of a municipality or group of municipalities or for the establishment of a pool of funds to be used for the purchase, financing or other means of acquisition of leases used by a municipality or group of municipalities. The bank shall establish prudent standards for the terms and conditions of any lease financing made available to a municipality or group of municipalities. Terms and conditions include, but are not limited to, the general obligation of the municipality, and liens on any real or personal property held by the municipality whether being financed by the specific lease or not, and sinking funds. [PL 1991, c. 605, §14 (NEW).]

3. Application; eligibility. The bank may prescribe and require an application or procedure for a municipality to participate in any form of lease financing assistance made available under this section. An application must include any information that the bank decides is necessary for implementing this section, including, but not limited to, supporting documents, certifications, feasibility studies, financial data, utilization studies or other applicable information. A municipality is not eligible to participate in any lease finance assistance made available under this section unless, in the sole judgment of the bank, the municipality has satisfactorily demonstrated that it can assure that it will pay the principal, interest, fees and related charges on the bond, debt or other instrument issued by the bank on behalf of the municipalities or purchased by the bank from the municipality as well as the costs for operation and maintenance of any real or personal property acquired or made available for use by the municipality by virtue of the lease finance assistance. Satisfactory assurance can be demonstrated if a municipality has:

A. Established a method of payment by assessment, rate, charges or other mechanism satisfactory to the bank; or [PL 1991, c. 605, §14 (NEW).]

loan of the credit of the State or create any debt or debts, liability or liabilities on behalf of the State or constitute a pledge of the faith and credit of the State. Each bond, note, lease or other evidence of debt or liability entered into by the bank must contain a statement to the effect that the bank is obligated to pay the principal, interest, redemption premium, if any, and other amounts payable solely from the sources pledged for that purpose by the bank, and that neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal, interest, premium, charge, fee or other amount on the bond, note, lease or other form of indebtedness, as the case may be.

[PL 1991, c. 605, §14 (NEW).]

5. Lease finance agreement. Lease financing and refinancing, lease purchase, loans and other forms of indebtedness or obligations incurred by a municipality due to the bank under the terms of this section must be evidenced by and be made in accordance with the terms and conditions specified in a lease finance agreement to be executed by the bank and the municipality or group of municipalities. The lease finance agreement must specify, among other things, the terms and conditions for the disbursement of lease finance proceeds, the term and interest rate of the lease, the scheduling of lease payments or bond payments as the case may be, and any other terms and conditions determined necessary or desirable by the bank.

§6013-A. Maine Municipal Bond Insurance Fund

1. Establishment. The Maine Municipal Bond Insurance Fund is established in the custody of the bank and under its jurisdiction and direction to provide credit enhancement in the form of bond insurance to municipalities, state instrumentalities and other governmental units on debt issued by them in the form of bonds, notes or other evidences of indebtedness.

[PL 1991, c. 605, §14 (NEW).]

2. Administration. The bank shall administer the Maine Municipal Bond Insurance Fund. The fund must be invested in the same manner as permitted for investment of funds belonging to the State or held in the State Treasury. The fund must be established and held separate and apart from any other funds or money of the State or the bank and must be used and administered exclusively for the purpose of this section. The fund consists of the following:

A. Sums that are appropriated by the Legislature or transferred to the fund from time to time by the Treasurer of State; [PL 1991, c. 605, §14 (NEW).]

B. Premiums, fees, charges, assessments received from municipalities that are obtaining directly or indirectly, in whole or in part, credit enhancement or other benefit from use of the fund; [PL 1991, c. 605, §14 (NEW).]

C. Interest or other gains realized from the investment of fund balances; [PL 1991, c. 605, §14 (NEW).]

D. Private gifts, bequests and donations made to the State for any of the purposes for which the fund has been established; [PL 1991, c. 605, §14 (NEW).]

E. The proceeds of notes or bonds issued by the bank for the purpose of deposit in the fund; [PL 1991, c. 605, §14 (NEW).]

