Dear President Jackson and Speaker Fecteau:

Please accept this letter as the report of the findings of the Joint Standing Committee on Innovation, Development, Economic Advancement and Business from its review and evaluation of the Department of Economic and Community Development under the State Government Evaluation Act, Title 3, Maine Revised Statutes, chapter 35.

Pursuant to the requirements of the Act, the committee notified the Department of Economic and Community Development by letter of its intent to review the department on April 30, 2021. The Department of Economic and Community Development submitted its program evaluation report by November 1, 2022 and presented the report to the committee on January 25, 2022. The committee held work sessions on February 1, 2022 and February 17, 2022.

The committee has reviewed the report and finds the Department of Economic and Community Development is operating within its statutory authority. Additionally, the committee commends the Department of Economic and Community Development for their work in developing programs and dispensing millions of federal funds in order to help keep businesses within this State afloat as they faced the challenges brought on by the COVID-19 pandemic over the last two years.

Dear President Jackson and Speaker Fecteau:

Please accept this letter as the report of the findings of the Joint Standing Committee on Innovation, Development, Economic Advancement and Business from its review and evaluation of the Maine Development Foundation under the State Government Evaluation Act, Title 3, Maine Revised Statutes, chapter 35.

Pursuant to the requirements of the Act, the committee notified the Maine Development Foundation by letter of its intent to review the foundation on April 30, 2021. The Maine Development Foundation submitted its program evaluation report on January 22, 2022 and presented the report to the committee on January 25, 2022. The committee held work sessions on February 1, 2022 and February 17, 2022.

In their program evaluation report, the Maine Development Foundation noted that the Maine Economic Growth Council has not fulfilled the function described in Title 10, section 929-C related to developing specific annual budgetary recommendations to support the innovation economy action plan as described in Title 10, chapter 107-D. After review, the committee acknowledges that the inability to fulfill this function is due to a lack of capacity and resources, and not from a lack of awareness on the part of the foundation or the council.

The committee has reviewed the report and finds the Maine Development Foundation is operating within its statutory authority. Additionally, the committee commends the Maine Development Foundation for their ability to pivot when facing the challenges brought on by the COVID-19 pandemic and to continue to provide exceptional programming and services, including the Policy Leaders Academy, in alternative formats. The committee would also like to express their appreciation for the Maine Development Foundation as a trusted source of information, especially as it relates to information on economic growth and workforce development.

Sincerely,

JOINT RESOLUTION RECOGNIZING THE UNIVERSITY OF MAINE ON ITS BEING DESIGNATED A NATIONAL R1 RESEARCH UNIVERSITY

WHEREAS, the Joint Select Committee on Research and Development was created by a Joint Order of the Maine Legislature on May 29, 1997 and was directed to develop and recommend a plan for the support of applied research and development in 5 technologies identified as having growth potential in the State's Science and Technology Action Plan; and

WHEREAS, the committee was directed to review current policies and programs in the State supporting research and development and to develop a plan to further support research and development in the 5 target technologies of aquaculture and marine sciences and technology; biotechnology; composite materials engineering; environmental sciences and technology; and information sciences and technology; and

WHEREAS, the recommendations of the committee included extensive support for research and development within the University of Maine System and between the university and other research sectors, including the funding of capital expenses such as the purchase of equipment and the renovation of laboratories; and

WHEREAS, since that time the University of Maine, already a vital state economic and educational asset, has greatly increased its research and innovation reputation, becoming a premier location for research and development that attracts highly talented experts, creates new research opportunities and drives further innovations; and

WHEREAS, over the last 5 years, research and development expenditures at the University of Maine have grown 80.2% to an all-time high of \$179,300,000 for 2021 and external funding in support of research and development has increased to \$133,600,000; and

Joint Resolution in Memoriam:

WHEREAS, the Legislature has learned with deep regret of the death of:

(4-47) Jacqueline Shirley Goulet, of Hills Beach in Biddeford. Ms. Goulet surrounded herself with children and youths, working as an early childhood educator, with her own preschool, Small Fry Nursery School, in her home. She later worked for the University of Maine Cooperative Extension and at Kennebunk High School. She volunteered countless hours of dedicated service with Head Start and 4-H and, most notably, worked for many years as a wish granter with the Make-A-Wish Foundation of Maine, where she was recognized for granting over 300 wishes to terminally ill Maine children and their families. Ms. Goulet will be long remembered and sadly missed by her family and friends and all those whose lives she touched;
