The 130th Legislature of the State of Maine
State House
Augusta, Maine

Dear Honorable Members of the 130th Legislature:

By the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing L.D. 194, An Act to Prohibit Contributions, Expenditures, and Participation by Foreign Government-owned Entities to Influence Referenda.

L.D. 194 would prohibit businesses and other entities in which a foreign government has an ownership interest of at least 10% from making contributions or expenditures to influence a citizen referendum, or from otherwise participating in the referendum process. I object to this bill as a matter of both policy and law.

As an initial matter, L.D. 194's definition of those entities subject to its prohibitions is broad, and would reach dozens of businesses that we regard as very much part of the fabric of the Maine community. Entities with direct foreign investment employ thousands of Mainers. They include Stratton Lumber, Woodland Pulp and Paper, Backyard Farms, McCain Foods, and Sprague Energy, to name just a few. Legislation that could bar these entities from any form of participation in a referendum is offensive to the democratic process, which depends on a free and unfettered exchange of ideas, information, and opinion. Such limitations on what the Supreme Court has called "core political speech" are also highly suspect as a constitutional matter. See, e.g., *Meyer v. Grant*, 486 U.S. 415 (1988); *First National Bank of Boston v. Bellotti*, 435 U.S. 765 (1978).

Even more troubling is this bill's potential impact on Maine voters. Government is rarely justified in restricting the kind of information to which the citizenry should have access in the context of an election, and particularly a ballot initiative. L.D. 194 would deprive voters of information and opinion from those entities covered by its prohibitions during the referendum process. The theory is that what these entities have to say is categorically inappropriate for consideration; that it is somehow tainted, should be declared "interference," and that voters must be shielded from it. That is a theory I reject. The Supreme Court has been sharply critical of legislation that "restrict(s) what the people may hear," calling it "highly paternalistic." Bellotti, 435 U.S. at 792 n. 31. If L.D. 194 were to become law, I question whether it could survive constitutional challenge. But more fundamentally, I trust Maine voters to sort through competing views as they consider how to cast their vote in any referendum, and I see no need for state government to protect them from information coming from any particular source, in accordance with our already robust disclosure requirements.

For these reasons, I return L.D. 194 unsigned and vetoed, and I urge the Legislature to sustain this veto.

Sincerely,

S/Janet T. Mills
Governor

The 130th Legislature of the State of Maine
State House
Augusta, Maine

Dear Honorable Members of the 130th Legislature:

By the authority vested in me by Article IV, Part Third, Section 2 of the Constitution of the State of Maine, I am hereby vetoing L.D. 125, An Act To Prohibit the Aerial Spraying of Glyphosate and Other Synthetic Herbicides for the Purpose of Silviculture.

L.D. 125 would ban the aerial application of glyphosate and other synthetic herbicides for the purpose of silviculture, including reforestation, regeneration or vegetation control after any timber harvest. This bill does not ban herbicides, such as glyphosate; rather it focuses only on one method of application.

There are widespread concerns about the chemical glyphosate and whether the aerial application of herbicides is performed safely and responsibly. Responding to these concerns, the Agriculture, Conservation and Forestry Committee's majority report on L.D. 125 (which passed 9-4) focused on expanding buffers and setbacks to further protect waterbodies, wetlands, wildlife habitat, and other natural resources. It also proposed additional setbacks around residential property. I support this approach and will be issuing an Executive Order directing the Maine Forest Service and the Board of Pesticide Control to institute additional specific safeguards to further limit aerial application of herbicides, consistent with best practices and state policy.

I cannot, however, support L.D. 125's blanket prohibition. I note that at the request of the 129th Legislature, the Board of Pesticide Control authorized an independent assessment of Maine's pesticide use regulations concerning aerial application by industrial forest management companies. The independent auditor, SCS Global Services, reported: "no evidence was gathered during the course of the verification audit to contradict the following overall conclusion: The State of Maine regulatory framework, within which aerial application of herbicides in forest operations takes place, is functioning as designed."