F. Other funds from any public or private source received for use for any of the purposes for which the fund has been established; [PL 1991, c. 605, §14 (NEW).]

G. Other funds from any public or private source received as part of an agreement with the bank for a joint venture undertaken for any of the purposes for which the fund has been established; and [PL 1991, c. 605, §14 (NEW).]

H. Grants, awards or other payments made to the State or an instrumentality of the State by the United States for any of the purposes for which the fund has been established. These amounts must be paid directly into the fund without need for appropriation by the State. [PL 1991, c. 605, §14 (NEW).]

[PL 1991, c. 605, §14 (NEW).]

3. Use and maintenance of the fund. The Maine Municipal Bond Insurance Fund must be used and maintained in the following manner.

A. All money held in the fund may be used only to make payments pursuant to bond insurance contracts, to pay any or all operating expenses of the administration and operation of the Maine Municipal Bond Insurance Fund and to maintain the fund at an amount equal to the minimum insurance reserve. The minimum insurance reserve is that amount determined by actuarial study solicited by the bank as being necessary and prudent for the operation of the program. The bank may not enter into any contract for bond insurance unless it certifies that at the time of execution the amounts of money required to meet reserve minimums, as determined by the most recent actuarial study, are in the fund or will be deposited in the fund as part of the execution of the contract. Any money in the fund in excess of that needed to maintain the minimum insurance reserve may be used by the bank for any of its authorized activities. [PL 1991, c. 605, §14 (NEW).]

B. To ensure the maintenance of the fund, a required minimum reserve, valued at cost, market, amortized value or other methods as determined proper by the actuarial method, must be determined. An amount equal to the determined required minimum reserve must be annually appropriated and paid for deposit in the fund. The amount of the minimum reserve deposit, if any, must be certified by the executive director of the bank to the Governor as the amount necessary to restore any fund to an amount equal to the required minimum reserve for the average aggregate amount of bond insurance contracts outstanding during the 12-month period prior to certification. [PL 1991, c. 605, §14 (NEW).]

[PL 1991, c. 605, §14 (NEW).]

4. Operation and eligibility. The bond insurance program shall operate, determine eligibility and make payments as follows.

A. The bank is authorized to operate a bond insurance program and may:

- (1) Establish fund insurance contracts;
- (2) Charge and collect premiums;
- (3) Make appropriate payments;
- (4) Sell bonds and notes of the bank, regardless of any other limitations or restrictions in this chapter, the proceeds of which may be used to meet the minimum reserve requirement of the Maine Municipal Bond Insurance Fund authorized and created by this section; and
- (5) Do all other things necessary, proper or desirable to administer and operate a municipal bond insurance program. [PL 1991, c. 605, §14 (NEW).]

B. The bond insurance program may provide bond insurance to any public issuer of debt, including governmental units, municipalities, instrumentalities of the State, and the State. The bank may establish an application or procedure, requesting such information as it considers necessary or desirable, for eligible participants to apply for the benefits of the program. Acceptance of an applicant for participation in the program is in the sole judgment of the bank. Participation in the program must be evidenced by and made in accordance with the terms and conditions specified in a contract of insurance to be executed by the bank and the participating unit. The contract of insurance must state the terms and conditions under which insurance coverage is provided, the premiums, payments or assessments that may be due and payable or called for under the terms of the contract, the schedule upon which payments must be made and any other terms and conditions determined as necessary or desirable by the bank. [PL 1991, c. 605, §14 (NEW).]

C. Contracts for insurance entered into under this section are not in any way a debt or liability of the State and do not constitute a loan of the credit of the State or create any obligation or obligations, debt or debts or liability or liabilities on behalf of the State or constitute a pledge of the faith and credit of the State. All obligations to pay under the terms of any contracts of insurance entered into or issued under this chapter are payable solely from the revenues or funds pledged in the Maine Municipal Bond Insurance Fund and not from any other revenues, funds or assets of the bank or the State. There is no obligation implied, stated or expressed in this section from the bank or the State to make any payment to or on behalf of any 3rd party, including, but not limited to, bond holders, coinsurers, program participants or any other party whatsoever, from any source other than the bond insurance fund created in this section. Each bond insurance contract must contain on its face a statement to the effect that the bank is obligated to make any payments called for in the contract only from the assets and revenues available in the bond insurance fund and not from any other revenues or assets of the bank and that neither the full faith and credit of the bank or the State nor the taxing power of the State is pledged to make any payments of any type or kind called for in the contract of bond insurance. [PL 1991, c. 605, §14 (NEW).]

any municipal securities or loan liability of that governmental unit then held or owned by the bank, the Treasurer of State shall withhold the payment of such funds or money from the governmental unit until the amount of the principal or interest then due and unpaid has been paid to the bank, or the Treasurer of State has been advised that arrangements, satisfactory to the bank, have been made for the payment of the principal and interest. SUBCHAPTER 5

LIQUOR OPERATION REVENUE BONDS

§6051. Declaration of public policy; funding

The Legislature finds and declares that revenue financing bonds as authorized in this subchapter are tax-exempt or taxable bonds payable from sources as provided in this subchapter and such bonds do not include a legal or equitable claim against tax revenues of the State and do not represent constitutional debt of or a pledge of the full faith and credit of the State. The Legislature also finds that issuance of the revenue financing bonds authorized in this subchapter and use of the proceeds of those bonds do not violate the terms of the Constitution of Maine, Article V, Part Third. [PL 2013, c. 269, Pt. B, §2 (NEW).]

SECTION HISTORY

PL 2013, c. 269, Pt. B, §2 (NEW).

§6052. Definitions

As used in this subchapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 2013, c. 269, Pt. B, §2 (NEW).]

1. Ancillary obligation. "Ancillary obligation" means the obligation of the bond bank in connection with liquor operation revenue bonds issued under this subchapter under any of the following entered into by the bond bank:

A. A credit enhancement or liquidity agreement, including without limitation an obligation in the form of bond insurance, a surety bond, a letter of credit, a standby bond purchase agreement, a reimbursement agreement, liquidity facility or other similar arrangement; [PL 2013, c. 269, Pt. B, §2 (NEW).]

B. A remarketing agreement, auction agent agreement, broker-dealer agreement or other agreement relating to the marketing of liquor operation revenue bonds, an interest rate swap or another type of swap or hedging contract; or [PL 2013, c. 269, Pt. B, §2 (NEW).]

C. An investment agreement, forward purchase agreement or similarly structured investment contract. [PL 2013, c. 269, Pt. B, §2 (NEW).]
[PL 2013, c. 269, Pt. B, §2 (NEW).]

2. Cost of issuance. "Cost of issuance" means an item of expense directly or indirectly payable or reimbursable by the bond bank and related to the authorization, sale or issuance of liquor operation revenue bonds, including, but not limited to, underwriting fees and fees and expenses of professional consultants and fiduciaries.
[PL 2013, c. 269, Pt. B, §2 (NEW).]

3. Financing costs. "Financing costs" means all costs of issuance, capitalized interest, capitalized operating expenses and debt service reserves, fees and costs of any ancillary obligation or other fees, expenses and costs related to issuing, securing and marketing liquor operation revenue bonds.
[PL 2013, c. 269, Pt. B, §2 (NEW).]

4. Fund. "Fund" means the Liquor Operation Revenue Fund established in section 6054.
[PL 2013, c. 269, Pt. B, §2 (NEW).]

5. Liquor operation revenue bond. "Liquor operation revenue bond" means a bond, note or other evidence of indebtedness issued by the bond bank pursuant to this subchapter.
[PL 2013, c. 269, Pt. B, §2 (NEW).]

SECTION HISTORY

PL 2013, c. 269, Pt. B, §2 (NEW).