The aerial application of herbicides in forest management is extremely limited. In 2018, the acreage treated amounted to less than five percent of the total annual forest acres harvested statewide. And, in the last 30 years, Maine has seen an 82 percent reduction in acres treated.

Forest landowners strive to maximize growth and yield of their forest at a time when consumers are hungry for wood products. They work under tight margins, are susceptible to erratic weather patterns, and are constantly looking at ways to improve yields and maintain a healthy and sustainable product for generations to come. For Maine's large forest landowners seeking to improve the growth of desirable tree species and control competition of undesirable species, such as disease-prone beech, limited spraying of herbicides is an integral tool. Moreover, researchers at the University of Maine have identified increasing the density of spruce plantations as one of the most effective and efficient ways to sequester carbon. These plantations cannot be established unless weeds and other competition are controlled, which is impossible without targeted herbicide treatments.

Spraying for site preparation is conducted once or twice over the course of a 40- to 60-year rotation of a forest stand. It is applied with careful thought, planning, and consideration. It is applied under strict adherence to practices that account for weather conditions, wind direction and speed, rate of application, and the location of streams, brooks, and other water bodies.

Banning aerial application, however, would force landowners to conduct ground application, which is manually intensive, has a potential for greater site disturbance and soil compaction, and may require multiple applications with higher and more dangerous concentrations levels to achieve the same level of effectiveness.

The environmental concerns associated with aerial application need to be balanced with the goal of decarbonization and the legitimate needs of silviculture enterprises. This bill, the minority report of the Committee, fails to achieve that balance.

For these reasons, I return LD 125 unsigned and vetoed, and I urge the Legislature to sustain this veto.

Sincerely,

S/Janet T. Mills
Governor

S.P. 585

JOINT RESOLUTION MEMORIALIZING THE FEDERAL GOVERNMENT TO ESTABLISH A FEDERAL WAIVER PROCESS FOR STATES TO ESTABLISH A UNIVERSAL HEALTH CARE PLAN

WE, your Memorialists, the Members of the One Hundred and Thirtieth Legislature of the State of Maine now assembled in the First Special Session, most respectfully present and petition the President of the United States and the United States Congress, as follows:

WHEREAS, the current system of health care coverage in the State does not provide universal coverage for all Maine residents; and

WHEREAS, health care coverage is often unaffordable and causes financial strain for many Maine residents; and

WHEREAS, every person in the State should have access to affordable and high-quality health care; and

WHEREAS, there are significant barriers in federal law that affect the ability of individual states to establish a universal health care plan to provide affordable and high-quality health care to all residents; and

WHEREAS, these state efforts are also hindered by a lack of federal support and financing to assist states interested in the establishment of a state-based universal health care plan; and

WHEREAS, proposed legislation was previously introduced in the 116th Congress, H.R. 5010, the State-Based Universal Health Care Act of 2019, and similar legislation is expected to be reintroduced in the 117th Congress that would establish a federal waiver for states interested in establishing a universal health care plan for residents; now, therefore, be it

RESOLVED: That We, your Memorialists, on behalf of the people we represent, take this opportunity to respectfully request that the President of the United States and the United States Congress enact legislation to authorize states to obtain a state universal health care waiver; and be it further

RESOLVED: That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable Joseph R. Biden, Jr., President of the United States; the President of the United States Senate; the Speaker of the United States House of Representatives; and each Member of the Maine Congressional Delegation.

Joint Resolution in Memoriam:

WHEREAS, the Legislature has learned with deep regret of the death of:

(4-13) Paul Sabin, of Wilton. Mr. Sabin was an electrician, working for G2S Construction with his uncle and for other firms before starting Sabin Electrical Services, which provided services in central and western Maine, and later partnering with his friend Michael Carleton, owner of IEC Electrical. He was a Master Mason of the Wilton Masonic Lodge and a lifetime member of the Sons of AmVets. He also was a mentor to local youths involved in athletics and the arts, donating to them his time and financial support. He will be long remembered and sadly missed by his family and friends and all those whose lives he touched;

SLS 384

Sponsored by Senator BLACK of Franklin.

Cosponsored by Representative: HALL of Wilton.