§6053. Liquor operation revenue bonds authorized

1. Revenue bonds.
[PL 2023, c. 189, Pt. H, §2 (RP); PL 2023, c. 189, Pt. H, §6 (AFF).]

2. Amount and terms. The bond bank may issue liquor operation revenue bonds from time to time in amounts and upon such terms as the bond bank considers appropriate. The terms of the liquor operation revenue bonds, their payment schedule and other terms and provisions to facilitate their creditworthiness must be determined by the bond bank.
[PL 2013, c. 269, Pt. B, §2 (NEW).]

3. Form; interest; taxability. The bond bank shall determine the terms of the liquor operation revenue bonds, including:

A. The form of the liquor operation revenue bonds; [PL 2013, c. 269, Pt. B, §2 (NEW).]

B. The rate or rates at which the liquor operation revenue bonds bear interest and whether such interest is intended to be includable in or excludable from the gross income of the bond owners for federal and state income tax purposes pursuant to the United States Internal Revenue Code of 1986, as amended; and [PL 2013, c. 269, Pt. B, §2 (NEW).]

C. The maturity, except that a liquor operation revenue bond may not mature later than June 30, 2024. [PL 2013, c. 269, Pt. B, §2 (NEW).]
[PL 2013, c. 269, Pt. B, §2 (NEW).]

4. Not a pledge of the full faith or credit; not a debt. Liquor operation revenue bonds are not in any way a debt or liability of the State and do not constitute a loan of the credit of the State or create any debt or debts or liability or liabilities on behalf of the State or constitute a pledge of the faith and credit of the State. All liquor operation revenue bonds issued by the bond bank, unless funded or refunded by bonds of the bond bank, are payable solely from revenues or funds pledged or available for their payment as authorized in this subchapter. Each liquor operation revenue bond must contain on its face a statement to the effect that the bond bank is obligated to pay the principal, interest and redemption premium, if any, solely from the revenues pledged for those purposes and that neither the

faith and credit nor the taxing power of the State is pledged to the payment of the principal, interest or redemption premium, if any, on the liquor operation revenue bonds.

[PL 2013, c. 269, Pt. B, §2 (NEW).]

5. Bond proceeds.

[PL 2023, c. 189, Pt. H, §3 (RP); PL 2023, c. 189, Pt. H, §6 (AFF).]

6. Agreements with financial institutions. For the purposes of this subchapter, the bond bank may enter into an ancillary obligation or other agreement or contract with a commercial bank, trust company or banking or other financial institution within or outside the State that is necessary, desirable or convenient in the opinion of the bond bank to provide any services to the bond bank to assist the bond bank in effectuating the purposes of this subchapter. The bond bank may enter into, amend or terminate any ancillary obligation or other agreement as the bond bank determines to be necessary or appropriate. The ancillary obligation or other agreement may include without limitation contracts commonly known as interest rate swap agreements, forward purchase contracts or guaranteed investment contracts and futures or contracts providing for payments based on levels of, or changes in, interest rates. These contracts may be entered into by the bond bank in connection with or incidental to entering into or maintaining any agreement that secures liquor operation revenue bonds issued under this subchapter or any investment or contract providing for investment of reserves or similar facility guaranteeing an investment rate for a period of years not to exceed the underlying terms of the liquor operation revenue bonds. The determination by the bond bank that an ancillary obligation or other agreement or the amendment or termination of an ancillary obligation or other agreement is necessary or appropriate as provided in this section is conclusive. An ancillary obligation or other agreement may contain provisions regarding payment, security, default, remedy, termination and payments and other terms and conditions as determined by the bond bank, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and to any other criteria as may be appropriate.

A liquor operation revenue bond or any ancillary obligation or other agreement made pursuant to this subsection may contain a recital that it is issued or executed, respectively, pursuant to this subchapter. The recital is conclusive evidence of the validity of the liquor operation revenue bond or ancillary obligation or other agreement and of the regularity of the proceedings relating to them.

[PL 2013, c. 269, Pt. B, §2 (NEW).]

7. Remedies of holders of bonds. If the bond bank defaults in the payment of principal or interest on any issue of liquor operation revenue bonds after the principal and interest become due, whether at maturity or upon call for redemption or otherwise, and that default continues for a period of 30 days, or if the bond bank fails or refuses to comply with this subchapter or defaults in an agreement made with the holders of an issue of liquor operation revenue bonds, the holders of 25% in aggregate principal amount of liquor operation revenue bonds then outstanding, by instrument or instruments filed in the office of the clerk of courts of Kennebec County and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the bondholders. The trustee, in the trustee's own name, by mandamus or other suit, action or proceeding at law or in equity, shall enforce all rights of the bondholders or holders of the ancillary obligations or other agreements and require the bond bank to carry out any other agreements with the bondholders or holders of such ancillary obligations or other agreements and to perform the bond bank's duties required under this subchapter, as long as the bonds are limited revenue obligations. An obligation to make debt service payments does not constitute a debt or liability of the State or any political subdivision of the State within the meaning of any constitutional or statutory limitation, or a loan of the credit of the State, or a pledge of the faith and credit of the State or any political subdivision of the State, and the State has no legal obligation to appropriate money for those payments or other such obligations. Payments of the principal of, redemption premium, if any, and interest on the liquor operation revenue bonds must be made solely from amounts derived from the fund or as otherwise authorized by this subchapter. Neither the faith and credit nor the taxing power of

the State or of any political subdivision of the State is pledged to the payment of the principal of, redemption premium for, if any, or interest on the liquor operation revenue bonds.

[PL 2013, c. 269, Pt. B, §2 (NEW).]

8. State authorized to enter into contracts. The State, including any department, commission, agency or other instrumentality of the State, is authorized to enter into an agreement, contract or other arrangement with the bond bank in connection with the issuance of liquor operation revenue bonds.

[PL 2013, c. 269, Pt. B, §2 (NEW).]

9. Reserve fund for liquor operation revenue bonds. The bond bank may establish a capital reserve fund for the benefit of holders of liquor operation revenue bonds subject to the provisions of section 6006, subsection 5.

[PL 2013, c. 269, Pt. B, §2 (NEW).]

10. Agreement of the State. The bond bank is authorized to include the following statement in its liquor operation revenue bonds or contracts or ancillary obligations: "The State hereby pledges to and agrees with the holders of any liquor operation revenue bonds issued pursuant to the Maine Revised Statutes, Title 30-A, chapter 225, subchapter 5 and with those parties who may enter into any ancillary obligation or contract with the Maine Municipal Bond Bank pursuant to that subchapter that the State will not limit, alter, restrict or impair the rights vested in the Maine Municipal Bond Bank and in any party to an ancillary obligation or contract until the liquor operation revenue bonds, together with interest, including interest on any unpaid installment of interest and all costs and expenses in connection with any actions or proceedings by or on behalf of the bondholders, are fully met and discharged and such contracts and ancillary obligations are fully performed on the part of the Maine Municipal Bond Bank."

Nothing in this subchapter precludes the limitation or alteration of the rights vested in the bond bank and holders of liquor operation revenue bonds if and when adequate provision is made by law for the protection of the holders of liquor operation revenue bonds of the bond bank or those entering into contracts or ancillary obligations with the bond bank.

§6054. Liquor Operation Revenue Fund

The Liquor Operation Revenue Fund, referred to in this section as "the fund," is a nonlapsing fund established within the bond bank to receive the amounts referred to in subsection 2 and to pay amounts due under the liquor operation revenue bonds and any ancillary obligations. Immediately upon retirement of all outstanding liquor operation revenue bonds and ancillary obligations secured by the fund, the bond bank shall withdraw any excess money in the fund and transfer it to the Maine Budget Stabilization Fund established in Title 5, section 1532.
